Business Notes.

STOCK of the Sterling Silver Mining Com-

pany has been placed on the regular list of the Pittsburg Exchange.

THE opinion was quite generally expressed

yesterday that the catastrophe at Louisville will have an adverse effect upon the speculative

Prices-Fish, Beef and Poultry-

Staples Unchanged-Easter

Flowers in Demand.

than they were a week ago, but not enough to

teeves are 2c per pound lower than they were a couple of years ago. The effect of lower priced

beeves is principally felt in markets for boiling meat. The season for frozen fish draws near its end. Fresh caught pike, shad and jack salmon are now to be found on the stalls

opened fully two weeks ahead of the usual time.

Florists report a fairly active trade for the

week and very bright prospects for the week to come, as orders are already coming in freely for Easter offerings. Not many years ago Christ-mas made the greatest demands on flowers. Of

has hade the greatest demands on howers. Of late years Easter has been growing into popular favor, and all signs now point to an extra de-mand for floral offerings for the Easter of 1880. Following are the latest prices of market bas-ket filling as furnished by leading retail deal-

Staple Ments.

The best cuts of tenderloin steak range from 20 to 25c, with last figure for very fancy; sirioin, best cuts, from 15 to 18c;

standing rib roast, from 15 to 20c; chuck roast, 10 to 12c; best round steaks, 121/2 to 15c; boiling

beef, 5 to 8c; sweet breads, 20 to 50c per pair; beef kidneys, 10c apiece; beef liver, 5c a pound; calf

The Limit of the Downward Tendency in Iron About Reached.

Though an Increase of Inquiries is Reported in the West.

### NO NEW FURNACES ARE NOW NECESSARY

In iron and steel the drift of markets is hardpan. Prices are lower than they were previous to the rise of last fall, when the increased cost of making is taken into consideration. One of our leading brokers said: "I feel that we are now close to bottom, and that any future changes must be toward

higher prices." Transactions are still light, owing to the fact that consumers are disposed to pursue the hand-to-mouth policy in the present condition of markets. When markets are active and prices are moving upward, as was the case last fall, consumers are inclined to buy freely, and heavy stocks were laid in on the advancing markets. Now that

laid in on the advancing markets. Now that
the tide has turned, consumers buy sparingly,
and will do so until they are convinced that
bottom is reached. It now looks as if prices
were down to bottom, and that future changes
will be toward a higher level.

Steel rails and wire nails are lower than they
were a week ago, and at the reduction markets
are sluggish. Barbed wire has also weakened
since our last report and prices are reduced, as
our quotations will disclose. There are no
changes in the price of steel rails since our last
report. The condition of country roads
throughout Pitrsburg's balliwick has had much
to do with depressing the hardware industry of
late. Customers won't buy as long as they
know that goods cannot be delivered, and this
has been the case for a month past. When has been the case for a month past. Whe roads become passable trade will, no doubt waken up and make up for lost time. e are the latest quotations

### PROPITS ON SOUTHERN PIG. The Shippers Made \$30,000 on the 5,000 Tons Shipped to Pittsburg.

PEPECIAL TELEGRAM TO THE DISPATCHA PHILADELPHIA, March 28.-Upon the recent shipment of 5,000 tons of pig iron from Shefffeld, Aia., to Pittsburg by water, the shippers realized a profit of \$30,000. The freight by boat was but \$1.90 per ton. A new schedule of water and rail rates, by way of Savannah and the ocean, has been promulgated, and by this route the rate from Sheffield to Philadelphia is route the rate from Sheffield to Philadelphia is \$4.35 per ton, with 40 cents additional for an all rail rate. Fifty cents per ton would bring iron from Pittsburg to Philadelphia, making the total, by way of Pittsburg from Sheffield not to exceed \$2.50 per ton. With a profit of \$6 per ton as a margin to work upon it is thus very probable that Southern pig iron will find its way into this market by way of Pittsburg. It is merely a question of demand and supply so far as the Southern furnaces are concerned. If the markets in the West, South and Southwest take all the iron that the Southern furnaces can produce they will not encroach upon Eastern territory, but when the demand from nearby markets is light they will send their products freely to Boston, they will send their products freely to Boston, New York and Philadelphia.

