A Local Horse Sold to Europeans for A Nice Sum.

THE SPORTING NEWS OF THE DAY

The National League meeting is going or in Cleveland. Detroit wants Washington's place in the League. The prospects are for a ten-club League. Manager Hanlon has gone to Washington. A Pittsburg horse has been sold to Europeans for \$3,000.

ISPECIAL TELEGRAM TO THE DISPATCH. CLEVELAND, March 4 .- If nothing goes wrong and the deal works as it has been fixed, Detroit will have achieved its end before another day passes. That end is to secure a National League franchise. The Detroit boomers, composed of F. K. Stearns, President; M. B. Mills and Manager R. H. Leadley, worked the deal neatly to-day, and chances are favorable to its being consummated. The scheme is nothing more or less than an offer made to President Walter Hewitt, of the Washington club, by Detroit, of a certain sum of money to deliver its franchise in the League to Detroit and then retire from the business. Hewitt, it is surmised, agreed, and now it depends upon the League itself to put its sanction or disapproval upon the deal, This is the story as it goes, and there is not the slightest doubt about its truth. The Detroit

and have plenty of money to back their case. The only thing that stands in the way of the transfer of the Washington franchise to De-troit is the hope that President Brush, of indianapolis, will consent to leave the League, Should be decide to do so the Detroit-Washington deal will be killed, and an eight-club League will operate next season. There was no official notice of any such deal in the meeting to-day. but outside the session room it was common talk among the magnates, though some of them

would not admit it openly.

J. Palmer O'Neill, of Pittsburg, and Al Johnson, who are old acquaintances, met each other in the Weddell House just after the adjournment of the afternoon session, "Well, Mr. O'Neill," said Mr. Johnson, "has Washington

dropped out yet?"
"No," answered the Pittsburg man. "Washington will surely go on with us, and it'll be a ten-club League, "I'll bet you a silk hat," broke in the president of the Cleveland Players' League team, "that Washington does not go on. Now then,

will you take it?"

Mr. O'Neill refused to take the wager, showing that while the officials will not say so openly, Detroit will probably be a member of the League this sen

LEADLEY CONFERS. R. H. Leadley, manager of the Detroit team, had two conferences with Pitcher Frank Knauss during the day, and his conversation with the clever young pitcher went far to prove that a deal was being made. He told Knauss that if Detroit gets into the League it will want to keep in. But if it does not get in it will have no use for him and will want to sell him to Boston. One of the things that stands in the way of the transfer is that it would puteix cities geographically in the Western circuit, leaving only four in the East. This would necessitate putting Pittsburg in the Eastern

It was nearly 5 o'clock when the representa tives got together again. Discussion of the schedule took up most of the time till 7 o'clock. The Schedule Committe presented no formal report but gave an outline of what it had done and what its report would be. Meanwhile they proceeded to get in its stab at the Players National League by refusing to take official notice of that committee of the commit tice of that organization. Mr. Young's entry on his minutes was "communications of F. H. Brunell read and laid on the table." After this the Schedule Committhe recommended that the mileage of each club be averaged and be first thing to be taken up in the morning. There is now but little doubt that the National League of 1890 will be composed of ten clubs. Detroit will take Washington's place and Indianapolis will stick.

BRUNELL'S MESSAGE.

During to-day's session a communication was received containing an offer of \$1,000,000 for the franchises and clubs of the National League, and asked what the meeting wished to do with it. Some one suggested that, inasmuch as the question would probably have to be discussed at considerable length before being settled, it would be a good plan to adjourn for dinner. It was laid on the table, along with Mr. Brunell's

effusion.

Ralph Cohen, of the Columbus club, and John B. Day, of New York, had a long conference this afternoon with regard to the Lehane case. Cohen displayed several letters and affidavits showing that the Columbus club had a right to negotiate with Lehane at the time he was signed, but Day was not disposed to give up his claim to the man. When last seen Cohen was vowing vengeance upon the League. ohen was vowing vengeance upon the League, bay says he intends to let the Board of Arbitration settle the matter.

