There wasn't much to complain about in yesterdays' game at Exposition Park between the Buffalo aggregation of the venerable Deacon White

and hide completely knocked off him and fragments may probably be seen scattered about Exposition Park to-day. He was a shattered Buffalo, indeed, at the end of the encounter. The Deacon's anticipations must in future be more modest than to lead him to believe that to think he and his little tribe

will strike a soft snap in this city.

SOME BUFFALOS SLAUGHTERED. The weather was excellent, just elegant to see the slaughter of visitors. The crowd, according to turnstile count, of course it is al-ways turnstile count in the papers, was 1502 At a quarter each admission the attendance should be larger than that. It ought to be. The grounds were not in first-class condition, but they were much better than on Tuesday. The playing, generally speaking, was good, alalthough Corcoran was evidently suffering from one of his nervous spells. He made four very giaring mistakes, apparently all on acbefore he could reach it. With a little more patience he would certainly have done much better. The other mistakes of the game were more or less excusable. Hanlon, in the fifth

off. The home sluggers just walked up to the e and banged the leather in all directions. The visitors were not in it, to use an ordinary phrase, and none knew it better than Messrs. Ferson and White.

A LIVELY OPENING. The first inning opened out lively, indeed, for the home representatives. After Hanlon had been retired at first Visner damaged one born of Bullalo Ferson by thumping the ball over Hoy's head in center field for two bases. Carroll still further disfigured that horn by knocking out a single to middle, and Jake Beckley knocked the born to smithereens by a two-bagger also over Hoy's head. This canconade ought to have earned two runs, but Visner, when coming in, failed to touch the plate, and Mack walked up and touched him with the ball, and he was out. Jocko Fields commenced on the other horn and cracked it a little by knocking out a single. This sent Beckley home with the second run. In the fourth inning horns and hide began to almost entirely disappear. Five runs were made, but only one was earned. A fumble by White, a passed ball, two bases on balls, a sacrifice hit, three singles and a double natted the five runs. Carney's muff of Coreoran's fly, Robinson's base on balls, Hanlon's sacrifice and Visuer's single netted two more in the fifth. A double each, by Beckley and Carroll, earned one in the sixth and Hanlon's single, a stolen base and a single by Visuer earned another in the seventh.

Two singles by Rowe and Wise. White being hit by pitched ball and a life netted one more in the fifth. In the ninth Irwin's double to right and Rowe's single to left carned the last run. PHILADELPHIA, April 30.-In the presence of 17, 119 enthusiastic spectators, who were lavish in their approval and encouragement, the enlivening strains of martial music and beautifully decorated stand and grounds, the local Players' League championship season was opened this afternoon. As was to be expected, the home players were renered a trifle nervous by the very cordiality of dered a trine nervous by the very cordinity of their reception, and that, with the soft condition of the grounds, rendered error making an easy matter. Both sides made numerous errors, but those of the home club were the most disastrous in their results. Score:

To-Day's Home Game, The Buffalo team will have another argument them at all points. Both McKeesport pitchers pitched excellent games, and both should have won their games. Milbee had perfect support, not an error being made by them. Cleve was knocked out of the box in the third inning and Thomas was put in and pitched fairly well. The same clubs play to-morrow. The following is the score of both games: with the home players of the P. L. to-day. Manager Hanlon will give Morrisa try in the box to-day to see what he can do with the numerous left-hand batters. Carroll will be his catcher. Keefe and Mack will be the visitors' battery.

CHICAGO, April 30 .- Auson and his colts jumped into the Pittsburg basket with both feet to-day and when they had done with their kicking a maimed and terrified looking lot of Jonahs gathered up their ball playing tools and rode back to their hotel. Chicago's runs were made nearly on the same number of hits, one of them being a three-base shot into center. Hemp fumbled the drive and Wilmot stretched it into a home run. For the Pitisburgs Fun-

at the abone run. For the Pittsburgs Punday touched off a couple of hot singles and Hemp landed his bat on a twister which he straightened into a three bagger.

