All Hope of the Royalist Party in France Must be Abandoned.

AMERICANS VISIT A FINE ART SALE

But Fail to Carry off Any of the Costly and Coveted Paintings.

REAL INVENTOR OF THE TELEPHONE.

PARIS, June 14.—The speech of the Count of Paris at Richmond on Thursday evening, praising the action of his son, the Duke of Orleans, in returning to France in spite of the decree of exile against the Orleans family and seeking to serve his time in the French army provokes no feeling here, not even in Government circles. Neither has it aroused any enthusiasm among the Royalists.

LATE NEWS IN BRIEF.

Had warrants are reported on the Illinois Central in Wisconsin. The Illinois Central bridge at Rockford is swept away. Loss, \$1000. A bolt of lightning killed Andrew Longenecker, of Harrisburg, Ont., while herding. At Milwaukee, Friday night, Samuel Kimball shot and killed his wife. He is under arrest.

BEAT THE AMERICANS' BID.

The pictures owned by the late M. Crabb, a Belgian senator, which were sold in this city on Thursday brought unprecedented prices. Mr. Morris K. Jessup and Mr. Cornelius Vanderbilt, representing the New York Metropolitan Museum of Art, Mr. Hutchinson, President of the Chicago Art Museum, Mr. William C. Whitney, and a number of the most prominent American art dealers were either present or represented by agents. The French buyers outbid the Americans. Although the sale was the most important since the sale of the Secretan collection, scarcely a single canvas is going to America.

THE PASSPORT TROUBLE.

The recent debate in the German Reichstag on the continued exaction of passports from travelers in Alsace-Lorraine shows that no relief from this vexatious annoyance to Americans can be expected. The severity of the rule enforced on the frontier has within the last year or two more than doubled the passport business of the American legation here. Americans who have for a long time been residents abroad, and who are unable to swear to any fixed intention of returning home within a reasonable number of years, continue to find difficulty in getting passports under the instructions issued by Mr. Bayard, when Secretary of State, where still in force.

AMERICANS HONORED.

Mr. William C. Whitney, ex-Secretary of the American Navy, and his wife left Paris today on their return to New York. Among the guests present at the banquet given in their honor by Mr. Whitehair, the American Minister, last night, were Count Hoyos, the Austrian Ambassador to France, and Countess Hoyos, Viscountess Courval and a number of other noted people.

Henry Gardner, of Niantic, Conn., has been awarded the highest prize for figures drawn at the Ecole Des Beaux Arts. This is the first time in the history of the school that an American has received this distinction.

THE PUPILS OF THE ROOMS TAUGHT BY THE MISSISSIPPI EDUCATIONAL SOCIETY.

The pupils of the rooms taught by the Mississippian Educational Society, and the Misses Lillian Cooper, late of the Bellevue school, and Miss Sherris have been elected to positions in the Second ward schools, Allegheny.

THE successful applicants on the late examination for provisional certificates will receive their certificates in green by the end of the present week.

MISS JENNIE HANLON, of the Liberty school, is to be one of the Pittsburgh excursionists to Europe. The educational party sails on the 24th of July.

THE pupils of the rooms taught by the Misses Lizzie Edwards, Berry and Sullivan, of the Peables school, will picnic in Blair's Grove on the last day of school.

THE Misses Bertha Ziegler and Stella Schenck have captured the first and second honors, respectively, of this year's academic High School graduating class.

So far the Birmingham, Knox, Thad Stevens, Hilliard, Moorhead, Humboldt, Mt. Albion, South and Wickersham, have submitted at the central Board rooms their school exhibits for the Exposition.

THE St. Clair School Board elected its old staff of teachers last Tuesday evening. Prof. Bausman and Miss Floyd were elected for three years and the other teachers according to the grade of certificate they hold.

MISS HENRIETTA MARLEY, of the Grant school, who was injured during the week by the piano stool on which she was sitting breaking, is not seriously injured, though she will not likely be able to teach again this year.

THE three Misses Cooper, of Bellevue, who are school teachers, are at present anxiously watching the oil market. They have an interest in the straw well, which opened with 600 barrels a day recently and is now doing 200 barrels.

