BOOM AT BRADDOCK

Edgar Thomson Works Are Forced to Enlarge Territory

FOR THE NEW CONVERTING HOUSE.

Orders on the Books Sufficient to Take the Year's Yield.

HARDWARE TRADE NOW AT ITS BEST

OFFICE OF PITTSBURG DISPATCH, PUESDAY, June 17, 1890. At the Edgar Thomson Steel Works fully 1,300 tons of steel rails are turned out every day, and orders are now booked sufficient to take the entire output for the balance of this year. It is expected that Furnace I will be in blast by the 1st of August, after which the output will be not less than 1,500 tons of rails daily. Furnace C, which has been recently relined, was lighted last Friday, and has been doing splendid work. It yielded over 200 tons of No. 1 Bessemer iron in vesterday's run. Furnace B will be blown out next week, and it is the intention of the managers to remodel this furnace and utilize it for the manufacture of ferro-man-

The four converters now in use at the Edgar Thomson have proved inadequate for the work required, and it has become a necessity to enlarge to the extent of two new converters. At first it was thought that the present building would furnish the needed space for the new onverters. It has, however, been discovered that the space is too contracted, and the company is negotiating for the purchase of six acres on the banks of Turtle Creek, east of the works, for a new converting house. The property belongs to the McKenney beirs. When the works first started two converters were found ample for a number of years. And when two more were added a few years ago, it was thought that all requirements would be met for many years to come. Now an additional pair of converters has become necessary to meet growing demands of trade. The new con-verting house will require an outlay of not less than \$300,000. Each converter will cost, when fitted up, about \$25,000.

The Best Equipped Works in the Country. The new purchase of land will require an outw of about \$60,000 or \$10,000 per acre. A number of newly invented appliances for converters are to be added. The Edgar Thomson works will, when the nine furnaces and the six new converters are in full operation, be the best equipped rail works on the planet.

An illustration of the advance in real estate at Braddock since the Carnegies planted themselves there is furnished by the price paid for

hardware jobbers that the fall trade will be first-class. Orders for fall begin in July, and all dealers are strong in the faith of a good fall

Hogs—Receipts, 3,071 head, nominally firmer at \$4 30/24 40.

PHILADELPHIA-Wool market quiet, but firm; Ohio, Pennsylvania and West Virginia XX and above, 33634c; X 31633c; medium, Srgilbe; coarse, 35639c; New York, Michigan, Indiana and Western fimer; X and XX, 2856631c; medium, 3656635½c; coarse, 34685; the washed delane X and XX, 39688c; negly me washed delame X and XX, 95258c; medium washed combing and delame, 40642c; coarse do, 355,653c; tub washed, 32646c; medium unwashed corbing and delame, 28631c; coarse do, 252,6628c; Montana, 17625c; Territorial, 16622c.

Boston,-There is no particular change Boston.—There is no particular change to notice in the wool market here. Sales have been mostly in small lots and at about previous prices. Ohio and Pennsylvania fleeces are firm at 3165326 for X. 33634c for K. 33634c for K. Michigan X has been selling at 302 Sic. Combing and delaine fleeces scarce and nominal. New spring Texas wool in more liberal supply and offered at 20232c as to quality. Southern spring California sells at 17620c. Oregon wools quiet at 17620c. In territory wools there have been sales of fine at 605632c, and fine medium at 58560c clean. Unwashed and unmerchantable Ohio and Michigan fleeces are selling mostly at 20 and 25c. Pulled wools in moderate request and rather easy. Foreign wools quiet firm.

NEW YORK, June 17 .- It was very quiet to day in the drygoods trade, though there was a fair business in a few specialties for fall, and there was a little improvement in the woolen there was a little improvement in the woolen goods section of the market. Some of the cheaper grades of clething woolens were opened, and there were sales of heavy worsteds at an advance of 5 per cent over last year's

prices.
Staple cottons were quiet, being sold up for two months ahead. The tone continues firm, as it is likely to do throughout the between seasons periods. Prints were selling fairly well to the far-off trade.

MARKETS BY WIRE.

Wheat Unsettled and Nervous-A Fair Trade in Corn-Onte Decidedly Stronger-Comparatively Little Doing in Pork.

