The Colored Lightweight Defeats O'Donnell Easily.

TALKABOUTTHESCHEDULE

J. Palmer O'Neill Says a Few Words About the Present Situation,

THE SPORTING NEWS OF THE DAY

There was a desperate prize fight at Wilkesbarre for the lightweight championship. A colored man won. There is more interesting and singular talk about the Players' League schedule. New bali players arrive. J. Palmer O'Neill talks about the condition of baseball affairs.

ISPECIAL TELEGRAN TO THE DISPATCE. WILKESBARDE, PA., March 31.-Dan O'Donnell, of Scranton, and James Jackson (colored), of this city, fought for the lightweight championship of Northeastern Pennsylvania, in Jester's Club rooms, this afternoon. O'Donnell started in aggressively, the rest of the fight Jackson was the best man. He knocked his opponent all over the ring. In the eleventh round O'Donnell was sent sprawling on his back. It is alleged that Jackson struck him while down. Foul was claimed but not allowed. O'Donnell refused to go on with the fight and

WELL-KNOWN MEN.

Both contestants are well known throughout the Eastern part of the State. Many patrons of the ring have heretofore claimed that Jackson was the best colored man of his weight in America. To-day's battle was in many respects to test him for a contest with a national cham-pion. The result shows that Jackson is a clever mark. From beginning to end of the battle it was fierce. Both men were punished severely, and at the end of the fourth round it was thought that neither man would last another

SCIENCE HAD THE EFFECT. his strength aggressively in the beginning of the fight and Jackson used his science. The fight was of the brutal kind because both men were prepared to take all punishment they could stand. Jackson now claims the light-weight championship of Pennsylvania. The

claim of foul is not acknowled by any authority There are several fights pending in this district and almost every contestant claims to be a champion. There are two or three good col-ored young men here and several middle-weight white fighters. Out of the latter there is certainly one good man whose name will one of these days be mentioned publicly. But if an investigation took place by an enterprising speculator he would find some good men here.

THE M'KEESPORT CLUB.

Great Preparations Being Made to Startle All Their Opponents.

SPECIAL TELEGRAM TO THE DISPATCELS. MCKERSPORT, March 31 .- The new McKeesport club is commencing to report, there being eight of them now here. Baker, Milbee, Leamon and Provins reported Saturday, and Patterson, Duncan, Keating came in to-day, and to-morrow Runninger, of Franklin; Walton, of Scranton: Plummer, of Boston, and Jahns. from Saginaw, will be here. Cote, of Troy, will arrive Wednesday, and Miller, of Pittsburg, will be here for Friday's game with the Pitts-burgs, if the weather allows it to be played. The club has secured the Palace Park Rink, To the Horses Entered at Oakwood and and are there practicing every day. Our home season opens with the East End Athletics on Saturday, April 12, followed by Erie, Pa., 14th and 15th: Jamestown, N. Y., 16th and 17; Pittsburg League team, 18th, and Billy Zecker's Al-toona team, 21st and 22d,

toons team, 21st and 22d.

Great interest is being taken in the clubbere, and crowds fullow the players around when they go out to exercise. Twenty-five men started to work on the grounds to-day, and had the weather been good we would have had the week. The team that will most likely play against Pittsburg on Friday next will be: Milbee, pitcher; Cote, shortstop; Duncan, catcher; Voss, first; Keating, second; Johns, third; Provins, left field; Leamon, center field; Baker or Patterson, right field.

THEY STAND UNREFUTED.

The Arguments About a Change of Schedule Still Untouched.

The interview with Manager Hanlon, published in this paper yesterday, caused considerable talk among baseball people. The statement at first sight caused the customary con clusion-that is the one that is attained without thought, to prompt many to shout out something about "weakening" and "backing down," "cowardice," etc. These cries pr down," "cowardice," etc. These cries pre-vailed on better thought to the extent that several of the directors of the new local club, who have all along been wishing for no coffict-ing dates, haven't nerve enough to defend a principle of good business, and, therefore, of successful warfare, but turned over to those people who have not a dollar invested in the business, but who sometimes can cry "wolf"

business, but who sometimes can cry "wolf" when no wolf is near the sheep.

