The Upward Movement in the Local Market Fully Sustained.

A CONFIDENT FEELING PREVAILS.

Southern Furnaces Overwhelmed by a Sudden Rush of Orders.

THE SITUATION BOTH EAST AND WEST

The upward movement in iron and steel is fully sustained, and prices are a shade higher than a week ago for Bessemer and gray forge irons. Bessemer irons have been particularly active the past week, and prices are advanced as quotations will disclose. There are reports of gray forge sales at \$16 per ton. There is a strong undertone of confidence among manufacturers and dealers as to the future of markets. While there is no boom and the feeling among dealers is rather conservative, trade is steadily improving and standard brands are

firm and active at quotations.

There is no disposition on the part of furnacemen to contract for future delivery at present prices. Foundry irons are steady at last week's prices. Muck bar is very firm, and prices are prices. Muck bar is very firm, and prices are a shade stronger. Nails are in better demand than they have been for a mouth or two past, and, while there has been no advance in prices, markets are much firmer, and there is no longer a disposition on the part of manufacturers to make concessions as there has been for some time past. Steel rails, bloom and billets have also joined in the upward movement. In general, the iron and steel outlook is healthy. The situation is better than a boom, as demand is active and prices are slowly but sturely moving toward a higher level. Following are the latest quotations:

Structural Iron—Angles, \$2.55; tees, 2.80c; beams and channels, \$1.00c; sheared bridge plates, steel, 2.60c; universal mili plates, tron, 2.55c; refined bars, 1.30c card.

Barbed wire fencing, galvanized, \$3.00; plain wire fencing, substantial, \$3.00; plain

wire fencing, galvanized, \$5 50.

VERY ACTIVE IN THE SOUTH.

A Sudden Rush of Small Orders is Crowding the Furnness. PEPECIAL TELEGRAM TO THE DISPATCH,1

BIRMINGHAM, ALA., June 6.-The iron trade has been very active during the week, but the andden revival is probably spasmodic. Small orders from the Western markets have been pouring in, and several furnaces in this district have sold all the iron they can make this month. All orders coming in new are for June delivery. The Tennessee Coal, Iron and Railroad Company sold 18,000 tons during the week, road Company sold 18,000 tons during the week, all for June delivery. These orders will be filled from their Emsley City furnaces. There has been no change of prices, but the sudden rush of orders causes furnace men to hold prices very firm and talk confidently of an early advance. There have been no contracts for July and August delivery made, and no iron is offered for those months at present prices. Stocks are low and the output is being sold about as fast as made. Fully 60 per cent of the iron that will be made this month has already been sold and will be delivered as fast as possible.

Work has begun on two new charcoal furnaces at Briarfield, Shelby county. They will be 75 tons capacity each, and will be completed by December. Contracts have been awarded for the erection of another 100-ton coke furnace at alladiga and a 60-ton charcoal furnace at

The new charcoal furnace at Bluffton has been finished and is in blast. The Jacksonville famed company will build two coke furnaces at land company will build two coke furnaces at land company will be an included the contracts having already been Jacksonville, contracts having already bee awarded for the erection of one of them. Steel making by the Henderson basic proces-continues a success, and the steel finds read he Henderson basic process and the steel finds ready made arrangements to double their plant

PHILADELPHIA UNCHANGED

The Prices There Are the Same, but th Market is Firmer.

ISPECIAL TELEGRAM TO THE DISPATCE. PHILADELPHIA, June 6.-Reports from the West and South announce higher prices for iron. There is no important change to note, however, in the Philadelphia market. When prices sagged after the boom experienced in 1889 values did not sink so low here as at other points. The markets which were most mercurial are the first to feel the influence of the revival in trade. Cities like Chicago, Pittsburg and Cincinnati are therefore now recording advances and are really coming up to the level from which Philadelphia did not descend. The improvement in other markets helped the tone of the Philadelphia market, which rules firm at quotations. Prices are not higher than they were at a corresponding time last year. The cost of production is greater and the selling prices hereafter are more apt to be advanced than reduced. Pig iron at tide is worth \$18 for No. 1, \$17 for No. 2 iron at tide is worth \$18 for No. 1, \$17 for No. 2 and \$16 for gray forge per ton. Fancy brands will exceed these figures. If furnacemen would shade quotations 25 cents several large orders would be placed. They are holding firm, and it looks as if the buyers will have to meet the sellers. A fair range of quotations follows: llews: Bessemer pig at furnace, \$20 50@21 00 per ton:

