LESS ENCOURAGING.

No Material or Widespread Improvement in the State of Trade.

IRON DULL AND DISAPPOINTING.

Three New Flowing Wells Cause a Decline in the Petroleum Market.

DEPRESSION IN THE STOCK MARKET

[SPECIAL TELEGRAM TO THE DISPATCH.]

NEW YORK, February 28.—Telegrams to *Bradstreet's* do not report any material or widespread improvement in the state of trade. The slight gain in wheat prices is more than offset by the dullness in iron, while unfavorable weather, heavy wagon-roads and floods in the Ohio Valley all tend to further restrict the distribution of general merchandise already less than that reported one year ago. The decline in petroleum results from the discovery of three flowing wells. Cattle are 15@20c higher, and live hogs off 5c per cwt. Coal is dull, and the output is restricted. Drugs and chemicals are steady and in fair demand, as are wholesale groceries at New York City.

The New York stock market is duller, and the bears for the moment appear to have the advantage. This is due mainly to the low bank reserves at a time when the Treasury absorption of currency is not offset by Treasury bond purchasers. Funds are generally firmer throughout the country, and collections are not made with encouraging ease. Call loan rates would be higher except that share speculation is so light. Bonds are dull and weaker, notably the Reading issues.

DECREASE IN GRAIN STOCKS.

Reports to *Bradstreet's* of grain stocks east of the Rocky Mountains continue to show a decrease, the total decrease during January and February promising to equal 9,500,000 bushels against 8,000,000 bushels decrease last year, which will reduce wheat stocks March 1 to about what they were one year ago. The average decrease during three weeks of February has been nearly 1,250,000 bushels per week against 700,000 bushels during like weeks of 1889. Exports of wheat (and flour as wheat) from both coasts have increased again and are now noticeably full, particularly from San Francisco. The week's reported shipments equal 2,300,725 bushels against 2,272,849 bushels last week and 1,384,594 bushels in the last week of February 1889. Total foreign shipments July 1 to date is 70,124,046 bushels against 62,755,096 bushels in a like portion of 1888-89. Flour is firmer and moderately higher for desirable brands on fair demand and extension of local dock storage privileges. Moderately increased exports and stronger cables pushed wheat prices up ¼@¾c. Indian corn is up ¾c on continued free exports and checked interior deliveries.

There are no important changes in prices of hog product. Lard and cut meats are tamer, with the general market irregular. At San Francisco the appointment of a receiver for the trust refinery finds the Pacific coast sugar market in the hands of Mr. Claus Spreckels, but granulated is only ¼c higher. There is a light business in raw sugars east owing to lack of demand, foreign advices being rather stimulating. Refined sugar is stronger. Coffee is about steady on restricted offerings.

STEEL RAIL TRADE CONFERENCE.

Representatives of the steel rail trade are to have a conference in reference to the proposition to reduce the duty on imported rails to $10 per ton. Pig iron has not revived yet. Makers look for an active demand for shaped iron soon. The gross output of iron and steel on old orders is heavy, but new business thus far hasn't met expectations.

Dry goods jobbers at New York and Boston report trade fairly active. Cotton and woolen domestic and foreign dress goods are most active. Agents report leading styles of cottons well sold up and a fair re-order business in spring specialties. Prices are generally firm with bleached cottons showing greatest strength. Raw wool is dull, with large stocks at Boston. Carpet wools are active and prices are weak but not quotably lower. Raw cotton is dull in all markets. The crop movement continues light but firm; prices discourage the consumptive demand.

Business failures reported to *Bradstreet's* number 190 in the United States this week against 233 last week, and 243 this week last year. Canada had 34 this week against 34 last week. The total number of failures in the United States since January 1, is 2,543 against 2,727 in 1889.

DUN & CO.'S WEEKLY REPORT.

