The Presbyterians Adopt the Committee's Recommendations.

NOT A GREAT VICTORY AFTER ALL. Considerable Trouble Ahead for Those Who

Make the Changes. A PHILADELPHIA MAN EQUELCHED.

The Doings of the Southern Presbyterians and

Methodists.

Friday morning's session of the General Assembly, at Saratoga, was the most important of any held. Several hours' debate decided the question of revising the confession of faith in the affirmative, not a voice dissenting. The resolutions adopted are filled with restrictive measures.

(SPECIAL TRUEGRAM TO THE DISPATCH.) SARATOGA, N. Y., May 24.-The revision battle is lost and won. It has been won by the revisionists, but their triumph is shorn to a great degree of the fruits of victory. They have achieved their object in securing revision, but they have secured it under restrictions which in some respects pullifies this result.

The Committee on Revision whose appointment is secured is limited to lines which curtail changes greatly desired by the ultra revisionists, but not by all. "Thus far shall you go and no farther, says the anti-revisionists, and their dictum is embalmed in the very act which authorizes changes in the Confession of Faith, as on to-day the time occupied by the business which took precedence of the all-absorbing topic was manifestly grudged by the Assembly, although in this case an address by the venerable Dr. McCosh on a subject ordinarily had at heart, formed part or the preliminary proceedings.

CHAIRMAN OF THE COMMITTEE SPEAKS. There was a palpable expression of relief when these were concluded, and the Rev. Dr. Erskine, Chairman of the Committee of Seven, to which had been confided the three propositions of Prof. McCracken, Dr. Patten and Elder Day, in respect to the appointment of a revision committee, mounted the platform. After announcing the pleasure it gave him to present the report the committee had prepared, he sketched the procees of its preparation. Each member of the committee, he said, first made out a statement of his individual views, which he submitted to the rest. After mutually considering these several statements, the committee men compared the propositions of Drs. McCracken and Patton, and Elder Day section by section.

After a thorough comparison they con-sidered the alterations and eliminations proposed and finally came to an unanimous agreement as to every section of the report he was about to present. He hoped the General Assembly would be equally unanimous and adopt it without a dissenting voice. Dr. Erskine then read the report, which is as follows:

THE RESOLUTIONS AS ADOPTED. Resolved, First, That a committee composed of one member of the Assembly from each Synod, to-wit: 19 ministers and 10 elders be ap-Synod, to-wit: 19 ministers and 10 elders be appointed by the Moderator to nominate to this Assembly a committee consisting of 15 ministers and 10 elders, which shall be called "The Assembly's Committee on the Revision of the Confession of Faith," which committee, when constituted by the General Assembly, shall consider the suggestions made by the Presbyteries in their answers to the second of the above questions, and formulate and report to the General Assembly of 18th, such alterations and amendments to the Confession of Faith, as in their judgment may be deemed desirable. THE ASSEMBLY BECOMES EXCITED. The report was received with applause, which was repeated when Dr. McCracken

"I heartily move to accept and adopt the feport, and join Dr. Erskine in the hope that it
will be carried unanimously." Cries of "question" were immediately raised. Without heeding them Dr. Erskine said: "In answer to our
prayers I believe the Divine guidance has
been vouchsafed to this Assembly in bringing
us to a unanimous conclusion, or one nearly
unanimous, as to the questions which have
been brought before it. As you see
by this report, while we took heed as
to the suggestions in the propositions
under consideration we have proposed

Committee in addition to those offered in the "I heartily move to accent and adont the es Committee in addition to those offered in the answers of the Presbyteries than those contained in the last paragraph of the report. This tained in the last paragraph of the report. This contains the only instruction to the committee which the Assembly is asked to adopt. I hope we will all unite in the adoption of this. [Cries of question.] When we do, the answer will go forth to the world that the Presbyterian Church has not renounced the system of doctrine which it has held from the beginning. [Applause mingled with cries of question.]"

A MINISTER BEATS A RETREAT. "I move you, sir, the question be now taken," formally said one delegate. Before it was seconded the Rev. Dr. Booth arose to a question of privilege, and the Rev. Will-iam Breuton Green, Jr., of Philadelphia, counted the platform to make a speech He was assailed by such a storm of d for a vote that a ter looking doubtfully at the shouting delegates he beat a retreat.

