PRECIAL TELEGRAM TO THE DISPATCELS OTTAWA, May 27 .- A gentleman who as arrived here from Newfoundland in connection with business with the Dominion Government, says that the people of that colony are in a thoroughly demoralized condition-almost on the verge of rebellion against the British Government for the nanner in which they have been treated by the imperial authorities in sur-rendering to France one of the most valuable sections of the island while France continues to discriminate against them. From this distance he says it is impossible to picture the excitement that prevails throughout the colony. A QUIET MEETING.

Local Ball Magnates Meet, but Won't It was stated yesterday afternoon that President Nimick and Directors Converse and Brown, of the local National League club, held a meeting during the day and discussed the affairs of the club. When questioned on the matter Mr. Ninick stated that the meeting only related to the "eattle ranche affairs." A director, however, said that the affairs of the club were what

the meeting discussed.

Nothing could be definitely learned as to what the expressed opinions of the local magnates were, but Director Brown said that he is quite ready to put up more money if it is needed. All eports about the alleged transfer of the club are ports about the alleged transfer of the club are uphatically denied and the bills amouncing a fittaburg-Chicago series of games commence, here on Monday are out. One authority ited that the directors are auxious to spend oney in securing better players. If this is true amove will be a wise one.
Another rumor is current and it relates, to the avers' League. A telegram from Philadelphia tes that Manager Hecker declares there will be a wise as the Players' League. Piavers' League. A telegram from Philadelphia states that Manager Hecker declares there will be a colonge of schedule, as the Players' League clubs will remain in the East after the present Eastern series is through. This, however, seems to be only a rumor, as no authority other than Mr. Hecker is given. The news is too good to be true. Should such a change be made, however, the new League will show that it has some respect for the public's wishes.

PAPECIAL TELEGRAM TO THE DISPATCH ! BROCKLYN, May Z. -The Pittsburg (P. L.) team gave another wretched exhibition of ball playing at Eastern Park to-day, and Ward's men found no difficulty in winning the game. The fumbling of difficulty in winning the game. The fumbling of the visitors completely disgusted the 316 specta-tors. Carroll started in to catch Staley, but he made such a mess of it that he retired to left field, Fields going behind the bat, but Fields was not much better than Carroll. The Brooklyns stole bases when they pleased. Thirteen stolen bases is the record made by

Ward's men. Staley was pounded hard and at the right time. Visuer and Beckley were the only men that escaped without making errors. They played their positions well throughout the game. Van Haltron, the Brooklyn twirler, was a trifle wild in the box, but his wildness was not costly, for the the box, but his wildness was not costly, for the visitors fatlled to make their hits count for much. Cook, the Brooklyn backstop, retired in the fifth inning so that Jack Hayes could practice, and he caught well. Andrews made a good running catch in center field, which met with applause. The fielding of Ward, Orr and Baner were the features of the game. The score:

The aggregation of "old 'uns" who represent Pittsburg in the Players' League are now beyond, or rather below criticism. SENSIBLE stockholders in the contesting base-ball leagues should rise up and demand the abo-lition of conflicting dates. WELL, both our clubs are now at the botto the list, and we should feel consoled with that they cannot get any lower. THE T. P. Druitts would like to arrange for game on Decoration Day with the Benton Blues Address No. 15 Old avenue, city. AT this stage of the game the public would do wdit to wash its hands of baseball and keep clear of it until the fighters restore peace. THE John Fay Stars have organized and want to play any young toam. Address Henry Con-nelly, Eldgestreet, Thirteenth ward. THE Fairbank Base Ball Club would like to hea from any club not over 15 years of age. Addres Albert Dauer, 22 Spring Garden avenue, Alie John Ward says that if there were no conflicting dates both the Players' League and National League could live, and still fools continue those dates. It is preposterous.

The past four days Harry Wright has been totally blind from a cold caught several weeks ago, and which has settled in his eves. He is confined in a dark room. Fears are entertained that his sight may never return.

A DISPATCH from Philadelphia says: The Philadelphia (P. L.) club made another hid for popularity to-day by announcing that on Thursday the Philadelphia and Chicago Players' League clubs would play a game tor the benefit of Manager Harry Wright, of the Philadelphia (N. L.) club. Manager Wright is still confined in a dark room through catarrh of the eyes, and his wife is also very sick. When asked why the Players desired to give a benefit to an opposition manager. Manager Buffulton said: "Well, we all like Harry Wright, and he has been in very hard luck lately." "But, does he need the money?" "Well, we are informed that he does." replied Buffunton. "And we will give the benefit whether he does or not, "put in President Love. Manager Wright's friends say that he is in good circumstances, and that under no consideration will he secept the offer of a benefit.

The listest about the Love-Fogarty matter is to

that under no consideration will be accept the offer of a benefit.

THE latest about the Love-Fogarty matter is to the following effect: President Love, of the Philadelphia Players' League Club, expressed great surprise yesterday at the report that he was to be removed from office. When asked if he was aware of the fact that Fogarty had resumed his position on the team with the understanding that he would be requested to resign, fir. Love replied: "I have nothing to do with Fogarty's return to the team, and have never been asked to resign from the Presidency of the club, nor do I intend to resign. Mr. Johnson is in no way connected with our club, and what he may have said will not affect my position in the matter in any way. We have a very capable and popular man in charge of the team now, and I do not interfere with him in the pursuit of his duties." Director J. Fare Wagner, who is now credited with being the heaviest stockholder in the club, was present, and while ne was most anxious to leave the matter rest, said emphatically that Mr. Love would not be asked to resign.

