A New Element in the Discordancy Between Mayor and Chief.

The fight which has been commenced between Chief Elliott and the Mayor-elect will, it is probable, make a change in the Department of Awards. The Mayor-elect is regarded by a good many of the officials as making war, to some extent, upon the constituents who made him, and there will be, according to the indications, a very pretty fight. The probabilities are that the Department of Awards will be changed before long so as to make an odd number in the membership, as it is claimed should have been done on the organization of the department. The new man to go in is not yet determined on, and whether the Mayor withdraws or a spenk-Easy Cases Instituted at a Very new member is introduced, is an open ques-

The Controller, who was originally intended to be a member of the Department of Awards, is in the position to pass upon contracts after he had, as a member of the department, voted upon the award, and cousequently conscientiously declined a speak-ensy at No. 1244 Penn avenue, and membership. The question now is whether the Mayor will be dropped, or who will be added to the Award Department to make the odd number and make it even with the citizens who are against the job question, if any such can be found outside of those who have received contracts.