Dr. Booth had sat down by this time and report to vote. The vote was a standing one, so Dr. Booth did not remain seated long. He was almost the first to rise when the years were called for. Everybody else, except perhaps Dr. Patterson, arose with him, and as Dr. Patterson kept his seat when the mays were demanded. There were no votes in the negative. The "Doxology" was now sung and Moderator Moore gave thanks for the unanimity that continued to mark the proceedings.

THE COMMITTEE APPOINTED. The Moderator announced the following committee, which will nominate the actual Committee of Revisio.: H. Hambleton Hun-ter, Syand of Atlantic; Benj. F. Buttinger, Baltimers; William A. Alexander, Catawaba; Frank V. Mills, China; Robert Douglass, Colorado; Cartis C. Strong, Col-umbia; William C. GOOD SHOW FOR THE ARMY BILL.

Germany's negotiations with England concerning certain territories in Africa are suddenly suspended through the orders of the British Prime Minister. This leaves the matter a bone of contention between the two nations. The Emperor celebrates Queen

BERLIN, May 24 .- The negotiations with England concerning territory in Africa had almost reached the point of an exchange of a protocol, conceding to Germany a sphere of influence extending from the east coast to the Congo free State, when Lord Salisbury, the British Prime Minister, sent his envoy, Sir Percy Anderson, emphatic orders to suspend communications and await | instructions.

Since then Sir Edward Malet, the British Ambassador at Berlin, has intimated that the negotiations will only be resumed on the basis of a recognition by Germany of English rights on the west coast of Lake Knight's house caught, and also that of Tanganyiki and the territories north of Tanganyiki, including Uganda. Whatever is Lord Salisbury's motive, it has evoked an energetic protest from Chanceltor von Caprivi, which the Emperor either inspired o ndorsed Only strong State, combined with family reasons, determined the Emperor to persist in his cordial relations with the English Government

ESSENTIAL TO PROSPERITY: The North German Gazette, whose director recently had several interviews with Chancellor von Caprivi obtained a semi-official communication advocating a continuance of the English occupation of Egypt as essential to the prosperity of that country. The article obviously pointed that the German Government was ready to support a permanent occupation of Egypt by the British. The Gazette did not state the but suggested that if Germany obtained a hold in the districts in Central Africa claimed by England, the British Army would be confirmed in the occupation

The Emperor, as if desiring to mark the strength of the entente with England, is celebrating the Queen's birthday with unusual ceremony. Sir Edward Malet and the whole British Embassy banquetted to-night at the Royal Castle. The Emperor toasted the Queen as the head of a great family, the ruler of a friendly nation, and commander of the first German dragoons. In conclusion he said: "May God preserve admittance and was kept or and protect and bless her for many years to she first made application.

TOASTING THE EMPEROR.

The British Ambassador responded and offered a teast in honor of the Emperor, who afterward proposed the health of Chancellor Caprivi, calling him his trusted Minister and valuable servant of the country. The English flag is displayed on every Govern-

ment building.
It is improbable that this effusive display England will induce Lord Salisbury to concede the demands of Germany, even if Allegheny Cemetery. Egypt should be thrown into the balauce. General von Caprivi will not abate his claims and the issue will be an indefinite suspension of negotiations, which will leave both parties to proceed with the game of territorial grab until the complications

arising there are more critical. Newspapers, commenting upon Lord Salisoury's utterances on the situation, concur in the opinion that warlike complications Pasqual Bruno, and 91 boarders. THE ARMY BILL.

The Reichstag Committee on the army and labor protection bills will reassemble a week before the plenary sitting of the House. The progress of the army bill justifies the calculation that it will be passed by a vote 245 in favor to 152 against, despite the Government's admission that the present de-

nand is a mere installment.

The Socialists, a section of the Freisinnige party and a section of the Clericals will join the Conservatives in supporting it. EIGHT-HOUR PRINCIPLE.