AMERICAN MUSIC

To be Stimulated by the Organization of a

Composers' Choral Union. SPECIAL TRLEGRAM TO THE DISPATCH. NEW YORK, May 27 .- About 75 men and women met in Hardman Hall to-night and organized the American Composers' Choral Association. DeLancey Nicoll was elected President Theron G. Strong, Vice President, and Schuyler Roosevelt Treasurer. Several hundred American musicians had already agreed to join the association. Mr. Emelis Agramoute is its founder. He is a Cuban by birth, but has been known for many years in this city. His idea was to form a musical society to produce only the compositions of American musicians. He said that a society such as he proposed would be

a tremendous stimulus to music in It is proposed that the society give three concerts each winter, one in December, one in February and one in April. Mr. Agramoute was chosen musical director, and it was announced that the first rehearsal would be held in October. As at present planned the association proposes to produce only such pieces as are suitable for concerts, but if any American composer brings out an opera or operatta of merit the asso-ciation stands ready to produce it.

HIS FAREWELL TO EARTH.

The Story of a Suicide Told by a Hat and Cont. Shortly before 12 o'clock last night Jacob Jenney, of Fingal street, and James Proshart, of Sarah street, were coming across the Ft. Wayne Railroad bridge, returning from Allegheny, where they had been playing at a party, when they found a coat and hat lying on the footwalk at the second pier. They found on top of the hat, which was carefully placed over the coat, a postal card. On the address side was the inscription:

"To all whom this may concern, Pa." On the other side was: Pitts., May 27, 1800. Suicide of Col. Jos. San-ford, alias Jos. Reichstadt, at 11:30 o'clock, jumped in the Allegheny river, Pitta., Pa. There was no one in sight, and the two men gathered up coat and hat and carried them off the bridge. They met Officer John Moran, to whom they gave the articles. Officer Moran reported the matter at the station. The coat is a well-made garment, only partly worn, sack pattern and made of black and white material, with a faint red bar. The hat is a good blue soft felt and bears a trade mark of 1143 Penn ayenue. Pittsburg.

There was but one pages in the coat. This was a sort of prospectus of "The Sanford Opera Company," written on both sides of a sheet of foolscap. The police authorities carredy know what to make of the affair. It has an odd air throughout, and the show company prospectus gives it a semi-theatrical appearance.

Joseph Reichstadt lived with his widowed mother and a brother in the rear of 1347 Penn arenne, He was 19 years of age, and has been subject to epilepsy and temporary insanity for the past two years, He left home at 10 o'clock yesterday morning without saying where he was going, but was seen by a companion at 6 o'clock last evening in Allegheny. His brother identified the coat and hat found, and the handwriting on the postal card, this morning. OPPOSING THE BENNETT LAW. Pirst Convention of the German Catholic

Societies at Milwaukee. MILWAUREE, May 27 .- The convention of German Catholic Societies held its first business meeting this morning, preceded by appropriate religious services. The entire morning was given to the discussion of the Bennett school law, the general sentiment being that it was in direct opposition to the church. The Committee on Resolutions subsequently reported on the Bennett school law, declaring that they make no claims upon the public school for the support of parochial and other private schools, but as taxpayers and citizens they demanded their rights. The committee also protests against any misuse and waste of money of this fund. They deny the right of the State to exercise any control over their schools, only when they may collide with public order or the laws of morals. much as the Bennett law violates our principles and curtails our religious liberty, we hereby declare ourselves for the unconditional repeal of that law." STOLE STRAUSS' MONEY.

An Anderson Hotel Porter is Arrested and the Money Found on Him. James Mulligan, a porter at the Hotel Anderson, was arrested last night about midnight by petectives Shore and Bendle, and placed in the Central station, on a charge of stealing \$700 from Eduard Strauss, leader of the famous orchestra. Between 7 and 8 o'clock Mulligan began to get the Strauss baggage ready for transportation to the depot, but on account of a change in the time of leaving the baggage was replaced. The money was in a satchel in Mr. Strauss' room. The pins on the door had been removed to give it the appearance of having been broken open. The satchel was also open when the musician and his marager returned to the hotel. The lock of the satchel is a peculiar one, and could not be opened by a person unfamiliar with its construction.

The proprietors of the hotel, when the loss of the money was reported, supposed that the room had been broken into and did not believe that Mulligan was guilty. Manager Blakely, of the Strauss Company, notified the police. Inspector McAleese detailed Detectives Shure and Bendle, who decided, upon hearing the circumstances, that Mulligan was the guilty man. Upon being searched the missing \$700 was found hidden away under his ciothing. He explained the opening of the satchel by saying that he had dropped it on the floor, when it flew open. He made no further explanation. Detectives Shore and Bendle, and placed in the —John Williams voluntarily confessed to a Chicago policeman that he had murdered a young girl in Leeds, England, in 1879. He is under arrest.
