BUFFALO, June 13 .- The Buffalo Players' League cripples, reinforced by White and Rowe, who distinguished themselves by doing nothing except not to play ball, were made monkeys of by the Pittsburgs this afternoon. A gang of newsboys would have played better, and the audience amused themselves by deriding all the players except Hoy. Umpire Barnes made several rank decisions. The Buffalos batted feebly, fielded worse, and ran bases in the rankest Lancer, 1.... 1 4 12 0 1 Cody, c..... 1 0 6 1 0 kind of a fashion. Kuehne, of Pittsbur distinguished himself by making two ru on clever hits and capturing Wise's liner the first inning and doubling up Irwin third base, getting credit for an unassist double play. The seventh inning was dandy for Pittsburg, Kuehne, Corcoran as Carroll made singles, Keefe and Beech committed errors and then Rowe a Beecher lost a fly which Robinson sent tween them. #### MISCELLANEOUS SPORTS. THE FORFEIT UP.

Peter Priddy Rendy for a Five-Mile Trip

With Ed McClelland. The Priddy party was very prompt in their ac ceptance of the defi sent out by McClelland's backer, John J. Quinn, of New York. Last backer, John J. Quinn, of New York. Last evening Chris Steinmiller, of McKee's Rocks, came to THE DISPATOH office and deposited \$50 to bind a match for Priddy against McClelland. They ask about the same terms stated by Mr. Quinn, \$50 a side and a five-mile race. Mr. Steinmiller says there is no special hurry about a meeting, but he will be at this office next Friday and expects his forfeit to be covered. There is no doubt but that the money will be forthcoming immediately, as Mr. Quinn said in his letter of Thursday that he would forward it on the 18th.

A meeting between these men is of more than local interest. They have had several races, every one of which was game and close at the fluish. Both men have hundreds of triends prepared to back them on the day of the race with large amounts of cash. The betting will, of course, be heavy and all the more exciting because it will, no doubt, be even or nearly so.

mearly so.

The race will probably be held on Homewood track, which will offer every advantage for making a splendid race and good time. Both men are willing and anxious for the race, and will strain every effort to win. Everything considered it will be one of the best and hottest contasted races men ever ran.

SPERKY, Petaluma, Cal., has sold for ship-ment to Australia the trotting mare Lella, by Rustic, dam by Eclipse, for \$1,250.

THE races advertised to have been held at Brad-ford on June 24, 25 and 26 have been declared of on account of the park not being finished. JOCKET FREEMAN has severed his connection with D. SCOGG AN BROS.' English Lady, winner of the Latonia Oaks, has shown the best of any 3-year-old filly in the West this year. She is eligible to start in the Suburban. AT Eric on June 6, during the races, Starter L. J. Wheeler, of Toledo, was painfully injured by the starting bell failing from its moorings and almost breaking a leg for him.

CHRIS VON DER AHE says that there will soon be some changes in the American Association circuit. He intimates that the Baltimore club is desirous of returning to the fold. GEORGE E. BROWN, a well-known horse importer and breeder at Aurora. Ill., recently purchased the Blewett ranch, near Decatur, Tex., comprising 6,500 acres, at \$7.50 per acre. The report sent out from Latonia to the effect that Jockeys Hathaway and Ray had been rein-stated seems to have been premature, although quite an effort is being made to have it done. WALTER S. VOSSUEGH, official bandicapper of he New York Jockey Club, has been appointed to the same position by the Monmouth Park Asso-lation. He will also officiate as third judge at

Monmouth.

THE California Athletic Club offer a purse of \$1,800 for Fitzsimmons of New Zealand and Jack Dempsey to fight for in August. Fitzsimmons agrees to fight Dempsey for the purse, and if he refuses he will challenge the winner of the Young Mitchell and Is Blanche fight, which takes place on the 17th. Billy Murphy, of Australia, has postponed his departure to fight Larkin, the New Jersey champion, for \$1,800 and the "Police Gazette" championship belt.

ciamplonship belt.