The Socialists have three members, Herren Bebel, Dietz and Grillenberger, on the Labor Committee. They are sanguine that they will get clauses introduced in the labor bill constituting workmen's syndicates and labor bureaus under a special Minister of Labor. They are even hopeful of having the eight-hour principle recognized, although they do not expect to have it made effective. The position or the Freisinnige party is more than ever uncertain. The election of Herr Schrader as President of the party's committee in place of Herr Richter, indicates a widened rupture in the party. The Freisinnige Zeitung says that Herr Richter continues to preside over a committee of direction, consisting of seven members, Herr Schrader having received merely an honorary appointment to the Presidency of the Committee of Thirteen. This explanation does not touch the fact that open disunion is diminishing the strength of the party.

WILL VISIT ENGLAND. The Hamburg correspondent says that Prince and Princess Bismarck will visit the Marquis of Londonderry and the Earl of Rosebery and be in England at the end of June, remaining six weeks. During the week Prince Bismarck entertained Herr Bleichroder, Dr. Bucher and his old secre-

tary, Rothenberg, who is assisting him in arranging his memoirs.

The Socialist and Freisinnige papers teem with stories about the Emperor and the ex-Chancellor. It is asserted that the Emperor is highly incensed because of the Prince's statements to the correspondents of foreign papers; that he speaks of the ex-Chancellor as only fit or a lunatic asylum, and that he intends to send him a final warning before dealing with him as an enemy of the State. Whatever may be th Emperor's irritation, it has not caused a rupture with Prince Bismarck. Imperia Court Chancellor Liebenau is about to visit Friedrichsruhe, and persons intimately connected with the Emperor's circle, also com-

The reception the speech met with abroad showed its importance.

The North German Gazette says it doubts that Chancellor Von Caprivi will accompany the Emperor to Russia. A decision, it says, has not yet been arrived at. Prince William, of Saxe-Weimar, has been declared a bankrupt. His debts, due chiefly to gambling, amount to 243,000 marks.

A CARLOAD OF BEER DISPOSED OF. Kegs Hurried Away in All Directions by

Men and Boys.

Leechburg is the scene of the first original ackage trouble in this State. A carload away the instant the car doors were opened.

package business is just now making more of a stir among the people here than anything for a long time. The goods arrived court D. J. Ball, Esq., of the Examining on time to-day, but the brewing company's agent, Mr. Silverman, could not litt them until the order was received from the shipners. This order seems to have been forkept at a fever heat all day. Finally, about 5 o'clock this evening the order came, and the railroad company delivered the carload

of beer to Mr. Silverman. The goods were hauled to a room adjoining the Schwalm House, owned by Joseph Schwalm, and by 6:30 o'clock all was sold but seven kegs. These were shipped to Apollo, whither Mr. Silverman went on the evening train. After the car was opened it took but a few minutes to dispose of the goods. It seems most all had been sold and the money collected before the car arrived, and "original packages" were soon traveling in all directions on the shoulders of men and boys. Orders have been taken for a large lot for Monday's use. The result of the sales to-day are plainly apparent on the streets to-night from the increased amount of drunkenness.

THE AGENT'S ARREST ORDERED. The committee having the matter in

charge met and after two hours' deliberations authorized its Chairman to enter suit on Monday morning against Silverman for be entered by the civil authorities for maintaining a nuisance in the borough. Mr. Silverman seems to care but little for arrest, and says if this is done he will not give bail but will go to jail, and then if it should be decided that his business is legal, he will look to the parties ordering his arrest for

damages.
At Apollo the excitement is even greater than here. The opponents of the liquor traffic assert that the easiest way out of the difficulty will be to dump the wagon, owner and beer into the river as soon as it arrives and allow the company to do the fighting. Here among the better class of people noth ing is heard but the most bitter denunciation of the brewing company and its agent, and a determination to fight the matter to an end one way or the other. On the other hand, the advocates of the business say that the people have no right to try to set aside the decision of the United States Supreme Court. The citizens of the two towns are about evenly divided on the question, but the majority of the influential people are against the traffic.

AN AMUSING COINCIDENCE. All necessary funds for for the prosecution of the matter are pledged by the good peo-ple of the borough. The only ludricous in-cident in the whole business in the advent of such a racket as this on the same day the session of the W. C. T. U. of the county ad-

journs. The hand bill announcing the new departure which follows was scattered all over night:

Here We Are. ORIGINAL PACKAGES. The Cincinnati Brewing Company an-nounces to the public of APOLLO AND LEECHBURG,

at Leechburg, will be promptly attended

amount.

