## THE HUNS NOT IN IT.

Consul Schamberg Secures the Booking of the Steamer Eider.

ONLY FORTY-SEVEN HUNGARIANS.

Pittsburg Coal Operators Watching the

Hocking Valley Men. PLASTERERS VOTE ON INSURANCE.

Max Schaumberg, the Austrian Consul, of this city, yesterday called upon John Flannery in relation to the latter's interview published in yesterday's DISPATCH regarding the alleged importation of 600 Hungarians into this city. Mr. Flannery stated that the Hungarians had as much right in this country as any other class of foreigners, but did not believe that any were brought in under contract to do work. It is so unusual for an American to put in a good word for the "Huns" that the Consul called and thanked Mr. Flannery in the name of

NOT SO MANY HUNS. Mr. Schaumberg had with him the official documents backing up the statements in THE DISPATCH of yesterday to the effect that there had not been any "Huns" imported, and that the report was sent out on account of the quarrel between the representatives of the Federal Government and the State commissioners at Castle Garden. He had the booking of the steamship Eider, which is the vessel the supposed 600 "Huns" came over in. In the steerage were the names and nationalities of every passenger on the trip. There were 243 altogether. Twenty-five of them were from Austria and 22 from Hungary. This is 47 "Huns" altogether out of a total of 243 passengers on the vessel. Included in the list of those from Austria are a number of Bohemians. Mr. Schaumberg stated that he had men at the Union station awaiting the arrival of

ets for Pittsburg. These were not all "Huns' either, but came from all parts of Europe. DOESN'T LIKE IT AT ALL. Mr. Schaumberg is very much displeased at the published reports of a local paper which he says is maligning the Hungarian people. He says his government is doing everything they can to discourage emigra-tion. Last week about 20 persons were imprisoned in jail for from one to six years, in Wadowice, for agitating the subject. He also says it is a well-known fact that the "Huns" do not "blacksheep" where there is a strike. The only time they take the place of a striker is when they do it through gnorance. He points to the strikes in the coke country and in this county, and in every case the "Huns," although not organized, were the last to go to work while the strike was in progress.

COAL OPERATORS KICK.

The Hocking Valley Men Want a Differential Rate of 15 Cents.

A meeting of the Pittsburg Railroad Coal Association was held vesterday and reports received from the meeting in Cleveland on Monday. Messrs. De Armii, Dempster, Sunford, Andrews and Beadling returned home from the meeting in the morning. They stated that the railroad officers deferred action upon the Hocking Valley matter until next Tuesday, when another meeting will be held in Columbus.

The operators in the Hocking Valley want a differential rate of 15 cents per ton, or in other words, they wish a rate from their to preside. mines to the lakes 15 cents less than from his site to the same norts. They say their of an interior quality, and conse quently they cannot get as high a price as the Pittsburg operators. To enable them to compete they ask a tower differential rate than 51/4 cents, which they are allowed at

The railroads claim they can not reduce the rates as they have to haul the coal 40 miles farther than they transport the Pittsburg product. They also say the rates of mining are lower in the valley than in this city and the fact that their coal is inferior does not concern the railroad companies. After May 1, the operators say the difference in the price of mining will be 10 cents per ton. It they had a differential rate of 15 cents they could make the selling price of the coal 25 cents cheaper and would then be enabled to compete with the Pittsburg operators. Nothing was done about the 40 mile radius matter.

VOTING ON INSURANCE.

The Local Plasterers Discuss the Matter and Seal the Ballet Box.

A special meeting of the Journeymer Plasterers' Association No. 31 was held last evening for the purpose of taking a vote upon the insurance clause of the association. At the last convention a resolution was adopted to submit the matter to all the locals.

In each local there is an insurance fund. It has always been a question for discussion whether a member when he draws his card does not forfeit all right to the local insurance benefit. Some say yes, and others say no. It has never been decided by a court of justice, but whether or not, no such question can arise in reference to the national idea. Its meaning is plain. President Tenary, of the International Association says: Being transferred from one local to another does not deprive a member of his right to benefit so long as he keeps clear on the books and obeys the international and subordinate laws of the local, under whose jurisdiction he may be working at the time of his

The vote will be sealed and sent to General Secretary McDonnell. The result will be made public in the latter's next quarterly

THE IMPORTS INCREASING.

English Manufacturers Sending Over More

Tin Pintes Each Year. Assistant Secretary Luty, of the American Tinned Plate Association, yesterday received a letter from the Treasury Department in regard to the iron and steel import during the months of January, 1890 and 1889. For the present year the valuation of the products was \$3,279,944. For the same month

of the preceeding year they were \$3,485,866, or a decrease of \$206,916. The above amount includes the importa-tion of tin plates, which in January, 1889, was \$1,568,773, against \$1,722,756 in 1890, or an increase of over \$153,000. While the total imports of iron and steel is being re-duced, the importation of tin plates is increasing. The importation of tin plates is more than one-half of the total importation of iron and steel products.

## AFTER NON-UNION PRINTERS.

Allegheny Councilmen to be Denounced for

Patronizing Them. A number of union job printers are up i arms against the Printing Committee of Allegheny Councils. The committee awarded to Peck & Co. the contract for printing some tabulated reports. The firm is said to be lukewarm on unionism, and, having the work done by boys, they underbid other

competitors.
Calvin Wyatt, stated yesterday that the two printers' organizations would take some action on the matter, and find out why the contract was not given to a good union con-

Slige Sheet Mill Closed. The sheet mill at Sligo has been shut

down. The cause of the stoppage is said to

the Austro-Hungarian Government.

Mesers, Chamberlain & Co., Des Moines, la.: GENTLEMEN-On Nov. 1, 1890, we re ceived our first order of six dozen Chamber-lain's Cough Remedy. The first five weeks the sales were slow, but finally we began to have calls for it. The sales steadily in-creased until the early part of January, when we ordered 13 dozen more, which lasted our trade only about three weeks, when we made our third order for one gross. Of course the first sales were made entirely from the advertising, but to-day we can say, unhesitatingly, that fully two-thirds of our sales are made on merit, through the recom mendations of others, one lady in particular saying, after having bought the fifth bottle, that that one would be the last, as she had cured her own family, and it did them so much good that the neighbors wanted her to cure their families. Numerous other similar statements could be quoted, but our own statement, that the sales of Chamberlain's Cough Remedy exceeds that of any other two preparations we have in stock, and can truthfully say that the greater number of