hot-blast charcoal, \$21 50@23 00 delivered; cold blast, \$26 00@27 50; steel rails, \$31 50@32 00; muck bars, 228 fooz 25 50; old rails, 231 50925 00 delivered at interior mills. Bar iron is in fair de mand, and the mills are kept busy. Merchan bars at the mill are worth 1.90c per pound skelp grooved, 1.75c; delivered and sheared, 1.8

A VERY DECIDED SPURT.

The Books are More Than Full and Advanced Prices Have Resulted.

PETECIAL TELEGRAM TO THE DISPATCE. CINCINNATI, June 6.-Rogers, Brown & Co. say: The last week has witnessed the most active spurt we have had since the beginning of the year. The heavy buying of few preceding weeks resulted finally in an overfilling of fur-nace order books, and on Saturday and Monday several companies advanced prices and others withdrew entirely from the market. When buyers finally became convinced that reports as to the strong position of the furnaces were genuine, there was a strong push to get iron for forward deliveries. Since Monday, however, leading sellers have held firmly to 50 cents per ton advance and that has been paid for considerable quantity of iron without objections.

Leading Southern companies have acted very conservatively, not desiring to attempt any advance till their position was so strong as to leave no doubt about its being maintained through the summer and fall. In Bessemer iron and other products of lake ores, there has been an advancing tendency also. The whole market looks stronger, and there is a free disposition to buy for actual needs. Speculators have figured but little in the heavy purchases made, though statements to the contrary are

SLOW TO BELIEVE IT.

Chicago Consumers Forced at Last to Rec ognize the Advance.

INPECIAL TELEGRAM TO THE DISPATO CHICAGO, June 6 .- Rogers, Brown & Co. say. Consumers in Chicago and the Northwest, which is at all times a closely debated market, have been slow to believe the reports from other quarters of firmer and advancing prices. other quarters of firmer and advancing prices. The week, however, has removed all doubts on this head, and there has been a general disposition to take hold. Most of the larger inquiries have been for longer forward deliveries, which many furnaces have postuvely declined to take unless at considerably better figures.

Buyers, however, have been able, for the most part, to get what they wanted. Southern from are up 50 cents to 51 per ton. Lake Superior charcoal from is in active demand and is firm in tone, but no advance is noted. One softeners are wanted freely, but in small lots mainly. Old material rules higher.

New York June 6.—Pig iron quiet; American, \$16@18. Copper nominal; lake, June, \$15.70. Lead dull and barely steady. domestic, \$4.274. Tin strong and moderately active; Strain, \$27.

IRON TRADE REVIEW. FRUITS AND VEGETABLES.

Market Basket Materials Abundant and Prices Tending Downward-Butter at Its Lowest-Trade Active-The Latest Quotations.

The supply of vegetables and fruits the week past has been large and general drift of prices has been downward. The first home-grown strawberries of the season have put in the strawberries of the season have put in their appearance within a few days, and by another week will be at their best. Those from Maryland have been coming in in rather had shape the past few days. New potatoes from the South are coming in freely, but last Saturday's prices still hold good. The situation as to butter and eggs is little changed from a week ago. Butter has touched its lowest point for this season and markets are a shade steadier. Eggs, too, are rather firmer in price than they were

son and markets are a shade steadier. Eggs, too, are rather firmer in price than they were a week ago. Staple means seldom change.

At the fish stalls it was learned that frogs, soft shell crabs and brook trout are among the fresh arrivals. There is a fair supply of Eastern fish, but none too many for demand. The shad season is about over.

