SPECIAL TELEGRAM TO THE DISPATCH. PHILADELPHIA, May 17 .- The Smoky

the field was Manager Hanion. The ease and nonchalance with which he smote the ball made the young California twirler weary.

HANLON'S BRILLIANT PIELDING was also a big feature of the game. Carroll caught a splendid game with the exception of the fifth inning when the Phillies won the game. The sturdy catcher also batted terrifically but young Hallman in right field robbed him of two three-baggers by wonderful catches. Corcoran, who is regarded as the best fielding shortstop in the Players' League, covered himself with glory, and his work was of such a brilliant order that ex-Manager Jimmy Fogarty, who witnessed the game from one of the boxes, pronounced him a wonder, "Jocko" Fields played well in left field and attends to that section in good style. Staley pitched a good game and with perfect support would have twirled his side to victory. The home

JOCKO WAS THERE. The Pittsburgs got their first run in the second inning when Fields hit for two bags and scored on Corcoran's single. They tled the re in the next inning on doubles by Beckley and Carroll. The fourth was a very busy inning and the visitors secured a quartet of runs on five successive singles. In the next inning Farrar made a single and Hallman a double, which, with Robinson's fumble and Beckley's dropped thrown ball, gave the home team three runs. Three more singles and a sacrifice in the seventh gave the locals two more runs, and they added three more to their list in the next inn. ing on Hanlon's muff, a force hit and Farrar's double. This lead was too much for the Pittsburgs, and the best they could do was to tally once in the last inning on Visner's slashing double and Fields' single. The score:

OTHER GAMES.

Scottdale, 15-Connellaville, S.

SCOTTDALK, May 17.—The Connellsville bassball club, glosting over the victory of a few weeks ago, came here to-day and were overwhelmingly defeated by the home team. They were never in it, as the Scottdale boys thumped the ball all over the lot. The feature was the pitching of Cargo, who struck out is of the visitors, also the playing and the battery work of Miller Bassler, Grier, Welble, Gordon and Cargo. Neuer, a fine am-isur pitcher of Pittsburg, has been signed and ar-rived intre to-day. He will officiate next Wednes-day in the game against Greensburg. The score to-day:

Homestend, 15-Climax, 4. The champion Homestead club is getting it shape again. Yesterday afternoon they did up the Climax, of Rettsburg, in fine style. The feat ure of the game was the heavy hitting of the home nine. Calgan, the new catcher, is doing ex-cellent work, and surprised the boys with his strong leating. Roser, the young pitcher for Homestead, throws a ball not unlike Jones, that is deceiving, but he is a little wild. Colgan, Woods and Johnson distinguished themselves in htting.

Broke the Game Up. ISPECIAL TELEGRAM TO THE DISPATCH. TORONTO, May 17.—The game between the To-ontos and East Liverpools to-day was well conested until the ninth inning, the score standing

tested until the ulinth inning, the score standing 3 to 1 in favor of East Liverpool. In the last half of the ninth the score was tied by Toronto making two rans on a hit that was close to the foul line, and the decision not suiting East Liverpool, they refused to play. The umpires were one from Toronto and the other from East Liverpool. Each decided in favor of his home club. Under the circumstances mobody knows who won, and an unusually fine game ended badly. Weir stated that he would make Murphy battle for the beit or give it to him to defend. Surphy will arrive in San Francisco next week, and probably Murphy may agree to meet him before he ienves for Australia. Weir states if the California Athletic Club will put up a purse of £,500 he will go to San Francisco to meet Murphy.

SPECIAL TELEGRAM TO THE DISPATOR. BROOKLYN, May 17 .- The fair weather

yelling or stamping of feet took place. To-day, however, it reminded the oplookers of the enthusiasm displayed on these grounds in the past few years. It has been said, to a certain extent, that ing all interest as to whether the home team won or lost, those at Washington ent opinion, as they

shouted as hard as any mortal person can do, but to no use, WERE OUT TO WIN. The visitors were out to win, and win they did. Not easily, though, but in nine hard-fought innings. Sowders pitched about as good a game as could be expected of any man; he was not exactly ineffective, but headwork tells the tale,

actly ineffective, but headwork tells the tale, hits being made when of no consequence, while when they were needed they were not forthcoming. This was especially the case in the last inning, when it looked as if something might happen but one safe hit was needed and the game would have been tied, and with a good hitter the chances were of the best, but Sowders was in the way and retired the man on an easy foul. At different stages of the game the players were on the bases for both clubs, but the fielders were on the alert and managed to make some wonderful plays. The most notable being in the eighth inning with Pittsburg at bat. A NOTABLE PLAY.