The Jonahs scored their first and only run in the first inning on Hemp's long hit and a sacrifice by Hines. After that they were like the man who fell out of the balloon—they weren't in it. The home folks began business in their half of the first, and when the side was retired three good-sized looking runs were chalked up on the blackboard. After Cooney had struck out Carroll pushed a sharp single through Dunmore or less excusable. Hanlon, in the fifth inning, made a very brilliant catch of a long fly off Mack's bat. Hoy, the deaf mute, also made an admirable catch of a fly knocked out by Robinson. In each of the cases named the hit looked sure for two bases. Robinson also did very well.

Staley pitched a very good game, and was tolerably well supported by Carroll. Ferson, however, was a complete victim from the start off. The bone singgrers just walked up to the

The Chicagos scored a couple more runs in the fifth. Carroll bunted out a short hit, and beat it to first, and both he and Wilmot came in when the latter shoved his long hit into center. Wilmot scored again in the eighth on his own hit and a steal, an error by La Roque and Burns' sacrifice. Attendance, 1,000. The score: CHICAGO. R B P A E PITTSBURG. R B P A B

A PIONEER SCULLER DEAD. John Taylor, One of the Old Timers, Dies in

England. Jimmy Taylor, the veteran sculler now residing in this city, received word yesterday of the death of his brother John. He died March 28. The deceased was one of the famous five brothers of the Taylor family, and his death takes us back to the commencement of fine rowing and the time when the five Taylors used to have such exciting contests with the five Claspers. In those days four-oared crews employed a cockswain, and thus the five members of each family were engaged in the race. John Taylor was practically the originator of the four-oared race. His brother Tom and him made a pair-oared boat in 17 hours. They took no sleep from the starting to the finish of it, and as soon as it was over they rowed two of the Claspers on the Wear, Durham county, Eng., and won. Billy Myers Vanquishes Buck Hopper Befor a Select Audience. WASHINGTON, April 30.—It took but six rounds for Billy Myers, the Illinois cyclone, to knock out Buck Hopper, a very elever New York light-weight, at Launon's Opera House in Alexandria, Va., to-night. The knock-out blow came quick weight, at Lannon's Opera House in Alexaudria, Va., to-night. The knock-out blow came quick and sudden and surprised the local sports. Hopper had the longer reach and certainly seemed to be much the better sparrer to-night, though his blows lacked punishing power. There were several hundred persons present. The fight was for ten rounds, Marquis of Queensbury ruies, the winner to take 75 per cent and the loser 25 per cent of the net receipts.

Hopper opened the fight with a lead for Myer's stomach and got in two blows without a return. The round closed with some hot interchanges at close quarters. Hopper opened the second round with a rood one on Myers' body, and followed it with a blow in the mouth. He had much the test of the round, He landed three blows to Myers' one, and showed some clever sparring. Myers opened up the third round by leading off, but recived a cross counter in the face from Hopper's right. The work became pretty brisk and Myers landed one or two good his. In the fourth round Myers rushed things harder, and got in two good ones on Hopper's face, though he had to take several body blows in return. Hopper's blows lacked steam, but he kept playing for Myers' head. Hopper kept up his blows on Myers' body in the next round, and clerely avoided several hard ones from the cyclone. Toward the end of the round, however, the latter landed a couple of smart upper cuts.

When time was called for the sixth Myers' body showed many marks, the effect of his opponent's blows. He set a good stiff pace from the opening and began to rush his man after the style which has earned him his sobriquet. He banged way at Hopper and suddenly shot his right out hard and landed square on the point of Hopper's law, knocking him to the floor. Hopper lay there more than ten seconds allowed under the rules and the referce awarded the fight to Myers. Hopper quickly came to, and both men walked down to the station, showing very few signs of the fight.

