THE SPORTING NEWS OF THE DAY

Old Jim Galvin's pitching arm is like good whisky. It improves with age. The old man was never in better form than yesterday, and, if he continues to improve, but a few years will roll around ere he will be able to substitute one of his numerous sons in the box and still win the games. He was at his best yesterday and pitched fine ball. As a result but three hits, one very scratch,

were made off him, and only four men reached first base. Not one of the runners went as far The local team also put up a great batting and fielding game. Manager Ned Hanlon set the pace in all around work, and he was closely followed by his men. Corcoran did excellent at short, and there is now no doubt of the statement that he has improved wonderfully since his last appearance before a Pittsburg audience. Carroll played first on account of Beckley having been injured the latter part of last week by being hit in the stomach with a batted ball. Fred's error was a drop of a fly ball. The better failed to get a hit. ter failed to get a hit.

CHICAGO'S POOR WORK. The work of the Chicagos was very poo King was hit almost at will and hit hard, too He scarcely seemed like the young man that was so effective at the opening of the season was so effective at the opening of the season. Then their team work was terrible, and showed very plainly that Anson was not the captain. They made no attempt to steal bases on Tommy Quinn, and they had probably met him before. The base running of the Pittsburgs was daring. They made two-baggers, threes and went to second on singles. In the sixth Tommy Corcorau made a great steal of third. One of the features of the game was the catching of Quinn. He also knows when a ball is going over the plate and usually stops its progress.

STORY OF THE GAME. The first inning went through a blank, though Hanlon started the music with a double. In the second Kuehne got a base on balls and went out on Corcoran's life. Tom stole second and went home on Robinson's two-bagger. The latter scored on Quinn's triple and he went out in an attempt to score on Galvin's hit to

No runs were then secured until the seventh No runs were then secured until the seventh inning. Hanlon opened up with his second two-base hit, went to third on Visner's single and scored on King's wild throw to catch him off at third. Visner took second and third ou the wild throw and scored on Kuehne's single. The third baseman stole second, went to third on a passed ball and scored on Corcoran's three-bagger. The latter died at third.

The last run of the game was made in the eighth, when Hanlon got a hit, stole second and went over the plate on Visner's alashing triple.

triple.

The attendance was 2,838, and every man in the crowd cheered and shouted all through the game. It was an enthusiastic crowd, and both teams were given lots of encouragement to play ball. Following is the score:

A Bloody Prize Fight. OMAHA. NEB., June 9 .- The bloodiest prize fight that has ever taken place in this vicinity came off Saturday night between Tim O'Hern, of Chicago, and Barney Taylor, of South Omaha, heavyweights. In the first and second rounds both men were severely punished and just at the end of the second O'Hern landed viciously on Taylor's jaw sending him to the floor in a semi-conscious condition. A terrible right hander in the third laid Taylor's cheek open. In the eighth O'Hern split Taylor's other cheek and closed one eye. When Taylor came up for the tenth both eyes were about closed and his face and chest were swathed in blood. When the sixteenth round opened O'Hern started in to knock his man out. His first smash sent Taylor sprawling on his back. Again and again O'Hern smashed the bleeding man, and he was fast succumbing when Chief of Police Maloney jumped through the ropes and stopped the fight.

Very Emphatic Protest

AGAINST A HERR'S ISLAND BAR. A Petition to Congress to Make it a Mova-

ble One, Instead. ENGINEER ARRAS SAYS IT MAY BE DONE

The Chamber of Commerce met yesterday and adopted resolutions protesting against the erection of a fixed dam in the Allegheny river at Herr's Island.

Captain John Drave, of the Committee on Rivers and Harbors, made a report on the communication received at the last meeting rom J. A. Anderson, of Osceola, Neb., with

from J. A. Anderson, of Oscools, Neb., with reference to asking Congress to take immediate action to improve the harbors and rivers of the West. The communication was indorsed without any recommendation, and the report approved.

A letter was received from Acting Secretary of the Navy Lindsey, skinowledging the receipt of the request to have one of the new war vessels named "Pittsburg" and stating that the request would receive consideration.

Captain Dravo stated that as the compromise silver bill had passed the House, he believed it would be good policy to urge the Senate to take prompt action to the same end.