CHICAGO-The wheat market was quite unsettled, and had a nervous feeling to-day. The opening was rather weak, and prices declined %@lc, very evidently due to fine weather and unfavorable European market advices, and in fact influenced by a continuation of the weakness which set in yesterday. Later it became firmer, and prices were advanced 1%61%c, held quite firmly and closed about 3663%c higher than yesterday. Trading was quite active, both on the early decline and also after-ward on the upturn. The early weakness again brought out considerable "long" wheat, and the failure of a firm on the long side assisted

Corn was traded in to a fair extent, the market ruling quite active and the feeling unset tied. The market opened weak, and under free offerings sold off &c. A better demand then springing up started the local crowd to covering in July, and it sold up %3%c, ruled steady and closed %3%c higher than yester

day.

Oats were active and decidedly stronger and Oats were active and decidedly stronger and higher, particularly for the new crop deliveries. Offering were not large, operators being afraid to sell with any degree of freedom, and prices advanced 3,20%, and the gain was mostly maintained until the close. The near futures sympathized with the others to a moderate extent, but prices only advanced 3,0%. Trading in pork was limited. Prices exhibited little change.

Trading in pork was limited. Prices exhibited little change.

A fair trade was reported in lard. Prices favored buyers, though the close showed a little more steadness.

Trading in short ribs was moderately active, with feeling steady. Fair offerings early caused a slight reduction in prices, but a little more inquiry about the middle of the session tended to a moderate rally in prices.

The leading rutures ranged as follows:

WHEAT—No. 2. June. 552885428142866;
July. 554286542854485448654686;

S54286546.

the late addition. The ground for the original plant was purchased at \$500 per acre. This was less than 20 years age. The six acres which it is now found necessary to purchase, and which for agricultural purposes is of little value, has jumped to a value of \$10,000 per acre, a twenty fold increase.

It is doubtful if any city of the State can show a better record in the line of prosperity and growth in the past decade than that on our eastern border, where the father and founder of our Republic gained his first laurels and proved himself a man of affairs.

In Hardware Lines.

In an interview with one of our leading jobbers in this linet-oday it was developed that the situation and outlook of this trade were never better than now. The demand is active for all lines of goods. Both wire and cut nails have advanced slightly the past week or two under the strong demand. There is no longer the disposition to make concessions on card rates of mails, as there was with manufacturers a month or two ago. The demand for fing strength in the past. One dealer reports June sales in this line, fully 33 per cent greater than for the corresponding period of last year, and demand shows little sign of letting up.

The only exception to the great demand for everything in the hardware industry, is in the line of refrigerators. The searcity and high pince of ice have had a chilling influence on this department of the trade, and the amount of goods handled will, no doubt, fall below that of last season.

The teeling is general and strong with our hardware jobbers that the fall trade will be first-class. Orders for fall begin in July, and barsel-class. Orders for fall begin in July, and barsel-class. Orders for fall begin in July, and market weak. Wheat—Spot steady with a market weak. NEW YORK-Flour heavy and dull; pack

creamery, 7g15c; do factory, 4g10c. Cheese less firm and quieter; Western, 7g8c.

PHILADELPHIA — Fiour—Demand slow and market weak. Wheat—Spot steady with a moderate inquiry from miliers; futures wholly nominal in the absence of business but closed firm; rejected, 72g/8c; fair to good/milling, 88g/9c; perime to choice, 95g/9c; ungraded in grain depot, 93c; No. 2 red, June, 90g/90/4c; August, 884/9c/9c; September, 884/9c/9c. He Nails a Misstatement and Gives Some Interesting Figures.

A GOOD OUTLOOK FOR THE YEAR. Very Little Life in Stocks or Oil, With the

Outlook Far From Rosy.

THE NEWS AND GOSSIP OF THE CITY

A short time ago a statement appeared in one of the city papers to the effect that 1,000 houses would be built this year in the Wilkinsburg district. This was good news to the citizens of that thriving borough, but unfortunately it was greatly exaggerated. In conversation with THE DISPATCH representative yesterday evening, Mr. Moffatt, one of the leading builders of that former ward of the city, estimated the number of houses that will probably be erected in that district the present season at 300. This includes all that have been completed since the begin-

ning of the year.
In speaking of other districts, Mr. Moffatt expressed the opinion from what he had heard and seen, that what is known as East Liberty would show up with about 1,500, and the rest of the city with something like 3,000—a total of 4,500 against 3,154 last year. He added: "Building down the Fort Wayne railroad in Allegheny, and on the Southside is on a much larger scale than last year. Should no ob-stacles interpose between now and the end of the season, the number of new buildings in Pittsburg and suburbs this year will be more likely to reach 5,000 than fall below that number. The bouses, too, are of a much better class than in any previous year. We are mak-ing rapid advances in architecture. The homes of Pittsburg already vie with those of any other city. We will have a model city in a

Business News and Gossip.

