Bulls are receiving some encouragement by the falling off of new production, especially during the latter part of the month just ended. Most of the old wells are holding their own. Griffith's Wildwood well has been agitated again, with the result of increasing its pro-duction to 35 barrels an hour, but this rate is not maintained steadily as the well is bothered a great deal by parafilme. Its daily production will average about 500 barrels. The Tate well, in the Chartiers Valley field, has not turned out the guisher that was expect-ed by the owners. It will make about a 35-bar-rel producer. The old Arbuckie No. 1 is still producing 130 barrels a day, and during March its output amounted to 6,000 barrels. The Raccoon Oll Company's Ferguson No. 5, in the Shannopin field, is making 700 barrels a day, and Finegan, Downing & Co.'s No. 5, on the same farm, is doing 300 barrels a day. The well on Judge Over's farm, at Havsville, which came in a few days ago, has been shot and is producing 25 barrels a day. The source of supply was Chicago and prices paid at headquarters were 10 to 15c higher than last week, with little or no advance in rates here. There were about 100 head of calves on the market, and demand was weak at a range of 5% to 6% per pound. The offerings of sheep and lambs made a total of 500 head. The outside price for sheep was 6% cand for lambs 7c per pound. Spring lambs sold at 12% per pound. There were 188 hogs on the market, and the range of prices was \$4 50 to \$1 60 per hundred. MR. HAUSER STILL LIVES.

Few persons have experienced more auffer-ing from a diseased condition of the kidneys than has Mr. Andrew Hauser. During the day he had a constant tired feeling, and at day he had a constant-tired feeling, and at night he was so rack-ed with pain, with a burn ing fever he could scarcely get any quiet sleep, for his sleep was so disturbed with frightful hideous dreams. The weak-ness and pain across the small of his back, high colored urine.