Colonel T. P. Roberts presented the following resolutions, which were adopted:

WHERMAS: The United States Government is about to construct in the Allegheny river below Herr's Island and above the cities of Pittsburg and Allegheny, a lock and dam, which dam, it is proposed, shall be a fixed one, and

Whereas: It is believed that, such style of dam might result in great damage to the cities of Pittsburg and Allegheny for the reason:

First—The river at that point is narrow and will not permit of further contraction

Second—The banks of the river in that vicinity are very low and in even of the construction of a fixed dam, would be readily flooded in times of

ficshets.
Third—High water, such as now often compels the shutting down of the mills and factories above the proposed dam, and also damages factory property, would be more frequent through its erection, property, would be more frequent through its erection.

Fourth—The Allegheny river is subject to a heavy flow of lee for a considerable season, which, in event of a fixed dam, would, under certain circumstances, gorge in the pool and in breaking would cause loss of property in harbors.

Fifth—That this pool from which Allegheny City derives her supply of water could not be scoured out and cleansed as in the case of a movable dam; and

Whereas, it is the impression that it is a decided advantage to navigation, and in general preferable to have this portion of the slackwater harbor of Pittsburg and Allegheny also under control as is that of the Davis Island pool; therefore be it

Resolved, That Lieutenant Colonel William E. Merrill, of the corps of engineers in charge of Herr's Island lock and dam, be petitioned to erect for the said dam a movable instead of a fixed structure as originally contemplated.

Some work is also being done in paving and laying sowers on Rebecca street, atlantic and Alken avenues.

In a claim for \$1,974 over and above his contract. He put in a distributing main from Highland avenue to Smithfield street, and he claims the route was changed on him. The character of the soil was such as to make the job cost him that much more.

NO PLEASANT VALLEY TRACKS.

The Allegheny Street Railroad Committee met last night, The Perry Street Railway Commany ordinace was passed and ordered.

structure as originally contemplated.

J. W. Arras, local engineer in charge of Government work, stated yesterday that there was good prospect that work might be begun this summer, and that all opposition, either in Pittsburg or Allegheny, would cease if it were decided to build a movable instead of a fixed dam. Mr. Arras added that negotiations were pending that would almost certainly remove the friction, as the danger to the public health would be obviated by dropping the dam at any time there is an accumulation of filth. If this matter is agreed upon, as it may be in a couple of weeks, there will be nothing to provent commencing work unless it be high water.

THE ASSOCIATION TO DECIDE.

Railrond Agents Do Not Want to Reduce the Northwestern Rates. The Pittsburg railroad agents who attended he joint meeting of the Pittsburg, Buffalo and

Youngstown committees at Niagara Falls, returned home yesterday. They considered the rail and lake rates, and referred the matter of a reduction to the Central Traffic Association, which meets at Chicago to-day. The steamship lines out of Buffalo are making lower rates than the railroad companies offer on business for Duluth and the Northwest. The railroads want some of the business, west. The railroads want some of the business, but they cannot very well reduce the rates from this city. If they did they would have to make the same rates from Cleveland, Youngstown and other points as from this city. The railroads west of Chicago want the reduction made, but the lines east of that point do not care about the change unless the Western lines make a satisfactory arrangement with them.

DISAPPEARANCE OF A PREACHER.

He Started for His Church on Sanday, Did Not Get There.

Did Not Get There.

The wife of Rev. C. A. Young, of No. 218 Virginia avenue, Mt. Washington, appeared at Central station last night to request the aid of the police in hunting her husband, who has been mysteriously missing since last Saturday evening. Mr. Young started from home at 5 o'clock that evening to go to De Haven station, on the Pittsburg and Western Railroad, where he was to preach on Sunday. He failed to arrive at De Haven, and on Sunday morning the congregation assembled in the church and waited for him until nearly time for dismissal. Then they became assured he was not coming, and the morning services were conducted by one of the laymen. The evening services were Then they became assured he was not coming, and the morning services were conducted by one of the laymen. The evening services were almost a repetition of those of the morning, and yesterday a member of the church, supposing Mr. Young was ill, went to his house on Mt. Washington to see him.

The wife was expecting her husband's arrival about the time the visitor arrived, and was greatly frightened when she heard that he had not reached his De Haven congregation. She immediately started out to look for him, but after spending the greater part of the day in a vain search she went to the police for assistance.

sance. She left a complete description of her husband at all the volce stations, and then bravely started out again to find him, but up until midnight no tidings had been received of him. It cannot be learned whether he left the city on Saturday or not, as he was not very well known.

known.