Fiorists report a fair trade for the week following Decoration Day, when a lull is looked for. Next Sunday being Calidren's Day in the churches, the demand for church decorations is active, and beside this there is a full average of weddings and funerals which make demands on floral goods sufficient to keep trade lively.

Staple Ments. The best cuts of tenderloin steak range from 20 to 25c, with last figure for very fancy; sirioin, best cuts, from 15 to 18c; fancy; sirioin, best cuts, from 15 to 18c; standing rib roast, from 15 to 20c; chuck roast, 10 to 12c; best round steaks, 12½ to 15c; boiling beef, 5 to 8c; sweet breads, 20 to 50c per pair; beef kidneys, 10c apiece; beef liver, 5c a pound; calf livers, 25 to 85c apiece; corned beef from 10 to 12c per pound. Veal for stewing commands 10c; roast, 12½ to 15c; cutlets, 20c per pound; spring lambs, fore quarter, 10 to 12c; hind quarters, 15c. A leg of mutton, hind quarter, of prime quality, brings 12½c; fore quarter, 8c; loin of mutton, 15c; giblets, 5c per pound.

Garden Stuff. Potatoes, 15c per half peck; cabbage, 10 to 25c new Southern potatoes, 25c per half peck; choice Florida tomatoes, 35 to 50c a quart; bachoice Florida tomatoes, 35 to 50c a quart; bananas, 15 to 20c a dozen; carrots, 5c a bunch; lemons, 20 to 30c per dozen; carrots, 5c a bunch; commons, 20 to 30c per dozen; cranges, 35 to 50c; cauliflower, 20 to 35c a head; lettuce, 5 to 10c per bunch; beets, 7c, 4 for 25c; green onions, 5c a bunch; rhubarb, 5c a bunch; cucumbers, 5 to 10c apiece: asparagus, 5c a bunch; new pens, 25c a half peck; new beans, 35c a half peck; strawberries, 15 to 25c a quart, home grown; pineapples, 10 to 15c apiece; eggplant, 10 to 15c apiece; eggplant, 10 to 15c apiece; eggplant, 10 to 15c apiece. Choice creamery butter, 20c. Good country butter, 12 to 15c. Fancy pound rolls, 15 to 20c. The retail price for fresh country eggs is 20c. The range for dressed chickens is \$1 to \$1.25 per pair.

Following are the articles in this line on the stalls, with prices: Lake salmon, 10 to 12%c; the stalls, with prices: Lake salmon, 10 to 12½c; California salmon, 35c per pound; white fish, 12½c; herring, 4 pounds for 25c; Spanish mackerel, 25 to 30c a pound; blue fish, 15c; halibut, 20c; rock bass, 25c; black bass, 15c; lake trout, 12½c; lobsters, 20c; green sea turtle, 20 to 25c. Oysters: N. Y. counts, \$1 75 per gallon; clams, \$1 25 per gallon; frog legs, 75c a pound; soft shell crabs, \$1 to \$1 25 per dozen; frogs, \$2 a dozen; brook trout, 75c a pound. Flowers

Jacks, \$2 50 per dozen; La France, \$1 50 per dozen; Mermets, \$1 25 per dozen; Brides, \$1 25 per dozen; Brides, \$1 25 per dozen; Bennetts, \$1 25 per dozen; Beauties, 50c apiece; Brunner, 50c apiece; Harrison Illies, 25c apiece; pansies, 25c per dozen; lily of the valley, \$1 25 per dozen; heliotrope, 50c per dozen; Baroness, 75c each; carnations, 50c per dozen; Baroness, \$1 per dozen; spirea, 50c per dozen.

RIVER INTELLIGENCE.

The Rivers Rising Slowly, but Not Past Enough to Suit Rivermen.