Being asked why pig iron can be made cheaper in the South than in the North, a Southern manufacturer explained that less ore was required to produce a ton of Southern pig, and consequently less labor, coke and limeand consequently less labor, coke and limestone were utilized. It is apprehension, regarding the competition from the South, that
iron producers lear at this time, and there is
more disposition to shade prices than has been
manifested this year. Buyers are reluctant to
pay more than \$19, \$18 and \$17 for the three
standard grades, and deliveries have been made
at 25 cents per ton above these figures.

There is a good inquiry for Bessemer at \$20.00,
but stock is well soid up at 25 and 50 cents
above \$20.00 for round lots, and high grades are
quoted at \$25.50 and \$26.00. Steel rails are active
at \$34.50 and \$35.00. Billets and slabs are unsettled at \$22.00 and \$32.00 per, bloom some moving
slowly at \$32.00 and \$33.00 per, bloom ton, for hot
blast charcoal. Muck bars are irregular but blast charcoal. Muck bars are irregular but moving chiefly at \$30.50 per ton. Bar iron is active at 1.85 and 1.95 per ton. Bar iron is fair request at 1.874 and 1.85 for grooved and 200 and 210 for sheared. Plates are quiet and prices for iron. are quiet and prices for iron and steel respectively being 220 and 2.25, and 2.50 and 2.60 for tank; 2.25 and 2.30 for bridge plates, 2.40 and 2.50 and 2.80 and 3.00 for shell; 3.15 and 2.25 and 3.10 and 3.20 for flange, and 3.75 and 4.25 for fire box. Mills making structural and 4.25 for dre box. Allis making structural iron are well employed. Quotations are \$2.20 and \$2.25 for iron bridge plates and angles; \$2.70 and \$2.20 for tees, and \$3.10 for channels. Old rails are nominal at \$25.50 and \$25 per ton, at seaboard, and \$26.50 and \$27 at country mills.

### A RUN OF SMALL ORDERS.

### Quotations on Southern Iron Vary Widely and Influence the Entire Market. [SPECIAL TELEGRAM TO THE DISPATCH.] Sr. Louis, March 28 .- Rogers, Brown &

Meacham say: We have again to report a quiet week, characterized by a run of small orders at very irreg-ular prices. In the absence of inquiries of sufficient magnitude to test the market, quotations on Southern iron vary widely and are apparently influenced chiefly by the necessities of the renty influenced chieff by the necessities of the respective furnaces. While Ohlo softeners and charcoal irons are somewhat weaker, their position is much stronger than that of Southern coke froms. Any signs of hardening prices at Birmingham would probably induce considerable buying, and possibly cause all prices to advance. We quote for cash f. o. b. at St. Louis:

### The New Furunce Boom Hos Wilted

SPECIAL TELEGRAM TO THE DISPATCH. CINCINNATI, March 28.-Rogers, Brown & Co. say: A good deal of interest has centered in the movements of the iron market during the week. Inquiries for round lots have been numerous, and very respectable tonnage has been added to furnace order books. Well-informed buyers appreciate the latest prices of Southern irons are abnormally low and liable Southern irons are abnormally low and liable at any moment to react to figures in keeping with the general market throughout the country. Nothing can prevent this except a general trade depression and a wholesale abandonment of new railread and industrial enterprises planned for this year. The position of Northern furnaces depending upon Lake Superior ores and Connelisville coke is not altogether pleasant, as no one looks for an early decline in those basis elements of cost. It is strongly believed that the situation will right itself as the spring opens, and that with the usual midsummer buying movement setting in in April and May we shall see prices firmer and a better feeling all around. The crop of new furnace feeling all around. The crop of new furnace prises has been ruthlessly nipped by the uraging market. Ohio softeners and oal irons still remain firm, and are moved

### readily under a free demand. Business Turning Toward the South.

FRECIAL TELEGRAM TO THE DISPATCH. CHICAGO, March 28.-Rogers, Brown & Co. say: There is a very lively retail business in pig iron and some nibbling at round lots, but the turn in the market has not come and buyers the turn in the market has not come and buyers still favor the policy of staying out as long as they dan. It is noted that what demand there is, is mostly for quick deliveries, so quick indeed, that few furnaces are in shape to meet it promptly enough, and considerable inconvenience and complaint are the result. The new prices of Sonthern iron are lower than local furnaces have been disposed to get to, and as a result business turns more toward the South.

Nearly all mixtures, however, require a proportion of Southern iron, even if prices are considerably above the home irons. In Lake Superior charcoal, prices are still held firmly at \$22 00 to \$22 50, and with most of the furnaces sold ahead until summer, there is no immediate need of making concess

NEW YORK, March 28.-The market at first

hands was unchanged and without marked feature. HE DEPENDED EQUALITY.

