About 500 Knights of the Golden Eagle wended their way to Silver Lake Grove last evening, to participate in the prize drills and promenades. Their wives and sweethearts accompanied them to witness the exhibition. The festival was given in honor of the visiting Supreme Castle officers.

The Grand Army Band and Orchestra were present to inspire the Knights in their efforts to out-do each other in the drill and promenade, and to furnish music for the merry dancers, who continued this pleasant pastime until midnight, when the assemblage quitted the grove with reluctance.

The number of carriages that poured into the gateway in the early part of the evening was remarkable; and in all, the gathering was of a brilliant character.

Promptly lat 6 o'clock the Knights test for the prizes. Yesterday morning the Supreme Castle | Obtaining Names of Persons Who Will Go met at 9 o'clock. A protest was made ngainst the delegate from Canada at the first Tuesday, but he was admitted yes terdsy. The report of General Louis E. Still was presented and adopted. Some suggestions were made for the improvement of the military branch, and were received favorably. It has required four companies to make a battalion. This has prevented the formation of a military branch in many places, where three companies only existed, places, where three companies only existed, thus preventing them organizing into ageneral military order. It was decided where risburg on the evening of April 23. any commanderies desired to enter the military order, and did not have the requisite number of companies, the Grand Supreme Chief was empowered to assign them to

another battalion. A resolution was adopted making it impossible for a member of the order to connect himself with any other commandery than the one he originally joined. This was also considered a good move, as it will prevent Sir Knights joining another com-mandery after they become in arrears to his optional with all commanderies whether they shall have the beneficial feature in unction with the regular castle.

Nothing of importance transpired at the afternoon session. The admission of persons 18 years of age was talked of in an in formal manner, but no definite action was taken in regard to the matter. The election of officers will be conducted at the session

A Writ of Habeas Corpus in the Silverman Original Package Case.

One of Edison's Light Patents in Use in This City Years Ago.

The Silverman "original package" case in Leechburg has been carried into the United States Court. A full history of the case, which was the first in this State under the ruling of the United States Supreme Court, was published in THE DISPATCH, with a subsequent interview with Mr. Sil-
