All communications for this department should be mailed to reach THE DISPATCH not later than Saturday morning. Reasonable space will be freely given to all organizations

The Golden Engles.

The investments and assets of the Supreme Castle are \$10,123 12. The next session of the Supreme Castle will be held at Springfield, O. Three new castles were instituted in New Jersey last month, and three already this month so far.

A new drill manual is to be compiled by Lieutenant General Louis E. Stilz, the sword movements being the same. There are now 18 grand castles, and the order is established in 16 other States where no grand castles have been instituted.

Acme Castle No. 352 turned out in the parade with all its membership excepting four men, who could not possibly get excused from work. Pride of Afton No. 170, located at Willow Grove, came into the parade with almost its full membership. It certainly made a fine

one-year term just ended instituted 20 castles and added four new States-Montana, Rhode Island, Mississippi and Wyoming.

The Supreme Castle has appointed a commit-tee on jewels for the military branch and a badge for the order, discountenancing the use of the Maltese Cross, or the badge of any other

During the past year 26 commanderies of the military branch were organized and 800 officers and men enlisted. Commanderies can hereafter pay sick or funeral benefits, if they so

tablished in 15 States, including six regiments or two brigades in Pennsylvanta, and one regi-ment in New Jersey. The total number of Ocean Commandery, of Atlantic City, which

came the farthest distance was awarded a prize accordingly, which it certainly was entitled to. It was accorded continuous appliance through-out the line of march.

The General Committee will have a meeting next Thursday evening, at which time it is ex-pected that all the members will be present, in order to make a final settlement preparatory to

Mt. Penn Commandery, of Reading, which was awarded the prize of a silver water service for general efficiency certainly deserved it. Their marching was beyond the expectations of the most critical, and as escort to the Chief Marshal was certainly worthy of the position it held in the paradic

The committee on awarding the prize flag to he castle in Allegheny county which turned out in the parade with the largest number of out in the parade with the largest humber of men in proportion to their membership, con-sists of Past Grand Unief A. C. Lytle, of Altoona; Grand Chief Davis Cassellberry and Supreme Representative Huston, of Philadel-phia. Pa. The castles which have not already sent in a report of the number in line in the

The officers of the Supreme Castle for the ensuing year are: Supreme Chief, Irving W. Kelly, of Trenton, N. J.: Supreme Vice Chief, George H. Summer, of Charlestown, Mass.; Supreme High Priest, Jacob M. Gardner, of Hamilton, O.: Supreme Keeper of Exchequer, Timothy McCarthy, of Philadelphia; Supreme Master of Records, William Culbertson, of Philadelphia; Supreme Sir Herald, Ernest Koch, of Darien, Conn.; Supreme First Guardsman, Albert Hudson, of Ottawa, Canada; Supreme Second Guardsman, A. M. Haywood, of Atlanta, Ga. Supreme Chief Irving W. Kelly has appointed the following committees: Law-J. D. Barnes, of Pennsylvania, Chairman; Lyman P. Lewis, of Massachusetts; Henry T. Rayner, of Pennsylvania, Chairman; Harry C. Stout and John Dickinson, of Pennsylvania; William C. Brown and Jacob H. Thompson, of Delaware, Appeals and Grievances—Horace J. Parks, of The officers of the Supreme Castle for the Pennsylvania; William O. Brown and Jacob H. Thompson, of Delaware. Appeals and Grievances—Horace J. Parks, of New Jersey, Chairman; John B. Triebler, Jr., of Delaware; A. U. Lyttle, of Pennsylvania; George J. Robertson, of New York; Richard W. Maccubbin, of Maryland. Credentials and Returns—J. W. Nelson, of Ohio, Chairman; Edward O. Krieteller, of Michigan; J. J. Sawyer, of Kentucky, Printing—R. Emory Enniss, of Maryland, Chairman; J. C. Gooding, of District of Columbia; Jacob H. Auli, of Maryland.

Select Knights.