R. G. Dun & Co.'s weekly review of trade says: Unseasonable weather and growing doubts about the monetary future do not help business, and reports this week are less encouraging. Yet it must be remembered that the reports of dealers everywhere are liable to be much influenced by disappointment of past hopes, so that they consider trade unsatisfactory because it is not up to their expectations—because distribution does not suffice to clear away stocks purchased—though the amount of transactions may larger than a year ago. To the trader who bought 20 per cent more than in any previous season, but has only sold 5 per cent more, business is unsatisfactory. The enormous traffic during the latter part of last year showed that exceptionally heavy purchases were made, and the clearings indicate that settlements are in larger amount than a year ago last week, showing an increase of 4 per cent at New York, 5 per cent at Boston, Philadelphia and Chicago, and 10 per cent at all other places. But the prevailing tone just now is one of discouragement.

Boston notes little improvement. The Philadelphia drygoods market lacks life. At St. Louis the distribution of all seasonable goods is fair in volume and collections satisfactory. The boot and shoe trade is fairly active and expecting the most prosperous season for several years, but there is little trading in wool, with some concessions. Trade is fairly good, exceeding last year's, at Cleveland, restricted by warm weather at Detroit, helped but little by colder weather at Milwaukee, good at Omaha, only fair at Kansas City and up to the average at St. Paul and many other points reporting. Collections, except as above noted, are generally reported fair, but at Milwaukee they are slow and numerous extensions are obtained.

THE IRON MARKET DISAPPOINTING.

Philadelphia finds the iron market weak; for other than best foundry grades, dull and disappointing, speculative lots being all the time offered at prices below present cost of production, and at Pittsburg iron is weaker, Bessemer having fallen $1 per ton.

The movement of breadstuffs is still heavy and exports, both of wheat and corn, greatly exceeded last year's. After a drop of about a cent in each, wheat recovered to an eighth above last week's price and corn to five-eighths above, with fair transactions in each.

In the stock market the tendency has been toward further depression, as is natural with money working more closely, and the average has declined 81 cents per share for the week, not including trust or industrial stocks, which have been depressed. The desired monetary relief through larger Treasury disbursements has not come, and Government receipts exceed United States payments for the week by $2,900,000. On the other hand, the foreign markets are relieved, the Bank of England has again gained largely; exchange on London has fallen from $4 86 to $4 85¾ for actual business. The recent movement of securities here is believed to have been outward, and exports of products from New York show for the past month an increase of 4 per cent over last year, against an increase of 9 per cent in imports here. These figures indicate a small excess of imports for the month, and on the whole the chance of gold exports appears remote. The interior money markets also are rather easier on the whole and well supplied, with generally firm market, but indication of large available supplies for shipments.

The business failures occurring throughout the country were 301, as compared with a total of 271 last week.

ELKS' GRAND BENEFIT.

THEIR ENTERTAINMENT WAS A GREAT SUCCESS.

Friends of the Order Out in Large Numbers—Not One Vacant Seat in the House—The Performers Covered Themselves With Honors and Glory.

That the Pittsburg Lodge, No. 11, B. P. O. Elks is a prosperous and favorite order was amply demonstrated yesterday afternoon by the immense audience that filled the Grand Opera House, in honor of the twelfth annual benefit. Originally the Order of Elks consisted only of members of the theatrical profession, while it is not now confined to those engaged in theatrical work, as a lodge, it enlists the earnest and hearty support of all actors and actresses. Consequently the programme was composed of scenes and performances from every theater in the city, and the services of the actors were entirely complimentary. The souvenirs of the occassion were the handsome programmes, which, inclosed in envelopes, were presented to each person before entering the theater.

The Great Western Band, under the direction of Prof. B. Weis, opened the performance with an overture "Wallewstein Lager," by S. Kerling, and also rendered Fantasie's "Hunt for Happiness," Brande. By the kindness of Manager Harry Scott, of the "World's," Tom Kennette and Tommy Mathews, the acrobatic song and dance artists and dialect comedians took possession of the stage, and were followed by "The Little Diamonds," as Daisy and May Collins are called, who appeared in fancy dances and clogs.

An overture, Hungarian Lustspiel, by Keler Bella, rendered by the Grand Opera House Orchestra, under the direction of Brother P. A. Schwartz, entertained the audience while the scenery for the second act of "The Deacon's Daughter" was arranged. In that act Miss Annie Pixley, who is at the Grand Opera House this week, sings her famous "Washtub" song.

