

Scotch-Irish I thought were in America, and this was the answer I gave him. He said that from what he knew of the people of the United States he thought I was right. lumination, and the Allegheny Heating Com-pany to display natural gas. The public schools will also be requested to decorate. The Committee on Invitations and Recentions will invite the President of the United States and all his Cabinet, the Governor of the State and his staff, the Senators of the State the Con-gressmen from the Allegheny and Pittsburg districts, with the members of the State Legis-lature from the same districts, all the officials of Pittsburg and Allegheny county, including everyone in any way connected with the local government, and also all the members of the Grand Army of both cities, the military, singing societies, trades and other organizations. "My work through the South was quite satisfactory, and considerable interest was

manifested by the people. Some State so-cicties have been organized, and the organ-ization in California shows what can be done. THEIR METHODS ARE QUIET.

Mr. Roseteld, in his "Winnings of the West," shows to what an extent the Scotch-Irish have scattered over the country. Their methods are quiet, but the indomita-ble will displayed by the race has carried them often beyond the advance lines of civ-

ilization, into the wilderness. Dr. MacIntosh claims the Scotch-Irish were among the pioneer settlers of the West. He is proud of the Scotch-Irish poets, diplomats, orators, statesmen, and commercial and church men who have figured in the world's history.

The specific programme for the congress has not yet been arranged. Congressman W. C. P. Breckenridge, however, will de-liver his oration on "Scotch-Irish Statesmen and Statesmanship," to-morrow evening. The convention will open to-morrow. The and Statesmanship," to-morrow evening. The convention will open to-morrow. The programme will be announced from day to day. CITIZENS' COMMITTEE DISSOLVES. The Citizens' Committee having charge of the arrangements for the congress, met ves-terday and completed their work and then dissolved. The Finance Committee re-dissolved. They are two Russians anxious to learn some-thing about the American methods of produc-ing oil. There are large quantities of oil in the Empire, but so far the fields have not been de-

Men May Drink as Well as Horses. To-day the Department of Public Works will

begin the work of putting in stone watering troughs given to the city by an eastern man. Chief Bigelow has decided to connect with each horse trough a drinking fountain for men.

ONE of the first things necessary when con-templating a visit to New York, is to arrange for your room. Write to the Sturtevant House, Broadway, corner Twenty-ninth, cen-trally located. Moderate prices; every con-
