ISPECIAL TELEGRAN TO THE DISPATCH. NEW YORK, May St.-Probably the greatest batting display that has been seen in New York for a long time occurred to-day at Brotherhood Park. The rival teams were the New Yorks and Pittsburgs, and Keefe and Tener were the respective pitchers. Keefe was in the best of form. He kept the hits of the Smoky City lads well scattered, struck out ten men and did not give a base on balls. Upon the other hand, Tener was hit with the utmost freedom, particularly in the eighth and ninth innings, when 12 earned runs were made of the 16 scored. Fifteen men were at bat, and Gore, Ewing and Connor made home runs in succes-

Up to the sixth inning Tener pitched a fairly good game. He alternated between a swift and slow delivery, and this was particularly noticeable in the fourth inning, when he succeeded in strik-

in the foorth linning, when he succeeded in striking out Gore and Ewing.

Nothing could withstand the onslaught of the New Yorks, however, in the latter part of the game. Only two actual errors were made by the visitors in the eighth and ninth linnings. Manager Ewing used the bat with telling effect, scoring two home runs and two singles. Stattery and Course—two batted heavily. Carroli and Robinson were the only ones to hit Keefe.

In fielding the Pittsburgs were terribly off. Corcoran made a couple of bad errors, and Berkley took a hand at fumbling. Richardson is credited with three errors, but the fumble in the second was excusable. The attendance was 1,979. The score:

PITCHER SERAD is nursing a broken arm at his Chester, Pa., home.

THE Boston P. L. team have stolen on an average four bases to a game. MIKE KELLY has caught in Il games without a passed ball or a fielding error. It is said that Dunlap has an annual income of \$6,000 from his real estate investments. DAN RICHARDSON has a fielding average of .944 be has made but eight errors in 24 games. THE Ruffalo infield is doing great stick work sam Wise is batting hard and fielding finely.

Por Smith has failen off greatly in his battin of late. Only one hit in eight games was his re-ord up to Tuesday. MULVEY has played the best game at third; h has made but nine errors in 25 games, and hi fielding average is .906. THIRTY-EIGHT players of the Brotherhood hav an average of , 300 and over, and only 17 of th National League have a similar record. It is not often that a runner is thrown out a first base on a hit to right field, but Hornun, suffered such a fate in New York the other day.

THE Kansas City club, which was supposed to have a cinch on the Western League pennant, is receiving rough handling at the hands of the different clubs. ferent clubs.

"WARD's men are playing beyond their galt,"
said a member of the Brooklyn National League
team. "That's nothing," replied a bystander,
"the National League teams are also playing beyond their gate." CONNELLEVILLE and Scottdate played tw games at the latter city Friday. The forenon game resulted Scottdate 14. Connellaville 2. The afternoon game was called at the end of the ninth, when the score stood tied at 7.

A test of the merits of the respective balls use by the two leagues was made Friday at New York Vaughn drove the Brotherhood balls 50 yard further than the most muscular of the Giant could rap the National League article. EWING says that the Giants will hammer Ward Phenoms unmercifully when the two trams cro SECRETARY TENER says down East that, as far as his club is concerned, his backers are perfectly satisfied with the outlook, and are so confident of the ultimate triumph of the Brotherhood that they are willing to expend twice as much money as they have already laid out.

SECHETARY J. P. HATDE, of the Chicago club, says: "I am will firm in my convictions that the Brotherhood is going to meet my most sanguine expectations. From all the clubs I hear good reports, with the exception of the Brooklyn. It looks as if they were going to have an uphili road in the City of Churches."

MANAGER TOM LOFTUS called on Ward recently and asked if the Brooklyn club intended to proceed against Pete Duryea, who jumped his contract with Ward's club. Captain Ward consulted the Brooklyn directors and their verdict was that they wouldn't take Duryea as a gift. Loftus was so informed, and Cincinnail can pitch the "cyclone" in Brooklyn whenever it chooses.