John Tonor, who leaves this evening to attend the New York meeting to-morrow, will support the popular cry, limited, that is: "War to the knife." It is understood that he is going to vote arainst a change of schedule. The fact is that a most every director and good friend of the local new club knows that its best and most successful move is to have a change of schedule. Outside of a childish sentiment there is no factor argument that can be urgred against a change. The arguments of Manager Haulon published, in this paper yesterday, so far stand unrefuted.

BILLY IS HERE.

The New Second Baseman Arrives and Has Something to Say.

"Billy" Robinson, the new second base player of the new local club, arrived in the city last evening. Great hopes are centered in Billy," particularly by Manager Hanlon, and if he fulfils them he will be a great ball player. He is one of the new men to the new League, that is he comes from the American Association. Robinson has an excellent prestice as a ball player. Good or at least experienced men say, he is better than Dunlap.

Time will tell that.

Robinson traveled much of his journey with Robinson traveled much of his journey with Secretary Brunell and Al Johnson. The latter, during a train conversation, stated that on Saturday, at St. Louis, 150 were present to see Yon der Ahe's American Association team play with another team, and despite the rain, street cars were stopped about the hotel at which the Players League teams were located on Sunday, by immense crowds expecting to see the Brotherhood players play. Unfortunately, the weather prevented the game, and Mr. Johnson estimates that 20,000 seats were not occupied on that day that otherwise would have been occupied.

Doubtless, St. Louis a great Brotherhood, or it may be, Players' League town, and would be content with any schedule. Secretary Tener yesterday declared that the city named would be an enthusiastic Protection. be an enthusiastic Brotherhood city, that is, a new League city. Viener, another man from the American Association, will arrive to-day. He is a good player.

PALMER O'NEIL IN TOWN.

The Local Director Says a Few Words on

Baseball Affairs. Director J. Palmer O'Neil, of the local League, was in the city yesterday. He was on his way from New York to Chicago. He had not much to say about baseball affairs, but found time to say:

"There has been a great change of feeling in New York regarding the baseball situation. Since Mr. Day has leased the Polo Grounds for Since Mr. Day has leased the Polo Grounds for five years, and secured a first-class team, all the followers of the old club there are with him. He has a better team than the Players' Leagne team is, and that is the general opinion in New York. The truth is if we examine all the Players' League teams in the country we will not find a thoroughly powerful one among

them.
"I think the Prayers' League schedule will be changed. That League won't live long at any rate, but by changing its schedule I certainly think it will have a better chance to get along No doubt it would be a good business stroke to

He is Positive That the Players' League Cannot Exist.

Sunday:

It's only a question of a very little time, he said, when a great many of these same players would have to step out and their piaces supplied by younger men.

Mr. O'Nell is quite positive that the Brother-hood cannot exist long. No co-operative organization like that can stand and succeed against such a substantial body as the National League. 'Take New York as an example,'' said he, 'You will have two clubs, and notwithstanding it is one of the best baseball cities in the country, it could hardly support one club. I am told that Mr. Day has been identified with a club for eight years. Five years, it is said, he made both ends meet: two years he made money, and last year he was a loser. Now, what show is there for a second club in the metropoils?

Mr. O'Nell said that the Pittsburg club would probably sign Duniap, and that the management had a two years' contract with rete Conway. 'We bought Couway from the Detroit club,' he continued. 'Tor \$4.500, and gave him as salary of \$4.700. He pitched in but two games, one of which he lost. Last fall, just upon the eve of signing a contract, Conway told President Nimick that he thought his arm was all right in the spring, and he couldn't understand why he was unable to do effective work in the box. He further said that he would sign a contract, but he would not ask for his original salary, and hamed \$5.200 as the amount. He placed his maine to the document which called for two years' service. We can hold Conway, but I am strongly in favor of letting him go. I am not so certain that his arm will ever be in good condition again.''