The slight rain of Thursday night and yester day brought the rivers up a few inches, and, a wet weather is looked for by rivermen, there may be a material increase in height before this evening. The rives measured 6 feet 2 inches at Davis' Island dam last evening. But little was done on either stream yesterday. Some coal and a few miscellaneous tows were

Thursday afternoon with a tow of iron ore. Ca tain Sam Spencer Joined her here as one of her THE John A. Wood arrived at New Orleans

THE Iron Duke passed Cincinnati for Pitteburg

The John A. Wood arrives at New Oriens Tuesday morning from Louisville with three loaded coal boats, and will return this morning. Going down she dropped 3 boats at Memphis, 4 boats at Vicksburg, 5 boats and 2 barges at Baton Rouge and I boat at Donaldsonville. THE second contract for a duplicate of the boat to take the place of the Louis A. Sherley has been

signed by the Big Sandy and Pomerov Packet company with Anox & Son. of Marietta. O. The set boat will take the place of the General Pike Both boats will be completed as speedily as po JOHN R. JOHNSON, the well-known agent of the

P. & C. packet line, has received from friends in the South two young tarantulas. Mr. Johnson is much exercised in his mind over the best mode of preserving his outlandish presents. He is rather inclined to offer them to Chief Bigelow for his Schenley Park Zoo. CAPTAIN JOHN BENETZ, of the Frank Bell a

well-known Louisville boat, was in town yester-day. He has been 40 years on the rivers, and was mate on the packet Agnes Fleming during the be-ginning of the war. Subsequently he served on one of Porter's river ironclads, and returned to his avocation after the great struggle.

On the West Virginia side of the Ohio river, up at Brown's Island, above Steubenville, there is an old Englishman who is living the life of a hermit, and has been for the past 15 years. He is said to he a man of more than ordinary intelligence, and is a constant reader. He will converse on almost any subject but his past life. Winter and summer he lives alone. He has charge of two of the Government lights. All steamboats as they pass his cablin toot their whisties for the old man. He will come out and wave to them and then resume his reading.—Courter-Journal.

Drygoods. New York, June 6.—Drills have become very scarce and there is talk of further advances. Most all staples are sold ahead and can be had only at advanced prices. Agents changed the following to-day: Berkeley No. 60 cambries advanced to 6½c, New Bedford cambries advanced ½c, Clarendon, Oriental, Monadonck, Berlin and Piquet quilts advanced 2½c.

A MANIAC'S MAD LEAP.

After a Desperate Struggle She Leaps

From a Fourth Story. GENEVA, N. Y., May 6 .- Mrs. Charles R. Richards, of Bridgeport, Conn., committed suicide here at 3 o'clock this morning by jumping from a fourth story window in the Hygenic Institute. A female attendant sleeping in the same room was awakened by a noise at the window, which faces on an open court. Mrs. Richards was preparing to jump when the attendant seized her. A furious struggle then ensued, and scream after scream resounded through the building as the two women fought.

Gradually Mrs. Richards forced her way

over the sill. The attendant was compelled loosen her hold on the maniac's wrist d seized her by the night dress. This hold was finally broken, and the woman fell to the ground, 45 feet distant. She died two hours afterward.

Pitteburg Girls in Jail.

SPECIAL TELEGRAM TO THE DISPATCH. WHEELING, June 6 .- Bertha Collins and Bertha Timothy, two young Pittsburg girls were arrested here to-day, charged with immoral conduct and sent to jail for ten days. They are also wanted as wit-nesses against Andrew Cochran, in whose place witnesses testified that the girls had played poker.

DEALS AT PARNASSUS

Light Let in on a Subject That Has Caused Considerable Talk.

HUNDREDS OF ACRES GOBBLED. Pittsburg's Rapid Growth Not at the Expense of Tributary Territory.

THE NEWS AND GOSSIP OF THE TOWN

From information furnished yesterday evening by Mr. Thomas Liggett, through whose instrumentality much of the business has been transacted, it can be said that there has been considerable movement in acreage property at Parnassus quite recently, but whether in the interest of a town, a giue factory, a hotel or theater is at present unknown except to a few persons, who are as voiceless and close as oysters.

