President Harrison Sends a Message to Congress Proposing to

START AN INTERNATIONAL BANK.

The Majority of the Directors to be United States Citizens.

WASHINGTON, May 27.—The following message was transmitted to Congress to-day by the President:

I transmit herewith a letter from the Secretary of State, inclosing a report adopted by the International American Conference recently in session at this Capital, recommending the establishment of an International American Bank, with its principal offices in the city of New York, and branches in the commercial centers of the several other American republics. The advantages of such an institution to the merchants of the United States engaged in trade with Central and South America and the purposes intended to be accomplished are fully set forth in the letter of the Secretary of State and the accompanying report. It is not proposed to involve the United States in any financial responsibility, but only to give to the proposed bank a corperate franchies, and to promote public confidence by requiring that its condition and transactions shall be submitted to a scruting similar to that which is now exercised over our domestic banking system. The subject is submitted for the consideration of Countress in the county Commissioners had issued to them a warrant for this amount, but after ward notified the County Commissioners withheld this payment, the final one, under a clause in the agreement authorizing them to withhold money to a subcontractor, and the Countries in the Countries in the Countries in the agreement authorizing them to withhold money to a subcontractor, and the Countries in the Countries in the Countries in the Countries in the Country of the submitted to the Country Commissioners had its countersign it, and the Treasurer not to pay it. The reason given for this was that Norcross Brothers on the county buildings with the international American republic confidence by requiring that its condition and transactions shall be submitted to a scruting similar to that which is now exercised over our domestic banking system. The subject is submitted for the collection of the Secretary of State and the proposed to involve transactions shall be submitted to a scruiny similar to that which is now exercised over our domestic banking system. The subject is submitted for the consideration of Congress in the pelief that it will be found possible to promote the end desired by legislation so guarded as to avoid all just criticism.

BENJAMIN HARRISON.

In his letter to the President, Secretary Blaine sets forth the advantages to be derived from such a project and says:

"The merchants of this country are as de-sendent upon the bankers of Europe in their mancial transactions with their American financial transactions with their American neighbors as they are upon the ship owners of Great Britain for transportation facilities, and will continue to labor under these embarrassments until direct banking systems are established. The report of the Committee (of the Pan-American Conjerence), presents a simple and easy method of relief, and the enactment of the measure recommended will, in the judgment of the conference, result in the establishment of proper facilities, for inter-American banking."

A bill has been prepared at the State De-partment to carry into effect the recommendntions of the committee. The bill designates the United States delegates to the Pan-American Conference to receive subscrip-American Conference to receive subscrip-tions to the Capital stock of "The Interna-tional American Bank," books for which purpose may be opened in Washington, New York and such other principal cities in the American Republic as the commissioners may think proper.

The principal office shall be in Washington or New York City, with power to open branch offices in the United States, Maxico, South and Central America. The capital stock is fixed at \$10,000,000 in \$100 shures, which may be increased by a two-thirds vote to not exceeding \$25,000,000. The cor-poration shall file semi-annually with the Secretary of the Treasury a report of its financial condition, and its affairs shall at all times be open to examination of officers of the Treasury Department. Provision is made for the appointment of a receiver for the corporation and the winding up of its affairs in case its capital stock is impaired more than 20 per cent of the amount of the capital stock actually paid in, and the directors fail to make such impairment good.

An Old Soldier's Story.

During three years of the late war, I was a member of Company I, 149th Ragiment, Pennsylvania Volunteers or Second Bucktails. In the second year of service I contracted chronic diarrhora which has clung to me ever since, and in addition to this I was shot through the body near the small of my back (in the battle of the Wilderness). One of the lasting effects of this wound is such that during attacks of diarrhoa I have no retaining powers over the movements of my bowels. I have used many remedies, but up to August, 1889, I had supposed that there was no remedy that would quite reach my case, but since then myself and my family have thoroughly tested Chamberlam's Colic, Cholera and Diarrhea Remedy and have found it to be by far the best remedy we have ever used for bowel complaint, and without any hesitation whatever, I cheerfully recommend it to my friends and old army comrades. I value it more than its weight in gold. J. E. McIntire.

Cured by Cuticura

I contracted a terrible blood-poisoning a year ago. I doctored with two good physicians, neither of whom did me any good. I suffered all a man can suffer and live. Hearing of your CUTICURA REMEDIES, I concluded to try them, knowing if they did me no good they could make me no worse. I have been using them about ten weeks, and am most happy to say that I am almost rid of the awful sores that covered my face and body. My lace was as bad, if not worse than that of Miss Royuton, spoken of in your book, and I would say to any one in the same condition to use CUTICURA, and they will surely be cured. Knee to Foot Running Sores

I have been afflicted with a sore limb, which the doctors called eczema. My limb from the knee to the foot was one mass of running sores. The doctors bandaged it every day for a week, and every time the bandaged was removed a large scab would come out, and the blood pour down. I got one bottle of CUTICURA KISOLVENT, one box CUTICURA and one cake CUTICURA SOAR, and they cured me. I told a lady who was similarly afflicted to use it, and it cured her also. I gratefully acknowledge that it was CUTICURA that cured me. MRS. KATE BEARD, Orange Valley, N. J.

Successfully Treated by the Catarrh Specialists at 323 Penn Avenue During the Past Week.

Week.

That the public have come to fully realize that the Catarrh and Dyspepsia Institute is the only institution in Pittsburg where Catarrh is permanently cured is proven by the rapidly increasing patronage which it is receiving. From early in the day until late at night the parlors are filled with patients. The hundreds of testimonials that have been published in the daily papers are from patients who have suffered from Catarrh in its most aggravated chronic form, and which, in some cases, had developed into consumption. A very satisfactory coincidence is, that a large proportion of patients who apply for treatment were recommended by their friends who had been permanently cured at this medical institution.

Mr. Fred Hahn, a resident of Sharpsburg, and well known throughout Allegheny county and Western Pennsylvania, has for years been a victim of catarrh and dyspepsia. His stomach gave him an endiess amount of trouble. He had belching of gas from his stomach after eating, sour taste, and often felt like vomiting his food. His appetite was poor, and as his liver was much enlarged it gave him great pain. In fact, he would often be taken with such sharp cramps and pain across his stomach and bowels it seemed as if he could not live. He had palpitation of the heart, disniness, weakness and pain across the small of his back, and a numb, lifeless feeling in his limbs. He could get but little sleep, and as every change of weather gave him a coid, he took on a lingering cough. His breath became short and he felt pain and soreness in his lungs and under his shoulder blades. Night sweaks weakened him very fast, and he gradually grew worse until he lost 30 pounds of flesh.

Mr. Fred Hahn,

Having a wife and two small children whom he dearly loved, depending on him for a living, and having spent all his money in doctoring to no avail, not being able to work, he became discouraged and disheartened, and often became so melancholy that he would feel tempted to jump into the river and thus end his suffering. One day he noticed in the paper an account of a patient who had been cured by the catarrh specialists at 323 Penn avenue of conditions that seemed similar to his own. He resolved to call on these specialists. He did so, and was told he could yet be cured. Although he had but little faith, he resolved to try once more, and after taking a course of treatment became cured. He says: "The above history of my disease and cure is true in every respect. I had received treatment from 20 physicians, yet gradually grew worse, and for one year before beginning treatment with these physicians I was scarcely able to do any work. I have now worked hard for the past two months, feel well and strong, and words do not express the joy I feel that my life has been spared and health restored. I hereby sign my name. FRED HAHN."