THE OLD LEAGUE CLUB.

Very Bnd Wenther Threatens the Exhibition Contests This Week.

If this inclement weather continues, Sir Guy and his youngsters and oldsters will not get out to do battle this week. The colts, and some of them would be classed beyond the mark of knocking his man down in the first round and drawing blood in the second. During the infield were on the bases. Youngman, the new local second baseman, showed up well; he

new local second baseman, showed up well; he performed well.

No doubt Manager Hecker has some good and promising young players, and they are worthy of patronizing. Many of them have had a long experience in baseball playing and are by no means "green hands." If Dunlap comes here Sir Gny will have a more than average infield. He has an excellent outfield, and probably the baseball public will discover that fact before the season ends. Sowders and probably the ever popular Billy Sunday will be here to-day.

The Final Decree.

NEW YORK, March 3L-Judge Lawrence in the Supreme Court this afternoon handed down one page long deciding in favor of John M. Ward in the suit brought against him pion. The result shows that Jackson is a clever little fellow and a pugilist that will make his Judge says the plaintiff has informed him that Judge says the plaintin has informed that the its counsel will not submit a brief as he is of opinion that the contract with Ward cannot be enforced in a court of equity, gives judgment dismissing the complaint.

ABOUT THE WRESTLERS.

"O'Donnell was the heavier man and he used | Jim Connors Returns and Issues a Challenge

James Connors, the well-known middle weight wrestler, of this city, returned from his Western tour yesterday. He has been away from the city for several months, and has taken part in many prominent contests. His last was last week when he wrestled against McMillan, the heavy-weight. The latter undertook to throw Connors once in 15 minutes, and failed. During a conversation regarding the prominent catch-as-catch-can wre-thers. Connors said:

"Wrestling is booming out West, and some first-class contests are taking place every week. I think Carkeek is the best of all; at any rate I am inclined to think that he can defeat my brother Tom, if both are in condition. Carkeek is the best lifter I have ever seen, and he is so much biguer and stronger than Tom that he can lift Tom up and throw him down with a force that breaks him all up. Of course Green is a big man and a cood-one, and a contest between him and Carkeek would be agood one. Oh, yes, Carkeek is a better man than Lewis. Tom, however, is willing to give any of them a go. He is doing well in Milwaukee. "I think I am a better wrestler than I was and I am willing to wrestle any middle weight in the world. I think the Buffalo Athletic Club will offer a prize for the middle weight cliampionship contest, and I am ready to meet any man who desires to contest for the purse. I am ready at any time to wrestle Jess Clarke, and I'll undertake to throw him a number of times in an hour." the heavy-weight. The latter undertook to

Grent Western Handicaps. CHICAGO, March 31 .- The ap weights to the horses entered in the Oakwood and Great Western handicans at Washington Park was completed to-night. In the Oakwood the 86 animals handicap furnish a wood the 86 animals handicap furnish a great field. Terra Cotta, with 128 pounds, is the top weight, and Spokane next with 124, followed by Santiene 123, Los Angeles 122, Proctor Knott 121, Lättle Minch 120. The Oakwood list includes 24 3-year-olds. Prince Fonso is topped weight among them, with 105 pounds. Next to him are Red Light 104 and Blarney Stone 103. The bottom weights in the Oakwood is the 2-year-old filly, Lady Scorgan, 80 pounds. In the 56 entries for the Great Western, which is the long distance handicap of the meeting, Spokane, 124, has been put at the head of the list in number of pounds to be carried, but Los Angeles, 121, is actual top weight if six allowance is considered. Last year's winner, Flyton, is now asked to carry 114 pounds, against 93 then. The 3-year-olds show strongly in this event, as in the Oakwoods, one of them. Huntress, standing next on the list to Spokane and Los Angeles with a weight of 119 of them, Huntress, standing next on the list to Spokane and Los Angeles with a weight of 119 pounds.

The Results at Clifton.