It will be well for each legion to be getting itself in shape for the parade during the bi-centennial of Allegheny on July 17. It is the desire of the Colonel that the uniforms are all in good condition and all alike, or as near so as

The social meeting on Wednesday evening next bids fair to be a success in every way. Some of the best musical and literary talent of the two cities has been engaged and Comrade James Jiles, of No. 20 Legion, will fornish the refreshments. Colonel Lewis and Adjutant Eaton have labored hard to make this affair a successful and pleasant one and only ask a successful and pleasant one, and only ask a liberal attendance in payment therefor. Colonel C. V. Lewis has received the follow-

ing, which speaks for itself, and he especially requests that all contrades who intend to ac-cept the invitation report to him on or before June 14, so he can arrange for transportation: Colonel C. V. Lewis, First Regiment, S. K., of Pittsburg: DEAR SIR AND COMRADE—On behalf of the Su-

ment. Select Kuights, an invitation to go with us to Unicago to attend the session of the National Council Jr., O. U. A. M. The fare for round trip has been placed at 8. Should you accept this invitation, you will report at Veteran Legion Hall. Sixth avenue, Sunday afternoon, June 18. at 1:30 o'clock, sharp, in full dress uniform of Select Knights.

Yours very frahernally,
JOHN M. ANDIRWE,
Bupreme Commander Jr. O. U. A. M.

The Heptusophs

Zeta Conclave at its last meeting had nine initiations and 24 applications. North Side Conclave No. 85 held a reception

Du Bois Conclave has formed two teams, con-sisting of every member in the conclave.

The Supreme Archon is making a full investigation as to the reason why some conclaves do not increase more rapidly. The District Deputies have been directed to officially visit and make report on some specially designated conclaves.

Four of the Supreme representative districts have nearly reached the limit required to give their districts a respresentative in the next Supreme Conclave.

Charles Jackson, 11 years old, and George Johnson, 12 years old, newsboys, were arrested in Fleishman's store yesterday afternoon by Detective Robinson.

The General Committee on the anniversary celebration of the order held a meeting on Thursday evening last; the next meeting will be Thursday, June 18.

J. K. Moorehead Conclave No. 82 gave a re-ception to its friends on Monday evening last. The hall was crowded with members and their friends. Many ladies were in attendance. Look out for another boom in No. 82

The different conclaves comprising District No. 8, will hold an entertainment and banquet at Altoons on the evening of June 27. The Burreme Archon and Brother S. A. Duncan will attend. A similar entertainment will be given by District No. 12 at Scranton on June 11.

Sexennial League.

Brothers Kerr and Williams paid a visit to Pittsburg Lodge No. 48. That lodge received four applications for membership and initiated one man at its last meeting. At its last meeting, Wilkinsburg Lodge No. 89 elected officers to fill vacancies, and the D. S. P. being present, they were duly installed. Among the applicants initiated was Prof. James B. Smith, of the California schools.

Allegheny Lodge No. 129 has secured the hall at No. 48 West Diamond street, Allegheny, facing City Hall, where it will be pleased to welcome members from other lodges. It will meet the first and third Wednesdays of each

Grand Hall for the Mechanics. The members of Pittsburg Council, No. 283, D. U. A. M., Gen. Marion Council, No. 154 and Sureka Council, No. 88, Jr. O. U. A. M. have the purpose of erecting a ball in the East End and have purchased a piece of property known as the Barman property on Penn avenue, below the Seely row, \$3x200 feet for \$22,000, on which they intend to erect a magnificent structure. There are 1,000 shares subscribed already and the committee feets sure that it will be a success and asks all the members who wish to take stock to do so before June 28. Stock will be issued only to members of the order. The committee is composed of the following members: Pittsburg Conneil No. 283, O. U. A. M., R. G. McMillan, F. S. Bell and W. L. Lytle; Gen. Marion Council Jr. O. U. A. M., C. R. Jones, W. D. Cyphers and Robert Porter; Eureka Council No. 38, Jr. O. U. A. M., A. G. Tim, A. S. Jones and J. C. Thoma.

