A LEADING QUESTION HOME SECURITIES. MARKETS BY WIRE. cause, there being general weakness of the whole list. A statement by the Baltimore and Ohio peo-ple that the purchase of the control by the Richmond and West Point was impossible was the chief moving force in the decline in the stock of the latter road, and, with the sincle exception of Northwestern, it is the only stock in the regular list showing a marked decline this erening. The gold ship-ment rumors were used against the market in the last hour and the close was weak, though dull, at about the lowest prices, but generally only slightly changed from those of the open-ing. The list is almost invariably lower this evening and Sugar is off 1½. Northwestern 11% and Richmond and West Point 1 per cent Hocking Coal was conspicuous for strength during the entire day and is 1½ per cent higher to-night. Railroad bonds were quiet as usual, and al-though there was special animation in the Richmond and \$175,000, respectively, to the total, neither made any marked movement, and while the general tone of the market was stronger than auxel of late, the important changes at the close are very few in number. The sales of all issues reached \$1,275,000. Among the most marked advances, Albany and Susquehanna 7s rose 3 to 181, and Norfolk and Wester general 65 2½ to 121. Government bonds have been duil and steady. Wheat Fairly Active and Higher-Corn Good Tradlug in the Afternoon-No portant Changes in Values. Philadelphia is getting thing better, namely, a steady market at present prices and a gradual growth of trade. The slack time of the year is here and wants from factories on the Ohio, a short distance below Pittsburg, millions of brick for Ohio cheese is coming in plentifully and prices of consumers will be much diminished the paving purposes. Wheeling, Steubenville, are lower. Swiss cheeses are very scarce, sup-ply not being up to demand, and markets are or consumers will be much diminished the next three months as compared with the past three months. Bat m spite of this, trade holds up fairly well, and there are no signs of a re-section in markets yet in sight. Transactions have not been heavy the past week, but show a gain in volume over the previous week." There is an improved demand for cut nails, and prices are a shade higher than they were a week are. Parkersburg, Bellaire, Little Washington, very strong. In ordinary ceasons the decline comes two weeks before this time, but there Columbus and Cleveland, where there is a great deal of heavy traffic, have miles of brick are no signs of a decline as yet. Eggs are pavement. It has given thorough satisfaction in all these places, being durable, clean and of inferior fruit. The Activity in Iron Continues in the Bir-

mingham District.

SPECIAL TELEGRAM TO THE DISPATCEL1 BIRMINGHAM, ALA., June 18 .- The iron trade continues active this week, with a steady flow of orders for immediate delivery. The sales for the past seven days amount to nearly 20,000 tons, and all of it is for June delivery The continued rush of orders has naturally caused a stiffening of prices. Furnaces with little stock on hand and those that have most of their output for this month sold are asking an advance of 50 cents per ton on No. 1 and No. 2 foundry iron. If trade continues good another week No. 1 foundry cannot be bought for less than SiS f. o. b. at fornaces and No. 2 for Si2. These figures are asked for July delivery in large lots and eventhigher prices are asked

Twenty-two of the furnaces in this district are in blast. One of the big furnaces at Ensley has shut down for repairs, but will be ready to go in blast again in 50 cays. The iron manufact-urers of this district are all confident of an

later than July 15. C. A. Johnston, of this city, is organizing a company to build two M0-ton coke furnaces at the foot of Red Monntain, a mile south of the city. The output of the coal mines of the Sloss Iron and Steel Company has been increased to 400 tons per day by the opening of new shafts and slopes at Coalburg and Brookside.

ACTIVITY IN THE WEST.

The Number of Orders Booked Has Seldon

Been Exceeded.

INFRICIAL TELEGRAM TO THE DEPATCH.

CHICAGO, June 13 .- Rogers, Brown & Co. say: Activity in all kinds of iron continues in Chicago and the Northwest. The tonnage of pig fron orders booked the past two weeks has sel dom been exceeded for an equal period. The demand has been principally for Lake Superior demand has been principally for Lake Superior charcoal, the local coke irous and Southern irons. In view of the heavy orders placed and more in sight, it is a little surprising that prices have not shown greater firmness. Southern coke brands are up 50 to 75 cents per ton and firmly held, but on other classes of irons the leading buyers have been able to supply their wants on very favorable terms. Considerable carwheel and mollashis from has

DEMAND FOR CHARCOAL IRON.

Brisk Competition Has the Effect of Shading Prices a Little.

PETECIAL TELEGRAN TO THE DISPATCH.

CINCINNATI, June 13.-Rogers, Brown & Co. say: The week past has been more quiet than its predecessor. Nevertheless a good amount of business was rounded up. The maileable concerns, car works and agricultural implement concerns, car works and agricultural implement works have been the heaviest purchasers. Charcoal irons have, therefore, been a more prominent feature than before. Large lots of Lake Superior charcoal iron were bought for malleable purposes, and it is understood the purchases are not concluded. Prices in charcoal irons, both Northern and Southern, have shaded off slightly under the urgent competition for speculty desirable trade.

Southern, have shaded off slightly under the urgent competition for specually desirable trade. This has no bearing on the coke iron situation, as charcoal irons did not decline proportion-ately with coke irons. In Southern coke brands there are few offerings, the furnaces being well sold up, holding for the 50 cents per ton ad-vance which buyers are disposed to resist.

NEW YORK, June 13.—Cotton fabrics and shirting purposes were selling well, considera-ble freedom, and there was a good demand for wide sheetings, corset, satteens and flat gold cambrues, table damasks and quilts. Brown cottons were in improved demand by exporters and converters, and standards and four-yards sheetings and drills are very scarce and very firm in tone. There was no change in woolens, business continuing moderate. An auction sale of 2,000 pieces satinets, by order of the assignee of John F. Plummer & Co., brought better prices than anticipated, which indicates the improved feeling in regard to woolens, NEW YORK, June 13 -- Cotton fabrics and

The place is known as the Haunted Church of Hillabee, and the residents of the neighborhood can not be induced to go near the spot after night-fall. About 20 years ago the Hardshell Baptists of the neighborhood built a little log church, and services were held there every Sunday.
