A NEW Suburban Town Site. Possessing advantages of access to THREE LINES OF RAILROADS.

LOW TAXES A gratifying feature of the place. The open-ing of the Reynoldton and Dravosburg bridge has caused a regular bown in Dravosburg. Workingmen who desire to own their own home generally look to the advantages and dis-advantages of a place before investing. The easiest manner in which a workingman can se-cure a home is to secure a lot in a desirable plan, and he can build a house thereon and pay for it as easy as paying rent.

The new Risher plan of lots at Dravosburg is just the place for such an investment, be-cause the taxes are small.

BEING ONLY 10 MILLS.

BEING ONLY 10 MILLS. It is almost a portion of the city itself, being only 14 minutes walk from the center of Me-Keesport, which the new Dravosburg bridge, opened this week, and an electric street car line, to be built this summer, brings into easy access. The location is most healthful and charming, overlooking the beautiful Mononga-hela and the city of McKeesport. People liv-ing in McKeesport have to suffer from the smoke and dust of the mills, and they find it more pleasant and healthful for themselves and children to live a short distance away from the heart of the city. The Risher plan at Dra-vosburg eclipses all others on the market, and persons who are wise enough to buy lots at the present low price present low price CAN DOUBLE THEIR MONEY IN A SHORT TIME.