One hand was out. Sunday reached first on called balls, La Roque hit a hard line drive about two feet inside of first base. The ball about two feet inside of first base. The ball looked safe, but Long Fouts stretched and stretched until itlooked as if he was but a piece of rubber; his hand was sinck up to its highest point, and it looked as if it had about reached the limit, but no, he got it another inch and clutched the leather. Sunday in the meantime was on h s way to third, but a quick throw to Smith completed a novel double play. Cheers upon cheers greeted the tail first baseman. His hitting was also heavy, as he got in two doubles and a single, but as the other players were so weak with the stick, the home team had to take their defear in a graceful manner. Paul fines made his appearance with the Pittsburg team again and covered center field, and did it well, accepting all of his eight chances without an error. The score:

HIS STAR ON THE WANK Fred Duniap's Crown as Baseball King

Worn by Another. Fred Dunlap was the first baseball player to be styled "King of the Diamond," Dunlap, while spending the winter of 1885 in Paris, received a fabulous offer from Henry Lucas, the Napoleon of baseball in St. Lodis, who squandered his inheritance in the business and queered the famous Maroons in the bargain.

The "king" accepted the offer and returned to

captain the team that held as many stars as Spaid-ing ever had together at any one time. There were Glasscock, Jerry Denny, George Myers, "Hen" Boyle, and Little Seery, as well as a numwere Glasscock, Jerry Denny, George Myers, "Hen" Boyle, and Little Seery, as well as a number of promising coits, including "Long John". Dunlap's name was on every crank's lips and the enthusiastingszed on his second-base play as if he had been one of the gods come down to play before their astonished faces. He could do as much with one hand as most second-base play as if he had been one of the gods come down to play before their astonished faces. He could do as much with one hand as most second basemen could with two.]

About that time F. K. Stearns, of Detroit, a connoisseur of taseball stars, having a number of the first magnitude himself, purchased the "king" from Lucas, paying \$4,000 merely for his release. This sale created a sensation in baseball-dom, and the "king" became greater than ever. From Detroit he was soid to Pittsburg for \$6,000, himself receiving hair of the purchase money and a sainry of \$6,000, which President Stearns, of Detroit, had been previously bound by contract to pay the "king."

For two years thereafter Dunlap received much the highest sainry paid any ball player. The Boaton purchase of "Alike" Kelly for \$10,000, however, transferred the title of "aing" to the "unity Kel," and Dunlap's star bygan to wane. At the opening of the present season he was left out in the cold by the Brotherhood and narrowly escayed not being engaged by any cub. Finally Pittsburg decided to employ him and he went to work at a sainry at least \$1,000 less than he had received for many years, with the possible exception of 1880. Now it is announced that Dunlap has been given his release sand from a team that is perhaps a little bit the worst of any in the National League. Financial embarrasement on the part of the club owners may partially explain the move, but the plain truth is that the fanceus Dunlap has deteriorated into a very cheap man, When the Pittsburgs played here two weeks ago be was no more like the old Dunlap than a rose is like a

A large attendance, mainly of Great Britain's naval and military officers—many of high rank-accompanied by their wives and daughters, witnessed the game.

The game opened with the Atlantas in the field and the floston's at the bat. The second man at the bat hit a hot liner between short and third, which was fielded very cleverly, and a double play was the result. The Englishmen exclaimed: "By Jove, where is the bailty" "Ind you see the bailty" etc. So lively was the play that they might have been pardoned for thinking some one had put it in his pocket and walked home with it. The third man was struck out, which brought the Atlantas to the bat. The first man got his base on balls, the second man a two-base hit, which gave them a score; the third man was thrown out at first, by a scratch hit; the fourth knocked a high fiver, which was caught out, and solicited sundry other "Hy Joves."

The next man on base was caught napping and was declared out, which brought the Bostons to the bat again. The first innings were fair specimens of the game all through the Bostons to the bat again. Serious Accident During Yesterday's Racing Matinee at St. Louis. (SPECIAL TELEGRAM TO THE DISPATCH.) 87. Louis, May 17.-A deplorable accident occurred at the racing matinee this afternoon. It was in the first event, a six-furiong dash with six starters. West had the mount on Armstrong to-day. Burt was ridden by Thorpe, a white hoy, and Emily by Newman, also a white hoy. The horses were got off in a bunen and after going a suriong Burt stumbled and fell.