A Striking Incident in the Career of the Iron

In 1850 when the tide of political passion was still running very high, says a writer in the New York Herald, Bismarck went one day into a tavern at Berlin to take a glass of beer. A man near him, feeling himself supported by the presence of his friends, began to abuse a member of the royal

family. Bismarck looked at him, and said quietly, "If you have not left this room before I have finished my beer I'll break this pot over your head." He then emptied his glass very deliberately, and as the man took no heed of the warning he did as he had threatened. He went up to the fellow and knocked him about the head with the pot till he fell howling on the ground. Bis-marck then asked the waiter. "How much for the glass?" and having paid for it he walked away leisurely without anyone hav-

### WANT SUNDAY CIGARS.

Boston Petitions the Legislature on a Law Like Pennsylvania.

Roston Herald. A petition has been presented to the Legislature to allow the retail sale of eigars and tobacco on Sunday, the petitioners comprising many representatives from the licensed inn-holders, common victuallers, druggists and tobacconists, who, by the present statute, are probiblied from such sales. This matter was recently given a hearing before the Judiciary Committee when in the presence of about 50 remonstrants against the present law, the case of the petitioners was presented by E. B. Goodsell.

The law which presents the sale of sizes.

The law which prevents the sale of cigars up a little. The range was % of a cent, showon Sunday is a very old one, which remained a dead letter on the statute books tracks. Trading was limited to a few small until a little over a year ago, when its en-forcement was undertaken. pyking transactions. There was scarcely a sale from 10:30 to shortly before 3. The feeling

## IN A BUSINESS WAY

Another Big Office Building to be Erected on Third Avenue.

A HUGE GOBBLE OF COAL LANDS.

An East End Citizen Hauls the Street

Authorities Over the Coals. DICKER FOR A MANUFACTURING SITE.

Mr. E. M. Ferguson, of the M. & M. National Bank, is making preparations to put up a six-story building on the Third evenue lot recently purchased by him. The upper floors will be used for offices. Mr. Ferguson has been negotiating for property to give him an outlet to Fourth avenue, but so far without success.

Negotiations are pending for a tract o about five acres of ground near Edgewood as a site for a large manufacturing plant, for which it is admirably adapted, being convenient to the railroad. One of the gentlemen interested in the deal was seen yesterday, but refused to give particulars. He admitted, however, that the prospects of the deal going through were favorable. It is rumored that one of the national gas companies is backing up the enterprise.

In reply to the complaint that many streets are opened and left unpaved for an unreason-able length of time, a gentleman who resides in the East End said yesterday: "The fault is not in all cases with the people. Here is an instance: An ordinance was passed by Councils last January directing the authorities to advertise for proposals for paying the street on which I live, but so far this has not been done. The advertisement has not appeared. The delay is causing considerable feeling among the people who are ready and anxious to pay for the improvement. The excuse for keeping back the advertisement is that the city has so much of this kind of work on hand that all of it canno be attended to at once. This does not satisfy the people, however, who think the work should go forward as directed by Councils. It is probable that some pressure will be used to hurry things up."

A citizen of Scottdale was in the city yester day and confirmed the report of the sale of 2000 acres of coal land in Somerset county to a party of Eastern capitalists. He was unable to regarded it as very low. The coal is said to be as good as the Connellsville product. The pur-chasers will build a large number of ovens at once, and enter upon the manufacture of coke on a large scale.

### BUSINESS AT THE BANKS.

Smallest Exchanges of the Week as a Result of Bad Wenther.

The unfavorable weather yesterday depressed business to the lowest point of the week, as shown by the exchanges, which were \$2,202,-350 01. The balances were \$270,387 98. The disaster at Louisville and neighboring towns was the principal topic of conversation. Money was in good supply and moderate de-Money was in good supply and moderate demand at the customary rates—6 and 7 per cent. The inside figure may be quoted as the rule. Currency was in fair supply. The cause of its frequent scarcity is attributed in part to activity in the retail trade, where it is a necessity in making change. Small dealers, therefore, keep themselves well supplied with it.

Money on call at New York yesterday was easy, ranging from 3½ to 5 per cent; last loan, 3½; closed offered at 3½. Prime mercantile paper, 5½@7½. Sterling exchange quiet and strong at 484 for 60-day bills and \$4 87 for demand.