Mr. Young is described as an Englishman, 31 years of age, 5 feet 7 inches in height, blue eyes, fair complexion, brown hair, small mustache and side whiskers; he wore a dark Prince Aland sade winsers; he wore a dark Prince Al-bert coat, brown striped tronsers, light gray overcoat, soft felt hat, white necktie, and car-ried a small satchel containing a few sermons and traveling paraphernalia. Mr. Young did not depend on his calling as a minister entirely for a living, but worked in a book binding es-tablishment in this city.

AT WORK ON THE STREETS.

Just 5,000 Men Are Employed by the City

The contractors working on city streets have employed about 5,000 men, and they pay them in wages \$17,000 per day. The most important work being done is on Frankstown, Penn, Center, Elsworth, Forbes and Highland ave-nues. The Wilmot street bridge of iron, which is 85 feet high, is about completed and is much admired. Some work is also being

The Allegheny Street Railroad Committee met last night. The Perry Street Railway Company ordinace was passed and ordered printed for the use of Council. The Troy Hill Company's was amended slightly. The route was changed to follow Forest street, Hamilton was changed to follow Forest street, Hamilton and Gardner streets, to the Troy Hill road, the place of beginning, and in that ways it was ordered printed for the use of Councils.

The ordinance giving the Pleasant Valley Company the right to lay a track from the corner of Jackson and Fremont streets to Pennsylvania avenue, and thence to Irwin, was defeated. Mr. Hax, the Chairman of the committee, has called another meeting of the committee for Thursday night to reconsider this latter action.

FIXED THE ORGANIST'S SALARY.

important Meeting of the Allegheny City The Allegheny City Property Committee met last evening. The salary of Mr. Wales, the city organist, was fixed at \$1,200 per year. John Askey was appointed to guard Carnegie Hall. These actions will go to Council for approval.

A sub-committee was appointed to look into A sub-committee was appointed to look into the Killbrick Island property. The Allegheny Heating Company notified the committee that the cost of beating the city buildings will be increased 33½ per cent.

George E. Harrison, of Chicago, wrote for April, 1891, dates in Carnegie Hall to exhibit Mrs. Langshore Potts, M. D., in lectures) on "Love, Courtship and Marriage." An invitation from the Fire Committee to attend the annual inspection or the fire department on Thursday, the 19th instant, was accepted.

THE ORIGINAL ANNIE ROONEY.

Three speak-easy proprietors were arrested and lodged in Central station last evening. Inspector McAleese said before next Saturday night he expects to have a record of 100 speak

easy proprietors arrested and fined for the week. This, he thinks, will leave his district clear.
Those arrested and taken to Central station Those arrested and taken to Central station last night were Thomas Collins, No. 63 Thirteenth street; Michael Denning, Fourteenth street, and Frank Gattna Fanina, No. 7 Grant street. All were arrested on warrants charging them with keeping disorderly houses. At No. 7 Grant street five persons were arrested as visitors, among them an Irish woman, 37 years of age, who proclaimed that she was the original Annie Rooney.

Humane Agent O'Brien's Expensive Little Slip of the Tongue, Agent S. F. O'Brien, of the Humane Society vas summoned vesterday, to appear before Alderman Richards, of Braddock, and answer a charge of blasphemy. One day last week Agent O'Brien was in Braddock, and whi passing along one of the streets, a man ad-dressed an impertment question to him. In passing along one of the streets, a man addressed an impertinent question to him. In answering Agent O'Brien prefixed his reply with just a little swear word, and J. B. Carey, who happened to be near heard the answer, entered the suit.

Agent O'Brien does not deny swearing, and will plead guilty to the charge and pay the fine and costs.

Faneral of William Dengle The funeral of William Dengle will take place from his late residence, No. 1344 Penn avenue, at 2 P. M. to-day. He was a member of the Jr. O. U. A. M., S. K. of the A. O. U. W. Washington Infantry, and I. O. Heptasophs. Colonel C. V. Lewis has ordered the First Regiment, Select Knights, to assemble at 1 P. Electricity for Plate Glass Works. The Thomson-Houston Electric Light Com-pany has closed a contract with the Pittsburg Plate Glass Company, for its city works, for 1,336 incandescent lights and an electric tram-way with four electric lecomotives for hauling plate glass through the works. The plant re-quires 300 horse-power engines, and will fa-cilitate things in the manufacture of plate whas.

Brutal Use of a Horsewhip. Superintendent Dean, of the Anti-Cruelty Society, went to McKeesport yesterday and prosecuted Matthias Bellenburg, a puddler employed at the National Tube Works, for beating his children. It was alleged the man took a horsewhip and unmercifully lashed the children while they were sleeping in bed. Bollenburg was fined \$10 and costs by Justice Fields.

