Curious Prices. Advertising prices, without clear information of what for, is one of the plagues of the clothing business. There are more apostrophes and ad- 66 jectives often over a comparatively valueless quality at a cheap price than would do for a proclamation of martial

law! Never hear a word from Wanamaker's about prices, do

you? We'll do anything we can to help you to a fair judgment about clothing, and get you coming to our store, but how advertising our prices will do that is, we confess, a mystery.

hand, the quality stated, and an examination of the fit and workmanship. We'll submit our goods with perfect confidence to that way

of finding which is cheapest. Nobody can beat us on prices for reliable clothing, though we're not making a big flourish of them in newspapers. 1,000 pieces to make to measure.

TAILORING

The Journal of Fashion Says: "There is nothing that more clearly illustrates the great progress Me. chant Tailoring has made in the direction of art than the absence of anything grotesque, incongruous or extrava-gant in gentlemen's fashions. Everything is in good taste, and the garments now popular are unusually graceful."

If you intend ordering any Spring Garnents, you can depend upon our Tailoring Department for artistic making. Our cutters and tailors are the equal of the best in the profession, our selection of Overcoatings, Suitings and Pantaloonings is as complet as the most tastidious can desire, and for the same high standard of work you will find our prices the lowest. The fact that many of our best-dressed and well-known gentlemen are patrons of our Tailoring Department is surety of high grade work. A trial order solicited.
