SACRAMENTO, CAL, June 17 .- Governor Waterman has addressed a letter to Attorney General Johnson, on the subject of prize fights, in which he says: "I desire most sincerely to direct your attention to the fact that the State has been ughly and completely disgraced by the maintenance of an organization given up to degrading and disgusting exhibitions of brutal force in so-called scientific contests between socalled scientific athietes, which are nothing more or less than prize fights, in opposition to decency and the good order of society, against decency and the good order of society, against which the law made and provided in such cases should be operative in those localities in the State where these unlawful practices take place. They should no longer be permitted to defame and degrade the soil of our State, and the mere fact that is advanced that their patrons consist of those in the higher walks of life should be a still further incentive to put an end to the exhibitions alluded to, in order that their pernicious example may not affect those in the lower walks of life. As it is now it is an evil and shame, producing no good benefit and only indulged in as a mere specula-tion by those who pursue prize fighting as a means of subsistence and support, and for gambling purposes. Will you do me a favor, in the absolute interests of the State, of inquir-ing into the matter, and if the local officers of the law are not able to cope with the subject, I invoke your aid as the chief law officer of, the State and ask you to proceed immediately to take such decisive action and measures as will, in future, preserve and protect from so foul a bot the ascutcheon of the State of California." which the law made and provided in such cases

strongly opposed by press and poople, and even to day several papers appeared on the streets without a line of the day's proceedings in them. The success of the present meeting in Chicago is largely due to the work of Fred J. Shaler, a former member of fron City Council, of Pittsburg. He joined the order in 1870; was a representative to State Council in 1880, and councils and has attended three sessions of the National Council. He helped to organize the Hilioois State Council and is now its secretary. He is one of the candidates for National Officers will be elected to morrow morning, and the council will then get down to business. An individual council here he state among the diouncilor, with favorable chances of winning. Officers will be elected to morrow morning, and the council will then get down to business. An individual council and is not likely to be reached until Friday. A scheme has been started among the diouncil ouncil amended so it will not be neces-sary to have the proposed change of name submitted to a vote of the Councils. A. E. Solomon, and other Pittsburg members, are at the bead of it. James Cranston, A. L. Hoff, man, Harry R. Peek and others of Pittsburg, while not favoring the amendment, will support it and if acopted they will submit a proposi-tion to have the change made at the present states are opposed to the scheme and a lively ight is promised.
