Contract Labor Law Violations in Lawrence County.

ALL THE NEWS FROM NEARBY TOWNS

COLUMBUS, April 17 .- The prices for mining for the coming year have been fixed and the inter-State agreement revived by the miners and mine operators of Ohio and Pennsylvania. This is the result of a decided change in the sentiments of both the miners and operators attending the joint convention which concluded its sessions this evening. Concessions were made on both sides.

Through a committee on conference the differences between the miners and operators was reduced to a matter of 1 cent, the ultimatum of the operators being 70 cents for the Hocking Valley and 79 cents for the Pittsburg district, while the miners demanded 71 and 80 cents respectively for the two districts. After secret deliberation the miners conceded the price fixed by the operators, and the scale was agreed to by the joint convention amid wild enthusiasm.

AN ADVANCE GRANTED. The scale is 10 cents lower than the original proposed by the miners, and an advance of 5 cents over the prices paid in the Hocking discents over the prices paid in the Hocking district the past year and an advance of 6 cents over the prices paid in the Pittsburg district.

It now seems probable that corresponding prices will be fixed in Indiana, Illinois and West Virginia. The operators of those States must now agree to prices satisfactory to the miners or submit to a strike, in which they will have to fight not only the miners of Ohio and Pennsylvania, but the operators as well as the miners of their own States. The miners of Illinois and Indiana are confident that the operators of these States will now give them an audience. It is said the operators of the two States, while not willing to meet with the operators of Ohio and Pennsylvania, are ready to confer with their own miners. In view of this fact, a joint convention of mine view of this fact, a joint convention of mine operators and miners will probably be held at Indianapolis April 25, and a convention of the Illinois operators at St. Louis April 23. The miners of these two States approved the scale adopted for Ohio and Pennsylvania, believing that their action would be approved by their

MAY NARROW THE MARKET. The advance in prices of mining will not materially affect the lake coal trade, which has already opened and will continue through the season of navigation. The buyers of coal in the Northwest will simply have to pay more for the coal. A prominent operator said the ad-vance might possibly narrow the market for Ohio and Pennsylvania coal in the Chicago market.

ohio and Pennsylvania coal in the Chicago market.

The closing sessions of the joint convention were chiefly occupied in a discussion which had the effect of considerably modifying the expressions of both miners and operators on the previous day. The arguments of Oscar Townsend, David Patterson, Morrison Foster and Alexander Patterson for the operators were particularly effective. The committee of conference, which did such excellent work, w.s. composed of Messrs. Townsend, Chapman, Job, Martin, Robbins, Andrews and Dempster for the operators, and Messrs. Nugent, George, Thomas, Rae, Watchorn, Barker and Smith for the miners. The convention adjourned to meet in Pittsburg the first Tuesday in April, 1891. The names of the members for the inter-State board are to be sent to Patrick McBrde, Secretary of the convention, in the meantime.

K. of L. Lenders Sny Rainey's Employee Must Come Out When Ordered.

SEPECIAL TELEGRAN TO THE DISPATCH. SCOTTDALE, April 17 .- The Knights of Labor have not as yet ordered the strike at Rainey's Coke Works. They say it is not expedient when non-union men can be so easily obtained. Rainey is said to be paying 60 cents for coke

drawing and \$1 for mining, which is considerably under the K. of L. rates.

Some of the labor leaders intimate that the employees must strike when ordered or the miners of the other works will force them into submission. No radical action will be taken by labor leaders, however. The difficulty at the Lemont Coke Works has been settled.

Absence of a Democratic Councilman Prevents the Election of City Officers. SPECIAL TELEGRAM TO THE DISPATCH. JOHNSTOWN, April 17,-Thirty ballots were bad in joint session of Councils for the election of City Solicitor, but no conclusion was reached. This was owing to the absence of one of the Democratic members, which party has a majority of one on joint ballot, the appointment being made on strict party lines. For the same reasons the police appointments have not yet been made either.

Struggle for Possession. ISPECIAL TELEGRAM TO THE DISPATCH. CHARTIERS, April 17.—There was a minia-ture war here to-day over the lease of some territory by two different Pittsburg parties. It seems that Wesley Webber and Joseph Wal-lace, Esq., both of Pittsburg, claim to hold the lease of the May farm in this field. Webber had possession, and, with his men, was prepar-ing to drill. Wallace entered suit and came down this morning with officers, who placed

down this morning with officers, who placed Webber and three workmen under arrest. The party gave bail for appearance, and returned to the disputed territory.

In the meanwhile Wallace had placed a lot of lumber on the ground as an evidence that he was in possession. Webber and his party threw the lumber into the creek and floated it down toward the Ohio river. Orders were then given to proceed with the work and to-night Webber is again in command. He says he will hold the fort against all commence drilling on Mooday. Webber claims that Joseph May, the owner of the farm, gave him the first lease and then released it to Wallace. Lively times are expected, as Wallace will likely make another attenipt to oust the Webber party, and if he does he will be strongly resisted.

IMPORTING ALIEN LABORERS.

The Contract Labor Law Daily Violated in

Lawrence County. SPECIAL TELEGRAM TO THE DISPATCH. NEW CASTLE, April 17 .- That the contract labor law is being openly evaded is very evident from what has been recently observed in this city. Every day from two to six Italians arrive in Lawrence county, and go direct to agents

in Lawrence county, and go direct to agents stationed here, who are mediators between the emigrants and the contractors.

Yesterday six of these dusky sons of Italy arrived via the Pennsylvania line, and were met at the depot by an Italian interpreter, who conducted them at once to a contractor, who for some time has been employing Italian labor. These Italians came direct from Italy, and have shown letters which they received from interpreters in this country who are known to be acting in the interests of railroads and contractors. One of these Italiaps who works at the rod mill said that a contract is always made with the men before they leave Europe, which guarantees them work upon their arrival here.