New York-Clearings, \$87,395,530; balances, \$4,873,625. \$4,673,625.

BOSTON — Clearings, \$12,622,178; balances, \$1,562,446. Money 334@4 per cent, BALTIMORE—Clearings, \$1,797,950; balances, \$303,102. PHILADELPHIA — Clearings, \$10,152,816; balance, \$1,676,625.
LONDON—The amount of bullion gone into the Bank of England on balance to-day is £214,-000. Bar silver, \$3%d per onnee.
CHICAGO—Clearings, \$11,616,600. New York exchange quoted at 40c per \$1,000 discount. Money steady at 6 per cent on demand and 7 per cent on time.

### BEARS HOLD THE FORT.

was weak at the close, which was at the lowest point for the second time during the week. The extreme fluctuations were: Opening, 84%; highest, 84%; lowest and closing, 84%. The de-

highest, \$4%; lowest and closing, \$4%. The depression was due to bearish field news. Thursday's clearances were 478,000 barrels.

The Shannopin field has turned out another gusher. It is on the Ferguson farm. Latest news from it yesterday evening reported it as doing at the rate anywhere from 500 to 1,000 barrels a day.

Reports from the Wildwood well were conflicting. Some authorities estimated the output as high as 400 barrels; others put it as low as 75. That it has fallen off seems certain.

Discouraging reports come from the Hundredfoot district. McClung & Co's well, on the Graham heirs' farm, has dropped from 20 barrels an hour to 10 a day, and the Humphrey farm well of Hazlett & Co, has played out completely, salt water being the only thing it is producing. Tilley & Co,'s well on the Downing farm, at Millerstown, has come in at 40 barrels a day, but the Craig & Co, well on the Samuel Staples farm, at Callery Junction, that was put down as a 100 barrel producer, is only doing 15 barrels a day.

The well on the Judge Over farm at Hayesville arrels a day. The well on the Judge Over farm at Hayesville The well on the Judge Over farm at Hayesville gives evidence of being a good one. It made three flows late Thursday evening, the oil spurting up 30 feet over the top of the derrick with two sets of tools out of a 5% casing. It is impossible to tell just yet what the production is. The Ohio Valley Gas Company is one of the largest owners. There are 16 rigs up across the river opposite this well.

### MOVEMENTS IN REALTY.

A Number of Important Transactions Closed Up - Mortgages Sold. Alles & Bailey, No. 164 Fourth avenue, sold for E. M. D. Farrell, No. 203 Center avenue, being a two-story brick dwelling of seven

rooms, finished attic, etc., lot 223/x76 feet to an alley, with side entrance, for \$3,750. John McAleese was the purchaser.

James W. Drape & Co. sold the house and tot, No. 222 Lacock street, Allegheny, for \$7,-500; also a house of eight rooms and lot, about 38x120 feet, in the East End, near Shadyside, for \$7,500; also a tract of coal land on the Pan handle Railroad, near Oakdale, at a figure approximating \$100 an acre; also six acres of land in the suburbs for laying out in lots, at \$9,000 cash; also four mortgages of \$7,000, at 6 per

another trust has been formed. A local dealer in whips said yesterday that he had been informed by circular that whip manufacturers of Westfield, Mass., and other centers of that industry in the East had combined to control prices and reduce expenses. The capital of the combine is \$300,000. The principal office will be in New York. It is proposed to gather in all the principal whip companies of the country. The immediate result will be an advance in prices.

A REACTION.

A REACTION Jamison & Dickie sold for William McKinley

100, with frame stable, for \$1,800; for John Hays to A. E. Kincaid, lot on Forty-sixth street, 20x 9334. for \$800: for Mrs. M. Schwartz to P. Yanson, property on Gross street, lot 22x110, with large new frame house, for \$3,200. He has also placed the following mortgages: One for \$800 for three years at 6 per cent on Thirteenth ward property, and one for \$1,000 at 6 per cent for three years on Twentieth ward property.

### A VERY DULL DAY.

The Cyclone is Used as an Argument to Force Down Operations in the Stock Market - Some Depression in Rullroad Bonds.

NEW YORK, March 28 .- To-day in the stock market was the dullest of a dull week, and while there was the greatest indisposition to trade on either side of the account, the advocates of lower figures, encouraged by the disasters reported this morning, were enabled to force off prices small fractions, and in some few specialties material losses were sustained.