C. M. B. A. Supreme Trustee A. W. Kelly, of New York, was in the city last week. Deputy F. J. Brady will soon have a branch ready to institute in Wilkinsburg. A branch will be instituted at Freeport. Armstrong county, in a few days. Branch No. 88, of Troy Hill, will assist in the procession at Holy Name Church to-day after high mass to celebrate the feast of Corpus Christi.

Danghters of Liberty.

The Pride of Manchester Council, No. 25,
Daughters of Liberty, will hold an entertainment and basket social Wednesday evening,
June II, 1890.

Good Security Makes Safe Investment. A new feature in the matter of investments

Company, of 113 Broadway, New York, in con-Messrs. Frazer & Co., bankers, 53 Broadway, of an issue of \$750,000 of Treasurer's trust certificates of indebtedness of the United States Land and Investment Company, carrying a security deposit in Boiland Trust Company of the first mortgage bonds issued at about 17½ per cent of the value of the property, estimated to be worth \$6,000,000, from which an income of \$8,000,000 a year is being derived by the company, which is equal to about 6 per cent on this valuation. Another feature of this security is the fact that a prominent banking house in New York has underwritten and guaranteed the entire subcription. The fact that these certificates carry interest from January I, 1880, at 6 per cent per annum, makes the price to the purchaser at present \$5, which, considering the security and the guarantees that it carries, seems to make it an exceptionally safe one. tificates of indebtedness of the United States

NEWSBOYS IN TROUBLE

Arrested for Stenling Rubber Balls Out of

Down-Town Store. Charles Jackson, 11 years old, and George Johnson, 12 years old, newsboys, were armarket noon by Detective Robinson. The boys had ripped open a bag and stolen some rubber

The lads were kept in the Central station for about an hour, and were released on their promise to reform.

A Pretty Pamphlet.

The Detroit and Cleveland Navigation Company has issued a very pretty pamphlet giving an account of the various lake trips. It is handsomely illustrated, and the beautiful pictures taken from Mackinac scenery are worth preserving.

No Conclusion Renched. The conference of freight agents at Nisgara Falls, to consider the question of advancing the lake differentials, failed to come to any conclusion. They adjourned to take up the subject again in the near

A MAMMOTH CONCERN.

Inside Facts Anent the New Plant of the Fort Pitt Glass Works.

BEGINNING OF ANOTHER TOWN. Other Dickers and Tips in Which Mints of

Home Money are Involved. THE NEWS AND GOSSIP OF THE CITY

As mentioned a few days ago the Fort Pitt Glass Works of Dithridge & Co., on Washington street, are to be removed to North Jeannette, where a site has been secured. The new plant will consist of six stone and brick buildings, 140 by 500 feet, exclusive of boiler and blacksmith shops, and will afford facilities for doubling the product of the present establishment. They will cost \$200,000 or more. The plant will give employment to at least 500 men. The Pennsylvania Railroad will run tracks into all the buildings, giving special advantages for receiving material and shipping goods. Work on the buildings is in progress, The contract calls for their completion by Au-

Adjoining this mammoth plant the Fort Pitt Land Company has laid out about 100 acres of desirable land in lots, of which there are over 700, the smallest being 40x100. Streets are all 50 feet wide. Good water and natural gas are abundant. To give this enterprise a start, Baxter, Thompson & Co., who are agents for the property, will have a sale on the grounds on Saturday June 21 due notice and full particulars of which will be given in THE Dis-

PATCH.

It may be added that in addition to the Fort Pitt Works, several other industrial establishnents are making arrangements to remove to the same locality-among others another flint glass concern and a bottle factory both of which will erect large and expensive buildings.

Talk of Local Wall Street. There was considerable gossip on Fourth avenue, yesterday, in regard to real estate, some of which was interesting as showing the drift of the movement. There was said to be a deal in progress for a site on Federal street, Pittsburg, for a large apartment house. It was said the plan contemplates an eight-story building. It was learned that Charles Somers & Co., are negotiating for a large tract of land near town, on one of the railroads. Something over \$100,000 is involved. They declined to furnish particulars. Anderson, Beeckman & Co., Lim., admitted that they are about closing up an \$80,000 deal in suburban property.