THE Mingo team will open the season at Mingo Janction, O., on Saturday next, with the T. M. Marshalls, of this city. ED ANDREWS, the center fielder of the Brook-lyn (P. THE aggregate attendance at the Players' League games on Tuesday was 6, 250 with no game at Buffalo. The aggregate attendance at the N. L. games on the same day was 11, 689. GUNNING and Mathews umpired very well yes-terday. If players will only cease kicking so much unnecessarily umpires will get much better along. Lynch was successful to a great extent along. Lynch was successful to a gr because he would not tolerate kicking.

PRESIDENT BRUSH was asked regarding the alleged plan to transfer the Pittsburg National League Ciub to Indianapolis. He said that he knows nothing about any proposed transfer, but if a transfer should be made he knows of no city that stands a better chance than Indianapolis. H. M.—Tradition has it that James F. Galvin was pitching ball when the Indianshad possession of the city known now as St. Louis. The records, however, state that Galvin was born at the city named in 1855, and the records must be taken. It is to be hoped that this is the last time any questions regarding Galvin's age will be asked. tions regarding Galvin's age will be asked.

J. W. SPALDING, the Chicrgo President's brother, was very emphatic yesterday in saying that the National League had no idea of changing the present schedule. He claimed that the Pittsburg club had changed dates with Chicago simply for business reasons. By opening the season in Chicago to-day the baseball public could have a chance to see Anson's new team and get acquainted with the men without an opposing attraction. There was no weakness on the part of the League.—N. Y. Herald.

Walto was asked whether 1,500 persons to a game would pay a cith like the New Yorks or Brooklyns of the Players' League, He said he had not calculated just how many persons it would take to pay expenses, but if the reporter chose he could reckon it up, counting the expenses at \$50,00. The reporter has done so. Each club plays 70 games at home and 70 abroad: 1,500 persons at home game, half of whom, say, will patronize the grand stand, will not each club \$12,812 \$0. If the same amount can be drawn from games away from home the grand total of receipts would be \$55,625 or a deficiency of nearly \$10,000, according to Ward's estimate of expenses.—Note Fork Sun.

ACCORDING to WARD S ESTIMATE OF EXPENSES.—New York Sun.

A REPORTER called at the Pierrepont House, Brooklyn, last night to see Manager Hill, of the Philadelphia (P. L.) club, regarding dissensions in that organization. Manager Hill left this city for his home last Saturday night. Pitcher Buffinton is in charge of the team. The latter says there is no trouble at all in the Philadelphia club. "The report," he said, "was sprung by a man who was none hot-headed for the Brotherhood. He claims to be a newspaper man, and was one of the first to subscribe for stock. He withdrew his small outlay before the scheme was fairly under way. You can say for me that there is nothing but friendly feeling existing between all the officials of the club and the piayers.—N. A WELL-KNOWN criminal lawyer, who has an

of the club and the players.—N. T. Sun.

A WELL-KNOWN criminal lawyer, who has an extensive practice at the Philadelphia bar, said yesterday that Joe Mulvey could be arrested on a criminal charge for obtaining advance money after signing a contract with the Philadelphia (N. L.) club, and that a capias could also be issued on a civil nection. Acting upon this advice, Colonel John I. Rogers has written to Henry M. Love, President of the Philadelphia (N. L.) club, advising him of the opinion. Colonel Rogers said last night that the Philadelphia (N. L.) club isoked to Mulvey for the return of the \$1.250 advance money pard to him, and not to the Philadelphia (P. L.) club, and that he had written to Mr. Love simply as a matter of courtesy. Colonel Rogers refused to state what action the Philadelphia (N. L.) club would take in case Univey Inlied to return the money within a stated time, but from his renarks it was inferred that a criminal action against Mulvey would probably be commenced.

BEAUMONT IS BOLD.

His Words to McKinley Have a Ring of Anger in Them.

THE LOSS OF THE FARMER VOTE.

This Threat He Throws Down to the Advocates of the Silver Bill. TILLERS OF THE SOIL DESPERATE.