[SPECIAL TELEGRAM TO THE DISPATCE.] CLIFTON RACE TRACK, March 31.—The weather was raw and cold to-day at Clifton. but the racing was continued to a large attendance. The track was in very good condition, much to the delight of the crowd, who think favorites have a better chance to win on a dry track. Prince Howard, the favorite in the track. Prince Howard, the favorite in the fourth race, was ridden very badly, as was Wild
Cherry, and it looked as though neither of the
boys wanted to get to the front.

She had. All her jewelry was found to
have been taken from a bureau drawer, and
a box containing silverware was broken First race, one and one-quarter miles—Raveller first, 3 to 5 and out: Gallus Pan second, 7 to 1 and 2 to 1. Rudolph third, 15 to 1 and 5 to 1. Time,

2 to 1. Rudoupa third, 15 to 1 and 5 to 1. Time, 2:21.

Second race, five furloags—Foxhill first, 5 to 2 and 7 to 10: Nomad second, 10 to 1 and 4 to 1; Harry Irvine third, 25 to 1 and 8 to 1. Time, 1:06.

Third race, one mile—Little Jake first, 3 to 5 and 1 to 4; Mabel Gleun second, 2 to 1 and 1 to 2; Henry George third, 5 to 1 and 6 to 5. Time, 1:46.

Fourth race, seven and one-half furloags—Glenmound, first, 5 to 2 and 3 to 5; Bonnie S second, 12 to 1 and 3 to 1; Specially third, 20 to 1 and 5 to 1. Time, 1:39%.

Fifth race, six and one-half furloags—Neilie Booker colt first, 5 to 1 and even; Rafter second, 7 to 2 and 4 to 5; Capulin third, 3 to to 5 and 1 to 4. Time, 1:254.

Sixth race, six and one-half furiongs-Khafton, first, 4 to 5; King Voit, 12 to 1; Courtier, third, 50 to 1. Time, 1:26.

Nikirk Wants to Meet Farrell. There is a probability of a ten-round glove contest between Harry Nikirk and Pat Farrell. The former stated to Farrell's backer yester day that he is willing to face Farrell in a tenround encounter, the winner to take all the re-ceipts. If Farrell and Upham are definitely matched the Pittsburger will accommodate Nikirk before his fight with Upham. The con-test, however, must be such that the winner

Sporting Notes.

PREACHER: You cannot give a man out in JIMMY PEEPLES has been appointed manager of the Canton ball club. THIS kind of weather will knock the exhibition games on the head.

D. R. DORAN, the local amateur feather-weight boxer, has left on a tour through Texas and the Southwest. Those who make most noise about the changing of the Players' League schedule being

a "backdown" are persons who have not \$1 invested in the venture. JEFF SEABROOK failed to appear at the office vesterday to make a match to run Weigands. The latter will allow his forfeit to remain until this evening at 8 o'clock.

THE sentimental dread of being called "weakeners" has caused many Players League officials to turn their backs on their previous statements about the wisdom of changing the

MAYOR McCallin states that when he leaves office next week he will devote his entire attention to the fixing up of the new ball grounds. He means to have them in shape as

THE Tri-State League directors have made Samuel A. Rose, of Braddock, an offer to act as umpire at \$90 a month. Rose did good ser-vice in the County League last year. However, he declines this offer.

BART J. DORAN, the local boxer, has gone to Philadelphia to fill the position of Professor of Physical Culture in the military academy at Chester. He filled a similar position at the Michigan Military Academy. "DANNY" SHIELDS will again be found doing duty for the Drammers, of Eric, this season. Better offers were received by him from other clubs, but because of his good treatment from the managers, players and patrons of the Eric club last year he concluded they were entitled to his services.

CHILLED BY SNOWS.

J. Palmer O'Neil had the following to say to Brother Mandigo, of the New York Sun on Stricken City of Loniovilla Stricken City of Louisville.

> RELIEF COMES BUT MOKE NEEDED. The Devastated Districts Under Martial

> > Law to Prevent Robbery.