HANLON GOES EAST.

The Dunlap Case and the Law Suits Prompt His Departure.

Manager Hanlon, of the new local club, left for Philadelphia last evening. His mission was not definitely made public, but it was understood that he goes there to try and have matters fixed up in the Dunlap case. Dunlap is not inclined to be frozen out, and he wants to know exactly where he stands in the new league. Mr. Hanlon will confer with Mr. Love, of the Philadelphia Brotherhood club, on the matter, and doubless the outs and ins of Dun-lap's release from Pittaburg will be satisfac-

ap's release from Pittsburg will be satisfactorily explained.

Manager Hanlon will also confer with the
Philadelphia and New York Brotherhood officials relative to the law suits. It is now considered that one or more local players will be
sued, and the local Brotherhood authorities
want the advice of the Eastern people who
have been in the fight already. At any rate the
best lawyers in the State will represent the
local Brotherhood club if any court warfare
starts here.

MORE SUITS ENTERED.

Tim Keefe, Gore and Danny Richardson Now Under Fire.

New York, March 4 -Three new cases have been begun by the Metropolitan Exhibition Company in the Supreme Court. The defendants in the three new injunction suits are the famous Pitcher Timothy J. Keefe, Pielder George Gore and Second Baseman Daniel

Richardson,

This is but an active beginning of the suits
that are contemplated against all the other
members of the old "Giant" team who have deserted. As the summonses are returnable in 20
days the new suits are quite likely to interfere
with the club's intended tour South.

SECRETARY TENER'S DENIAL.

He Kills a Report That Might Isjure the New Local Club. Secretary John Tener, of the local Brotherhood club, personally requested THE Dis-

that the new local club's admission fee will be | wrestle for \$100 a side. He weighs 173 pounds

25 cents. Mr. Tener was indignant that such a report should ever go before the public. He claimed, and with sound common sense, that if the new club cannot exist at a 50-cent rate it cannot exist at all; besides he angues that it is not intended to put up a chean-jack kind of ball. Mr. Tener and his fellow officials were extremely sorry that a report, which might have been designed to injure the new club, should find its way into print without the necessary precaution being used to find out its truth. He claimed, and with sound common sense

"Last Sunday afternoon I received a visit from Director Wagner, of the Philadelphia Players' Club. He came to my house in a back and had three gentlemen with him. The others remained in the hack while Mr. Wagner came into the house. We had a long talk. He urged me to go back with him to Philadelphia. Among other things, he told me that my contract with Cincinnati was comparatively worthless, inasmuch as it gave Mr. Stern a chance to release me at any time on ten days' notice. release me at any time on ten days' notice. The contract, he said further, wouldn't hold in the courts, and, for that matter, no baseball contract would. Then he offered me a very big lump of money to rejoin his team and counted out \$2.000 in bank notes and laid it on the table. He said I could have it if I would consent to go with him. I refused point blank. I told him I had a personal contract with Mr. Stern which insured me work for three years to play ball in the summer and work in his business house in the off season. This contract was drawn up in New York by Lawyer 'Abe' Hummel upon the same lines as the now famous contract on which Colonel McCaull holds Marion Manola. Finally Mr. Wagner proposed that I should go over to Philadelphia for a day or two, simply as his guest, and agreed not to talk baseball on the journey. I thanked him, and declined the invitation. I told him that I had done all the contract signing I intended to do for the next three years. Then Mr. Wagner and his friends got in their hack and drove back to town."

LOST THEIR GROUNDS.

The East End Athletics Will Play at the Exposition Park.

Secretary Will Barr resigned his position as Secretary of the Allegheny County Baseball League vesterday. He will leave home to-mor-York and leave that city on Saturday for England. He handed his books and papers to Mr. Edwards, the official scorer of the league and manager of the East End Athletics. The East End Athletics have lost their grounds, as the owner of that property needs the land for other purposes. The Athletics, however, have made arrangements to play on the local Brotherhood grounds, which is a very desirable change.

