

BLAIR VERY BITTER.

He Alleges that the Press is Engaged in a Corrupt League to REFUSE TO PRINT HIS SPEECHES.

Because of This Neglect the Country is Fast Going to Ruin.

WANA MAKER'S POSTAL TELEGRAPH BILL

The British Extradition Treaty Daily Entitled in the Senate.

Senator Blair yesterday attacked the newspapers of the country because they have not reproduced his speeches upon the extradition bill.

WASHINGTON, February 18.—In the Senate today Mr. Blair assailed the press for failing to print his speech and said one would suppose that the press was under bonds to keep the people in ignorance of such facts as he had been bringing before the Senate.

He believed that the press was in a league—a corrupt league—a league to prevent the spread of the facts which he laid before the Senate.

At 5 o'clock Mr. Cullum suggested that it was about time for adjournment, but Mr. Blair replied sarcastically that he had a good deal of matter still to lay before the Senate, and which Senators appeared to be most anxious to hear.

Mr. Hale, from the Conference Committee on the bill to require the Superintendent of the Census to ascertain the number of people who own their farms and homes, and the amount of indebtedness thereon, made a report recommending that the House amendment be agreed to.

Mr. Platt inquired whether the bill made all the farmers and others who should be called upon to answer questions as to their debts subject to the same penalty, and if they refused to answer, Mr. Hale answered that all the census questions were placed in the same category, but the penalty did not include imprisonment.

After a brief executive session the doors were reopened and the Senate adjourned, Blair mentioning that he would occupy two days more in presenting his facts to the Senate.

THE ARMY AND THE SURPLUS.

WASHINGTON, February 18.—The measure providing for an Assistant Secretary of War was taken up in the House today.

Mr. Willington, of Tennessee, recognized in the bill an attack upon the surplus. He warned the other side to go slowly in these matters.

After a brief executive session the doors were reopened and the Senate adjourned, Blair mentioning that he would occupy two days more in presenting his facts to the Senate.

THE CATTLE MEN MUST MOVE.

President Harrison issues a Proclamation Concerning the Cherokee Strip.

WASHINGTON, February 18.—The President issued the following proclamation today:

WHEREAS, That portion of the Indian Territory, commonly known as the Cherokee Strip, or Outlet, has been for some years in the occupancy of an association or associations of white persons, under contract with the Government, made with the Cherokee Nation, in the nature of a lease or leases for grazing purposes;

Now, therefore, I, Benjamin Harrison, President of the United States, do hereby proclaim: First—That no cattle or live stock shall hereafter be brought upon said lands for grazing therein.

Second—That all cattle and other live stock in said Outlet must be removed therefrom not later than October 3, 1890, and so much sooner as said lands or any of them may be or become lawfully open to settlement by citizens of the United States.

Third—That all contracts for grazing purposes made with the Cherokee Nation, in the nature of a lease or leases for grazing purposes, and which have been made with the Cherokee Nation, in the nature of a lease or leases for grazing purposes, and which have been made with the Cherokee Nation, in the nature of a lease or leases for grazing purposes, shall be null and void.

THE EXTRADITION TREATY

With Great Britain Daily Entitled in Senate Executive Session.

WASHINGTON, February 18.—The Senate today ratified the British extradition treaty. The text of the treaty was recently published.

A POSTAL TELEGRAPH.

Wanamaker Agrees to Make an Argument Before the House Committee—An Interested Official Also Makes a Brief Opposition Statement.

WASHINGTON, February 18.—The House Committee on Postoffice and Post Roads continued its consideration of a limited postal telegraph service.

Mr. W. A. R. Chandler, the President of the Postal Telegraph Company, and Mr. D. H. Bates, formerly identified with telegraphic interests were present.

The session of the committee was occupied in questioning Mr. Wanamaker and Mr. Chandler concerning the bill prepared by the Postmaster General.

Mr. Chandler said he never had any personal difficulty with the Western Union Telegraph Company, as its first business, he said, had been to persuade the Western Union Company to look at the matter of telegraph rates as he saw them.

But he had failed in that. He said he wanted it distinctly understood that there was no personal feeling in his coming before the committee, and he had offered the present bill simply as a study for the committee.

He said he would be agreeable to him to have section seven of his bill—that fixing rates—amended, as to vest the Postmaster General with the power of fixing the rates and allowing him to change them from time to time.

