Receipts of Cattle Light at Liberty and Herr's Island.

MARKETS HIGHER AND ACTIVE.

Farmers From the Middle States Have No Cattle to offer.

SHEEP ARE HIGHER, SWINE STEADY

OFFICE OF PITTSBURG DISPATCH. MONDAY, May 12, 1890. At Herr's Island the supply of cattle was light and in the main from Chicago. The cost in Chicago, according to the statements of a number of drovers, was higher than that offered last Monday. Butchers were reluctant to pay the advance of 10c to 15c per cwt. Some even demanded concessions on last week's prices, and one or two cases were reported where the concession was granted. Drovers who did not obtain better prices than last week were no doubt losers on their deals. A Diamond Market butcher, who obtains his stock at Herr's Island yards, said this mornhis stock at Herr's Island yards, said this morning: "Cattle were 15c to 20c higher to-day than last Monday and strong at the advance. Some very choice beeves sold very close to 6c per pound, a price higher than anything sold here for a year or two past. I paid 5% of or 1,400-8 cattle which a week or two ago would not have brought over 5c and a year ago not over 4c per 8."

The range for good to choice heavy Chicago beeves weighing 1,500 to 1,600 hs was \$5.25 to \$5.40 per cwt: medium weights, 1,350 to \$1.400 hs, \$4.75 to \$4.90; do., 1,200 to 1,300 hs, \$4.50 to \$4.60; prime light weights, 900 to 1,100 hs, \$4.25 \$4.50; common to fair thin and rough steers, \$3.25 to \$3.90; fresh cows sold at a range of \$25 to \$40 per head; calves at \$3\% to 4c per h. There were no hytchering cattle, from surrounding

to \$40 per Bead; carves at 5% to 4c per h. Here were no butchering cattle from surrounding counties on the market.

Receipts from Chicago: I. Zeigler, 103 head;
I. Gerson, 100: A. Fromm, 54; L. Rottschild, 52. From Ohio: J. F. Cruikshawk, 5. From Pennsylvania; G. Flinner, 7. Total, \$21; last week, 334; previous week, \$76.

Sheep, Lambs and Swine.

The offerings consisted, in the main, of spring ambs, which sold slowly at a range of 6@8c per lambs, which sold slowly at a range of 6@Sc per ft. There were reports that the best were negotiated for on Sunday at 8½@Sc per ft. Sheep were in short supply, there being but 25 head on the market. Prices were \$6.0026.50 for good to choice wethers. Many more than were offered could have been sold, and a number of the regular natrous of these charges were compelled to go to East Liberty for their supplies. Receipts from Ohio: J. F. Cruikshank, 18 head: From Pennsylvania: D. O. Pisor, 112 head: G. Flinner, 76 head; McCreary & Sergeant, 34 head. Total, 261 head: last week, 342 head; previous week, 317 head.

The supply of hogs was comparatively heavy, and the market was a shade easier, with \$4 50 for Pennsylvania's. Receipts from Ohio: J. F. Cruikshank, 18 head; Needy & Smith, 511 head; Pennsylvania's. Receipts from Ohio: J. F. Cruikshank, 13 head; Needy & Smith, 511 head: G. W. Smith, 75 head: Sanford & Langdon, 12 head; Williams & Co., 75 head. From Pennsylvania; G. Filmer, 13 head. Total, 700 head; last week, 485 head; previous week, 781 head. At Other Yards.

The offerings of cattle at Woods' Run, were 11 carloads, or about 200 head, all of which were Il carloads, or about 200 head, all of which were from Chicago. The cost was 20 to 25 per cent more than last week, and while markets were brisk and active here at a shade higher prices than last Monday, the advance was not sufficient to cover the increased cost. There were no very heavy cattle on the market. The range was 1,000 to 1,330 pounds, and prices ranged from \$4.70 to \$5.50, with everything sold up at noon.

The number of sheep and lambs on the market was 55 head, with a large proportion of yearling lambs. Many of the latter were 107 pounds in weight and the best sold at 7c per pound. All \*ere clippers. The top price for wethers was 5½c per pound. There were less than 100 of the latter on the market. More offered would have found ready

There were 90 head of hogs on the market, There were 40 head of hogs on the market, and top price was \$4 50 per cwt.