Business in acreage was never so active as now. As most of these tracts have been or will be cut up into lots, the supply of building sites is not likely to run short for some time. It also has a tendency to keep down prices. The most important mortgage put on record ether. Eighteen, or nearly one-half, were for

purchase money.

Fifty men were at work on California avenue, this side of Woods' Run, yesterday. There is a cut there of 30 or 35 feet, which is the is a cut there of 30 or 35 feet, which is the deepest one on the road. Considerable filling will be necessary through the Bennett property. At the annual meeting of stockholders of the Cincinnati, Hamilton and Dayton Railroad at Cincinnati, Hamilton and Dayton Railroad at Cincinnati yesterday, C. W. Fairbanks, W. A. Proctor and H. F. Shomaker were chosen directors in place of Julius Dexter, Russell Sage and Sidney Dillon. President Dexter thereupon retired in favor of M. D. Woodford. The annual report showed net earnings for the annual report showed net earnings for th year ending March 21, 1896, to have been \$1,400 915, an increase of \$1,327 over 1889. The suit is

volving the validity of the so-called preferred stock has not been settled. The fact that the market prices of Pittsburg bank stocks in most cases exceed the boo value speaks well for those institutions, an shows that they are in demand as investment Applications have been made to the Controller of the Currency by E. H. Pitch and others for authority to organize a new national

bank at Ashtabula, O.

MONETARY MOVEMENTS.

The following table shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for THE DISPATCH by WHITNEY & STEPHENSON, oldest Pittsburg members of New York Stock Exchange, 57 Fourth avenue: A New York Financier's Definition of the

Word Bainnees. Some time ago a financial writer in Pitts-burg wrote to the manager of the New York Clearing House for an explanation of the word "balances." Manager Chaplin had told him it possessed no business significance at all, but he thought differently. The answer received from New York was, in substance: "Balances concern the banks, and have nothing to do with business with the public. They do not represent business in any way. They are excesses of settlements between the banks—what is left to each after they have sourced up with each other. They may be Some time ago a financial writer in

banks—what is left to each after they have squared up with each other. They may be large or small. In neither event do they have any bearing upon the volume of trade or show what the banks have done." Here is an instance proving the correctness of this statement. One of the city banks that always stands well up in business, came into the Clearing House yesterday with only 16 cents of balances to its credit, although its transactions amounted to about \$40,000. Banks frequently come out even.

Business at the local banks yesterday presented no features demanding special comment. There was a fair borrowing demand, which was met at 6 per cent for the most part. Funds were in good supply and working toward greater case in consequence of heavy depositing, due to activity in trade. Currency and exchange were on a lovel. The exchanges wore \$2.491,178 15, and the balances \$490,517 53.

Money on call at New York yesterday was easy at \$4894 per cent, last loan 4, closing offered at 4. Prime mercantile paper \$4.664. Sterling exchange quiet and steady at \$4.854 for 60-day bills and \$4.87% for demand.

POOR DAY FOR TRADE.

in Intensely Dall Stock Market-The Oregon Transcontinental Circular Received With Disfavor-Its

Stock on the Decline. NEW YORK, June 17 .- The waiting attitude of operators on both sides of the market again resulted in making an intensely dull stock market to-day, which possessed even less feature than that of yesterday. The little interest which was manifested in Sugar Refinerie yesterday seemed to have disappeared entirely, and the trading in that stock was the smalles for any full day for months, while its fluctuations were on an equally limited scale. The transfer books closed to-day for the payment of the recently declared dividend of 2½ per cent, and the Boston Stock Exchange was closed to-day, being the anniversary of the battle of Bunker Hill, and as there was no decision on the Sugar case by the Court of Andeals, there was nothing to base an opinion as to the course of the stock in the future upon. to the course of the stock in the future upon. The only real feature in the market to-day was the weakness in Oregon Transcontinental owing to the distayor with which the circular to stockholders has been received. The friends of the management, however, say that the sentiment will not be far-reaching, and as the merits of the scheme become known the stock will again appreciate in value. The selling to-day also was of the same professional character as usual for the past few days, and the decline is probably the feeling of the market by the bears. The news of the day contained the usual installment of advices of rate-cutting and disagreements in the West, but these were fairly offset by the reports of earnings and the small progress made toward complete harmony among the roads in that section of the country. The course of the Lake Shore, which has not with so much ceusure, seems to have only enused a cessation of the late animation in the Vanderbilt stocks, but as that is shared by the entire hat it probably signifes nothing. There were \$50,000 more gold for export by the same firm which sent the last lot, but no information as to the character of the shipment could be obtained, other than it goes to Germany and the rates of exchange on that point permit it to be made without loss. It, of course, had its influence in aiding the declines, but the trading was so limited that the effect was, no one thing counted for much. The traders had the market all to themselves. The opening was lower in sympathy with London and until the last hour there was a slow but steady yielding of values, which, however, only in Oregon Transcontinental reached anything of importance. The shorts went in to cover late in the day, the reports of the progress in making a silver bill helping the advance, and the Trusts were especially strong, Chicago Gas moving up nearly 2 per cent. The close was dull but firm, but still at small fractional losses for the day in the great majority of the list. The late recovery brought up Oregon Transcontine The only real feature in the market to-day