OHIO COUNTY, KY., STRICKEN TWICE.

A Flood Followed the Tornado and Nine Lives Were Wiped Out. Four inches of snow and slush cover the

streets of Louisville and the humbler classes who have only canvas to cover them suffer intensely. The Mayor says \$500,000 would help these people greatly. The districts are under martial law against plunderers.

LOUISVILLE, March 31,-With four inches of water-soaked snow, which has slowly melted during the day, the situation in the tornado-stricken district has been gloomy indeed. Night is settling down dismal and dreary upon the wrecked homes, and in spite of all efforts there are many broken in spirit, though physical wants are supplied. The lights gleaming through a vapor-laden atmosphere serve only to reveal pictures of desolation.

The streets are in many places ankle deep in mud and water, and ice cold streams pour from everywhere. The worst result of the wet is not so much an additional injury to property and goods as in suffering to ill-protected people. Scores of families are sheltered only by hastily put up boards or cana generous and intelligently conducted relief THERE IS PLENTY OF FOOD

and hunger is not now among the miseries. Much has been done during the day for re-lief and much more is being done to-night. The relief committees and agents are actively supplying such protection from the weather as is possible. The most needy are first supplied.

In the residence portion of the desotated

In the residence portion of the desolated district, the snow has greatly retarded repairs. To-night very few of the houses, even where least damaged, are habitable. Much household goods has been exposed to the weather and proportionately to the total value involved, much greater loss has been caused by the snow to house keepers of moderate means than to business houses and market streets, or even the tobacco warehousemen. The latter have all succeeded in getting most of their property under shelter of some sort. The household effects would not repay the extraordinary measures taken to save stocks of goods, and thousands of dollars' worth in the aggregate, scattered through some 30 blocks of the city, will lie in the wet for a day or two longer. On Main street signs have been put up in many partly wrecked stores that orders will be filled as usual and business has been

A STATEMENT FROM THE MAYOR. In an interview with the Associated Press

to-day, Mayor Jacobs said: We have now about recovered all the bodies of those who were destroyed by the recent tor-nade, and I am thoroughly satisfied that the total number of those who were killed outright and those who will die from wounds sustained thereby, will not reach 150. While the destruc tion of property was very heavy, still the greatest suffering will fall upon our humbler classes, who were living in their modest homes that had been accumulated by years of toil. In my judgment, \$500,000 will go far toward making whole the losses of these poor people, but such as these will have to be cared for, no matter at what cost. As far as the business is concerned, with the exception of the leaf tobacco market, it has never been suspended, and even in this branch of trade one half of the warehouses were intact, and all are now ready for custom, as ample storage room has been acquired in other parts of the city. Notwithstanding only two days had elapsed after the cyclone, all wrecks and debris had been removed on yesterday.

I have never seen such courage and recuperative power as has been evinced by all who have been afflicted, and while recognizing, as some do, that the fruits of a lifetime of labor have been swept away, still they bow bravely and with proper humility to their fate. As far as public quiet is concerned, order has never hear heter and attribute of the recognitives. tion of property was very heavy, still the great-

as public quiet is concerned, order has never been better, and outside of the narrow limits of the district swept by the storm, no one would know that he was in a city that had beer scourged by a fierce and most desolating tor nado.

THE DISTRICT UNDER MARTIAL LAW. While there have been fewer criminal atposed condition of property, one or two in-stauces have proved the wisdom of placing the district under martial law and putting the State guard on picket duty. Ed Myers, Isadore Lowenstein. A. J. Marks and Ike Delman, Russian Jews, are locked up in Central police station charged with arson, They were caught building a large fire in a demolished store on Market street between Tenth and Eleventh, which is in the midst of the shattered district. The fire was extinguished before it had made much head-

open and the contents taken away. Even the body of the dead minister was not sacred and his gold watch, which the widow cher-ishes particularly, was taken from his pocket. On Friday two ladies visited the demolished house to secure Mrs. Barnwell's sewing machine for her. They placed it on the pave-ment, and while absent within the machine was carried off. These outrageous cases are however, the only ones reported.

