TOO MUCH COKE MADE

Operators Shutting Down to Prevent an Overproduction.

END OF THE GREAT COAL STRIKE.

Johnstown Left in a Terrible Condition by the Flood.

ALL THE NEWS FROM NEARBY TOWNS

[SPECIAL TELEGRAM TO THE DISPATCH.]

SCOTTDALE, April 10.—The coke trade for the past week has been characterized by a decided decrease in production, due to producers suspending operations for two days. Trade has not assumed a lethargic condition, however, and it is considered fair. The slight falling off in orders has caused no disappointment to operators, as they state that consumptive requirements are usually moderate at this time of year, when furnaces are shutting down for repairs. The apparent dullness will not extend over a period of six or seven weeks.

As has been frequently stated in THE DISPATCH on good authority and from investigation, there were too many ovens for the market, hence the production was fast beginning to exceed the demand and the operators, hoping to make it equal to the demand, inaugurated the two-day per week shut down which still does not meet the want, and now they propose to shut down indefinitely over 1,200 ovens in the region next week. The lull in the iron trade may yet cause the operators to make further use of the restriction policy. Reliance is being put in the Eastern market, as judging from shipments, it is beginning to absorb a little more.

EFFECTS OF THE SHUT DOWN.

A. C. Cochran, of the Buckeye and Star Works said yesterday that although his works have been running full for some months past he would more than likely, on account of the decrease in demand, operate but five days until trade warrants increased operations.

The announcements to shut down ovens at various plants has caused labor leaders to talk a great deal, but no serious results are anticipated, as the action was strictly necessary on the part of operators. There have been but few ovens shut down on account of lack of orders for six or seven months past.

Prices are being firmly maintained, with all appearances that they will be for the remainder of the year.

The McClure Coke Company has given notice that next week it will blow out 7 ovens at Union, 25 at Donnelly, 32 at Mayfield, 6 at Diamond, 26 at Hazlett and will only rem whated her so that she can scarcely recover. The fire engines have been kept busy to-day pumping water out of cellars. ovens can be charged at Lemont. The Southwest Company will operate but five days next week, while the Frick Company will blow out 933 ovens and the Schoonmaker Company 143 ovens. It is surmised that the Pittsburg and Lake Erie Railroad will extend their lines in the coke region. As it is they reach but very few works, and hope to get a slice of the immense shipments.

J. W. Overholt proposes to close down some of his ovens at the Emma Works.

BUILDING MORE OVENS.

The Eastern capitalists who recently purchased 2,000 acres of land in Somerset county, will shortly commence the grading for ovens and the opening up of pits. They have had surveyors at work for several days.

The Anchor Works are still idle, but they will shortly be put in operation. Jackson Works have been idle on account of a land slide.

Shipments for the week aggregated 6,830, an average of over 1,138 cars per day. Western shipments decreased some, but Pittsburg and Eastern shipments were up to expectations. They were consigned as follows: To points west of Pittsburg, 3,320 cars; to Pittsburg and river points, 1,600 cars; to points east of Pittsburg, 1,910 cars. The total shipments for the previous week were 7,000 cars, distributed as follows: To points west of Pittsburg, 3,875 cars; to Pittsburg and river points, 1,625 cars; to points east of Pittsburg, 1,500 cars. A momentary view will show that Western shipments diminished 555 cars, while Pittsburg shipments note a falling off of 25 cars since our last report. Eastern shipments, however, increased 410 cars.

PRICES AND FREIGHT RATES.

Prices are still the same: Furnace coke, $1 75; foundary, $2 45; crushed, $2 65. Freight rates from ovens to points of consumption are likewise the same, being as follows:

Point.	Furnace.	Foundry.	Crushed.
Pittsburg	$2 85	$3 15	$3 35
M. and K. Valleys	3 50	3 80	4 00

FOR VIOLATING THE SABBATH.

Oil Men in Trouble for Pumping Out a Well on Sunday.

[SPECIAL TELEGRAM TO THE DISPATCH.]

WASHINGTON, April 10.—In the Court of Quarter Sessions here to-day the case of J. P. Sayer versus Hart Brothers came up. Sayers charges the Harts with violation of the Sunday law, and the case is one of very great interest to the oil men.

Sometime last August, the Hart Bros. drilled a well on Sayers farm, and with a good flow of oil obtained some salt water. They were afraid the well would be ruined if the well was not cleaned out daily, but the plaintiff did not think so, hence the controversy. Oil operators all over the Southwest field pump their well daily, and the outcome of the point at issue is being closely watched. Expert testimony was taken to-day, and will likely be continued all day to-morrow.

OHIO MANUFACTURERS OBJECT

To the Rawlins Bill Taxing Their Products as Soon as Manufactured.

[SPECIAL TELEGRAM TO THE DISPATCH.]

ZANESVILLE, April 10.—The Board of Trade of this city has adopted resolutions condemning the Rawlins bill, which has been introduced into the Ohio Legislature, and will send a committee to Columbus to remonstrate against its passage.

At present manufacturers are allowed to hold manufactured goods one year, the value of the raw material only being taxed. If the goods are held for a longer period than one year they are taxed at their value as manufactured products, which, of course, would include the value of the labor spent in producing them. The proposed law will tax manufactured goods at their value as manufactured products from the time they are completed.

ZACH TAYLOR'S FUNERAL.

The Minister Reads His Last Words to His Friends and Family.

[SPECIAL TELEGRAM TO THE DISPATCH.]

