Warm and Forcing Weather and Plenty of Rain Cause Weakness in the Wheat Pit - Corn, Onts and Pork Show Little Change.

CHICAGO—A fair volume of business was transacted in wheat to-day, and the feeling was somewhat unsettled. Early in the day the feeling was weak, the opening %@1/c lower than closing figures on Saturday, and prices later de-clined 13cc for July, and 13cc for deferred futures; then became strong and advanced ly %c lower for July, %c lower for August and %c lower for September than the closing on Saturday,

Warm and forcing weather and plenty of rain had a weakening effect. The selling was heavy, some parties evidently going short, and some long wheat was closed out. The local crowd long wheat was closed out. The local crowd evidently sold too freely, and, when the decline was checked, and the market turned up, early short sellers were anxious to cover. There was nothing really but the speculative movement to have caused the change in prices. Bad crop news continued to be received from the winter wheat districts, the tenor being about the same as noted for several days past.

There was a good business transacted in corn within 146% range, the feeling prevailing being a little unsettled, and the market ruling weak early and a little steadier later, though the undertone was not strang. The market opened 166% looked than Saturday's closing, was easy for a time, became firm, selling up 146% clower than Saturday.

Oats were fairly active and weaker early in the day, first sales being at 146% decline. There was a good demand at the decline, and offerings not being very large, a stronger feeling developed. Prices advanced 146% for the near and 166% for the distant futures, and the market closed steady at about inside figures.

Receipts of cattle at Woods' Run, 211 head from St. Louis and 115 head from Chicago, total, 326 head, against 268 head last Monday. St. Louis cattle were a new feature at those yards, and range of prices was \$1 50 to \$5 50 per cwt. Chicago's sold at \$4 25 to \$5 25. The offerings of sheep and lambs were 465 head. Wethers sold at a range of \$1 50 to \$5 60, and yearlings from \$5 50 to \$5 50. There were no hogs on the market. The situation showed some improvement over last Monday. Demand was good for all offered, and pens were well cleaned out at moon.

At East Liberfy there were 100 loads of cattle on the market this morning, against 60 loads last week and 55 the week before. Our local needs are about 75 loads pur week, and when receipts go up to 100 loads markets are sure to drag. The past two Mondays' demand has been active at advancing prices, owing to light receipts. This week we are having the famine which follows the feast. The excess of supply being so much beyond the needs of our market, buyers made the most of their opportunity and calmly waited for the holder to come to them.

Fully two-thirds of the offerings to-day were common and low-grade stock, and on this grade there was a decline of 25c per cwt. Good, fat butcher beeves, weighing from 1,200 to 1,400 has, suffer of leves from the decline, but all cattle were off a least 15c from prices of last Monday. There were no strictly prime cattle offered. The top price of the best bu her cattle effered was \$4 75 to \$4 80 g cwt. At 9 o'clock this morning it looked as though holders would be lorded to still lower prices, as wery little had been sold at that time.

There were very few country cattle on the market. Nearly all offered were from Chicago the country that the price of the lest busher cattle effered was \$4 75 to \$4 80 gets. at \$25 40 country, \$610 country, \$

## ANOTHER BIG DEAL

Two Fine Business Properties on Smithfield Street Picked Up.

NEARLY \$100,000 INVOLVED. The Baltimore and Ohio Railroad May Soon Double Its Common Stock.

THE NEWS AND GOSSIP OF THE TOWN

Three months ago one of the members of prominent banking and real estate firm went to a Fourth avenue broker for his advice in regard to paying \$2,500 a foot front for two business properties on Smithfield street. He was advised to make the purchase. The deal was closed about 11 o'clock vesterday.

The gentleman was Mr. A. W. Mellon. and the property in question comprises Nos. 504 and 506 Smithfield street, having a total frontage of 38 feet, by a depth of 60 feet to the Splane property in the rear, with two four-story brick buildings, one of which has recently undergone extensive repairs. The rice, \$2,500 a foot front as stated above, or \$95,000 in the aggregate, is considered reasona-ble for that locality and contiguity to one of the best corners in the city.

Many readers of THE DISPATCH will remember Lawyer Penny, who died 10 or 12 years ago. He left considerable realty of which the properties just acquired by Mr. Mellon consti-

"It is reported that the hesitation of some of the Garrett party to consent to the increase of the stock has been the delay in earlier presenting this plan. It is now believed that they ap-prove of it. Efforts have been recently made to form a syndicate to purchase a portion of this proposed new issue. These efforts are doubtless the basis of all the recent rumors in relation to the sale of the control of the property and the organization of a syndicate to buy same. The issue of stock is really forced upon the Baltimore and Ohio by the Pennsylvania and other trunk lines, providing for vast expenditures on their systems, which necessitates the Baltimore and Ohio to expend large sums to compete with them on equal terms, "This will double the common stock of the company, and the future control of the property must depend on the interests that secure most of the new issue. Rocked on the Crest of the Wave,

The landsman, tourist or commercial traveler, speedily begins, and not only begins, but continues, to feel the extreme of human misory during his transit across the tempestuous Atlantic. But if, with wise prescience, he has provided himself with a supply of Hostetter's Stomand Bitters, his panes are promptly mitigated, and then cease are the good ship again, and thousands of our yachtamen, summer voyagers, tourists and business man do know it.