Boston, May 31,-The Pittsburg (N. L.) club put a scrub nine in the field to-day and de-feated Boston with John Clarkson in the box. Jones started in to pitch for the visitors, but the Bean Eaters hit him pretty hard, making five hits in the second inning netting three runs, one earned, and he was replaced by Baker, off whom only six hits were made during the remainder of the game. Clarkson was mostly responsible for his club's defeat. He used a slow drop ball, and the Pittsburgs batted it freely, though not always safely. Not one of

In the seventh inning the Pittsburgs had a pic-nic, and five hits aided by two errors yielded them six runs. Another run was added in the ninth on Smith's error and a couple of slashing hits by the visitors, one run being thrown away by Wilson failing to touch the home plate. With the score 9 to 6 against them Boston started

With the score 9 to 6 against them Boston started the ninth with a determination to pull the chest-nut from the fire. Ganzel, the first man up, got a base on balls. Tucker lined the hall over the right field fence for a homer, but was held on third to keep Wilson up behind the bat, Ganzel, in the meantime, scoring, Sullivan lined the bail to short center for a single. Tucker still remaining on third. McGarr sacrifaced Sullivan to second, Tucker scoring. Brodie hit hard, but Miller got under it and two men were out. Bennett was given a base on balls and Smith was given first by being hit by the pitcher, moving Sullivan to third and Bennet: to second. With the bases full, Clarkson came to bat and had a chance to save his team, but the umpire, Zacharias, declared John out on strikes. The features of the game were two marvelous catches by Sunday in right field. Bennett's catching and McGarr's infield work. Attendance, 1,711.

THE INTER-STATE LEAGUE. Harrisburg Claims to Have a Cluck on the

Pennant Flag. SPECIAL TELEPRAN TO THE DISPATCEL HARRISBURG, May 21 .- Baseball in Harrisburg and Altoona was never more popular than now, and the championship games played in these inter-State League towns are attracting immense crowds. Harrisburg is the best drawing club in the circuit, but in Altoona the aggreyate attendance since the championship season opened has probably been larger than that in this city. At the three games which the Harrisburg club played and won at York and in this city this week a bout the three games which the Harrisburg club played and won at York and in this city this week about 4,500 people were present. On account of the £1-vairy between York and Harrisburg the games between these clubs attract larger crowds here than any others. These teams have played three exhibition and three champiouship kames in this city in the presence of crowds aggregating 10,000. The Altoona club did not draw as well here on Wednesday as its manager anticipated, and he was greatly diseatisfied, in view of the big send-off his town gave the Harrisburg club in the opening games in that place. While in this city on Wednesday he talked as if the Altoona club would before long enter the Tri-State League.

The Harrisburg club has been greatly strengthened by the release of several players and the signing of Householder, Cox and Flannery, and the pairous of the game feed more consident that the mythical Inter-State League pennant will not change hands this season. The Yorks are regarded as the most dangerous competitor in the championship race, but the home team has been gradually gain ing on its rival and expects soon to forge ahead of it. Harrisburg is lacking in pitching material, but next week Eaxter, of the Leikir University, who has recently been doing effective work in the box, and who is poison to the old Cuban Glants, will put new life into the Harrisburgs' battery. and won at York and in this city this week about

A Conference of the Pinyers' League Held

In New York Yesterday, (SPECIAL TELEGRAN TO THE DISPATCH.) NEW YORK, May 31. - Every club in the Play-ers' League, with the exception of Pittsburg and ers' League, with the exception of Pittsburg and Buffalo, were represented at a conference held by the Central Board of Directors at the residence of E. B. Talcott, Vice President of the New York club, on Friday evening, which was continued over until this morning. The representatives present were: President E. A. McAlpin, Vice President John Addison, of Chicago; F. H. Braneli, Secretary; E. B. Talcott, New York club; John M. Ward, Brooklyn; H. M. Love and J. E. Wagmer, Philadelphia; Julian H. Hart, Beston; John H. Sliney and John Stricker, Cleveland. The most important matter brought before the conference was the question of a change of schedule. Pittsburg was one of two cities that would like to see a change in the conflicting dates. It was for the purpose of showing the Smoky City and its other supporters that the balance of the clubs in the Players' League didn't desire a change, and that Secretary Bruneli, upon his own responsibility. balance of the clubs in the Players' League didn't desire a chauge, and that Secretary Brunell, upon his own responsibility, called a conference of the Central Board. A vote was taken on the question, and the six clubs went on record as voting for the retention of the present schedule.

