TEAMS THAT WILL BE HERE

The Local Colts Have a Very Narrow Escape at Mckeesport.

THE SPORTING NEWS OF THE DAY

Everything is ready for the commencement of the big baseball conflict which opens to-day. The make-up of the teams which will play in Pittsburg are given. A big time is expected. The National League team won a close game at McKeesport. The American Association clubs played some good games. The latest betting quotations on the big turf handicaps are published.

To-day is the great opening day-the day on which will begin what will doubtless be known in baseball annals as the commencement of the actual conflict between the Players' League and the National League The contest starts with the bitterest feeling on both sides, and the stake at issue is the public patronage. With a clear course and no favor, let the best side win.

That there will be a city full of enthusiam to-day there is no doubt. All arguments that have been used pro and con either party will, for the nonce, be entirely forgotten, just as if they had never been uttered or written. Friends will stick up for friends on this occasion despite all the power of logic. If it is a fine day we will, no doubt, have a

REMARKABLE BASEBALL TIME. At this stage more than any other it would be invadious to make comparisons; probably the day's events in themselves will burt some feelings sufficiently. Both clubs have made excellent opening arrangements, and the public will have a treat on either side. The National League club will begin its parade at the Seventh Avenue Hotel, where the Cleveland club will be located. The parade, headed by the Great Western Band, will move along the principal streets of the city and on to Allegheny to Recreation Park, where a promenade

oncert will be held.

The parade of the Players' League, headed by the G. A. R. Band, will start from the Hotel Anderson, where the Chicagos will be located, and after parading the principal streets of the city, will proceed to Allegheny and on to the new grounds at Exposition Park, where a promenade concert will also be given. The grounds are not entirely completed, but they are in good enough condition to play on. The diamond has been sodded and the stands are all

A LITTLE DISAPPOINTMENT. The opera chairs for the grand stand have not arrived owing to a delay on the part of the makers. There will be sufficient seats, however, on the grand stand to seat 4,000 people. It is safe to say that when completed the new grounds and stands will be the finest in the country. The entire stands have a seating capacity for 7,000 people, and when that amount of space is filled the game will be a profitable

one to all concerned. The Chicagos, that remarkable aggregation The local club certainly has secured a creat card to open with, and at that the visitors may be downed, because Pittsburgers are very tough people on an opening day. Both teams will have in their best nines and that means there will be a very determined contest. The there will be a very determined contest. The game will commence at 330. The make-up of the teams will be as follows:

the kind of material to make a thorough tes of the youngsters who so far have been doing great things at Recreation Park. It may be that the Forest City aggregation are coming here to meet defeat. Certainly the team will encounter one of the most promising set of young players that have been gotten together. The contest between the two aggregation WELL WORTH SEEING

by all lovers of baseball. The local heroes will have to face Beatin, and he is a very tough customer; but it will not be surprising if he is touched up in a way that he little expects. With a reasonable amount of encouragement the new players will put up a solid game, and those who go to see them play will, in all probability, have every reason to be pleased that they did so. The youngsters deserve patronage. Following will be the make-up of the two National League teams, and their game also starts at 3:30: touched up in a way that he little expects

NOTHING TO SPACE,

The Local Celts Have a Close Call Up at

McKersport. Sir Guy Hecker and his colts had a narrow escape from defeat at McKeesport yesterday. They won, however, but only by making four runs in the ninth inning. Dunlap did not play, and Youngman was at second and made two errors. Jones pitched for the Pittsburgers

and was rapped quite merrily. The McKeesports were to pitch Milbee, but he was taken suddenly ill at noon, and little Jack Baker was substituted, and the way he did pitch was a caution, for the Pittsburgs only had two hits off him up to the sixth inning, and the score stood 7 to 2 in favor of the Mc-

the score stood 7 to 2 in layor of the ac-keesports.

In the ninth inning, when the Pittsburgs went in for their half, they had to make four runs to win the game. This they did but it was the closest that they will be called on to losing a game this year. There was a man on third and one on second and one out when the batter hit a hot one to the left of Freddy Miller, the short stop, who was playing in close, and the short stop, who was playing in close, and who made a wonderful stop with his one hand while lying flat on his back, and also threw to first while lying on the ground and retred the batter, but the man on third scored and tied the game, and the runner on second got to third. Old reliable Paul Hines came to the bat, and after two strikes hit a base hit over third base and won the game. Score:

Our Boys in Line.