RELIEF POURING IN.

The total amount of the relief fund approximates \$110,000. The Board of Trade has to-day received subscriptions amounting to \$17,000, while numerous checks have been sent in to the Mayor's office and the newspaper offices. Among others the Cour-ter Journal doubled its subscription. The Louisville and Nashville Railroad subscribed \$10,000. At the meeting of the Ex-ecutive Committe of the Board of Trade Relief Committee this afternoon the following

was adopted: Resolved, In answer to numerous inquiries from persons at home and abroad, the Board of Trade Relief Committee announces that fur-ther liberal contributions from Louisville citither liberal contributions from Louisville citizens and corporations are greatly needed, and are most earnestly requested. If the contributions from our own people are not sufficient to relieve the distress of sufferers by the storm, the committee will appeal for assistance from outside of the city and State. Until then all voluntary contributions of money will be accepted and used if needed.

W. T. ROTH, Chairman
CHAS. D. JACOB, Mayor.

W. CORNWELL, JR.,
President Board of Trade.
The total number killed by the tornado here Thursday night is 93. This includes

here Thursday night is 93. This includes John Schell, a saloon keeper, who died to-day of his injuries. It is feared that B. B. Barton, of Catlettsburg, is dead in the ruins. So far about 150 badly injured have been

discovered. A special from Henderson says the total of killed in Webster county is 40, and of wounded 80. Nearly all are in a poor section known as Black Ford. A relief corps has gone to them from Henderson.

A FLOOD FOLLOWED.

Ohlo County, After Being Storm Swept, Suffers Heavily From Raging Waters -Nine Persons Killed- Many Fine Farms Damaged.

PERCIAL TELEGRAM TO THE DISPATOR. PADUCAH, KY., March 31 .- After leaving Metropolis, Ill., the cyclone of last Thursday night seems to have headed directly for Louisville, stopping, however, in Ohlo county, Ky., to inflict special damage. loss of life was light comwith the amount of dampared age done, nine dead being the age done, nine dead being the Oakmont will cost \$2,000. It is intended to pro-

Beda half a dozen houses were leveled and a child of William Daniels killed. The

greatest destruction was, however, along Rough creek, a large stream that crosses the county from east to west. Nearly all the way the stream runs through high banks with wide bottoms, and a high level above it. The most substantial tarmers of the county live along the stream

and Hartford, the county seat, is on its banks. Here the roof of the Court House and one end of the jail were blown away. At Sulphur Springs the schoolhouse was demolished and the wife and one child of Hiram Summers killed. The rain fell in torrents and every small stream was soon out of its banks,

Now happened a strange thing. The storm had torn down immense numbers of fences and they had caught in the streams; limbs of trees and other wreckage also abounded. The waters of the smaller streams carried it all into Rough creek. Soon the channel would choke until the mighty pressure of waters thrust the dam apart and pushed it further down. At last the debris became too thick and strongly matted together and formed an impregnable dam at Red Oak. It grew higher and stronger until the waters were pushed on to the surrounding bottoms where they did im-mense damage, drowning live stock, carrying off fences and ruining fields of wheat, In attempting to cross the back water John Jackson, Elinu Morgan, and a son of the latter were drowned. Reports from other parts of the county add three to the list of the dead, and make the property loss many thousands.

THE FLACK CASE.

The Father, Son and Referee Sentenced to a Fine and Imprisonment-A Stay Granted-The Deputy Sheriffs

Go Scott Free. NEW YORK, March 31 .- Judge Barrett this morning sentenced Choate, the reporter, to 30 days' imprisonment and to pay a fine of \$250. The Judge refused a new trial in the Flack case, and sentenced ex-Sheriff Flack to pay a fine of \$500 and to be imprisoned in the county jail for two months; Joseph Meeks, the referee, fined \$500 and to be imprisoned in the county jail for one month, and William L. Flack to a fine of \$500 and to be imprisoned in the penitentiary for four months. A stay of execution was granted by Judge Van Brunt on the ground that the defendants' case had been prejudiced by the presence of the reporter. The stay will give them their liberty until the decision of the appeal to the general term on the bail of \$7,500

each, which has been furnished. Deputy Sheriffs Martin, Walsh and Young, who had been indicted for bribery in taking \$700 from Charles G. Francklyn, who was arrested at the instance of Sir Bache Cunard in 1887, go scott free. The case came up on a demurrer to the indictments. The Court held that the Sheriff is not obliged to take a civil prisoner to jail, but that he may at pleasure keep him any-where within the county in custody.