The market at present, notwithstanding the aggregation of favorable influences, is so narrow that neither buils nor bears are able to make demonstrations with any satisfactory results. The strength in sterling exchange added to the feeling of depression somewhat.

The dealings to-day furnished little ground for comment, but the disasters reported this morning gave a bearish tinge to the feeling in the street and almost everything opened dull. Louisville and Nashville, Louisville, New Albany and Chicago, as was natural, showed the greatest losses. The downward movement in the unusual dullness of the first bour went but little farther, and an improvement was soon infew specialties material losses were sustained.

greatest losses. The downward movement in the unusual dullness of the first hour went but little farther, and an improvement was soon inaugurated under the lead of Missouri Pacific and Sugar Refineries. The upward movement was entirely insignificant, and dullness and stagnation ruled for the remainder of the day up to the last hour.

The payment of the dividend on the Chicago Gas by the Fidelity Trust Company, caused a great deal of talk, but no apparent effect upon the stock was made by it. The usual dividend upon Lackawanna tell flat, but the reports that coal was being sold under the schedule prices sagged all the coalers, except Reading, off slightly. Late in the day the old stones of a new issue of bonds on the Eric were circulated, and accompanied by a vigorous onstaught upon the stock and the second consols, both of which yielded, and the latter materially. The close of the market was dull and stagnant, at something under first prices, as a rule. The only important losses were Tennessee Coal 2½ and Colorada Coal 1½.

Railroad bonds were dull again, and fed the prevailing feeling of depression, though the result generally was to limit fluctuations, as well as the amount of business done. The sales reached only \$812,000, and the changes of importance are few in number.

Government bonds have been dull and firm. State bonds have been dull, but without feature.

The following table shows the prices or active

Wool Markets.

Weel Markets.

Boston—There has been more business doing in wool and the sales continue quite large, amounting to 2,750,000 pounds. Prices remain about the same. Manufacturers have been supplying their immediate wants and in this way have paid current prices. There have been sales of Ohio X at 39@31c; XX and XX and above at 32@33c, and No. 1 at 35@37c. Michigan X fleeces have been selling in the range of 28@29c and New York X at 28c. Combing and delaine selections have been in steady request and sales are reported of No. 1 at 38@39c; Ohio fine delaine at 34@35c, and Michigan fine delaine at 34@35c, and Michigan fine delaine at 33@33½c. Territory wools have been in good demand and there have been sales of some of the best wools, which are in small stock, at 60c for fine and 57@58c for fine medium. Other sales have been at 50@52c for medium. 53@55c for fine medium. Other sales have been at 50@58c for fine scoured. Texas and California wools have been quiet but are not in very large stock. Georgia wools, sold in small way at 28c. Pulled wools have been in good demand with sales of super at 30@58c and extra at 22@28c. Foreign wools are firm. Large receipts of Anstralian wool are noticed, including a cargo direct from Melbourne, mostly sold to arrive.

Whisky Market. CHICAGO—Prices are steady at \$1 02 for fin-ished goods. There is a good demand and stocks are not accumulating.

The Ace of Clubs. See announcement in advertisement on Page 8 of this issue.

DOMESTIC MARKETS.

Southern and Western Eggs Slow---

POTATOES ARE IN BETTER SUPPLY.

ages Unchanged.

THE CEREAL SITUATION UNCHANGED

OFFICE OF PITTSBURG DISPATCH, FRIDAY, March 28, 1890.

Country Produce-Jobbing Prices. The egg market is indescribable at this date. Large quantities of Southern and Western stock have been coming to markets of late, and for this grade of stock our quotations are too high. Choice nearby stock, that can be warranted, will bring our quotations with little trouble. A Finleyville peddler who brought 400 dozen to market yesterday said he had no trouble selling his entire stock to Southside stores at 15% to 16c per dozen. At the East End peddlers are asking 25c per dozen from private families of late. Country roll butter is scarce and firm. The scarcity of potatoes for some weeks past has served to bring supplies to our markets in more liberal quantity, but prices

rolls, 18@20c. Brans—Navy hand-picked beans, \$1 75@1 80. Breswax—25@28c W B for choice; low grade,

Coffee options are still moving upward. There was an advance of 20 points yesterday in New York. Packages fail to respond to the advance, to the disappointment of most of our dealers. Speculative influences are now at work, and the bulls are having their innings at present. Conservative dealers, however, report that the bull movement has been worked to its utmost Crop estimates are much larger than they wer a few weeks ago. Sugar is a very uncertain

GREEN COFFEE-Fancy Rio, 24@25c; choice

UR. BYERS' GOOD WORK.