Westinghouse Electric Makes a Sudder Showing of Strength-Other Features. Showing of Strength—Other Features.

The attempt yesterday to fill a few Eastern buying orders for Westinghouse Electric run the price up to 43 for 10-share lots and 42% for 100 shares, without bringing any of it out. The closing price for the stock on Saturday was 38%. Predictions were freely made that it would reach par, 50, on the present advance. Citizens' Traction, Allegheny Heating Company and Switch and Signal were stronger.

The natural gassers were steady to weak, Philadelphia being in the latter category, as Philadelphia being in the latter category, as were also Central Traction and Pleasant Valley. Other changes were trifling. Bidding was active, and holders, as a general thing, seemed in no hurry to let go. Sales were 405 shares—

Lawrence County to be Thoroughly Tested for Oil by the Standard.

NEW CASTLE, May 26.-It looks at present as though Lawrence county was to be thoroughly tested for oil. The Standard Oil Company has leased nearly 2,000 acres of land near Neshannock Falls, and it is said they will test the land as soon as possible. The lumber is already being cut for a derrick on the Hamilton farm, two miles northwest of New Wilmington. A representative of an oil firm has

RAILROAD EARNINGS

The Principal Bullish Factor in Stock Trading-A Drive at the Trusts Knocks Sugar and Whisky Off Their Feet.

NEW YORK, May 26 .- As the recent net

NEW YORK, May 26.—As the recent net earnings of the railroads are made public, the outlook is better, as they in many cases make a materially better showing than the gross. Saturday and to-day being bank holidays in London the stock market received no support from that quarter, and to-day there was a disposition on the part of many operators to await for London. Friday here is also a holiday, and the week being so broken up, it is probable that no great activity may be looked for in Wall street until the beginning of next week.

The feeling this morning, however, was generally bullish, and the general list as a rule showed small fractional improvement over Saturday's final prices. Chicago was a buyer of the Grangers and Chicago Gas, and the commission people, while not so liberally supplied with orders as a few weeks ago, were bullish and so advised purchases. The movements in the list under the circumstances were small and unimportant as a rule, and only in the few stocks in which opportunity was given for special demonstration were activity or wide fluctuations. In the regular list St. Paul was active, and while traded in over a range of only 1 per cent, displayed a firm front with the rest of the list. Atchison, although the issue of a large amount of new stock is not looked upon with favor, held its own very well, though dropping rather more than the remainder.

A special drive was made at Cleveland, Cincinnati, Chicago and St. Louis in the forencon, with the result of knocking off its price nearly 2 per cent, but a partial recovery followed, and only a slight effect was produced upon the general list. Chicago Gas and Oregon Transcontinental were the strong stocks, and the former retained most of its advance at the close. The features of the day, however, were the trust, and especially sugar and distillers'. The former was let off rapidly in the carly dealings, ostensibly with the object of getting rid of some of a too numerous following, and within ten minutes it had fallen from 89 to 554. The stock rallie

Railroad bonds were quiet but displayed again a firm tone, and while the final changes are generally slight the majority are advances. The sales were \$1,294,000, with the Atchison incomes leading. Cleveland, Cincinnati, Chicago and St. Louis consuls, Ohio and Mississippi cousuls, Lake Shore firsts, Alton and Terre Haute dividends and Ohio, Indiana and Western firsts were especially strong.

State bonds have been dull and without feature.

The Post says: The news of the forenoon, while of a mixed character, was on the whole favorable to higher prices for stocks. The good bank statement of Saturday increased the bullish feeling among traders, and the fact that prices have advanced for the last two months has not altered their expectations of still higher prices. The situation among the Western roads continues unsettled, with no encouraging feature in the immediate outlook, but the carnings of these roads show large gains over last year, which indicates considerable exaggeration as to the actual troubles.

The reduction in passenger rates affects only a small part of the total business, and is partly compensated for by the heavier volume of travel. The coal trade has improved to the extent that warrants the starting up of several heretofore idle collieries.

The net result for the day was irregular changes, with the majority of stocks higher than at the close Saturday. The trust stocks fluctuated widely throughout the day and closed lower.

NOTES FOR BOATMEN. The Predicted Big Flood Fails to Make

Connections.

