tion. He wanted to pay the costs and have the suit dismissed. He said he would not swear against McDonough. I told him that I would not dismiss the suit. I continued it for one week, and will try to get the witnesses to attend at that time. It none of them appear, I will be compelled to dismiss the case. An alderman has no power to compel the attiendance of witnesses. The only thing I could do would be to present the case to one of the Common Pleas Judges. lay the whole thing before him, and inform him that the witnesses had been subponned and had refused to attend. If the Judge thought the case a criminal affair which ought to be investigated, he would issue a process compelling the witnesses to appear before me. It is a rather tedious process, and I do not mean to undertake it in this case. If the witnesses do not show up I will be perfectly satisfied."

All of the Alderman's statements con cerning O'Donnell were corroborated by his Constable and by other men who were present.

WILL TAKE IT TO COURT.

"If O'Donnell does not come here and testity, I will compel him to hold up his what Mr. McDonough will swear to there, also.

It was at this point that Alderman Cassidy said, with a decided emphasis: intend to go into the License Court myself, and tell on oath what I know about some of people who have been selling liquor in the First ward during the past 12 years."

A general ruction between the First ward factions is expected over the contest for saloon licenses. At the election on February 18 nearly all the saloon keepers in the ward worked against Cassidy's re-election, and for his successful opponent, Patrich J. Donaboe. All of these saloon keepers, as well as many others, are applicants for licenses this year. It is said Alderman Cassidy and his friends are prepared to make some interesting revelations concerning some of them in License Court,

ONE OF THE MARKED MEN.

One man who did not secure a license last year, because Judge White did not think he ought to have one, was Thomas Delaney, the proprietor of the Hotel Delaney. It was charged last year that Delaney was defeated by the influence of the Police Bureau. However that may be, he has this year made his peace with the powers that be, and was a successful candidate for Council at the February election. Having been elected that office, according to the precedent established last year Ly Judge White, he cannot secure a license to keep a saloon. The application for his hotel bar will be in the name of his brother.

Delaney worked against Cassidy, and he is one of the men marked by Cassidy's friends.

DELAMATER'S PRESENT STRENGTH.

Three-Fourths of the Delegates So Far

Chosen Are His Own. Senator George W. Delamater is expected to pay a visit to Pittsburg some time next week in the interest of his boom for Gubernatorial honors. Since his last visit the man who gets the delegates has been abroad in the State and now has a clear threefourths of all those as yet elected to attend the Harrisburg convention.

Things political are expected to become within a couple of weeks, when the rival candidates for State and Legislative mence beating the political preserves for the game which lies low.

STREET RAILS GONE WEST.

The Rock Island Takes 25 Cars From Johnstown to Davenport.

Commercial Agent Hall, of the Rock Island road, last week captured a shipment for the organization of the new civic bodies of 25 cars of street rails at Johnstown for a in accordance with the new city charter, it road in Davenport. Mr. Hall says that large quantities of glass are going west. Sheppard as City Clerk will be presented, if The railroad agents are hustling for a 9,000 order of steel rails that may be located

she constantly complained that he did not keep her in the style to which she was ac-SOME CONFLICTING GRIPS The Fifth Avenue Cuble Seriously Damaged

by Central Traction Accidents. Work was to be commenced early this

morning putting in a new cable on the lower end of the Pittsburg Traction line. Superintendent Davis stated last night that 3 000 feet of the cable at that end of the line, which is 8,500 feet long, had been rendered worthless by the grins of the Central Traction line cars striking it at the cross-

ings. The cable has been in use only seven and a half months, and should have lasted a year. Heavier guards have been placed at the side of the cable to prevent a like trouble in the future.

A DAY BIG WITH FATE To Residents of Cornopolis Who Look for

Oil or Gas.

Yesterday was big with the fate of Coraopolis. There was a showing of oil in the hand in the License Court, and I will hear | well on the farm of George Ferree, a few days since, but just when the anxious crowd's interest was screwed to the highest tension the jars broke, and since then the drillers have been fishing until yesterday, when they got a good bite and drew then sav?"

If neither oil nor gas is gotten, there is a big disappointment in store for the village, though the territory will be further tested.

THREE ALARMS OF FIRE.

Allegheny Firemen Chased Around Lively for Little Loss.

A pile of burning rags in the kitchen of William Schulze's residence on North avenue, Allegheny, caused box 91 to be pulled yesterday morning. The damage was trivial. A coal shed was burned on Boyle street yesterday. Box 85 was pulled. The damage was about \$50.

Atter midnight yesterday morning Hope Engine Company responded to a still alarm at the Pittsburg and Western Bailroad shops, extinguishing with small loss a fire in the roof.

A FRUITLESS MEETING.