Manager Leng, of the Our Boys ball team, has commenced to get together his well-known aggregation of amateur players for the season. He will, nudoubtedly, have as strong a team as he had last year, and he had a good one. So far he has signed S. Smith, G. Smith, R. Smith, & Velter, J. Dietz, J. Walker and H. Schohe.

He is in need of a good catcher, and he has a promising opening for any good and aspiring young man who wants to make a mark behind the bat. The team has many applications to fill engagements, but Manager Leng cannot accept any until July.

Von Der Ahr's Aggregation Favored by Luck Defeat the Louisvilles. LOUISVILLE, April 18.-An enthusiastic crowd of 5,525 people saw the opening game here to day between Louisville and St. Louis. Up to the sixth inning the home club played fine ball, but errors of Weaver and Taylor, combined with three hits and a base on balls, cuabled St. Louis to score four runs in their half. The charge against him is forgery, the prosecutor being A. R. Kurtz, a wealthy farmer of near that place. Kurtz alleges that the reverend gentleman forged his name to a note, and increased the amount to one on which his signature was genuine. A warrant has been issued for his arrest, as it is believed he has gone to Philadelphia and can easily be found. A note held at the Gap National Bank shows plainly that the original amount was \$40, which was afterward raised to \$140. Kurtz admits his signature to this note, but another at the Lancaster County National Bank is alleged to be a forgery

throughout.

The fugitive preacher is of middle age, and has been in the ministry for 18 years, up to his dismissal a few days ago. He presided over charges in Dauphin and Lancaster counties, and elsewhere in Southeastern Pennsylvania, where he is very well known. THE COKE OVEN MYSTERY.

The Companion of the Missing Man Return to Morgan, but Disappears Again. PEPECIAL TELEGRAM TO THE DISPATCH.

SCOTTDALE, April 18.-Since yesterday more evidence has developed that renders it still more certain that the young man, Sheehan, was cremated in a coke oven at Morgan. Sheehan's companion has returned, and when asked as to the whereabouts of Sheehan he refused to make any reply. His actions were so suspicious that Officer Schlinger was ordered to arrest him. The officer proceeded to his boarding house last evening, but was told that the man he wanted had disappeared for parts unknown. A diligent search has been made for him, butso far no trace has been found.

Dr. Reagan, of Broadford, has made an examination of the bone dust and flesh taken from the ovens, and says it has all the appearance of that of a human. Sheehan is said to have been of a morose disposition, and a very bad man while under the influence of drink. He was unmarried and had very few intimate friends. A further investigation is g-ing on, and a close watch is being kept for the man who was with him. cremated in a coke oven at Morgan. Sheehar

DEPRESSED BY DUSTERS. Three Dry Holes in the Shannopin Field

Worry the Operators. SPECIAL TELEGRAM TO THE DISPATCH. TORONTO, O., April 18.—Developments in the new extension of the Shannopin field have received a backset from three dry holes that lately came in; the McCalmot on the Stonesipher, the Fisher on the Purdy, and the Gallasipher, the Fisher on the Purdy, and the Gallacher on the McMichael's farm.

This field has been very productive up to this
time, nearly all of the wells ranging from 50 up
to 1,209 barrels per day. One farm, the Ferguson, contains 30 wells, all producers, which
yielded the land owner a royalty of \$20,000 last
month. The Logan well is being watched with
great interest by the operators, as it is a considerable distance in advance of other operations. It is now down 500 feet and will soon be
finished.

A FARMER'S PATROL

Organized to Prevent the Nightly Operations of House-Breakers. SEPECIAL TELEGRAM TO THE DISPATCH. Noreistown, April 18.-The farmers and other residents of Lower Marion have long been annoyed by the depradations of thieves and burglars. They have become so bold that

the people are actually terrorized, and an as-sociation has been formed for organizing a

TESTING AN OIL LEASE. Gratuitous Advice. Its Complicated Provisions Lead to an In-

teresting Law Suit. SPECIAL TELEGRAM TO THE DISPATCH. ST. CLAIRSVILLE, O., April 18 .- A suit has been brought in the Common Pleas Court by J. H. Denham, who resides south of town, against

John McKeown, the well-known oil and gas operator, the result of which will involve the curiously constructed oil leases made in this section, and will for that reason be of general section, and will for that reason be of general interest.