One of the brokers in charge of the big gob-ble at Parnassus reported that he had sold another farm to the syndicate at about \$400 an acre. A member of the firm of W. A. Herron & Sons denied the statement that they had just made a \$50,000 sale of city business property. They have had an offer for it, but nothing has been concluded. It is on lower Penn avenue. Only one prominent real estate broker in the city holds the opinion that business will be flat this summer. Facts are against him.

Local News and Gossip. Citizens of Emsworth and other valley towns

re impatient for rapid transit, and are devising measures for hurrying it up. The biggest mortgage recorded yesterday was for \$4,500. There were \$2 in all, of which 11

were for purchase money.

Dan Talmage's Sons & Co.'s circular, just received at this office, estimates the shortage in domestic rice at 90,324 bushels, as compared with the crop of last year. They predict a speedy advance in prices.

Sales of local stocks on 'Change last week

were \$82 shares, against 8,030 the previous week. The only important price change was in Electric, which lost ground.
About 2,000 shares Monongahela Water Company stock changed hands last week at 30@31.

A handsome residence in the East End stands on ground occupied by a grist mill about

75 years ago. J. F. Stark sold 50 shares Philadelphia Gas at 31%. J. C. Forse bought 200 shares of La Noria at 19%.

A decided improvement is noted in the demand for building sites down the Fort Wayne Railroad. A new sub-division of about 300 lots will soon be put on the market down there.

Mrs. Hugh Lafferty has purchased the Boggs

ward-for \$19,000. Convenience of residence is a feature which Pittsburg possesses to a greater degree than almost any other city. This explains the rapid growth of the suburbs.

Movements in Real Estate. There was a good movement in real estate during the week. The inquiry was largely for city business property and suburban residence sites. An unusually large business was transacted in acreage. The following deals were leaved any various of the property of the suburban residence was transacted in acreage. The following deals were leaved any various of the suburban residence were leaved any various of the suburban residence was transacted in acreage. The following deals were leaved any various of the suburban residence was transacted in acreage. The following deals were leaved any various of the suburban residence was transacted in acreage. The following deals were

closed up yesterday: Charles Somers & Co. sold for W. B. Wallace to Edward Robenstien a residence property at Brushton station, Pennsylvania Railroad, being a two-story frame house of six rooms and attic with modern improvements, 10t 80x157 feet to an alley, for \$4,500. They also sold two lots in

Black & Blaird sold to William Breeze, for W. H. Taylor, a six-roomed frame house on the west side of Craig street, Bellefield, near Center avenue, with lot 45x200 feet, for \$4,500. They also sold for J. Walter Hay lot 103, in Valley lowest and closing, 87%: Fluctuations for the weak area. View place, for \$200. Reed B. Coyle & Co. sold to William Davies

lot No. 150, in Marion place plan, being 25x100 feet, more or less, for \$200. They also sold a lot on Craig street, Fourteenth ward, 50x142 feet. Purchaser and price confidential.

Brown & Saint sold W. F. Scott a two-story brick house, with lot 21x122 feet, on Western

avenue, for \$4,000. J. E. Glass sold a piece of ground, corner of Boquet and Wilmot streets, Oakland, fronting 180 feet on Boquet street by 220 feet on Wilmot street, and known as the Dornberger & Oehmler plan of lots, for \$17,000. | |Samuel W. Black & Co, sold No. 126 Washington

street, Seventh ward, city, being lot 20x117 with a seven-roomed dwelling, for \$5,100. Baxter, Thompson & Co, sold for Householder & Jones a two-story frame dwelling of eight rooms, situated on Broad street, near Negley gvenue, lot 25x120 feet to 20-foot alley, for \$3,400

HOME SECURITIES.

Everything on the Inactive List Except Citizen's Traction-Price and Rauges.