At East Liberty there were but 55 loads of cattle on the market, while our local trade calls for about 75 loads. Three weeks ago 100 loads were effected on Monday at these yards. As a result of the short run to-day markets were very active at an advance of 10 to loc over last week's prices on all grades. Receipts to-day week's prices on all grades. week's prices on all grades. Receipts to-day were all from Chicago, St. Louis and Omaha. Ohio, Indiana and our adjoining counties are unusually have of live stock, a fact demonstrated by short supplies from these sources of late. The quality of cartle offered at East Liberty yards this merning was below average. There were no heavy beeves, and no primes in the market. The supply consisted mostly of fair to market. The supply co good butcher cattle, and \$4 75 was the outside price in carload lots. There were about 40 head of fresh cows on

the market mostly inferior stock. The best price obtained was \$30 per head, and very few reached this figure.

There were 13 loads of sheep and 4 loads of spring lambs on the market this morning, all climed and prices were 10 to 15c better than last week. All were from Ohio. The range for sheep was \$4 30 to \$4 35; year-ings, \$5 50 to \$6 50 and spring lambs \$6 50 to

Shopper cwt.

There were 22 loads of hogs on the market against 32 loads last Monday. Demand was slow in the early part of the day, with \$4.35 to \$4.40 as ton prices. 84 40 as top prices. Wheat Active, Irregular and Lower-A Big Shortnee and Bad Weather News Smash the Boom-Hog Preducts Utterly Neglected. CHICAGO-A good business was transacted

in wheat to-day, and prices were somewhat ir-regular. The opening was weak and prices 2%@2%c lower than closing figures of Saturday for July, but from this decline prices gradually advanced 2%c then fluctuated somewhat, ersed off slightly and closed about %c lower than Saturday. May and June ruled 23603c lower, recovered some, and closed about 1/2 lower for May, and 3/2 lower for June than closing fig-

ures Saturday.

The decline and early weakness were attributed to the Government crop report. It was estimated that, according to this, and making a conservative allowance for the acreage plowed up, the yield of winter wheat would indicate a decrease of \$5,000,000 bushels as compared with last year. While the average

indicate a decrease of \$5,000,000 outsides as compared with last year. While the average condition was one point lower than last report, operators had expected a much peorer showing. The weather news from the Northwest was decidedly had, and the weather map shows indications of colder weather.

Corn was traded in to a fair extent, but the range was narrower than for several days back, price changes being limited to \$400 for range. The feeling prevailing was easy early, influenced some by wheat, but firmed up some later. The better tone was attributed some to a predicted cold wave and to rumors of frosts in Iowa. A prominent local operator was both buying and selling, but probably sold more than he bought, selling one lot of 100,000 bushols of July at 35%. An exporting house also bought 100,000 July on the opening at 35c. The market opened under Saturday's quotations, was easy for a time, then became firmer and advanced %c, ruled steady and closed %%c better than Saturday.

Oats were traded in fairly and a rather unsettled teeling prevailed. The opening was weaker and 140%c lower, but a steadier tone quickly developed and the prices advanced %c. yielded slightly, but closed steady at about outside figures.

## A BAR TO PROGRESS.

Property Owners Standing in the Way of Business Expansion

WILL NEITHER SELL NOR IMPROVE.

The First Failure at the Oil Ixchange for Many Moons, but a Small One.

MORE ACTIVITY IN LOCAL SECURITIES

Pittsburg has made marvelous strides in industrial development within the past few years, increasing her business so as to occupy seventh place in the list of Clearing House cities; but her possibilities are even greater than her achievements. What she has done in the way of expansion is but a foretaste of what will be accomplished during the next de-

cade.
While development cannot be prevented it may be hastened or retarded by the action of property owners. The first step necessary toward rapid expansion is to enlarge the business area and cover it with buildings suitable for commercial purposes. The scarcity of business houses is the subject of constant complaint. They cannot be had for love or money. Numerous appli-cations for them from business men in other cities have been received here within the past few weeks, and in almost every case the answer was in the negative. Many citizens would extend their operations or start new enterprises if

they could obtain suitable quarters.

