The local Players' League team me another defeat at the hands of the Chicagos at St. Louis. They were whitewashed. The local National League team shut out the Erie club, and Schmitt did some very fine pitching. President Young sent a confidential circular to President Nimick containing suggestions as to the deportment and discipline of players.

PERSONAL TELEGRAM TO THE DISPATORAL St. Louis, April 16 .- The second exhibition game of the Chicago and Pittsburg Players' League teams was played before 500 persons to-day. The weather was cold and disagreeable, but the game was full of life and interest. The Chicago team presented a strong front with King and Boyle in the points. Calvin pitched the first five innings for Pittsburg, and showed up in excellent form. Maul pitched the last four, and was quite as effective as the old man. The detent of Pittsburg was not due to the battery work, but to the errors of Robinson and Corcoran. Carroll played a splendid game, and his only error was an excusable wild throw. Kine was very effective against the big Pittsburg batters, Carroll being the only one who appeared able to solve his delivery. Heside the errors mentioned, luck was against the is the full score

LUCK AGAINST THEM. All their hits were made after two men wer out. Carrell made two difficult catches of for flys, but the circus catch of the game, a run ning one-hand catch of a liner off Visner's br was made by Bastian. The only error made b Chicago was a low throw by Latham. Bastin and Pfeffer did some pretty work in the field second inning, but it was spoiled by Robinson bad base running after one man was out. Rob-inson was given a base on balls. Hanlon hit safe and Robinson went to second; while hopsafe and Robinson went to second; while hop-ping around on the base line Boyle fired the ball to Pfeffer, and Robinson was caught nap-ping. Visuor then came to the front with a pretty hit, but Hanlon was left on third, as Beckley struck out. Bu Jake don't appear to have his eye on the ball yet, as he has still his maden base hit to make. Chicago secured an earned run in the third on Boyle's single, a couple of sacrifices and Farrell's single to center.

No more runs were scored until the seventh inning, when Robinson helped the Chicagos to another. Boyle hit down to second and Robinson made a wild throw. A stolen base and Latham's hit scored the catcher. In the eighth Corcoran fumbled Duffy's grounder and the runner was safe. Farrell hit clean and hard to runner was safe. Farrell hit clean and hard to center. O'Neill sent one to Corcoran, who threw to second and forced Farrell. There was a good chance for a double play, but Farrell blocked the way. Comiskey sent one to Corcoran, who tried to throw Duffy out at the plate and failed. Pfeffer hit to Robinson, who fumbled, and the bases were full. Carroll tried to catch Comiskey at second and made a wild throw, allowing O'Neill to score. After recovering the hall, Robinson sent it to Beckley and caught Pfeffer off his base. The same teams play their last game to-morrow. The score:

My 193AR SIR-The coming season promises to
be the most eventful and exciting in the history
of our national game. The circumstances and esuses leading up to this are too well known to you to remire repeating, and as the recognized manager of the Putsburg clab I have a right to assume that you fully realize that the season is to be one of bitter competition, and that you are in hearty sympathy with the National League and awake to the importance of doing everything possible to cleavate the standard of good management, discipline and playing to the end that our organization may be strengthened with the public.

The League will, in a measure, hold you responsible for many minor details of discipline, such as keeping your treat in seal strine both on and off the field, and that their conduct shall be such that no word or criticism can be made by anybody. I shall expect you to report to me any act which may come to your notice of a player of the National League which is calculated to bring discredit upon himself, his cino or the League. The liabil of some few players of wearing dark-colored shirts about the hotels in visiting cities should be discouraged. His dress should at all times be such as to give him a near and becoming appearance. The players should always enter the field in good order, and in a body, and never be permitted to strangle in one at a time. These small details may seem of trivial importance to the player, but he must remember that he is a public character and as such his every act is watched and criticised by the public, and he should strain every merc to merit confidence and award criticism. His signation of all kind must be avoided. I shall squeet the President of each League club to recort to meany infraction of the general rules overning gentlemanty deportment of player while in the respective cities and I very much ope and believe that I will have no occasion to it your attention to the neglect of duty of any muter of your clus. assume that you fully realize that the season is to be one of bitter competition, and that you are in

The Chicago Young Man Shuts the Eric Drummers Out Without a Run and Only One Hit-A One-sided

That young man from Chicago, Mr. Schmitt had a royal time with the aggregation of ball players known as the Erie Drummers yesterday afternoon at Recreation Park. By the great assistance of the enthusiastic and lively Mr. Schmitt the players from Erie were disposed of with no runs and only one hit to their credit. Whether the Eries be good, bad or indifferent that certainly is a good showing, and the showing will appear better when it is stated ADVICE FROM PRESIDENT YOUNG that Mr. Schmitt struck out 15 of the Drum-

Schmitt is a very amusing character, both in and out of the pitcher's box. At times he is almost as likely to stand on his head in the diamond as on his feet. He takes very peculiar flights of fancy, but he has shown that he can pitch the ball across the plate in a very puzzling way. Of course the players he faced yesterday are not equal to the players that Schmitt will face after next Saturday, but allowing all the difference asked for between the two classes, the fact remains that Schmitt pitched a good steady game vesterday from end to end of the contest. He has speed and can central some very effective curves. He was well supported by Wilson. The latter is, indeed, a very promising catcher, and before the season is out it will not surprise some people if he becomes a very prominent hitter. He is well built, and stands at the plate just like a man who means to knock the ball out of sight. He is a fine thrower, and the fact is he is a very useful man how and would be to any test is a very useful man and out of the pitcher's box. At times he is

In order that there may be lots of opportunity to give notice in compliance with the rules, I have caused notices o be sent out for the meeting on Wednesday next.'

WILL MEET IN JUNE.

The general impression among the leaders of the local Republican organization is that the State Committee at its meeting will call the State Convention to meet during the last week of June. The reason given is that the date mentioned will best suit the delegates the date mentioned will best suit the delegates from the interior counties of the State.

A special meeting of the Tenth Ward Republican Executive Committee was held to-night for the purpose of acting upon resolutions indorsing General Hastings' candidacy for the Republican nomination for Governor, Joseph C. Patterson presided and John G. Hollick acted as Secretary. After the meeting had been called to order and its purpose stated, State Senator John C. Grady presented the following resolutions, which were unanimously adopted on motion of Frank Bruner, President of the Leeds Republican Cluo, and seconded by Colonel Wm. B. Mann,