'Jon the last day of May, 1889, the defendant reased the property of the plaintiff for oil and gas purposes for the term of five years, and stipulated to start a well as soon as the well then drilling on the Sutton farm, adjoining, was completed. McKeown also agreed to commence said well in 70 days from May 1, and to complete said well within three months from the time said operation was begun. The plaintiff avers that the Sutton well was completed, and that defendant did not begin a well within 70 days after on his premises. On May 1 the plaintiff, for \$250, extended the time in which a well was to be put down to September 24, and on the latter day further agreed to extend the time for five years, in consideration of which the defendant agreed to pay \$10 per day in advance, for a period from September 24 until operations to put down said well were commenced, and defendant then paid plaintiff \$40 thereon, but has since paid no other sum, and the defendant has neglected and refused to put down said well, and has not at any time started to put down the same, and that there is due to the plaintiff on said lease \$1,900.

The answer to the plaintiff's petition has not

that there is due to the plaintiff on said lease \$1,900. The answer to the plaintiff's petition has not been filed, but it is understood that it will be that operations were begun by grading and making ready for the erection of a derrick.

POLITICS IN BLAIR COUNTY.

Republican Candidates Working Hard to Capture To-Day's Primaries. ISPECIAL TELEGRAM TO THE DISPATCH.] ALTOONA April 18 -The Blair county Re publican primaries will be held to-morrow evening. The fight in this city is waxing hot, evening. The fight in this city is waxing hot, especially on the Congressional issue. J. D. Hicks, Esq., is believed to be in the lead and will capture the whole delegation from Altoona. In the county he is making an active canvas, and the probabilities are that he will succeed in carrying the county. Ben Herwith is circulating among the people, but he does not make his work count as fast as Hicks, who is an untiring worker.

Delemater will, no doubt, get Blair county. In Attoona Montooth has gained considerable popularity lately, and he will have a number of friends in the County Convention. General Hastings is strong in Tyrone and the lower end of the county. In Tyrone he has the friendship of all the old workers, but he will have the younger element against him. The opposition comes from the disbandment of Company D, of that place. The boys are working hard, and they will weaken his cause considerably. Delegates to the State Convention are bobbing up all over the county. Some of them in this city have pronounced for Delemater.

ISPECIAL TELEGRAM TO THE DISPATCH.1 AKRON, O., April 18.-Morganthaler, the tax nquisitor, who brought to light the unlisted property of Cal Brice, is after O. C. Barber, of this city, President of the Diamond Match Company, and of the American Strawboard Trust. Auditor Dick to-day notified the County Treasurer of \$3,680,000 worth of stocks in those corporations, which Barber had not listed in the past five years. The tax on these is \$107.

Barber says the Obio law of taxing stock of foreign corporations is unjust; and to-day an-nounces that he has has changed his residence to Chicago and will resist the collection of back taxes in the United States Courts. Good Ronds Help Oil Operations.

ISPECIAL TELEGRAM TO THE DISPATCH, 1 BUTLER, April 18.-The improved roads of ne past week have given a fresh impetus to oil operations, and unusual activity may be expected during the next month. All over the oil country drilling wells, which had been abandoned for the time being for want of fuel. are being started again, together with many new wells, and teamsters, supply dealers, drillers and tool-dressers are as busy as nailers.

NEW ADVERTISEMENTS.

This species of advice is not always acceptable, but in many instances much benefit would be derived were it acted upon. No section of the country is exempt from disease. To know the best means of combating this common enemy, with the least injury to our pockets and tastes, is certainly a great advantage. We must expect torpid liver, congested spleen, vitiated bile and inactive bowels, and all prudent persons will supply themselves with Tutt's Pills, which stimulate the liver, relieve the encorred spleen, determine a healthy flow of Fills, which stimulate the liver, relieve the engorged spiece, determine a healthy flow of bile, thus regulating the bowels and causing all unhealthy secretions to pass off in a natural manner. "An ounce of preventive is worth a pound of cure."