The opening up of the Point district, which, it appears, has been determined upon, will afford some relief, but not enough. There is a large and practically unoccupied field out Fifth avenue, Penn and Liberty streets, and above Grant street in the Court House district, but Grant street in the Court House district, but so deep-seated is the idea that nothing in the mercantile line can be done on a large scale outside the traditional "business center" of the city—by which is meant the triangular bit of ground extending from Smithfield street to the Point-that extraordinary inducements

would be necessary to development anything like a general movement to any other locality. This being the situation, how can the business center of the city be enlarged so as to meet the demands upon it? This is a question for property owners to answer. A walk through Second and Third avenues—not to mention many other thoroughfares where similar conditions prevail—will disclose scores of buildings, standing on good lots, which are practically valuless for business purposes. Occupied by small traders, they bring in an income scarcely worth mentioning—some of them not scarcely worth mentioning—some of them not more than 2 per cent; the average will not ex-ceed 3 per cent. Worthless as they are they stand in the way of needed improvements.
Offers to buy them are met by such extravagant demands as to check negotiations at the very outset. Although at the height of their productive capacity, the owners want as much for them as if they were paying 6, 8 or 10 per

If the owners of these properties care anything for the prosperity of the city they should do one of two things—sell or improve. It is no credit to them to stand in the way of progress. They can at any time get a fair price, and by investing the money thus obtained in some other locality they would secure a fair return for it—larger than they can reasonably hope for from their present holdings—and at the same time open up a way by which the business capacity of the city, territorially considered, would be almost doubled.

Of course the city will continue to crow just

Of course the city will continue to grow, just as water will continue to run down hill, in spite of all obstacles and regardless of whether the owners of the properties in question sell or not; but they would perform a great public service, and at the same time benefit them-selves by getting out of the way. If they are not able to improve let them sell to those who are. By waiting for a boom as a result of the exertions of more enterprising citizens they may encounter a boomerang.

for residence property along the route.

Wood, Harmon & Co. have sold over 300 building lots at Clifton, near Dixmont, within

the past ten days. C. Beringer & Son will this week lay out over 14 acres at Emsworth in large building lots.

By a somewhat singular coincidence six real estate brokers took the same train yester-day morning for Wilmerding. What they did and how they did it may cause some talk in a tew days.

A few days ago it was announced that a deal in East End realty, amounting to \$100,000, was in a fair way to be closed up. It was ascertained yesterday that \$70,000 of the amount had been paid, and that the balance would be forthcoming before the end of the week.

The Fort Wayne Railroad bridge over Woods Run, which is really a part of California avenue, is progressing very fast. The abutments are about completed and the bridge is ready to be put up.

The number of mortgages recorded on Saturday was 24. The largest was for \$5,000. Seven were for purchase money.

Money for mortgages is held at 5@6 per cent for small amounts, and a fraction lower for large loans on gilt-edged city property. Busi-

ness is fair.

The Western roads have been unable to settle their differences, and a further cut in pas-senger rates everywhere west of Chicago has

Railroad earnings: Canada Pacific, first week of May, increase, \$34,000; Toledo and Ohio Central, first week of May, increase, \$5,360; Chicago and Eastern Illinois, first week of May, increase, \$4,300; Milwaukee and Northern, first week in May, increase, \$11,073; Pittsburg and Western, first week in May, decrease, \$2,060; St. Louis, Arkansas and Texas, first week in May, increase, \$1,498.

A steamboat agent said yesterday that the river business was unusually heavy. As a general thing there is more freight than tonnage.

Movements in Real Estate. There was sufficient inquiry for lands and houses yesterday to show that the buyer is still abroad. Steep figures are preventing

many deals. Owners are beginning to discover that they can't have everything their own way. The following transactions were reported: Alles & Bailey sold for Ebenezer McKnight on Congress street, below Franklin, five brick twellings of five rooms, etc., each, lot 65x65 feet, to C. Malone for \$18,000.

Reed B. Coyle sold lots Nos. 124, 125, 126, 127,

128, 129 and 130, in Marion Place plan of lots, fronting 200 feet more or less on two streets for Sloan & Co., sold for George S. Martin & Co., in the Lemington Square plan, Lemington avenue, Twenty-first ward, lots Nos. 1 and 2,

fronting on Lafferty avenue and West street, in the Boggs plan, West Liberty borough, approximating \$300 each. J. E. Glass, sold for A. L. Watkins and E. M.