Stock trading yesterday was as narrow as possible, being confined to Citizens' Traction, of which 200 shares changed bands, The board was covered with figures as usual on Saturday, which served to make quotations if nothing else. Buyers are still on the under side of the

market.

Banks and insurance shares were firm, with a few showing advances. Allegheny Heating Company was held higher. Bridgewater was unchanged. Chartiers was offered down a trifle. Philadelphia Gas was about steady, and Wheeling a shade better in the bidding. Central Traction was off a fraction, but Pittsburg showed some improvement, as did Pleasant Valley. Electric was down about 14. Switch was steady.

The Monetary Situation and Outlook Entirely Satisfactory-Gains Piling Up. Money was wanted to a moderate extent yes terday, but the amount taken out was not large enough to extinguish the surplus. Counter business was of ordinary proportions. None of the bank officers spoken to were able to tell anything new. They expressed satisfaction with the situation and outlook for the summer. Although general trade moved along quietly in the past week, it was sufficiently active to score a gain in bank exchanges of rising \$3,500,-000 over the corresponding week of 1889. Such proof of prosperity cannot be easily set aside. The Clearing House report follows:

Yesterday's exchanges 2 460 063 2

Previous week's exchanges. 18,072,894-40

NEW YORK, June 7. — Petroleum opened irregular, spot being steady at 85½c; while July was weak at 87½c. After a slicht rally in the early trading July declined to 87c and spot fell to 86c. Both contracts then reacted ½c and closed steady. Stock Exchange—Opening at 85½c; highest, 85½c; lowest, 86c; closing at 85½c. Consolidated Exchange—Opening, 87½c; highest, 87½c; lowest, 87c; closing, 87½c. Total sales, 101,000 barrels.

The Pittsburg Tubeclene Refining Company

um, in which Pittsburg and New York people

re mainly interested. R. J. Godfrey, of this

city, a prominent contractor, is President of the company. C. F. Thumm, of New York, has patented the new process, which is remarkable for its simplicity and cheapness, dispensing with the use of stills and two-thirds of the with the use of stills and two-thirds of the other articles necessary to a refiner. It is a system of refining through tubes with a variety of temperatures, producing a larger per cent of refined and lubricating oils of fine quality and other products than by any other process. No chemicals are needed in the treatment. It has every prospect of revolutionizing the business.

The company, after looking over the field, seem to have decided on planting their works at Warras, Pa, and have bought a trace of

land there and will start in September with a 2,000 barrel capacity per day. The main office will be in Pittsburg. Those familiar with the new process predict for it a great success.

HOMES FOR THE PEOPLE.

IN A WAITING MOOD. Wall Street Speculators Keeping an Eye on Silver Legislation in Congress-The

Trusts the Only Bright Spot

in the Market. NEW YORK, June 7.-The stock market to-day, outside of the trusts and one or two specialties, was an extremely limited one, and the dealings and final changes for the most part were without significance. The cisposition at present is to await the action on the silver bill, and the trading to-day was confined silver bill, and the trading to-day was confined almost exclusively to the room traders, who were inclined to hammer stocks in the early dealing on the expectation that the bank statement would show a decrease in the surplus reserve. The early demand was sufficient to cause slight advances in some stocks after an irregular opening, but the pressure later wiped out these gains and prices in most stocks retired slightly below those of the opening.

Louisville and Nashville was most conspicuous among the active stocks for its decline, but it was only a small fraction. St. Paul and Atchison followed in point of activity, but moved ever a very narrow range, the excellent showing of the latter for May having no influence whatever. Among the specialities Quicksilver was the only one showing any life, and the common rose 1½ and the preferred 1½, though both closed a little off from the best figures.

The trusts were the only active features to the market, and Sugar while feverish and irregular was not so active as usual of late, and finally scored a material improvement over its last night's price. Opening up 1½, per cent at 79%, and after some

ized the dealings of late, even though the general tone was firm.

Government bonds have been dull and firm for the 4½s. State bonds have been neglected.