Nothing has been heard from Apollo, bu it is presumed the seven kegs of beer sent there were disposed of as quickly as those that were sold here. This being the first original package case in Pennsylvania, the courts will doubtless have a long wrestle with it.

ILLINOIS DAIRYMEN UP IN ARMS. Market Opened for Oleomargarine

Through the Original Package Scheme.

CHICAGO, May 24.-The "original package" question is arousing great interest among the produce men of this city and the country at large, owing to the effect its settlement will have upon dairy interests. It is claimed by the darrymen that oleomargarine manufacturers can take advantage of the decision and ship their imitation butter into New York and other States in defiance of existing laws, which, with certain conditions, prohibit its sale, thus injuring greatly the producers of the genuine product. The dairymen, it is claimed, do business on so slender a margin as to make competition with oleomargarine manu acturers impossible. Six months' application of the origi nal package decision to the oleomargarine trade would, it is asserted, ruin two-thirds

of the dairymen now doing business in the state of New York, and the same interest in other States would suffer equally. Such being the case, the National Dairy men's Association has determined to take the matter in hand and make a fight against Every Sunday via B. & O. R. R. Rate \$1 50 round trip. Train leaves at 8:30 A. M. 'original packages' of all kinds. Accordingly, the Legislative Committee of the as sociation has arrang d to hold a meeting early in June, when plaus for an activ campaign will be arranged.

SPEEDY ACTION PROBABLE.

The Original Package Question May be Beerded During the Week. WASHINGTON, May 24.-The temperance movement in the House and Senate is in a very robust condition. Within a few days it is expected that the Committee on Commerce of the House will report favorably a bill similar to the Wilson bill in the Senate graciously granting to the various States the right to execute their own law, bearing on the liquor traffic, to the extent of prosecuting illegal dealers in "original packages," and in the Senate the Wilson bill will be disposed of before the end of next week. It will be taken up on Tuesday, and only the miscellaneous business of the morning hour will interfere with its continuous discussion until the final vote is

Mr. Jenkins reasons for resigning are said to be somewhat personal. During the recent troubles in Trinity church Mr. Jenkins was the steadiast supporter of Rev. Samuel Maxwell. To fill the two vacancies in the vestry a meeting of the pew holders of Trinity has been called for Monday

evening, June 2.

Rev. Samuel Maxwell, for over seven years rector of Trinity Church, severs his connection with the parish to-day. His service in that capacity commenced upon the 1st of April, 1883. His farewell sermou until the order was received from the ship-pers. This order seems to have been for-gotten, and the result was the town was understood that Mr. Maxwell will rest for several months before accepting any of the various rectorships which have presented offers since his retirement from Trinity Church became assured.

It is expected that active overtures will be commenced during the present week look-ing toward the consolidation of Trinity and St. Peter's Churches. There are said to be some legal impediments which will require time to remove, but those who are act the movement forsee no insuperable difficulties. It is even rumored that the consolida-tion is now practically assured, with Rev. W. R. Mackay, rector of St. Peter's as the new paster of the new Trinity Church. A member of Trinity Church was interviewed last evening and said that he thought the main talk about consolidation came from the members of St. Peter's congrega-

RIVER NEWS.

Signal Service Observer Stewart Prophesies Thirty Feet of Water.

The good people along the river banks are mightly scared about the rivers. Signal Service Observer Stewart is in a measure responsi-ble for their fright, as he prophesies over 30 feet of water. In point of fact the Mononga-hela is still rising, but the Allegheny has sunk slightly. The height of the former river, at 4 P. M. yesterday, was 19 feet 8 inches, while the Allegheny was over 20 feet. On the currents, large quantities of wreckage and brush were carried down. A number of raits and boat bottoms, loaded with sawed timber, and valued at \$71,000 passed down early yesterday. The bridges received many hard knocks from the floating timber, but no appreciable damage was done them. Up to last night the Alliegheny had not got into any inilis on the Pittsburg side. Fears are, however, entertained for the Lucy furnaces. The water is also looked for at the Black Diamond works. All the boats and barges along the wharfs are secured with extra lines. Most of the rivermen hold contrary opinions to those of Observer Stewart. They believe that the rivers will not rise beyond 25 feet, and some of them doubt the possibility of their attaining even that height without the aid of a great deal more rain. carried down.