It being admitted that the money had been received for allowing Francklyn to go about the city for bail, the Judge said that the felony known as bribery could not hold, as the money had not been taken for the doing or omission of an official act. He herefore sustained the demurrers and freed the defendants. He said the facts would warrant the charge of misdemeanor under the section of the civil code forbidding an officer to take a gratuity, but the indictment here charged bribery, which is a felony. As the crime occurred more than two years ago they cannot be indicted for a misdemeanor.

A SOUTHSIDE SENSATION.

an Enraged Husband Chases His Wife's

Escort Up Carson Street. Considerable commotion was caused about 10 o'clock last night on South Fifteenth street by loud cries of "Stop thief." A man was seen chasing another along that thoroughfare. A crowd soon joined in the pursuit, but the pursued party darted into a convenient alleyway and escaped. The cause of all this excitement was that William Lyons, a Breed street resiwas that William Lyons, a Breed street resident, had discovered his wife parading the streets with another man.

The enraged husband placed the companion of his wife under arrest and was taking him to the Twenty-eighth ward station, when the man, who said his name was Davis, broke away from him and managed to escape.

INTERNAL REVENUE PROVISIONS.

The internal revenue provisions make up the remainder of the measure. They abolish all special taxes upon dealers in leaf tobacco, dealers in tobacco, manufacturers of tobacco and cigars and peddlers, but these persons are required to register their names and addresses as at present. All restrictions upon tobacco growers in regard to the sale of their tobacco is also removed. The tax on smoking and manufactured tobacco and snuff is reduced from 8 to 4 cents a pound. Provision is made for a rebate to manufacturers and dealers on original factory packages of smoking and manufactured tobacco snuffs, eigars, cheroots and eigarettes held at the time the law goes into effect of the full amount of the reduction made by the

lowing the distillation of fermented liquids at 7 P. M. except in an authorized distillery, and the laws allowing the use of alcohol vapor in the manufacture of vinegar.
Section 40 confers upon producers of sweet wine, who are also distillers, the right to use wine spirits to fortify their wines, except in May, June and July of each year.

THE DOORS WILL OPEN.

the Public. The City Property Committee, of Allegheny, has risen to the situation, and has ordered that the big doors be opened to let the public enjoy the beautiful gift of Mr. Carnegie. Mr. Lare last night offered a resolution opening the entire building to the public on week days, from the bours of 8 o'clock in the morning till 5 o'clock in the afternoon, and from 7 o'clock until 9 in the evening. In his remarks he took strong ground against delay, and stated that Councils had no right to withhold from the Councils had no right to withhold from the public the use and enjoyment of public property, given to the city by a practical man for practical uses. The objection was raised that the public use of the building might soil it, but Mr. Lare contended that the officers chosen by the Councils were there to keep the building in order, and might as well be at work. Mr. Arthur Kennedy opposed the plan with considerable vigor, fearing that the building would be overrun with an indiscriminate mob of children, with nobody to watch them. Mr. Kennedy's amendment, providing that the hours of opening be from 8 o'clock in the morning to 4 in the afternoon, was finally passed. The building will therefore be open this morning.

Mr. Leonard Wales was authorized by the committee to give a free organ recital, as an experiment, next Saturday afternoon.

PEACEABLY TRANSFERRED.

