Advertisement for Ayer's Sarsaparilla, prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Includes text: 'The Public Will please remember that the physicians of the Catarah and Dyspepsia Institute have no connection whatever with any other physicians or specialists, and have but one office in this city, which is permanently located at 222 Penn. ave., and with it came the ability to digest all the food taken, my strength improved each day, and after a few months, I was able to attend to my duties. The medicine has given me a new lease of life.'