The Beaver Greys will join the league under the same conditions as the Greensburg club pro-posed, and the Braddock club has been assured of enclosed grounds, so that the two teams will probably be found members of the County League.

WORRIED OVER THEIR DEFEAT.

Meeting of the New York World's Fair Executive Committee.

NEW YORK, March 4. - There was meeting of the World's Fair Executive Committee to-day. Mayor Grant presided. The meeting was strictly an executive and secret one, and lasted but a short time. It was stated by Secretary Speer that the victory of Chicago in the House of Representatives on the question of the site, and the question as to what ought to be done by the New York World's Fair Committee under the circumstances, had been discussed. It was finally decided that everything should be left as before.

The general sentiment of the committee was that Chicago had only won by the small majority of two on the eighth ballot the right to have its name inserted in a skeleton World's Fair bill, that this bill itself had not yet been voted upon, and that the whole matter had to yet come up in the Senate of the United States. It was still possible that the decision of the House might be changed, and at any rate, the only thing for the committee, under the circumstances to do, was to wait and see what was the final de

SETTLERS THUROUGHLY AROUSED Over the Alleged Scheme to Colonize Okla

homa With Negroes. GUTHRIE March 4.-Press reports ema nating from Topeka concerning the alleged scheme to colonize Oklahoma and make a negro State have aroused the settlers to a high pitch of excitement. Twenty miles west of here at Downs the settlers have been

especially aroused in the matter and a se cret organization there has decided to drive out the few negroes. Four miles northeast of Downs resides a colored family named Hawkins, and near him another colored family, Burgess by name. Hawkins was suspected of firing the prairie grass a short time ago. At an early hour this morning a party of ten masked men from Downs broke into Hawkins' house, took him from his bed and severely whipped him. During the whipping Buck Hawkins, a son, ran and aroused the Burgess family. Abe Clark and Sam Burgess armed themselves with shotguns and returned with young Hawkins to the scene of the outrage. They fired at the masked party from ambush. The masked party was utterly peppered with shot and Henry Chambers was badly hurt about the head and face. The negroes were pursued and before they could load again the whole party was surrounded by the irate settlers, who held their Winches-

ters on them.

The negroes were thoroughly frightened and promised to leave the country. The elder Hawkins arrived at Kingfisher tonight and asked protection. He claims that the outrage was planned by Wood Davis, who is contesting his claim. The settler who was wounded during the melee near Downs, and who gave the name of Henry Chambers, is supposed to be Wood Davis, a store keeper at Downs. CHARGES OF CRUELTY.

Investigating the Conduct of Captain M. A Healy, of the Revenue Cutter Bear. SAN FRANCISCO, March 4.-An invegation of the charges of cruelty and misconduct against Captain M. A. Healy, of the revenue cutter Bear, is in progress here before the commission appointed by the Secretary of the Treasury for that purpose. The principal accusations against Captain Healy is that, while the Bear was in the Arctic last summer, he ordered two sailors on the bark Estella, against whom some charge had been reported by the Captain of that vessel, taken aboard the Bear and

triced up.
To-day James Hughes, Master at Arms of the Bear, testified that in June last, while the Bear was lying at Ounalaska alongside of the bark Estella, he had taken two sailors aboard the Bear from the Estella, and had triced them up, under Captain Healy's orders. He had left them in that position about five or seven minutes, with their toes just touching the deck. The men were let down and handcuffed to the stanchions below the deck seven hours, when they were triced up a second time. The witness said Lieuters Ruling superintended the triging tenant Bulinen superintended the tricing up. The witness also said that at Point Hope, in July last, by Captain Healy's orders, 21 sailors on the bark Wanderer were placed in irons, and six of the men fainted. The witness said he had never known Captain Healy to fil treat members of his own crew. The investigation ad-