The old ladies of Pittsburg have had their trouble for nothing. The big flood, prophesied by all the morning and evening papers, with the single exception of THE DISPATCH, did not become an accomplished fact. In fact, the waters never rose beyond 22 feet, and THE DISPATCH river reporter is highly complacent anent the result of his prediction. After all, the experienced riverman knows more about floods and summer rises than the most accomplished superintendent of signals. It is practice versus the theory over again. Connections.

Bents and Bontmen. THE City of Pittsburg took out a big excursion resterday. A band accompanied the party. THE Keystone State, of the Pittaburg and Cin-cinnati packet line, arrived yesterday. She car-ried quite a big number of passengers. THE Scotis left Cincinnati for Wheeling and Pitt-burg Monday evening. Captain John Phil-lips is in command, with R. H. Kerr in the office. CAPTAIN CHARLES BARNES completed the work of putting a shaft on the Bob Ballard Sunday, and she jeft Cincinnati for Pomeroy yesterday with a tow of empty barges. tow of empty sarges.

THE fine sidewheel excursion steamer New Mary Houston will leave (Incinnati for New Orleans next Saturday. Captain Lew Kates is her commander, and James Alexander has charge of the office.

THE elegant sidewheel steamer Big Sandy is the next boat out for the lower Ohio and Memphis, and leaves Wednesday from Chrcinnati. Captain J. H. Vinton is in command, and Charles Vinton has charge of the office. SCOTTDALE May 28.—Guffy & Co. have brought in another well in the Grapeville gas field. It was struck some time last week and is said to be a roarer. It has been annexed to the line which supplies the rolling mill of this place. Another well there has been drilled in. The Guffys have leased several thousand acres of land in the vicinity of Bellevernor. Fayett county, and have parchased outright a large number of acres. It is reported that the drilling of several wells has been commenced, and there is every indication that an important field will be the result.

A SCARCE SUPPLY OF FRESH EGGS.

Quality of Butter is at Its Best and Prices at the Lowest.

GRAIN AND HAY MARKETS ARE TAME

OFFICE OF PITTSBURG DISPATCH, MONDAY, May 26, 1890. Country Produce-Jobbing Prices. Strawberries are coming in freely, but in poor shape, a fact charged up by commission men to unfavorable weather. Prices have declined and 15c per quart is the outside figure to-day. Home-grown berries will be two weeks behind average time of arrival on account of rainy, cold weather. Volume of trade in the line of dairy products last week was the largest of the season. Demand for new cheese was far in excess of supply. The same was true of fresh near-by eggs. Many of our dealers found it necessary to draw on their stock of cold storage eggs to supply customers, a thing heretofore unknown this early in the season. Country roll butter is hard to sell at any price. Nov that grass is at its best, and the yield is extra large, owing to continuous rains, butter is un-usually abundant. Country rolls have not been best and prices are at their lowest. The stock of Swiss style of cheese is very low and demand of Swiss style of cheese is very low and demand is so active that an advance is probable before the week is out. The general produce trade was reported by dealers quiet to-day, as if uniformly is on Monday. All signs, however, point to a lively week.

Grain, Flour and Feed.

There were no sales on call at the Grain Exchange. Receipts as bulletined 41 cars, of which 21 cars were received by the Pittsburg. Ft. Wayne and Chicago Railway as follows: 10 cars of oats, 4 of hay, 4 of flour, 1 of feed, 2 of malt. By Pittsburg, Cincinnati and St. Louis, 7 cars of corn, 1 of feed, 1 of screenings, 1 of wheat, 1 of mill feed, 2 of oats. By Baltimore and Ohio, 4 cars of hay. By Pittsburg and and Ohio, 4 cars of pay. By Pittsburg and Lake Eric, 1 car of rye, 2 of flour. The situation in cereal lines shows a downward drift, and while prices are not quotably lower there is little doubt of a decline at an early day. Oats are already a little off.

Permanently Cured in Four Weeks. Mr. McClelland Myers, of Coraopolis, Pa.,

quent and attended poorly, had headache all the time, and as the diseased condition of his kidneys, from which he suffered, grew worse, his appetite became he suffered, grew worse, his appetite became poor, bowels costive, and he had sour eructations of gas from his stomach after eating. He had a constant tired, wornout feeling. It was while in this condition that he consulted Dr. Shafer, of the Polypathic Institute. Mr. Myers says: "I had been suck for four months and constantly grew worse. I was compelled to give up my business. My family physician finally advised me to consult Dr. Shafer, the kidney specialist at 420 Penn avenue. I consulted the doctor, who made a thorough analysis of my urine, and being convinced that he understood my case, I began treatment. I noticed an amprovement from the beginning, and in four weeks every symptom had disappeared. I have been following my regular business for some time, and no trace of my disease has returned. I never felt better than I now do, and I most cheerfully recommend Dr. Shafer to all suffering from symptoms as I was.

MCCLELLAND MYERS."