The Corporation Committee Called to Consider Supplementary Legislation. The Councils Corporation Committee was

called yesterday by request of the Birmingham Traction Company to concider supplementary legislation regarding the line. When it was apparent that the supplementary legislation included a complete

change of the motive power to electricitysomething not contemplated in the original ordinance-the Chairman decided that the matter had to be submitted to Councils and

so no action was taken. COULDN'T STEER HIM.

Farmer Worrall, of Maryland, Refuses be Fleeced by Crocks. Two bunko sharps tried to steer Josen Worrall, a farmer from Marvland, at the Union depot last evening. It was the old game, and both of the scamps knew the old

gentleman well. They only wanted \$50 to make a fortune for him, but at this stage the farmer raised his cane and the fellows took to their heels. The confab occurred on the depot plat-

form, and the flight of the two men attracted a big crowd of passengers.

A Resignation Expected.

A number of the friends of William On the first meeting of Councils in April Kiefer, of Wabash avenue, West End, called upon him last evening and aided him to pleasantly celebrate his birthday.

forgotten," continued the Alderman, "is, that a wife should obey her husband." "Not a thing like that," the lady said, tossing her head toward George Craig, who On Thursday evening a preliminary meeting was held at Link's Hall, 128 Chestant was leaning against the wall. The complaints were both dismissed, at

4

ing was held at Dink's Hain, Loo Chestaut street, Allegheny, to organize a Nationalist club on the lines laid down in Edward Bellamy's "Looking Backward." The matter was discussed, and the meeting ad-journed until next Thursday. The object of the club will be to better the condition of mankind. The membership will the cost of the complainant. After the ad journment Mr. Brennen, for his client, offered to take the 4-year-old boy, and to pay the wife \$2 50 a week for the support of the little girl. The offer was refused.

not be confined to any class, and all per-sons interested in the subject are invited to e present Thursday evening.

Granted a Charter to Rebuild. St. Michael's Theological Seminary was

granted a charter by the courts yesterday. It has not been decided whether the cor-poration will rebuild on the ashes of the old building or seek another location.

The prospects are bright now for an early settlement of the difficulty. Notwichstand-ing the denial in last evening's papers that the mills were in danger of closing, the fac remains that unless the company manager to get material to them to-day so would not be able to run more than a day of two. But with a full force of men and a day's start on the mills they will be able to keep them supplied.

EVIDENCES OF A TRUST.

The Wire Nail Mills to Shut Down for Two Weeks, Beginning To-Morrow. It can at last be truthfully stated that the threatened shutdown of the wire nail

manufacturers is now an established fact. notwithstanding reported denials of some of those interested.

Carnegie, Phipps & Co. admitted yesterday the truth of the report that they were to shut down that department of their mills for two weeks, commencing to-morrow, but for what reason they would not say. A number of retail dealers were spoker

to, and they one and all stated that the trade was undoubtedly light at present, caused in the main by the bad quality of the weather for building trades, but more particularly on account of the manner in which manufacturers of that particular specialty had "boosted" themselves out of the trade on account of the enormous raise

in prices which they had caused to be made One notable feature of the matter is that in the Braddock company's joining of forces with the others there seems to be some indication of the combine which they have refused to be a party to for the past year, thereby preventing the trust that the bal-ance of the manufacturers have been endeavoring to form.

ANOTHER SECESSION.

The Steel Shearsmen Vote to Withdraw From the Kuights of Labor.

The steel shearsmen last night decided to go

out of the Knights of Labor. A well-attended meeting of Local Assembly No. 9910, Steel Shearsmen, K. of L., was held in Knights of Labor Hall. A secret ballo was taken to decide whether or not to withdraw from the Knights of Labor. On the count of the votes, it was found that more than two-thirds of the members were in favor of withdrawing and applying to the Amalgamated Association of Iron and Steel

Workers for a charter. A committee, con sisting of James Medsker and Jame Brown, was appointed to convey the result of the meeting to the press. In the Knights of Labor the assembly, originally a strong one, has been dwindling in membership until not more than 60 men

bers remain in good standing. They be lieve that in the Amalgamated Association they can recover their strength.

TO WITHDRAW FROM THE K. OF L. Bricklayers' Union to Pall Out and Join the

Federation of Labor. Still another secession from the Knights

of Labor is promised. Lust night it was reported that a meeting of Bricklayers' Union, K. of L., would be held this evening to take some action in regard to their future course as an independent labor organization. It

was learned on unquestioned authority that at least 400 members would be present, the majority of whom had by various methods made known their intention. On the basis of information given it can be stated that the union will this evening,

by a vote averaging 99 out of 100, withdraw from the K. of L. and immediately make application for membership in the American Federation of Labor.

Won't Organize a Lodge. M. P. Carrick called at this office las

evening to deny the statement that Joseph L. Evans was to organize a car painters'
