LOUISVILLE, KY., May 14 .- The Louisville Jockey Club races began here to-day and the officials were as follows: Timers-Norvin Green, of New York, John Funk, G. Barnes; Judges-Colonel Lewis Clark, Colonel Henry Wheeler, of Chicago, General James F. Robinson, Lexington; Starter-J. B. Ferguson.

The features of the opening day were the great crowd, some very lively though not particularly heavy betting, and the mud. And then the Kentucky Derby was run in the slowest time on record. The nearest approach to it was in 1883, when Leonatus galloped away from Drake Carter and the rest in 2:43. It rained all last night, setting in at 1 o'clock this morning for a ting in at 1 o'clock this morning for a steady pour down, which lasted till 10 o'clock this morning. Then the clouds began to break away and there were oc-casional glimpses of the sun. THE TRACK WAS MUDDY.

At 2 o'clock the heavens were clear and the Derby track at Churchill Downs lay a bright yellow ribbon glistening in the sunshine. Throngs of people had been crowding the street cars, and scores of carriages and vehicles of every description blocked the way for hours. When the bell called for the first race the stand, area in front and the betting stands and the field-free on the betting stands and the heid-free on Derby day-were filled as never before, Fully 20,000 people were present. There were more strangers than for many years. Cincinnati and Lexington contingents came in this morning, looking much bedraggled by the rain, but were dried off and in high

testher at the track. While the bets placed by individuals were not heavy, except in a few instances, the aggregate of money that changed hands was very great. The poolroom at the Louisville Hotel was packed full this morning, and though there were 25 bookmakers at the track and auction pools, the jam was so great that many were unable to place their money. Whenever good odds went up there would be a crush in their direction, and only the strongest and most courageous could push their way through and secure the advantage. There was not much plunging owing to the uncertainty of the prin-cipal event, but a steady stream the whole afternoon.

paying the players and making arrangements to release some of them. As a result Fred Dunlap will be released to-day, and last even-ing Manager Hecker said he was very glad, indeed, that Dunlap was out of the team, "Dun-lan," said the genial Hecker, "is certainly the worst man to get along with that I ever met, He has had everybody in hot water during our entire Western trip."

The officials of the club have been made BROOKLYN. R B P A R NEW YORK R B P A aware of Dunlap's methods of disorganization, and in addition to that they are convinced that he is an inferior player to Youngman as a second baseman. The hiest canter scattered a slop for several on either side, and with every great stated yesterday that he was sorry Duniap had Corkhill, m. stated yesterday that he was sorry Dunlap had ever been engaged by the club. He signed for \$3,560 and Youngman signed for \$1,050. That, it is claimed, is quite a difference, combined with the fact that Youngman so far this season has played the better ball at second hase. It is likely that Daniels and Gray will also be re-leased shortly. They and Donlap did not go with the team to New York last night. In paying the players it was found that every-one of them except Sunday. Hecker and Dun-lap had overdrawn in the aggregate amounted to nearly \$6,000. This absolutely kills all the stories circulated to the effect that the club was not able to pay the salaries. Notwith-standing the fact that almost all of them had overdrawn they were all given money. One New York ... Boston, 14-Philadelphia, 7. BOSTON, May 14 .- The National League game was not able to pay the salaries. Notwith-standing the fact that almost all of them had overdrawn they were all given money. One player who had overdrawn his salary to the ex-tent of about 81.00 demanded \$200 inner yesten-day. He was given \$100 and was exceedingly indignant in consequence. This is interesting when it is considered that when away the players have all their traveling and boarding expenses paid. Director O'Neil had plenty of money, as he displayed a roll of \$5,000 after paying the team. Dunlap will be paid about \$500 inday, and then he will be free to go where he chooses. According to the state-ment of Manager Hecker and other members of the team, be has acted very ungratefully to the club. He claims that too much was ex-pected from him, but his record shows that he has done very, very little. Manager Hecker took 18 men East last even-ing. Hines will join the team in New York, and will play first base until Hecker is able to play Hines or Reat will probably go into the out-heid and Hemp may be released, as he has been playing very poorly. Mr. Hecker thinks Hoat is a good man. He also thinks that the team will be one of the best. He will play first domains and bis Cincinnati team also to-day was characterized by fine fieldi terrific batting. A DRINKING FOUNTAIN.

Miss Moorhend Would Make Second Avenue WHAT promises to be a good gas well has Park Useful as Well as Protty.

Chief Bigelow, of the Department of Publie Works, yesterday received a letter from the Rev. E. D. Whitesides, of the Bethany Gospel Mission, which meets in Moorhead Half, asking permission for the mission to to drill an artesian well in the Second avenue park and erect a public drinking foun-

It was reported that the fountain wasa davice of Miss Mary Moorhead in honor of her father, the late General J. K. Moorbead. Miss Moorhead was seen last night and stated that the arrangements for the fountain had not been completed. The foun-tain had not been completed. The fountain was not to be erected by her, but by the mis-sion. She would aid in paying for it, and thought it was needed. She believed the people appreciated the establishment of water-drinking places.

Opening of a Gymnasium.

The Young Men's Christian Association gymnasium of Sharpsburg was opened informally yesterday. The apparatus is of the most approved order, though it has not all arrived. Two enthusiastic classes have been organized and already the applications for membership are so numerous that the outfit will have to be increased at once.

May Annex a Square Mile.

Application has been made to court for the annexation of about one square mile of O'Hara township to Sharpsburg borough. The addition contains several factories and nearly 1,000 inhabitants. All opposition to the annexation has been withdrawn.

THE RENTUCEY DERBY.

Then the Derby and Riley won it, because he was a long way the best horse started. None of the other five could touch him or that muddy track, and it is doubtful if Bill Letcher, who alone proved to be in the same class, could have pushed the great son of Longfellow even over a dry track. All talk about Riley being out of condition was nonsense. He was never more fit. Clean of limb, sound and strong, there was no night of cough or other indisposition. His eye was clear and bright, and he looked the winner. Then there was Isaac Murphy's riding. The occasion required a jockey who could keep his horse in hand and pre-

who could keep his norse in and and pre-vent his killing himself by running away. Murphy did this admirably. He had his horse under complete control throughout; held him back to let the others set the pace through the mud, kept the way open before him to take advantage of every lavor the dreadful track offered, and ready at the right moment to make the running and win the race. At the sharp turns beyond the stand and near the five-eighths Murphy rode his horse on the inside track, saving two or three long jumps at each place, and at the right moment came out on the high center the track where the going was lightest. Then at the three-quarters, coming home, he let him out and came under the wire fresh and strong, an easy winner. In contrast with this was Bobespierre's management by little Francis. For some reason just at the last moment Kiley, the trainer, was taken off, and Francis substituted. The little jockey was unable to control his horse, and it was fight throughout in which Robe-spierre would be sawed down and held back

spietre would be sawed down and held back for a few leaps only to take the bit and run to the front at a pace that was killing to him. HOW IT WAS WON. There were six starters, as expected. Riley with Corrigan's green and white gleaming fresh and clean was the first to show on the track with Murphy up and was received with tremendous cheering, meant as much for the rider as for the horse.
