NOTES OF INTEREST IN CHURCH LIFE,

If we promise to accompany a friend to the theater, a party, or any place of amusement although we may not nut it in writing in our book of engagements, we are not apt to forget it, or fail to put in an appearance near the appointed time. So those who truly and sincerely desire the church to be of any real benefit to the world, in making their arrangements for their social enjoyments, will not forget that the church of which they are members has claims on them not only on the Sunday, but at the hour for

mid-week prayer.

It may have been, but Scriptures give no record of it, that Peter was absent because it was a little too hot, or James would not be there because he feared it was too cold. Did Bartholomew remain at home because it was too wet, or Mary because her veil was a little out of style? Think you that Salome did not go because there was a party in Jerusalem, or Paul or John because the lodge met that same night? Do you imagine that James the Less would not be among the number, because he felt Peter was taking too

much on himself? No! John might thank God at every prayer meeting that He was a God of love, or the others might be a little monotonous in their ex-pressions of fealty and loyalty to the cause pressions of fealty and loyalty to the cause esponsed by the Nazarene, still they were there, because they were members of the church and felt its success depended not on one, but on them all. So it should be to-day. If we truly desire to see the work prosper we shall be willing to work and sacrifice for it.

Let church members to-day not forget, "They were all with one accord in one place."

Go with pure mind and feeling,
Filing earthly thoughts away
And, in thy clumber kneeling.
Do thou in secret pray:
Pray there for those who love thee,
Ali who are loved by thee;
Pray, too, for those who hate thee,
If any such there be. Or, if 'tis e'er dented thea

In sollinde to pray,
Should hoty thoughts come o'er ther
When friends are round thy way,
Even then the slient breathing
Of thy spirit raised above
Shall reach His thren of mercy
Who is pity, truth and love.

In the evening the subject during Lent is "Church Doctrine as Contained in the

Apostles' Creed." On Thursday evening next a very interesting Presbyterian Church, on "Camp, Court and Tabernacle of the Hebrews," by Rev. T. J. Allen, of Mercer, Pa. It will be illustrated by a model of the Tabernacle and its appointments, which, with the lecture, is highly spoken

THE Rev. Dr. Lorimer, of Chicago, has again been the subject of "unconscious assimilation," formerly it was other men's sermons, this time it was an "overdose of quinine" which caused him to act and speak very unwisely on a platform in Holyoke, Mass., when he should have been delivering a lecture on the "French Revolution."

At a congregational meeting of the Sixth U. P. Church on Wednesday to act on the resigna-tion of Rev. Dr. Ewing the vote stood 125 against to 71 for its acceptance. This is brought about by the good doctor believing it is not well for man to live alone, and further, that no one is more adapted to bring into the home than the sister of the departed wife.

NEVER was the doxology sung with more eeling and earnestness than when the Rev. C. H. Spurgeon recently returned to his church after being away on account of ill health. The comes the paster of the Christian Church, New Castle, Pa.

This is a purely scientific operation, and is indorsed by all physicians and surgeons of eminence as being the only method in the world by which the hair can be destroyed so world by which the hair can be destroyed so that it can never grow again.

Dr. Van Dyck has operated for years, has treated hundreds of cases, and has acquired a national reputation in Electro Surgery.

Stop the use of depilatories, tweezers, scissors or razors and consult Dr. Van Dyck at once and have the haus destroyed forever; office 502 Penn ave.

Is an inflammatory, non-contagious skin disease, characterized by hard or soft white or red inflamed pumples on the forehead, cheeks and nose, back and breast. These pimples become congrested, painful and in some cases become filled with a yellowish mattery substance; in other cases the base of the pimple with the surrounding skin becomes inflamed; affects both sexes between the ages of 15 and 30. In many cases these pimples form regular sores and leave the skin pitted after healing.

Every young lady and gentleman suffering from acne should avoid the use of all patent medicines, and should consult Dr. Van Dyck at once, and be treated even if they have to make considerable sacrifice.

Birthmarks, moles, wens, warts on the eyelids, neck and arms, freckles, sallowness, coarse, deep pores on the cheeks and nose, moth, tan, elevated and discolored scars, tattoo marks, cancers, tumors and enlarged glands removed by electrolysis by Dr. Van Dyck. ACNE

COMEDONES, Commonly called blackheads, are seen mostly Commonly called blackheads, are seen mostly on the cheeks, chin, forehead, nose and ears, is often associated with acne, and also with an oily, greasy condition of the face; affects both sexes from 15 to 56. In some cases a hard pimple forms, which is capped with one of these comedones. In squeezing them out of the pore of the skin they resemble a small white worm with a black head. Dr. Van Dyck never fails to cure this unsightly skin trouble.

LIVER SPOTS Are brownish dark muddy looking spots on the forchead, cheeks (sometimes extending across the nose), on the neck and around the mouth. A peculiar form of this disease is seen in the last two positions forming a dark streak around the mouth and the neck, looking as if the skin of these parts were soiled or not properly cleansed. Liver spots affect women oftener than men, appearing as a rule after the age of 25. A noticeable feature about liver spots is that they impart a prematurely aged look to the face. This disease responds promptly to Dr. Van Dyck's treatment.

What is more suggestive to the general masses of mankind than a red nose? Many a noble man and true woman have been compelled to carry the signs of conviviality while they are the most abstemious in their habits. The nose becomes red from the least exposure to heat or cold. Going into a warm room from the cold air makes the nose tingle, burn and turn red. Drinking hot soups, a hot meal or the use of alcoholic liquors causes this organ to flush and get red, and in time it becomes chronic red. In many cases a network of convoluted veins appear over the nose, and in extreme cases it becomes thickened and greatly enlarged, rough and corrugated. Dr. Van Dyck has devoted special attention to this field of dermatological practice.

If you have the above, any rash, humor cruption: any blemish, discoloration or disease of RED NOSE.