The Post says: The net results of this week's business was a recovery of more than half of the previous week's declines on the majority of stocks. Last week nearly all stocks declined from ½ to 3 per cent, except the Vanderbilt stocks, which were an exception to the general

the previous week's declines on the majority of stocks. Last week nearly all stocks declined from \$\frac{1}{2}\$ to 3 per cent, except the Vanderbilt stocks, which were an exception to the general market, and advanced from \$\frac{1}{2}\$ to 2 points. The immediate causes of the decline were the break in Sugar Trust, in which the net decline for that week was \$\frac{1}{2}\$ points, and the decision against the legality of the Chicago Gas Trust, in which the net decline for that week was \$\frac{1}{2}\$ points. This week Chicago Gas has recovered \$\frac{1}{2}\$ points to \$\frac{1}{2}\$ out \$\frac{1}{2}\$ points. This week Chicago Gas has recovered \$\frac{1}{2}\$ points to \$\frac{1}{2}\$ out \$\frac{1

WALL STREET GOSSIP. Sugar Makes a Sport-Money Easy-Telegraph Earstnes-The Course.

Special to John M. Oakley & Co.] been rather quiet, and such feature as it possessed was again concentrated in the price of Sugar Trust certificates, which opened up over 2 per cent above last night's closing and were quite active during the greater part of the half day's business. The Atchison earn-ings show a gross increase of \$832,000 for the month of May.

The bank statement for this week shows a

small decline in the net reserve, and while the so, there is every probability that all the money needed for present business uses will be readily obtained at fair rates. The anthracite coal needed for present business uses will be readily obtained at fair rates. The anthracite coal trade is reported as showing a better demand for coal, and the output for this year, it is said, will be considerably larger than for 1889.

The telegraph business of this country has grown to enormous proportions, but so steadily and gradually that its magnitude is not appreciated. A late report shows the Western Union Telegraph Company to have about 616,245 miles of wire with 17,241 offices, and employing some 28,340 persons, and the revenues derived are sufficient to make this an assured dividend-paying stock, which should gradually advance in value, and with conservative management be placed among the stocks selling at or above par, notwithstanding the occasional efforts to introduce here a postal telegraph system.

The census taker is hard at work, and while the estimated gonulation of the United States on January I, 1889, was 65,000,000, the census of 1890 will undoubtedly exceed this. The earth's population is said to increase at the rate of one and a quarter millions per annum, while the population of the United States alone is increasing at the rate of more than one million per annum, and the significance of this statement is of wonderful importance when we think of the development, present and future, of this country.

MARKETS BY WIRE. Wheat Recovers a Part of Friday's Loss-Corn Firmer and Onta Stendy-Pork Almost Entirely Neglected-

Ribs and Lard Lower. CHICAGO-There was a moderate trade in wheat to-day, and part of yesterday's decline was recovered. The market ruled steady most of the session. The opening was about 340% bigher than yesterday's closing, improved from the start, and prices advanced to for July and 34@%c for the other futures, eased off some and closed about %c higher for July, %@%c higher for August and September, and 160

higher for August and September, and 3d higher for December.

The offerings were light most of the day and the demand fair; in fact, a feature of the market was a lack of any specially large trading either in the buying or selling. The firmness may possibly have been influenced by the reported taking of 12 loads of wheat at Duluth to Montreal and rumored demand for Duluth wheat on Buffalo account. Crop reports from winter wheat sections continue bad.

Corn was trade in to a moderate extent with a steady feeling, showing but little change in prices compared with yesterday. First sales of July were a triffe above the closing yesterday, was firm under a good demand, sold up 14@3c, became easier, losing the advance and sold up, and final quotations were a shade better than yesterday.

yesterday.

Oats were less active and a steadier feeling developed. Prices advanced slightly, and the market closed steady at about outside figures.

Nothing of consequence was done in Pork. Feeling was easy, with prices nominally 5@10c lower.

A quiet and easy feeling prevailed in lard, and prices ruled 25/405c lower.