Young Brick Maker Testifies to the Benefits Derived From a Careful Diagnosis and Systematic Treatment.

Mr. Barrhad been troubled with his head and stomach for over four years. His nostrils would clog up; first one side then the other; constant pain over the eyes, with headache, buzzing in the cars and dizziness. He became hoarse, throat got sore and a cough set in, raising a thick, brown-colored phlegm. Later his stomach trouble became very severe; lost appetite, flesh and strength rapidly, and was so short of breath he could hardly walk. Sleep became troubled with horrid dreams, night sweats supervened, his heart became affected and he arose in the morning more tired than when he went to bed. He improved from the first treatment, and is now entitlely well and never felt better in his life. He says: "I owe all this to the careful and conscientious treatment of Dr. Byers, and will always remember Systematic Treatment.

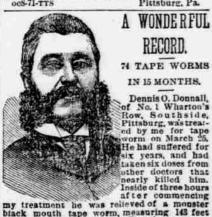

MR, CHARLES BARR, 37 Allegheny avenue

Allegheny.

Bear this fact in mind! Catarrh can only be thoroughly eradicated by a systematic course of continuous local an iiseptic spray treatment, aided by proper medication, as practiced by Dr. Byers, and those trying any other method are only wasting time and meney, and jeopardizing their health and even lives. This statement can easily be verified by calling at Dr. Byers' office and investigating his method of treatment. treatment.

TREATMENT \$5 A MONTH. Dr. Byers has reduced his terms of treatment to the uniform fee of \$5 per month, inedicine included, for all cases, and refers to his numerous friends and patients for indorsement of his careful and conscientious work, many of the latter remembering him pleasantly and with gratitude long after passing out of his hands. He has devised an instrument by which patients living at a distance can use his "antiseptic spray treatment" at home, though he advises weekly visits to his office for per-onal treatment when at all possible. Write for symptom blank for home treatment or call at office. DR. BYERS, successor to Drs. Logan & Byers. No. 421 Penn ave.

400 PATIENTS

Have been treated successfully by the physicians of the Catarrh and Dyspensia Institute at 323 Penn avenue, during the past six months

The Catarrh and Dyspensia Institute has been located in Pittsburg for nearly two years, and during that time no patients have been accepted for treatment except those suffering from the diseases of their specialty. Please remember that this is the only institution in Pittsburg where only catarrh, dyspepsia and diseases of women are treated. A specialist in the true sense of the term is a physician who treats a disease, or class of diseases, and nothing else. The physicians of the Catarrh and Dyspepsia Institute point with pride to their success in curing the diseases of their specialty, preferring to be masters of a few

diseases rather than commonplace in all.

Many patients have an idea that these specialists have two offices in this city.

Please bear in mind that THEY HAVE BUT ONE OFFICE, and which is PERMA-NENTLY LOCATED at 323 Penn avenue. Mr. E. G. Shade, a well-known young man who lives at No. 50 Gregory street, Southside,

-

has been a great sufferer from catarrh. He was troubled with a mattery secretion dropping from his head into his throat, and his throat was often dry and parched. He had much masal discharge, and was terribly annoyed with succeing. He had dizziness and often felt sick athis stomach. He had a tired feeling, and as his liver became torpid

E. G. Shade. sleep was much disturbed. He took cold very easily and often felt a pain in his lungs. In fact he continually grew worse until his lungs became very weak. It was while in this condition that he began treatment with the catarrh specialists at 223 Penn avenue. Of the result he says: "This is to certify that I have been cured of the above conditions.
"E. G. SHADE."

Consultation free to all. Patients treated successfully at home by correspondence. Remember the name and place—The Catarrh and Dyspepsia Institute, 323 Penn avenue, Pittsburg. Send two 2-cent stamps for question blank. Office hours, 10 A. M. to 4 P. M., and 5 to 8 P. M. Sundays, 12 to 4 P. M. mh25-MWFSu

# McMUNN'S ELIXIR OF OPIUM

Is a preparation of the Drug by which its in-jurious effects are removed, while the valuable medicinal properties are retained. I possesses all the sedative, anodyne, and antispasmodic powers of Opium, but produces no sickness of the stomach, no vomiting, no cestiveness, no headache. In acute nervous disorder sit is an invaluable remedy, and is recommended by the best physicians.