Secretary Brunell said to a DISPATCH reporter to day that the vote at the conference settled the matter about the Players' League schedule beyond doubt. 'It will remain just as it is,'' he continued. 'If the National League people want fight they will get all they desire before the scason ends. We will get all the attendance necessary for success when the weather settles. If any club for success when the weather settles. If any club can't keep its end up and wants to retire, I have an amount of finances right in my possession that will place a club in the place of the disbanded one at short notice.

St. Louis Pool Sellers Caught on the Latonin Races Yesterday.

ISPECIAL TELEGRAM TO THE DISPATCH. 3T. Louis, May 31.-The ten poolroom keepers of this city were tricked out of the sum, estimated, between \$5,000 and \$7,200 to-day by the old wire-tapping scheme. The killing was made by the conspirators on the last race at Latonia, and the wire from Latonia was in trouble after the second

wire from Latonia was in trouble after the second race and there were long delays during the fourth and fifth races. The last race was the Harold stake for 2-year olds. Palestine was favorite at 3 1, but the talent in St. Louis selected Gascon and Allan Bane.

The gang played the winner Georgetown, who was 8 to 1, holding the race back 15 minutes. Such a flood of money came in on Georgetown that the rooms all wiped out the race before the message announcing "off" came. The money was naid on Georgetown, and the conspirators were later caught dividing the spoils and talking over the trick. They had the winner. Daisy F, in the fourth race, but as she was such an air-tight favorite they could not get much money without putting up thousands. Furber's room lost \$1,500; Roche's, \$1,000; Mograne's, \$1,000, and a number of others from \$00 to \$500. An investigation is now in progress and arrests will probably be made.

FUN AT SOUTHSIDE FLECTIONS. The Beinhauer Following Ruled Ont-Indignant Voters Use Strong Adjectives-One Man Makes Forty Attempts to Get in His Ballet.

According to reports made last night by Alderman F. C. Beinhauer and his friends of the Twenty-ninth ward, there was the liveliest kind of a time during the votice.

Up to December 31, 1888, 530 owners sold liveliest kind of a time during the voting estates to their tenants for £3,792,000. Of at yesterday's primary. The men who at these 530 owners, 34 walked off with £2,the late municipal election turned the 251,000. If this bill is carried out in the Twenty-ninth ward inside out were painfully snubbed yesterday by the election officers in the different districts, and flatly refused the right to vote.

To say they were indignant would be sareasm. Many of them were frantic at the slight put upon them. One man, John Langenbacher, Alderman Beinhauer's right bower, said last night he had made at least 40 attempts to cast his vote, but each time was refused. When he and others asked by what right the board refused the votes, it is said that they replied that the intending said that they replied that the intending voters had not the privilege of voting at a Republican primary, as they did not belong to that party, and Alderman Beinhauer stated that this method was practiced in each of the three voting precincts in the Twenty-ninth ward. Every man, he said, who had joined the Citizens' movement last winter and voted for him against the regular ticket was turned away from the polls yes-terday. Many of them are life-long Re-publicans and took the situation in a very

erious light. Mr. George Hoffman, examiner in the Department of Charitics, put another phase on the case when encountered on Carson street. Mr. Hoffman belongs to the anti-Beinhauer party and defended the action of the boards as perfectly justifiable and right. At the last election the regular ticket secured the majority inspector, and yesterday when the voters comprising the citizens' wing of the party wanted to have a representative on the boards they were told that they be-longed to the opposition party, and there-fore had no place at yesterday's contest. Some of them accepted this as right, while others continued to file protests all day. The result of the matter was that the Marland, Wainwright and Lloyd delegates were forced entirely out in the cold.

## BALFOUR'S LAND BILL

Parnell Says It's the Dishonest Measure of a Dishonest Party.

ITS EVIL FEATURES POINTED OUT.

Useless so Long as the Pistol of Coercion is at Tenants' Heads.

JOBBERY THE RESULT IN THE PAST. Amendments to the Old Land Act That Would Result in Much Good.

Mr. Parnell is in print with his reasons for opposing the Irish land purchase bill. He says it was conceived in dishonesty and would end in jobbery. Real good could be done by exempting tenants' improvements from rent, and other simple facts.