Laveen, lot No. 59, in their plan of lots at Wilmerding, for \$465. Black & Baird, sold snother lot in the Linder Place plan, for Jeremiah Dunleys, Jr., situate on Hastings street, in size 25x191 feet, for \$450. The purchaser was George Uqunart, Charles Somers & Co. sold lot No. 190, Bank of Commerce plan, Brushton station, Pennsylvania Railroad, fronting 40 feet on Grazier street and a depth of 137 feet to a 20-foot alley, to D. L. Cerbet for \$900.

### MONETARY MOVEMENTS.

Rankers Report Plenty of Cash to Meet All Business Demands.

There was only a moderate demand for money at the local banks yesterday, to which the supply was more than equal. Rates were steady and unchanged. There were no new conditions, but the change in the weather strengthened the hope of speedy improvement in all lines of business. The spring trade has been slow, and it is not even yet at its best, but the prospect for a steady gain is good; and it is not even yet at its best, but the prospect for a steady gain is good; and it is "Se epinion of representative financiers" portant movements were confined to a few

DISPATCH.

Stock trading was active for Monday, the sales amounting to 642 shares. This was accept-ed as an indication that investors are getting tired of holding out for lower values.

Westinghouse Electric was stronger and Pleasant Valley weaker. Central and Pittsburg Tractions moved up a fraction. There was no special change in the rest of the list.

As a consequence of the lay-down 78,000 barrels, the amount of the failure, were bought in under the rules. That trouble was brewing was known beforehand by some, and they started in to buy immediately after the opening. This run the market up 1½ cents. It subsequently weakened, but recovered and closed steady at next to the highest point of the day. The range was: Opening 85½, highest 86½, lowest 85½, closing 86½.

Mr. Smith, whose misfortune is referred to above, was one of the most active members of the Exchange with which he had been connected for three or four years. He was at one time with the firm of Roseburg & Dilworth. The total of his liabilities will not exceed \$2,000 or \$3,000, and possibly not so much. It is thought by

ALONG THE WHARVES. Business Reported Good in All Lines and Boatmen Happy. The boats on the rivers are all pretty busy

just now. The towboats are making the most of the high stage to transport coal down the rivers and return the empties. The packet lines are enjoying a boom in freight. Yesterday the Adam Jacobs was delayed nearly a half hour before all the freight was loaded and then the captain pulled off in a hurry for fear another wagon would come. The passenger busi ness for this season of the year is unusually good. The general prediction is that there will be a good boating stage all summer, conse-quently there is a general good feeling mani-fested all along the wharves. At 4:30 P. M. yesterday the river showed 13 feet 6 inches, a fall of 3 inches since 6 in the morning.

OFFICE OF PITTSBURG DISPATCH, MONDAY, May 12, 1890.

Country Produce—Jobbing Prices. The week is not old enough for any new deelopments in this department of trade. Strawherries are in short supply, but there will be plenty by another day. Cabbage is coming in more freely than for a week or two past and markets are weakening. The potato situation is little changed since our last report. Receipts are not so large as a week ago, and choice stock is firmly held at quotations. Sweet potatoes are near their end for this season. Old Ohio cheese is out of the market, but a good quality of new is now at the front. There is still a small stock of old New York cheese in the market, and prices for the same are very firm. Creamery butter of choice grade is steady at quotations. The late cool weather has stiffened the price of eggs, and choice nearby stock is very firm at prices

NEW YORK, May 12.—The attention of buyers was largely taken up with examination of goods to be offered at auction to-morrow, and with a sale of 1,000 cases of flannels and domestica. This sale which was up on short notice, was well attended, but the results were not very satisfactory to sellers, though as they had not sold at auction before, there was nothing with which accurate comparison could be made. From agents prices the decline was considerable, but the rauge seemed to be on a line with the sale of Friday last. Very nearly the same buyers were present. To-morrow's sale will be of chief interest. The cotton goods market was very firm and the following advanced prices were made for Merrimack prints, shrrings 5c, indgo and gold 61½c, indigo and white 6½c, case without protection or guarantee. Drygoods.