He also said he thought the Civil Service Commission should control the proposed new service, and he would also recommend that the bill be amended so as to prevent the use of wires for political purposes by employes and others.

Mr. Chandler said his company could not do the work proposed at the minimum rates provided in the bill without loss.

Of course, if the Government furnished the facilities, the employes, etc., it would greatly relieve the company doing the work of a large expense. He, however, had not gone into a detailed examination of the bill.

The proposed new rates would cause a great deal more business. Mr. Chandler said he was very much in sympathy with the Postmaster General in his desire to serve the public in their interests, but not to the same extent that he was, because the Postmaster General was a public officer and he (Mr. Chandler) was not.

"We want," he said, "to favor the interests of the Government in every proper way, but we do not want to see a Government telegraph established or the beginning of a Government telegraph that will destroy \$7,000,000 of business which we have invested in this property and make it valueless. We do not think the Government has a right to do that; and, if it has that right, we think it would be unjust and very unreasonable to exercise it."

Read Them Carefully. Below are given ten good, substantial reasons why Chamberlain's Cough Remedy is the best:

1. It will cure a severe cold in less time than any other treatment.

2. It does not suppress a cough or cold; but loosens and relieves it.

3. It relieves the lungs, which is of great importance in treating a cold.

4. It is the only remedy that will cause the expulsion of mucus from the air cells of the lungs.

5. It renders the mucous less tenacious and easier to expectorate.

6. It cures thousands of cases of croup, and careful inquiry fails to discover a single case in which it ever failed.

7. It does not contain opium, chloroform, nor any other injurious substance. There is not the least danger in giving it to children.

8. Chamberlain's Cough Remedy acts in perfect harmony with nature and aids nature in relieving the lungs, and freeing the system of morbid matter, accumulated by cause of the cold.

B. & B. LINEN OFFERING THIS WEEK EXTRAORDINARY.

Prices and quality that interests every HOUSEKEEPER, All Hotel, Restaurant and Boarding House people in these two cities.

90 dozen in one lot of Bleached Huckaback Towels, 22x46 inches, at 20 CENTS, or \$2 25 PER DOZEN,

have no equal, wholesale stores not excepted, and the Towels will clearly prove that somebody has been "distanced in the race." It was the importer, as we bought this lot at a remarkable bargain price, and we are going to dispose of them quickly at 20 cents each—\$2 25 a dozen for such Towels will do it.

90 again, but this lot is 90-inch BLEACHED LINEN SHEETING at \$1—25 cents a yard less than customary prices. Do you care to buy the best and save a quarter on a yard of Linen Sheeting?

A good many people think all good BLEACHED TABLE DAMASKS are made in Ireland. John S. Brown, of Belfast, does make as good, if not the best, in the world, and he gets a pretty good price for them, and we tell them so, but we must have a good assortment of the best, and we buy them, and have a very large selection of their newest and choicest—and we mark our usual small profit on them, and if you like our choice of patterns, and our prices are less than they are generally sold, we know you will give us the preference. We say the prices are less right now, but the best way is to see these New Linens and you'll find out.

6 1/2 INCH GERMAN TABLE LINENS, Full Bleached, at 50 cents, that are handsome patterns, not full of dressing, and a bargain so vastly superior to any Bleached Table Linens made in any other country, except Germany, that we have ever seen, and while we don't presume to know as much about Linens as a practical manufacturer does, we think almost 21 years of constant study and Linen business experience gives us a pretty fair idea of a bargain lot of good Table Linens, and when we see them we buy them, as our large outlet enables us to have nerve enough to buy a big lot, and when we get them we put energy and low prices together sufficient to move them, and that shall be done this week.

7 1/2-INCH SCOTCH TABLE DAMASKS, Bleached, \$1 a yard. These will take care of themselves in any crowd. Shrewd buyers will pick them out.

3/4 NAPKINS at \$1, and a large lot of them. A larger lot of 3/4 NAPKINS at \$1.75. You know the usual size as generally sold in Napkins is 3/4, but the above are 3/4 Napkins, and the \$1.75 ones are sold oftentimes at \$2.50.

CREAM DAMASK TABLE LINENS at 25c, 35c, 50c and 75c. You ought to see.

Napkins 50c to \$1 a dozen. This Linen Sale and the extensive assortment is going to do a Linen business this week. Will you attend?