DOCTORS COMING IN.

The Convention of the State Medical Society to Begin To-day.

Some of the physicians to the State Medical Society meeting which begins to-day arrived yesterday afternoon, many came in in the evening and quite a number were on the midnight train from the East. The bulk of the doctors are expected to come in to-day. Dr. Pepper, of the University of Pennsylvania, is expected this morning.
Dr. Murdoch, President of the society, wishes

special attention called to the fact that the only time that ladies will be admitted is at the meeting in the Bijou Theater this evening. They are all cordially invited to be present on that occasion, when the President's address of weicome will be delivered. The banquet and reception will be given at the Monongaheia House to-morrow evening.

Among the papers to be read to-day are the ones on "Hygiene" and "Medicine," The other subjects will be discussed in order.

Among the physicians already in the city, Drs. Brenton and Yates registered at the Duquesne; at the Monongaheia House are Drs. Harry Whitcomb, Norristown; H. W. Robinson, Brownsviller C. R. Eariey, Ridgway; Hotel Anderson, S. J. Lytle, Phillipsburg; B. H. Detweiler, Williamsport; J. W. McGoffin, Mercer; J. H. Alds, Huntingdon; Dr. John Kerwin, of the Warren Insane Asylum; E. A. Yarnall, Philadelphia; J.W. Fahr, Milford, and John G. Allen, New York; at the Schlosser are A. Hibler, Bellefonte, and L. F. Filck; Seventh Avenue Hotel, J. Stackey, Portage; E. H. Coover, Harrisburg, and A. N. Wakefield, Johnstown.

Dr. Lee, President of the State Board of Health, will be here this morning. only time that ladies will be admitted is at the

TWO PRISONERS EXCHANGED.

Man Mistaken for Another and Sent to Jail, While the Other Disappears. The friends of Michael Crayon, of the South side, are in a worried state owing to his pecu liar disappearance. He was arrested on Sat-urday night on a charge of disorderly conduct and on Sunday morning was sentenced to jail for ten days by Magistrate Succep for ten days by Magistrate Succop. His family learned of his trouble after the patrol wagon had taken him with other prisoners to jail and decided to wait until to-day to pay his fine and secure his release. His dinner was sent to him yesterday by his wife, and later in the day she appeared at the jail with a warrant for his release. When the warden went to find Crayon no such man could be found in the jail. The man who had been committed as Crayon said his name was Christian B. Leishman, and he was the man who had eaten Crayon's dinner and who was supposed to have been Crayon by the jail officials, Crayon's name being on the commitment under which Leishman was locked up.

Crayon appears on the magistrate's books as sent 10 days to jail and his family are positive that he was sent away from the Twenty-eighth ward police station in the patrol wagon for the jail. The only explanation for the mix yet suggested is that Crayon may have been sent to the workhouse by mistake. His relatives will make another effort to locate him to-day.

QUAY CONSIDERED MASTER. Mr. Phillips Says the Senator Holds th Key to the Situation. Among the guests at the Duquesne yester-day was T. W. Phillips, the New Castle politi-cian and oil man. In sizing up the political situation he said: "It looks as if things were going against Delamater, but Quay is master tuation. He can name the he will, but the question is, can the man be elected. In looking over the ground I find that Quay has many friends among the Stone dele gates; he can control Davies' delegates, and from what I hear he has a pull on the Alle-gheny county delegation. Of course, he can throw votes to whichever candidate he pleases. This looks like a test of his strength, and he

This looks like a test of his strength, and he may assert himself.

"It is strange that one of the leading candidates should be so unpopular with the people, and yet retain somewhat of a grip. Now, outside of Delamater, the people could be gotten to enthuse over Montooth, Hastings. Stone or Osborne, and if you nominated either would be elected, but I have my doubts if Delamater could be elected."

Mr. Phillips denied the reports circulated by the Staadard Oll Company that he had sold out.

An Established Fact.

Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach and Liver. There is always a weakness of the stomach and torpor of the bowels. Dr. Tutt's Liver Pills are peculiarly adapted to such cases.

For the Public Good. Chas. F. Geer, Norwich, Conn., writes, Feb. 11, 1878: "I have several times sent to you for Tutt's Pills. All who have used them express the greatest satisfaction at their effects. I trust by putting them in our store they will soon be used by the community generally."