The farms of Stephen Young, Alexander Young and Mrs. Seltz, comprising about 360 acres, have already changed hands, and options have been secured on several other properties-the whole amounting to probably 800 or 1,000 acres. Prices range from \$350 to

The land already secured gives the purchasers over a mile of river front and the same on each side of the railroad. It is at least 25 feet above high water mark. The Murraysville natural gas field is only six miles distant and the Pine Run field seven. The Chartiers gas field on the Pinbook anticlinal lies back of Parnassus about two miles. There is also a seven-foot vein of excellent coal.

Bearing these facts in mind, it is not difficult

to reach the conclusion that the purchasers have extensive manufacturing interests in view, though of what nature they decline at present to divulge. And it would not be surprising if a new town were to grow up around these works. The entire deal is being put through by Pittsburg capital and capitalists Raral Towns All Booming.

A gratifying feature of the business situa-tion is the fact that the growth of Pittsburg is not at the expense of the surrounding country. Local interests are not being developed to the disadvantage of our neighbors. The Polynesian Islanders, it is said, by continuously row-ing in boats, have developed their arms to enormous proportions, while their legs are so weak as to be scarcely able to bear the weight of their bodies. Pittaburg is the center of an extensive territory which contributes largely to its support, and may be called its legs. To dwarf these in any way would be like killing the goose that laid the golden eggs. Our capitalists understand this so well that they are always ready to lend assistance to the country

when called upon.

There is scarcely a town, big or little, within 50 or 100 miles of Pittsburg, in any direction, that is not full of business. In all of them capitalists and investors are laying out lots, building and improving at a rate that is almost impossible to realize by those who have not visited them and seen for themselves. As illustrations, take a few within a short distance of the city—Braddock, McKeesport, Butler, Washington, Beaver, Rochester and others. They are all booming. Building is active and manufacturing interests of various kinds are developing at a marvelous rate. Some of them have almost doubled in population within four or five years. The value of real estate has increased in proportion, but there are ten sales to-day where there was one before the tide of prosperity set in. The agricultural interest has also improved. Farms are in better condition

than ever before, there are fewer mortgages and farmers are more contented.

All this is directly to the benefit of Pittsburg. City and country are so intimately associated that disaster to either will be felt by the other. With prosperity all around, as well as at home, there is no dauger of a collapse. In fact, such a thing is impossible under existing conditions. The spring must fail before the brook goes

market at \$5,000 an acre. There is a good demand for lots in that locality. The Youngstown Bridge Company, of Youngstown, has received a contract to build a \$35,000 bridge over the Ohio river at Wheeling. John D. Bailey sold 15 shares Allegheny Su

pension bridge stock at 96. The Pittsburg correspondent of the Southern Lumberman truthfully says: "Never before has the trade in Western Pennsylvania looked so thoroughly encouraging as at present. The building operations in view and in progress are far greater than we have ever had before, and the greatly increased manufacturing interests of this city have made it necessary to add to the resident portions to such an extent that it is almost impossible to get material and workmen to complete jobs in specified time."

Findiay, O., capitalists are negotiating for the purchase of the Panhandle Window Glass Factory at Wellsburg, W. Va. It has been idle of the Panhandle Window Glass for several years. The largest mortgage put on record yesterday

was for \$20,000. There were \$8 in all. Fifteen were for purchase money.

The fact that real estate brokers are frequently seen in the suburbs seven or eight niles from the city as early as 8 o'clock in the morning, shows that something is going on. During the first four months of the present year 11,490,000 bushels of coal were mined and shipped from Pool No. 3 of the Monongabela river. The previous year, 1889, 9,295,000 bushels were mined and shipped from the same pool during the same first four months, making an increase in favor of the present year of 2 185,600.

A month or so ago it was mentioned in THE
DISPATCH that a site had been secured in Ai-

legheny, through Algeo Brothers, for a large flat. The project will probably go through, as it has the support of several wealthy gentlemen. Since that announcement another deal for the same purpose has taken place, and there will probably be two buildings of the kind mentioned put up this season. They will be seven and nine stories high if present plans

are carried out.
Commercial National Bank stock is stronger. on the supposition that the Jrly dividend will be increased from 4 to 6 per cent. Rea Bros. & Co. sold 30 shares Westinghouse

The Nora Oil Company has been organized to levelop territory. They have purchased in the Chartiers field. James W. Drape is President; J. D. Glover, Vice President; J. C. McKee, Secretary and Treasurer, and N. W. Steven-son, Manager and Superintendent.