A tenor solo romanza from "Aida," by Verdi, was rendered by Signor G. Gilli, with Brother H. P. Ecker as accompanist. By permission of Manager E. W. Connelly, of the Casino, Miss Etta Cole, the female contortionist, performed some wonderful feats. A recitation, "Dandy Fifth," was given by E. G. Craig, of the "Paul Kauvar Company." And following was a selection, "Lovers' Conflict," Theo. Moses, by the Mandolin Troubadors, during the rendition of which the stage was arranged for the closet scene from Hamlet, with Joseph Haworth, of the "Paul Kauvar" Company, who is at the Bijou this week, in the title role.

By permission of Manager E. W. Connelly, Conlon and Dougherty, the acrobatic magnates, rendered "Gentlemen of Leisure." The "Mocking Bird," a whistling solo, was rendered by Anna Leah Dickinson with H. P. Ecker at the piano. Brother Joseph Haworth, of the "Paul Kauvar" Company, gave a recitation entitled "Shamus O'Brien," and Miss May Hornby succeeded him in her national Scotch dance. Harris' Theater orchestra rendered an overture while preparations were made for the fourth act of "A Legal Wreck," which is booked at Harris' Theater.

The Grand Finale then closed the programme and consisted of a semi-circle of all the Brother Elks who linked together and standing, sang "Auld Lang Syne." The benefit was a great, grand success, and the thanks of the lodge were given the managers of the various places of amusements, and all others who took part, for their services.

Disagreement of a Jury.

CINCINNATI, February 28.—The jury in the case of Mrs. Gertrude Driggs, the young wife of the aged counterfeiter, Nelson Driggs, who has been on trial in the United States Court for dealing in counterfeit money, was unable to agree after more than two days' of deliberation, and was discharged.

Grand Jury Discharged.

NEW YORK, February 28.—The February term of the grand jury expired to-day, and they were discharged without finding additional indictments in connection with the wrecking of the Sixth National Bank, Equitable Bank and Lenox Hill Bank.

"THE MUSICIAN WHO ALWAYS PLAYS ON THE SAME STRING IS LAUGHED AT." —HORACE.

JUST SO!

And the clothing dealers of this city who are ever "toiling for the good of the people" by selling goods at a sacrifice (according to their statements) excite nothing but ridicule in the minds of all thinking persons.

OUR ARGUMENT IS THIS!

The Most Fashionable, Best Made, Most Reliable and Dependable Clothing for Men, Boys and Children is to be found in our store. And what is more: It is obtainable for less than you think and handsomer than you have any idea of. Nothing slighted anywhere! Made all through as only the eminent among custom tailors have notions of making! Excellent qualities! Perfect fit and style! Consummate as the best work can make it.

While Other Dealers Are Doing Their Utmost

To get rid of their Winter Overcoats, which a mild winter and a discriminating public have left on their hands, we are, by reasons of having had such a phenomenally large business the past season, compelled to trot out our New Spring Overcoats before the old mossback dealers have shaken off their winter's lethargy. New Spring Overcoats are now here ready for inspection and sale at prices actually lower than you'll obtain old-style goods at any other store in this city.

A MAGNIFICENT DISPLAY -OF- NEW SPRING OVERCOATS.

New Styles! New Shades! New Ideas!

In every desirable shape. Long Overcoats, Short Overcoats, Perfect-Fitting Overcoats for all shapes and sizes and lengths and breadths of men. Everything brand new and we've the backbone to name prices NOW ACTUALLY BELOW what will be named late in the season by other dealers. We call particular attention to our

Beautiful Spring Overcoats at $10, $12 and $15.

To see these goods is quite enough to make you wish to wear 'em.

A MOST ELEGANT ASSORTMENT -OF- NEW SPRING HATS.

Graceful to a degree, handsome beyond a doubt. All the latest and nobbiest of New Spring Styles. Beautifully trimmed. Styles which will be the most popular and fashionable this season.