Mr. Henry W. Putnam has authorized Isaac Fleming to take Aubine and Lady Wellington from the Dundee track to Fleetwood, and it is reasonably certain that the superb pair of marcs will be driven next week to beat the team record, 2:15%. Fleetwood has never been regarded as fast track, but it was never before so good as it is this season. It will be remembered that this team under unfavorable circumstances last fall troited Fleetwood track in 2:16. Since then they have had the most perfect care, and they should certainly feel the effects and show a remarkable mile next week.

UNPIR GUNNING, of the Players' League, UMPINE GUNNING, of the Players' League, thinks that he has pot about enough of umpiring, and will undoubtedly resign. Although he is supposed to investuprene authority on the field, yet he is greatly handleapped by the players who are directors. This has been especially shown in the last five games, when he has been held up to ridicule to the speciators by the players and he was powerless to do anything to stop it. Oh Tucsday he fined Ward, Joyce and Van Haitren #10 each, and notifications of the fines were sent to Secretary Brunell. Yesterday Ward made Gunning hink it was roasting hot, and Gunning threatened to fine him \$40, but it had no effect on the irrepressible short stop, manager, captain and director.—New Jork Sun. rector.—New York Sun.

Langdom Smith, who reported the three New York-Philadelphia games for the New York World, sent the following description about Buffinton to his paper: 'Charlie Buffinton can waft double and twisted camel-back curves over the plate as easily as the average bootblack can shoot craps. He winds the ball carefully up, with several aerial hieroglyphics, and then unravels himself with a grunt and a snort and there you are. The course of the ball is unfit for publication. It sails sail way along to the plate on an even keel, and then faints dead away and dies in mid air. Its ghost, however, comes flying over the rubber and at this spherical goblin the New York boys batted and slashed and sawed through nine gory innings without doing any other damage than to get up a futile sweat.

case before him which developed into one of the most bare-faced blackmailing schemes that have been heard of for some time. A woman named Bella Humies, or Huins, from Butler, Pa., went to the magistrate's office and preferred a charge against George

W. Reep, also of Butler, who she said was then at a certain place in Allegheny. She said Reep and her sister, a Mrs. Steinmeyer, of Butler, had been intimate, and that he had left the place to avoid arrest. The information was taken, and Detectives Robinson and Shore went to Allegheny, where they arrested Reep. He accompanied them willingly, and requested them to go to find another information against him, which stock and save from 10 to 25 per cent. had been entered about an hour before. His statement was found to be correct, and

when he was brought before Magistrate Gripp he told his story. He said he had some money and was a married man. While he made no positive denial of the charge against him, he said that Mrs. Steinmever Mrs. Huins and their respective husbands had been conspiring against him for three years and extorting money by threats to prosecute. He had bought them off repeatprosecute. He had bought them off repeatedly, until he finally got tired giving them so much money and consulted Attorney Thompson, a well-known Butler lawyer, to see if he had no redress. A suit was pending against him at the time before a Butler Alderman, and the attorney drew up an agreement by which Reep was to pay a certain sum to the Huins-Steinmeyer crowd, in consideration of which they were to withdraw the suit, cease their importunities and prevent the matter from being made public, Reep being anxious that his friends should not know of the kind of company he had been keeping. Four separate suits were afterward entered against Reep by the same people, and when he came to Pittshurg on Thursday they followed next day, and while one of the men of the party started out to find Reep, Mr. Steinmeyer entered an information against him before Mayor Wyman. Then Mrs. Huins came over and entered another suit against him.

Reep told his story and showed the agree-ment he had with Steinmeyer and Mrs. Huins, and the magistrate after questioning the women, and getting a tacit admission of the truth of Reep's statements discharged him. He then turned to the women and that while blackmailing schemes like theirs might go in Butler, they would not be tol-erated in Pittsburg. On the magistrate's advice Reen entered information against the whole party for blackmail and coospiracy, but they begged off so hard that he finally withdrew the suits, and they went home a sadder and wiser crowd.