Emily and Jess Armstrong fell over him, and a cry of horror rose from the stand. Thorpe and west were carried to the starter's wagen, and driven to the clubhouse. Scarcely had the appliance subsided when Williams, of Yale, skimmed over the high hurdles in the 120-yard race, smashing the American figures of Alex. Jordan for the distance and ticing the world's record.

Then Willie Day, champion of champions, ran away from the field of first-class runners, and although he was coached poorty in the last half mile, succeeded in lowering America's record 61-5 seconds. Lee, of Harvard, went over the timber in the 220 yard hurdle race from scratch in 25 3-5 seconds, which knocked splinters from the old 26 2-5 seconds. NEW YORK, May 17. -That John L. Sullivan's challenge to fight Joe McAuliffe with gloves to a fluish, for \$10,000 a side, will be accepted, there is minsh, for \$10,000 a side, will be accepted, there is no longer any reason to doubt. Billy Madden will have no difficulty about getting the necessary backing. He said about \$7,600 had been voluntered in this city, and several of foe's California friends are enger to express confidence in their man. Several prominent business men of this city and Brooklyn are enger to back the champion, and he could get \$100,000 behind him just as easily as \$10,000 if it were wanted.

ESIDENT YOUNG, of the National League, has several additional umpires in mind, and he is prepared to inaugurate the double umpire sys-tem whenever a majority of the League clubs de-mand it. EWING yesterday wired Duniap asking for his terms. It is likely that Duniap will join the New York Players' club and play shortstop for them.— Philadetyhia Ledger. Ewing is not meeting with a great deal of opposition. "IT is not an unreasonable estimate to say that every day during this summer 5,000,000 Americans will examine the columns of their favorite newspaper to see the result of the professional ball games of the previous day." - Harper's Weekly. He will not accept until he is satisfied that his arm is strong enough to stand the strain throughout the season.

out the season.

The League is evidently trying to get Fogarty away from the Players' League. New York wants him and has asked the Phillies to name a sprice for his release. The latter has named the figure and Manager Mutrie has accepted the terms. Fogarty is not likely, however, to give his consent to the arrangement, as his three-year contract will hold him to the local Players' club, according to Judge Arnold's decision on baseball contracts.—Patt delphia Leager. contracts.—Patt ideipnia Leager.

"OLD MAN" ANSON, when asked if he favored changing the League schedule, replied: "No, sir! No, sir! No, sir! Under no consideration. The League with not change its schedule, ether. Do not fear that it will. Why is it that all this favorable to the League sitering its schedule comes from Brother-hood source? It is because they feet that if the Brotherhood is not to be a flat failure financially, conflicting dates must be avoided. They know too, that whichever changes its schedule hangs out the flag of distress, and hence they are using all the influence they can brings to have the League take that step. Falling in this, they will soon change their schedule, for they have got their eyes on the turnstile, in fact, they are paying more attention to the turnstile than to playing honest bail."

ALONG THE LEVEES.

River News for Steamboutmen, Sallers and the Public Generally

Duliness reigned along the rivers vesterday but it was a dreamy, delightful duliness, full of sunshine and laziness. How the colored wharfmen reveled in it! How they stretched them-selves on the boat rails, close above the gleaming water, and, drawing their tattered hats over their upturned faces, resigned themselves to slumber! It must have been difficult for the

MAMAUX & SON,

"AS BIG A FOOL AS THOMPSON'S COLT."

"Well, by George, I supposed every one'd heard tell of Thompson's colt. You see, it was like this: Thompson was an early settler, and owned a team and one colt. He lived on the bank of some big stream—the Mississip, I reckon. Well, whenever that tarnal colt of his'n was thirsty, instead of walking down to the water and drinking, like a sensible critter would, what did the fool colt do but swim to the other side, wade out, shake himself, turn around, walk down and-take a drink."

Now, some folks are just like that colt. When they get bilious and constinated, they just let it run on, until first thing they know they have to swim through a long, tedious spell of sickness. A few doses of Dr. Pierce's Golden Medical Discovery, taken in time, would prevent all that. There is nothing equal to it for Billousness, Impure Blood, Scrofula, or even Consumption, which is really nothing more nor less than Scrofula of the Lungs. The "Golden Medical Discovery" has cured thousands of cases of this most fatal of maladies. But it must be taken before the disease is too far advanced in order to be effective. If taken in time, and given a fair trial, it will cure, or money paid for it will be refunded.