MASONTOWN, April 10.—The funeral of Zach Taylor, who was hanged at Waynesburg yesterday, was held in the Cumberland Presbyterian Church here to-day. It was very largely attended. Rev. J. B. Maxwell, of Philadelphia, conducted the services.

The minister read the last letter which Taylor had written and had requested him to read at the funeral. He proclaimed his innocence and forgave all who swore against him, and asked his friends to do the same. He advised his wife and little children to attend church and Sabbath school and grow up in the church and God would protect them.

JUST TO SHOOT A DOG.

A Braddock Citizen Puts a Bullet Into His Brain.

[SPECIAL TELEGRAM TO THE DISPATCH.]

BRADDOCK, April 10.—James McFall, a prominent citizen of North Braddock, shot himself about 9:30 o'clock last night. He was found in his room with one chamber of his revolver empty. When the two physicians who were summoned arrived, he said of the revolver: "Take it away, I don't want it any more." He then stated that he went upstairs to shoot a dog, but no dog could be found, upon investigation.

The ball entered through the nose and lodged at the base of the brain, and his chance of recovery is exceedingly doubtful. McFall's wife died a year ago, and left him with six small children.

Knights of Labor Convention.

[SPECIAL TELEGRAM TO THE DISPATCH.]

SCOTTDALE, April 10.—The quarterly convention of the Knights of Labor was held in Byrne's Hall to-day. Eighty delegates were present representing all the locals in the coke regions. Routine business was transacted, such as the appointing of Financial, Credential and Grievance Committees. Unfinished business will necessitate a session of two or three days.

THE STRIKE OVER.

The Rochester and Pittsburg Company's Mines Running Full.

[SPECIAL TELEGRAM TO THE DISPATCH.]

PUNXSUTAWNY, April 10.—The great strike between the Rochester and Pittsburg Coal and Iron Company and their former employes is virtually at an end. The company is running its mines full time, with an average daily output of over 1,850 tons of coal per day at Adrian mines, and 1,200 tons at Walston. The entire coke plant at Adrian is in operation, 450 ovens turning out 28 cars of coke each day. The ovens are making 72 and 96-hour coke, and the analysis shows the best coke ever produced at these works. The company officials say that they have not had a car of coke returned nor heard of a single complaint. Seven hundred and forty-six men are on the pay rolls at Adrian alone, and when one man leaves another one is ready to take his place. Forty-two thousand tons of coal and 11,500 of coke were produced at Adrian for March.

The Pinkerton men have all left but six, who are watching nights. Several of the striking miners' families have moved out of the company houses. The expectations are that the remaining families who live in company houses, will be evicted in a few days, as they are three and one-half months in arrears for rent. Everything is quiet. Business is picking up in Punxsutawny since pay at the mines. The Rochester and Pittsburg Coal and Iron Company paid out $15,000 cash Saturday.

JOHNSTOWN IN BAD CONDITION.

A Boy Drowned and a Woman Likely to Die From Exposure.

[SPECIAL TELEGRAM TO THE DISPATCH.]

JOHNSTOWN, April 10.—A young lad named Murray was drowned last night by falling in the swollen creek.

The rivers have now subsided, leaving several miles of streets and hundreds of cellars covered with a deposit of slime and mud to a depth of several inches. The overflow has left a deep-seated impression on the minds of the authorities that the condition of the rivers must be speedily changed to prevent the recurrence of these troubles.

Mayor Rose and the Street Commissioner made a tour of the town this afternoon and found the streets in very bad condition and sewer inlets everywhere obstructed. Prompt action has been recommended to remedy the cause of these overflows. Several dangerous brick dwellings were ordered by the Mayor to be pulled down.

The people of Woodvale have been busy cleaning up all day, but many of the houses will not be habitable for some days. Mrs. Tresse, who occupied rooms in the Red Cross building, was ill, and the excitement attendant upon her removal yesterday has prostrated her so that she can scarcely recover. The fire engines have been kept busy to-day pumping water out of cellars.

PREACHERS CAN STILL SMOKE.

The U. P. Presbytery Defeats the Anti-Tobacco Overture.

[SPECIAL TELEGRAM TO THE DISPATCH.]

GREENSBURG, April 10.—The United Presbyterian Presbytery of Westmoreland county closed its spring meeting at Irwin last night. The Presbytery deemed it inexpedient to present the call from Deer Creek, Mercer Presbytery, to Rev. J. A. Brandon, pastor of Leechburg.

The three overtures from the General Assembly were voted on with the following results: In favor of licensing theological students at the end of two years instead of three, 23; opposed, 12. Carried. The anti-tobacco overtures both failed by the following vote: In favor of refusing licenses to preach to candidates who use tobacco, 14; opposed, 20. In favor of refusing ordination to elders who use tobacco, 14; opposed, 19.

The following stations were recommended for aid to the General Committee of Missions: Jeannette, for $500; Connellsville, for $300; Scottdale, for $300; Boston, for $100.

You Need It Now
To impart strength and to give a feeling of health and vigor throughout the system, there is nothing equal to Hood's Sarsaparilla. It seems peculiarly adapted to overcome that tired feeling caused by change of season, climate or life, and while it tones and sustains the system it purifies and renovates the blood. We earnestly urge the large army of clerks, bookkeepers, school teachers, housewives, operatives and all others who have been closely confined during the winter and who need a good spring medicine, to try Hood's Sarsaparilla now. It will do you good.
"For five years I was sick every spring, but last year began in February to take Hood's Sarsaparilla. I used five bottles and have not seen a sick day since." G. W. SLOAN, Milton, Mass.