Movements in Real Estate. There was a good inquiry for property yes-terday. The demand for building lots is as great as ever. Progress was reported on sev. eral deals that have been hanging fire. Sale closed up as follows:

Baltensperger & Williams sold for Robert
Dawson to Mrs. Elisabeth Knipschild one six

room and two four room frame houses, with lot 50x140, situated on Brownsville avenue, near the Knox school, for a price approximating \$6,000 cash. L O. Frazier sold a new modern frame dwelling of five rooms, etc., with lot 21x100 feet to a 20-foot alley, situate on the north side of Howley avenue, near Thirty-ninth street, Six-teenth ward, to Mrs. Mary A. Barker, for \$2,800

Black & Baird sold for T. A. Orr to Mrs.

Isabella Smeigh lot 68 in McFariand Place plan, having a frontage of 44 feet on the west side of Summerlea street and extending back to a 20-foot alley, 100 feet, for \$1,950 cash. to a 20-foot alley, the color of color of the color of th street, being a brick dwelling of six rooms, etc., lot 21-foot frontage on Elm by 64 feet, for \$4,000. James W. Drape & Co. sold a house of seven rooms, with lot 60x100 feet, on Baum street near Liberty avenue, East End, for \$6,750 cash; also a house of six rooms and lot 22x100 feet in Allegheny city, near Fulton street for \$3,200 cash; also placed a mortgage of \$7,000 at 4½ per cent on a residence property at Shady Side; also a mortgage of \$4,000 at 6 per cent on a residence and lot at Homewood; also two mortgages of \$6,500 at 5 per cent on suburban property; also four mortgages of \$3,000 on McKeesport houses and lots at 5 per cent,

RATHER BEARISH.

To Boomerange in Local Scentiles, but Declines in the Majority. Stock trading amounted to very little yester day, and the feeling was bearish. Declines were in the majority, though in all cases they

were for small fractions and possessed no significance, except to show that orders "at the market" are a scarce article. Enterprise Savings, Wheeling Gas and La Noria were stronger. Stocks making concessions, as compared with closing quotations of the previous day, were Central Traction, Pleas-ant Valley, Luster and Electric. The rest of the list was featureless. The future of Electric depends upon the course that will be pursued by holders. Anything like a general selling movement would undoubtedly cause a bad break.

Bids, offers and sales at the three calls are annexed. Like baseball scores, they tell the whole story.

NO SHUT-IN MOVEMENT. Oil Drillers Making Things Hum on the

Southside-More Good Wells Struck. Oil operators are not allowing the grass to grow under their feet in the Chartiers, Mon-tour run and Forest Grove fields. The latter has become of such importance that a buss now meets trains on the Pittsburg and Lake Erie Railway at Groveton to carry people to Forest Grove. There have been no dusters of late in that field, and the old wells are still doing good work. Several new ones are now on the pay streak. The Enterprise well on the Presbyterian parsonage ground is promising well, and the congregation will probably find the church self-supporting, as well as the Lutheran Church at Chartiers, the congregation of which have a good producer on their property. The Young No. 2 is almost completed, and is expected to be good. It is about 300 yards from No. 1.

The Bridgewater Gas Company has the timber for a rig on the ground half a mile east of Robb station, Montour Railway.

Further up the creek the Emlow Company yesterday located a well on the Alex. Stewart farm, and is about ready to begin operations. The location is at Wilson station.

Another well will be bored on the Depp farm soon, near the two wells sunk last fall and winter, the second of which made a sensation some weeks ago by starting at a 6,000-barrel-aday rate.

It was reported vesterday afternoon that a Presbyterian parsonage ground is promising 415 per cwt.

DOMESTIC MARKETS. SUGAR HAS THE CALL. Rumor That Spreckels Was in Cause All Garden Stuff in Large Supply and Quite a Flurry-Drops on the Donial

> Prices Weakening. HOME-GROWN BERRIES TO FRONT Sugars Keep Climbing Upward, and Package Coffee Steady.

