## MUST LIVE IN CARS.

Lots of Grand Army Men Who Intend to Go to Boston in August

WILL HAVE TO SLEEP STANDING,

Unless They Have Already Secured Better

Accommodations. THE HOTELS CAN'T BEGIN TO KEEP THEM

The coming National Encampment of the G. A. R., to be held in Boston in August,

promises to be one of the largest gatherings of the "old boys" on record, notwithstanding the fact that the Rebel Death has been busy among their ranks since they last gathered at Milwaukee. Preparations are being made on all sides for a general turnout and a glorious reunion. The Pennsylvania department headquar-

ters are fixed at the Quincy House, where Department Commander Joseph F. Denniston and his personal staff have secured quarters, but it is more than likely that, as in Milwaukee, some public hall will be secured as official headquarters, where the comrades from other States can meet their brethren who bear the Keystone on their caps.

Major Denniston expects a very large repre sentation from Pennsylvania, as he has been notified of a large number of posts which will attend in a body. From Pittsburg the present indications are that Posts 41, 162 and 128 will be present and march in the grand parade, and a very large contingent of the ladies of the G. A. R. will attend from this vicinity.

HARD TO GET BEDS. S. S. Ferguson, of Post 162, stated yesterday that the position in Boston is already one of deliberation whether the expected guests can be accommodated. There will be at leat 10,000 veterans to be lodged, without counting the ladies who will be present in large num-

ing the ladies who will be present in large numbers, and the visitors who, although soldiers are not members of the Grand Army, will swell the numbers probably 5,000 more.

The large hotels of Boston are rather reluctant to assign quarters for the G. A. R., because their ordinary business is so large and because they will be crowded to overflowing with goests during encampment week. The Vendome, however, will be the headquarters of General Alger and staff, and some of the department commanders; also of the President of the Women's Relief Corps. The American House will accommodate several posts, and the Ver-Women's Relief Corps. The American House will accommodate several posts, and the Vermonters will make their headquarters at the Tremont House, where they will boom Colonel W. H. Veszie for National Commander.

The National Encampment itself will be held in Music Hall. Horticultural, Chickering, Main Music Hall. Horticultural, Unickering, Ma-son & Hamlin, Christian Union and other halls have been secured for department headquar-ters and reunions. The headquarters of the New England department will be in Horticul-tural Hall. The committee on accommoda-tions do not expect to establish a camp for any of the veterans.

THE THOUSANDS EXPECTED. New York City will send 6,000 men, and Phildelphia, that great G. A. R. city, 3,000. New England veterans will come to Boston practically en masse. Maine and Connecticut are good for 5,000 men each, New Hampshire and Vermont 3,000 each, and Rhode Island will send her little all. As for the old Bay State herself, she will have not a man less than 15,000 men in line to do escort duty to the 50,0000 veteraus from all over the Union on the bright morning

from all over the Union on the bright morning of the parade next August.

Taking the old ideas of the field that every builted has its billet, the Grand Army or any other man who expects to get a bed in Boston during the National Encauspment has about the same chance of striking one as he had of being struck while in active service, when it took the expenditure of tons of English and rebel lead to kill one Union soldier. The arrangements now being made are in the main to live and sleep in the cars, which will be side-tracked for that purpose. The ladies' organizations will nearly all locate themselves on the railroad tracks, and the posts now making arrangements to go to the National Encampment will also secure a habitation in the Pullman cars while the encampment lasts. of the parade next August. ment lasts.

The Hearing in the Case Against Alleghen: Begun-A United States Engineer Explains Its Workings-Dr. Harris' Cramp Cure in the Courts.

The hearing in the case of the United States Government against Allegheny City to condemn property for the Herr's Island dam, was commenced yesterday afternoon before the viewers. The latter are Thomas Rourke, James Atwell and John D. Shafer. United States District Attorney Lyon was present on behalf of the Government, and City Solicitor Elphinstone represented Alle-

The only witness examined was W.J. Arras, The only witness examined was W.J. Arras, the Government engineer. He testified concerning the construction of the proposed dam. He said it would be a stationary crib dam and would cause a raise of eight feet above the present stage of water. The plans, however, may be altered and the dam made a movable one with wickets, so the stage of water could be raised and towered. The dam would not interfere with the city's system of sewerage. If it did affect the sewers that empty into the river above the dam, they could be continued down the river through the dam and empty below. The amount of ground they need is 15,000 square feet.

At the conclusion of Mr. Arras' testimony the hearing was continued till Thursday. A