The Knights of Labor Apostle Infers That the Bucoli Eve is at Last Wide Open. In a letter to Major McKinley, Chairman Beaumont, of the Legislative Committee of

the Knights of Labor, condemns the issu-

ing of silver certificates, recalls the trade dollar issue, dwells upon the needs of farmers and represents them as desperate and convinced of having been deluded by tariff talk. WASHINGTON, April 30 .- Mr. Ralph Beaumont, Chairman of the National Legislative Committee of the Knights of Labor, has written Major William McKinley, Jr.,

a letter criticising the pending silver bill.

After summarizing the prominent features of the bill. Mr. Beaumont askes: "On what ground of equity and justice does the caucus of your party decide to condoes the caucus or your party decide to con-fer legal tender powers to these certificates for the purpose for which the national banks desire to use them and refuse the farmers and business men of the country the same privilege? Or, to be more plain, why does the caucus of your party decide that the bankers may use these notes as money, while by farmers and business men they can only used as notes in the face of the law?"

RECALLS THE TRADE DOLLARS. Mr. Beaumont then recalls the fact that during the time trade dollars were in circulation, although they contained 420 grains of pure silver, they were not received by banks generally, except at a discount of 10 per cent; while at the same time standard dollars, which contained only 4121/2 grains being a legal tender, were received, of

only a legal tender for the purposes above described, and on what grounds of equity and justice does your party caucus say that these silver certificates shall be legal tender for the use of reserve for national banks, while it is denied to the mortgage debtor to meet his interest and principal to these same

Mr. Beaumont then says: "This bill creates money for bankers, and notes for the farmers. Sir, I insist that it is not notes that these farmers are in need of, they are already burdened down with notes. It is money that they want with which they may liquidate their indebtedness to their bonds-men and not notes that bondsmen may refuse to take when tendered to him.

"I insist, sir, that it you, as leader of the House, let this measure pass, creating these certificates without conferring upon them full legal tender power, to enable these overburdened farmers to meet their obligations, you are guilty of committing a wrong and mark it, it is one that both you and your party will have to atone for in the oming Congressional campaign. NO MOOD TO BE TRIFLED WITH.

"These overburdened tillers of the soil are n no mood to be trifled with. They are desperate. You, as the leader of your party in the House, are on the point of pressing a measure through the House, known as a tariff bill, which you say is to protect these tillers of the soil from ruinous competition rom abroad.

"Let me sgain, I beg, warn you that the last campaign was fought out upon this issue, and that these same tillers of the soil have come to the conclusion that during that conclusion that it is not fair competition from abroad that they are suffering from, but, on the contrary, it is legal discrimina-tion against them in the interest of corporate wealth by just such unfair legislation as is contained in this bill."

OUT OF THE RACE.

Minister Palmer Telegraphs From Paris That He is Not a Candidate. DETROIT, MICH., April 30 .- Hon. William Livingstone, Jr., Minister Thomas W. Palmer's right hand man in matters political, to-day received the following cable-gram from Mr. Palmer, dated Paris: "With-draw my name; I cannot now be a candidate." This refers to Mr. Palmer's candidature for Governor in the coming election Mr. Livingstone explained that Mr. Pal-mer's action is due to the death of his niece and last relative, Mrs. Roby Hamilton, to whom he was much attached. This is the only reason, it is said, that can be assigned for Mr. Palmer's sudden withdrawal, as he was on his way home to take part in the contest. Minister Palmer will, however, come to America.

GRANT SHOWS HIS HAND.

The New York Mayor Demands a Special Investigating Committee. ALBANY, N. Y., April 30 .- A letter was read in the Senate to-day from Mayor Grant alluding to the testimony of Patrick H. McCann before the Fassett Investigating Committee. He complained of not being notified of the session by the committee and of not being accorded an opportunity of defending himself, alluding pointedly to the hasty flight of the committee at the conclusion of the testimony. Mayor Grant asks for a special committee to investigate the matter.