GRAIN AND HAY MARKETS ARE LAME

New York, June 6.—The indications on the surface in Wall street were all favorable, but the market remained narrow and quiet, and the favorable influences were afterward entirely neutralized by the demoralization of sugar refineries. The market therefore took on a walting attitude after the first hour, and the railway list became dull and moved within very narrow limits, without feature of importance. The great feature of the day was the -ugar refineries again, and the recent advance in the price of refined sugar without a corresponding advance in the cost of the raw article aided in creating a strong tone in the stock at the outset, and later a rumor that Spreckels had come into the trust was the occasion of a rise of about 4 per cent. Toward the close, however, this rumor was denied, and the selling immediately assumed large proportions and a sudden drop from \$t to 75% occurred, the rise being at the time simply enormous. There was a partial recovery from the lowest price, but the stock is materially lower this evening. The railroad list at first failed to respond to the break in Sugar, but it gradually yielded, and in almost all cases the early advances of the forenoon were lost.

Chicago Gas was the weakest stock on the regular list, and its close sympathy with Sugar would account for all of its decline, as there was no news of any kind of a character to influence values in any manner. Among the specialist there were a few marked movements during the day, but the regular list moved within narrow limits throughout. In the early dealings, after opening advances of from ½ to ½ per cent, Oregon Transcontinental showed the way, but the further gains were only fractional, outside of a few stocks. Sugar rose 4½ Citizens Gas 2½ and Quick-anilver preferred 2 per cent, but their gains were afterward partially lost, and Tennessee Coal was particularly weak. Iosing 1½. The close was rather heavy, and the final changes, while irregular and for fractional amounts only, show a majority of losses, and Sugar is down a super OFFICE OF PITTSBURG DISPATCH, FRIDAY, June 6, 1890. Country Produce-Jobbing Prices. Supply of choice strawberries not up to de-mand, and prices are very firm. Home-grown berries are coming in more freely the past few days. MARKETS BY WIRE.

Oats Excited and Higher on a Report That the Crop is Being Devoured by Lice - Wheat Ensier and

Pork Unsettled. CHICAGO-A fair volume of business was transacted in wheat to-day, and an easier feeling developed. The opening was somewhat stronger, and early sales were about 1/4c higher than yesterday's closing, but under free offer-ings the market became weak, prices declining steadily, Corn was traded in to a fair extent, though

business was not as large as yesterday, fluctua-tions being withing 140% range Oats opened excited, there being numerous orders from outside to buy. St. Louis parties

orders from outside to buy. St. Louis parties sent in reports that the crop in Missouri and Tennessee had been greatly damaged by lice. First sales were on an excited market at 1/20 %c advance over yesterday's close. There was good buying and prices advanced 1/20 %c more. The eager buyers were soon filled up and prices receded 1/20 %c irregularly, July showing the most animation and widest range. The depression was only temporary, as prices again advanced 1/20 for July, but weakened, and closed at about inside figures.

Mess pork was somewhat unsettled and prices were irregular within a schall range. Prices declined 15/20c early in the day, but ralled again 10/20c, and closed comparatively steady at medium figures.

Lard was stronger. Prices ruled 2/405c higher, more particularly for the deferred deliveries, but toward the close the market was easier and the advance was lost.

There was considerable interest manifested in short ribs. Prices ruled 2/405c higher early, but toward the close the feeling was easier and the greater portion of the advance was lost.

The leading futures rangen as follows:

EXTIRPATE MALARIA AND BILIOUSNESS.

The system

year is very likely to get

very much de-ranged. In a cause of this is during the fall and winter

months we cat too much meat

and fatty

accumulates

spring and sum-mer comes on we need a blood purifier. Did year how torpid the liver becomes, the kidneys fail to do their duty, and in the course of a short time we have a case of billouness? The greatest medicine ever discovered to eradicate this from our system is

DANNER'S ESSENCE OF HEALTH.