Mr. Swan Steps Quietly Ont of the Alle-

Postmaster Swan's announced belligerent intentions of hanging on to the Allegheny Postmastership by virtue of his commission, were suddenly cooled by the arrival of an official notification from Washington to turn over the office to Postmaster Gilleland at midnight last night. Quite a crowd of politicians and curious

night. Quite a crowd of politicians and curious sight-seers gathered around the City Hall last evening, with the intention of taking in the promised disturbance. When apprised of the facts the crowd scattered.

Postmaster Swan yielded gracefully to the inevitable, which same arrived at 4 o'clock yesterday afternoon, and surrendered his office to Mr. Gilleland at midnight. The process of turning over the office and accounts was not very complicated, and was concluded within a very few minutes. A gold-headed cane and a rocking chair were given to the retiring postmaster, Assistant Postmaster Myler making the speech. The gifts were from the office force. Mr. Myler was also presented with a gold-headed cane. eaded cane.

goid-headed cane. The new assistant postmaster, 'Squire M. J. Clarke, assisted in the transfer. Miss Swan, who has been in charge of the money order division, retired with her father. No changes of importance will take place before May 1.

DON'T WANT AN INCREASE.

The Brickmakers' New Scale Will be the The Knights of Labor brickmakers will not demand an increase of 25 cents per day in all union yards. This was decided upon at the meeting last night. The new scale will be premeeting last night. The new scale win be pre-sented this morning for signatures and it is not at all likely that there will be any objection. The following is the scale decided upon: Strikers-off, \$2.50: wheelers, \$2.50; molders, \$2.50; setters, \$2.50: bankmen, \$2.00; dumpers, \$2.00, and sanders, \$1.75 per day. These figures \$2.00, and sanders, \$1.75 per day. These figures are the same as the present scale and will take effect to-day. It was reported at the meeting that 25 yards in both cities are now organized and there would be no trouble over the scale. The reason the 25 cents of an advance was not put in the scale was on account of the condition of trade. Last year the men received an advance of 25 cents, and they were content to let well enough alone.

ANOTHER UNION FACTORY.

President Smith Effects a Settlement in Chicago. President W. J. Smith, of the American Flint Glassworkers' Union, returned home from Chicago, where he satisfactorily settled the trouble at that place. For over a year the Chicago Glass Company has been trying to run its factory on a non-union basis. The experiment has been given up in disgust and this week the factory will start with all union hands.

The inability to get competent workmen is what compelled the company to effect a settlement and sign the union rules.

Not Better Than the Old. Under the head of "Better Than the Old Scale," an item in the labor column on Sunday stated that the roller in the 23-inch mill at Carnegie's Homestead works would under the new scale receive \$7.75 per day, instead of \$6.60. The item erred in this direction, as there is no fixed salary for rollers. The roller is a tonnage man, and under the new scale receives about 33 cents per ton on a basis of \$34 per ton on billets. The old scale called for 42 cents per ton.

Three Hundred Pounds Per Day. Alfred E. Hunt, President of the Pittsbur Reduction Company, stated yesterday that the output of the plant would be increased to 300 pounds per day. It was reported that the capacity of the works would be increased to 300 pounds per week, but this is incorrect.

Hughes & Gawthrop, of this city, have closed a contract with the Pittsburg Plate Glass Com-pany, at Tarentum, Pa., for a 900 incandescent electric light plant, of the Thompson-Houston system. The Struggles of Life. From the cradle to the grave life is full of struggles. Some struggle for riches, some for pleasure, some for honor, and others struggle to regain that greatest of all blessings—health; and in their efforts they often resort to means which place it farther out of their reach. They take drastic compounds, which shock the system, or violent minerals which poison by degrees thus the vital energies are weakened and tem, or violent minerals which poison by de-grees, thus the vital energies are weakened and the fountains of life polluted. Nature provides remedies, and it is from the vegetable kingdom that Dr. Tutt's Liver Pills derive their ingredi-ents, and there is the happy certainty that if they do no good they do no harm. But of their efficacy thousands who have been cured of diseased liver, kidneys, spleen, stomach and bowels live to-day to testify.