MISS ALICE SULLIVAN and Mrs. Parker have been reinstated in their old positions in the Peables school. This action does away with the major portion of the controversy that arose regarding the election of teachers recently in the Twenty-third ward.

STATE SUPERINTENDENT D. J. WALKER and Principal E. O. Lyne, of the Millersville Normal School, were in the city, on their way home from the California State Normal school, where examination was in order. They visited the Moorhead, Normal and Public Cooking schools.

FRANCIS C. WOODS, of the High School, gives an excursion on the steamer Return next Saturday evening to this year's graduating class, probably 100 in number. As yet only the preliminaries have been arranged, but as Principal Wicks, written in Portuguese, which the principal Woods, aided by the young ladies and gentlemen of the High School, has charge of the affair it will undoubtedly be a great success.

C. MARCELINO A. ELIZONDA, of the Argentine Republic, has sent a circular to Superintendent Luckey, written in Portuguese, which translated, asks for reports and educational information about the Pittsburgh schools and State, as well. The Minister with the same name wants this information to embody in a report which he is preparing for the benefit of his country.

ALTHOUGH Miss Cook, of the Moorhead school, successfully passed the preliminary examination as a law student, she does not intend to give up teaching at present. She is attending law during the next two months of vacation, and while she is teaching next year will continue her legal studies during the evening. If Miss Cook makes as good a lawyer as she has a teacher she will astonish some of her male competitors.

AT a meeting of the industrial Committee held yesterday, Miss Charlotte Balzer was unanimously re-elected teacher of the Public Cooking School for next year. Her success during the past year has been annually gratifying. The cooking school class will be graduated next Saturday, and the exercises which are to mark the closing of the present school year are to be very interesting. Sheriff McCandless presents the prize for the best loaf of bread. Mayor Gourley makes the presentation speech. Miss Balzer did not take any vacation at Easter time, in order that she might return to her home, in Boston a week earlier than the requested closing of the schools in Pittsburgh.

GOSSIP OF THE SCHOOLS.

HAIR ON THE FACE, NECK, ARMS OR ANY PART OF THE PERSON

QUICKLY DISSOLVED AND REMOVED WITH THE NEW SOLUTION

MODENE

AND THE GROWTH FOREVER DESTROYED WITHOUT THE SLIGHTEST INJURY OR DISCOLORATION OF THE MOST DELICATE SKIN—DISCOVERED BY ACCIDENT.

It is COMPOUND, an incomplete mixture was accidentally spilled on the back of the hand, and on washing afterward it was discovered that the hair was completely removed. We purchased the mixture and named it MODENE. It is perfectly pure from food, all injurious substances, and so simple any one can use it. It acts mildly but surely, and you will be surprised and delighted with the results. Apply for a few minutes and the hair disappears as if by magic. It has no resemblance whatever to any other preparation ever used for a like purpose. No scientific discovery ever attained such wonderful results. IT CANNOT FAIL. If the growth be light, one application will remove it. If the hair is heavy, growth such as the beard or hair on the arms may require two or three applications before all the hair is removed. Write for a full description of the use of each application, and without the slightest inquiry or unpleasant feeling when applied or removed afterward.

—Recommended by all who have tested its merits. —By people of refinement. —Gentlemen who do not appreciate nature's gift of a beard, will find a precious boon in Modene, which they may use with confidence. It dissolves and destroys the life-principle of the hair, thereby rendering its future growth an utter impossibility. It has no resemblance to the hair-removing preparations of the skin. Young persons who find an embarrassing growth of hair coming, should use Modene, once applied, and the hair will be removed. Correspondence should use Modene, once applied, and the hair will be removed. Correspondence should use Modene, once applied, and the hair will be removed.

Price, \$1.00 per bottle. Send money by letter, with your full address plainly. Correspondence should use Modene, once applied, and the hair will be removed. Correspondence should use Modene, once applied, and the hair will be removed.

LOCAL AND GENERAL AGENTS: THE SINGLETARY BROS. PREPARED BY THE SINGLETARY BROS. WANTED. If you desire a copy of our letter at any Post-office and insure its safe delivery, it appears again. We owe \$1,000,000 for failure on the slightest injury, EVERY BOTTLE GUARANTEED. my9-6