Only a moderate trade was reported in short ribs. The feeling was rather weak, and prices declined 34/405c lower parts and the prices. July, 27/4028@27/4027/c; August, 25/4026/40

DICKENS' FAMOUS GIN PUNCH. He Made it Himself and Wilkle Collins Said

it Had No Equal. I believe, writes Mr. John Hollingshead in Niagara Spray, that Charles Dickens was more proud or his skill in manufacturing his unrivalled gin punch than of being the author of all his great works. The preparations for this concoction (which I named "Five shillings and costs") were simple, and yet elaborate. First of all the jug was produced-the vator the receptacle of the brew. Then came a plate and knives, then the lemons, the sugar basin, and then, finally, a large table napkin. In the meantime, the kettle on the hob had prepared the poiling water, and the bottle of liquid-an important factor, as the phrase goes-was placed in the hands of the mas-I shall be guilty of no irreverence if I

say that at this point his eyes twinkled and generally winked. The process of blending was like a conjuring trick performed by an was like a conjuring trick performed by an accomplished professor. The mixture being made with care and delicacy, and with a certain amount of demonstrative pride, the jug was placed upon the table and the napkin thrust into its mouth. The brew, timed by the master's watch, had commenced, and in a few minutes the napkin was withdrawn, and "Five shillings and costs" was ready Among those who drank (moderately) and admired (hugely) this Dickens' nectar was Wilkie Collins, who told me that next to a well-made apple pudding he knew of noth-

PROOF ON PROOF.

Tests Taken From Furnace Fires-Cause and Result.

A HEATER'S NOTABLE NARRATIVE "Anyone who has worked about the glare and heat of furnace fires knows what the sudden changes from heat to cold, and the incessant draughts of foundry and mill work smount to. It was to these that I at-

tribute the origin of my trouble." The speaker, Mr. David Pitchford, was one of those intelligent workers in metal that form so important a strata in the population of Pittsburg. For eleven years he has been heater at the United States Iron

and Tin Mills at Demmler station.

"It was as far back as in "73." Mr. Pitchford continued, "that my trouble began.
The sudden changes in temperature in passing from the furnace to the open air were continually giving me colds. I got into a condition in which I seemed to be having a cold most of the time. My head would be stopped up. Along in the afternoon or evening my throat would become sore and raw. When I would lie down at night my nostrils would be closed up, so that I could hardly breathe through them.

Mr. David Pitchford, Demmier Station.

"This sort of thing continued until I seemed to be having a cold most of the time. My throat would fill with mucus. I was constantly hawking and raising; the mucus dropping back into my throat seemed to derange my whole system. The trouble in my head gave me no peace day or night. What with the distracting, ringing and buzzing sounds in my cars, the constant dull pains in my forehead, and the everlasting effort to clear my throat of the phlegm, life became almost a misery. lasting effort to clear my throat of the phlegm, life became almost a misery.

"A dry, hacking cough added to my distress. Night sweats came on, and I lost in weight and fesh. My limbs would become swollen and would feel heavy like lead. I would have to get up in the night to cough and raise in order to clear my throat. I would get up in the morning tired and weak and entirely unfit for work.

morning tired and weak and entirely unfit for work.

"East? Why, it didn't seem as if L-could eat anything. The very sight of food would nauseate me. If I would eat ever so little it would seem to rest like a load in my stomach. I didn't average two hours' sleep a night. Indeed I was so weak and miserable and run down that I had about given up hopes of ever getting any better, and it really didn't make much difference to me whether I lived or died. I had practically given up hope of ever getting any better, and all I sought was to get rid of my discomfort and misery.

better, and all I sought was to get rid of my discomfort and misery.

"I finally went to the office of Drs. Copeland & Blair and placed myself under the care of Dr. Copeland. I can't begin to tell you what a change he accomplished in my condition in a short time. I stendily improved under his care from the start. I sleep well now, eat well and feel well. I couldn't wish to feel any better than I do now. I owe my recovery entirely to Dr. Copeland, and I am very giad to be able to describe it for publication."
