There has been no increase in new suits entered in the courts. During the June term Largest and best stock in the city. See last year there were entered in Common Pleas No. 1 756 suits; for the June term this year there are to date 581, and the for yourself, at Rosenbaum & Co.'s. Ths total number if expected to be near that of last year. At the April term of Common Pleas last year 551 suits were entered, and this year to date for the same term 802; but At E. P. Roberts & Sons, cor. Fifth ave. and

Mr. McQuilty states that the year will not average above that of several previous ones. Stephenson say that prices of as of other commodities, are Whitney stocks, as we y low, though they are not Western mortgages and think comparativ enamored of there is more likely to be danger from this source than from any other. Mr. Stephen-son is "for inst" the placing of Western mortgages. He wants the Western farmers to go fust East for money, as he says we have needer all we have got. Colonel william A. Herron says that while some people are more inclined to speculate but they should be, yet he

speculate own they should be, yet he con-siders the duntry quite sound, financially, it being ap to stand more inflation than in the past, the circulating medium being larger than formerly. Colonel Herron says he has seen a sufficient number of panies to feel himself capable of judging quite correctly, and he regards the conditions as very dissimilar to those that prevailed in 1873. There is a considerable indebtedness, but greatly en-larged ability to sustain it.

NO DANGER OF FAMINE.

ome speculators are endeavoring to frighten people over the crop prospects, but while most people are somewhat depressed on account of the excessive moisture of the last 20 months they comfort themselves with the reflection that crops will stand 20 months' excessive moisture better than the same length of drouth, and in some 7,000,-000 square miles there are likely to be some pretty extensive patches where conditions will be favorable, so that after all there is not likely to be danger of famine.

Montooth Stands Well.

E. W. Parshall, a business man and politician of Warren, Pa., was in the city yestorday. He says that there will be a strong Ecoublican bolt in Warren county if Dela-materis the Republican nominee for Gov-ernor. Either Moutooth, or Stone, he says, will ppli a strong vote.

BEING ONLY 10 MILLS. It is almost a portion of the city itself, being only 14 minutes walk from the center of Mc-Keesport, which the new Dravosburg bridge, opened this week, and an electric street car line, to be built this summer, brings into easy access. The location is most healthful and charming, overlooking the heautiful Mononga-hela and the city of McKeesport. People liv-ing in McKeesport have to suffer from the smoke and dust of the mills, and they find it more pleasant and healthful for themselves and children to live a short distance away from the heart of the city. The Risher plan at Dra-vesburg eclipses all others on the market, and persons, who are wise enough to buy lots at the present low price new: A Bargain.