NEW YORK, May 31 .- The North American Review for June has an article by Mr. Parnell stating the Irish party's grounds of objection to Mr. Balfour's Irish land purchase bill. This measure Mr. Parnell characterizes as "Insufficient and dishonest," though ostensibly brought forward for the ourpose of settling the land question on the ines laid down by him when in America The measure is insufficient, because it would not reach more than one out of every four of the Irish tenants, and there would be many n the favored minority who have no right or claim to enjoy the benefits of land purchase at the expense of the State.

On the basis of the operation of previous nactments, it would take upward of £166,-000,000 sterling to enable all Irish tenants entitled to do so to become owners of their holdings. The State would never advance the vast sum necessary for the purpose, as every once concedes that £33,000,000 sterling is the utmost sum that the Brit-ish taxpayers can be induced to guarantee. IMPROVEMENTS MADE BY TENANTS.

"The Irish party holds, therefore, that the land act of '81 should first be so amended as to secure the tenants' improvements from the infliction of rent. The bill, as it stands, entitles the landlord to ask the tenant to pay him 20 years' purchase on the improvements made by the tenant himself, as well as for the landlord's property. By freeing the tenants' improvements from the infliction of rent first the size of the question and the amount of money involved would be rendered much more manageable. A further step in this direction would be to refuse the benefit of the measure to nonresident tenants holding large tracts for grazing purposes, employing no labor and making no outlay on their holdings. Threefourths of Connaught, one-third of Munster and one-fourth of Leinster are so held. It was not for the advantage of graziers and combeen men that the flag of land for the people was unfurled at Irishtown in 1879. Great abuses have attended the working of land purchase measures. Landlords have, in many cases, divided their home farms

among bogus tenants, to whom they have sold at inflated prices. ONLY LAND JOBBERY. This shows that the principle of land pur-chase has been degraded into a land jobbery and that the resources which, if husbanded, might have been sufficient for the settlement of the question are being scandalously misspent while the question is left unsolved Moreover, the grossest favoritism has been shown in the selection of estates for whose purchase advances of public money are to be made. The large absentee owners have been favored, while the smaller resident

spent 4 out of 10,000 Irish land owners will have received £24,000,000 out of the £40,-000,000. This is not the manner in which the land question should be settled. STILL OTHER OBJECTIONS. Another objection to the present bill is the provision made for the hypothecation, as a counter-guarantee against dishonesty

on the part of the new owners, of the amounts paid by Parliament for certain defined local purposes in Ireland, such as medical aid to the poor, education, mainte nance of lunaties, etc. The consideration, Mr. Parnell says, which has influenced him as largely as any-thing else in opposing Mr. Balfour's meas-ure, is the existence of coercion in Ireland, which renders it impossible for the tenants

to contract freely with their landlords in arranging terms of sales." A further objection is that the method adopted by the bill for dealing with the congested districts in Ireland secures a further waste of the resources available, for it is pro-posed to devote the public money indiffer-ently to the purchase of grass lands and con-gested holdings.

THE BILL NO SOLUTION. In conclusion Mr. Parnell says he would gladly welcome "any honest intention on the part of the Government to solve this land question." If the land question is un-settled on Mr. Gladstone's return to office. the larger settlement of home rule will be materially hampered. "Difficulties be-tween laudlord and tenant, if they should arise, will be most embarrassing for the Irish Parliament and the new executive depending upon that Parliament. But this pretended land purchase bill is no solution. It seizes upon all our available resources, and hypothecates them without our consent. "It jobs away the limited number of millfully directed, as I have shown, would go far-very far-toward relieving all pressure and difficulty in the future.

WILL FIGHT TO THE END. "It selects the large and absentee owners for favored treatment, while it compels the tenant to buy his holding at an inflated price, with a load of arrears around his neck and the pistol of coercion at his head. We cannot be any party to a measure so brought forward and constituted.

"We shall resist it clause by clause in committee; we shall, if possible, amend it, and we believe that, as the progress of events has justified every vote that we have ever given in the House of Commons on the land question and every step that we have taken to organize the Irish people against oppression, so our action against this most dishonest bill, party and Government, will benefit Ireland and secure the verdict of history.
