A GENERAL STRIKE

Onite Likely to Grow Out of the Difficulty at the Valley Works.

SPICY LETTERS MADE PUBLIC.

A Farmer and His Wife Probably Fatally Injured in Butler County,

RELIEF FOR AKRON STORM SUFFERERS

PEPECIAL TELEGRAM TO THE DISPATOR. SCOTTDALE, May 12 -Affairs are getting strike of all the plants seems almost as inevitable as a strike at Fricks works if the valley trouble is not adjusted. Labor leaders think it is a blow to disrupt their organization. If the Valley plant difficulty is not settled by to-morrow morning a convention of all the locals will be held here Thursday, and the situation will be discussed with a view of ordering a general strike. President John B. Rae and Secretary Watchorn will arrive here to-morrow and counsel the officers and Knights of Labor for the impending strike. To-day a letter was received at labor head-quarters, addressed to Master Workman Ker-

foot and Secretary Parker, from Manager Thomas Lynch. Mr. Lynch refers to the notice dated May S, which states that in six days work will cease at the several mines because of violation of the scale at the Valley mines, "without proper investigation of trouble and grievance at said plant." INDEFINITE CHARGES ALLEGED. He says: "You do not say who violated the scale, but inasmuch as you threaten to close our works I assume that you charge us with violating the scale, a charge, however, that cannot be sustained. I cannot imagine what you mean

lating the scale, a charge, however, that cannot be sustained. I cannot imagine what you mean when you say: 'Without proper investigation of trouble or grievance.' The Valley Works was not closed down on account of any trouble or grievance ou the part of the men or on account of failure to investigate any of their 'troubles or grievances,' properly or otherwise." He points out irregularities in the notices, and says there is no grievance to redress, or trouble or difficulty to adjust, at any of the plants, and declares that the Valley works and all other works have lived up to the agreement to the fullest extent, and that a trike would be a violation of the agreement. In reply the labor officials addressed a letter to Mr Lynch, stating that they find that, while they are in receipt of no such letter, the works operated by the Frick company are literally flooded with so-called copies. They declare that, by calling attention to the irregularities in the form of notice, and by 'making mountains out of mole hills' he attempts to hold them up in a false and ridiculous light before the general public. This, they say, may prove a boomerang to him. They then give a copy of the notice they received from Mr. Lynch in regard to closing the Valley works which says that the mine boss and his assistants to fill them have been disregarded, and that unless the miners showed a disposition to live up to the agreement the works would close.

AFFIDAVITS ALL READY.

AFFIDAVITS ALL READY. In regard to this the labor officials say: "We have in our possession the affidavits of 57 miners working at the Valley when the agreement was vits setting forth that they had put as much coal on the wagons since the agreement was made as they did when the agreement was

Signed.

Sit, you (one man) assert that they have not lived up to the agreement; they (37 men) swear they have lived up to the agreement. You question our honesty of purpose in the matter, and in an indirect manner charge that we have a proconcerted arrangement by which we hope to get rid of those parts of the agreement that are obnoxious to us. In all sincerity and honesty we mean to live up to the agreement to the letter. We feel satisfied in our own minds that the workmen have abided by the agreement, anything you say to the contrary not-withstanding.

RELIEF MOVEMENT STARTED.

Preminent Citizens of Akron Hold a Meeting to Raise Funds for the Sufferers. PEPECIAL TELEGRAN TO THE DISPATOR,

AKRON, May 12 - A meeting of citizens was held here to-day attended by prominent manufacturers and business men to start a relief movement for the tornado victims. It is found that beside houses completely wrecked, scores that appear sound are full of wrecked, scores that appear sound are full of failen plaster, while timbers are sprung from their places, so that atmost entire rebuilding is necessary. The Mayor of Norwalk, Ohio, sent a telegram asking what was needed. Mayor Miller wired thanks and answered that Akron would take care of all sufferers. The injured are all improving to-day and none will die.

ing to be a sister of Mrs. General Logan, John A. Logan, Jr., this afternoon said: "The woman is certainly a crank. I never heard of her before. VA., May 12.-The conferone side and the Builders' Exchange on the other held a second meeting this afternoon and agreed upon 39 cents per hour for the wages of masons, but split on the general subject of working with the new men who came here to take the places of the strikers, and adjourned to allow the representatives of the unions to confer with the organizations.

MANY MEN IDLE.

Nearly 4,000 Employee of the National Tabe Works, McKecaport, Out on Strike. PEPECIAL TELEGRAN TO THE DISPATCH.

MCAEESPORT, May 12.—About 3,500 employes of the National Tube Works Company are idle. The men employed are in the tube works proper, and they will stand out for their demands for 10 per cent advance. All depart-ments but those of the lap welders, benders, molders and machinists are idle. The men claim that the latter two departments will be with them. The welders who have contracts

with the company are not included in the strike.

The men decided Saturday right to stay out until they received an answer from General Manager E. C. Converse to a demand for 10 per cent as presented at 10 o'clock this morning by their committee. The company refused their demand, stating that it paid more wages than any other pipe milis in the world. The committee so reported at the general meeting of the men held in the Palace Rink at 3 this afternoon, and they concluded to held out for it, and also decided to meet on the Diamond Wednesday and march to the office of the company and get their pay.

STREET CONTRACTS AWARDED.

Million and a Half of Improvements-Booth & Flinn Secured Nearly All of Them-Friction Between Messrs, Gour ley, Elliot and Bigelow.

The Board of Awards met vesterday and more complicated in the coke regions and a let contracts for the paving, grading, curb-strike of all the plants seems almost as inwork will aggregate about a million and a half dollars. Thirty-four contracts for 34 streets were let to Booth & Flinn.

There was some triction when the board met. It was stated that at a meeting of the board about January lit was decided what kind of paving was to be used on the streets. Mayor Goarley wanted to know who decided the matter. He was told by Messrs. Elliot and Bigelow that the board had decided it, and the meeting yesterday was for the purpose of acting on the contracts. A motion was then made to award the contracts, and this brought an objection from the Mayor. He continued his kick about the kind of pavements to be put down. Mr. Bigelow said he would explain the matter seriatim, and offered a motion to have this done for the Mayor's benefit. Chief Elliot said this could not be done, as there was a motion before the house, and two motions could not well be received at the same time. The Mayor wanted the motion put, and said he knew his business. To settle the diffictly Mr. Bigelow began to read the specifications of all the contracts. Some of the streat were to be Mayor wanted the motion put, and said he knew his business. To settle the difficulty Mr. Rigelow began to read the specifications of all the contracts. Some of the streets were to be paved with asphalt, some with block stone, some with irregular stone, etc. When Chief Bigelow was about half through the Mayor said that was enough. The Chief would not stop, however, and continued the reading until the last contract was finished. Mayor Gourley did not give any explanation as to why he objected, but the supposition is that he wished to post himself. The following contracts were let to Booth & Flinn, block stone to be used: Edmund street, Taylor street, Fourth avenue, Fifth avenue, Seventeenth street, Frankstown avenue, Tunnel street, Frubes street, Wahash avenue, Omega street, Sheridan avenue, Madison street, Railroad street, Baum street.

Rheumatism,

BEING due to the presence of uric acid in the blood, is most effectually cured by the use of Ayer's Sarsaparilla. Be sure you get Ayer's and no other, and take it till the poisonous acid is thoroughly expelled from the system. We challenge attention to this

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. R. Irving Dodge, 110 West 125th st., New York.

"One year ago I was taken ill with "One year ago I was taken ill with inflammatory rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced using Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A.