Chicago Gas.

Railroad bonds were also slightly more active, the total sales being \$926,000, but there was less pronounced character to the market, and the flual changes are in but few instances of any importance. St. Paul Consols are off 2 per cent. of any importance. St. Paul Consols are off 2 per cent.

Government bonds have been dull and firm. State bonds have been dull and steady.

The Past says: The Union Pacific report of net earnings for the four months to April 20, shows very clearly which are the prosperous parts of its system. The net earnings of the entire 8,039 miles of the whole system were \$3,191 241, against \$3,055,234 in the same period last year on 7,854 miles, an increase of only \$135,007, or 4.4 per cent. The cause of this rather poor showing was in the large decrease of earnings of the Oregon Navigation Company, which didn't earn its operating expenses for the four months by \$155,820 instead of having net earnings of \$352,427, as in the same period of 1889, and consequently shows a decrease of \$419,247. This, of course, affected the earnings of the Oregon Short Line, to which the Oregon Navigation is leased, and the Oregon Short Line net earnings for the four months were consequently only \$567,851, the Oregon Short Line net earnings for the four months were consequently only \$567,851, against \$712,874 in the same time last year. It was only the large earnings of the Union Pacific, Denver and Gulf which saved the report of the whole Union Pacific, Denver and Gulf surplus earnings for the four months were \$440,876, against \$166,808 in the same time last year, an increase of 164 per cent. The total fixed charges of the Union Pacific, Denver and Gulf for the year 1890 are about \$1,200,000, and at the rate of surplus earnings for the four months the company is earning at the rate of control \$1,300,000 per annum. This is remarkably good for a newly opened line, and indicates the probability that the \$21,161,000 of

Union Pacific, Denver and Gulf stock will pay dividends before any are paid on Union Pacific.

RIVER INTELLIGENCE.

The Rivers Very Low and No Busines Any Importance to Report. The rivers are now very low. At 4 P. M. yes-terday the Monongaheia was down to 4 feet 11 inches, and still falling, while the Ohio at Davis Island only reached to 6 6-10 feet about 8 P. M. In consequence of the fall no coal was sent out, and no business of any account was done.

A general drowsiness prevailed among the gay and festive roustabouts all day. Driftwood.

THE Diamond is looked for early to-day. CAPTAIN P. J. FORSYTH is in Cincinnati. THE Ironsides passed Louisville up Monday. THE Golden Rule passed Louisville up Sunday THERE is a new pilot on the Andes, and his name THE Fawcett's towboat Boaz got in with

empties yesterday. THE U. P. Schenck will leave New Orleans for THE Lizzie Bay, of the P. & W. line, left the wharf with a good passenger list and cargo last evening. inclination Saturday next. THE Louis A. Sherley left Cincinnati for Wheel-

THE Hudson, Captain Ellison, of the P. & C.
line, was in on good time yesterday, and will leave
for Chelmant to-morrow. The Andes, Captain
Cooper, left yesterday, also for Porkopolis. She
was rather late.

convalescent, will leave the docks and come up here to renew work. She is expected here on the 23d inst. The Brownsville line will then be able to run two packets a day.

The Little Sandy, formerly of Louisville, but

the Monongahela river, is to be put in the Racine and Middleport trade. Captain Sam DeWolf, of the old Sait Valley, will have charge of her. The H. K. Bedford passed Cincinnati up from Nashville to Pittsburg Monday, having been sold for the Pittsburg and Wheeling trade. Captain Tim Armstrong was in command, and her new owners, Garden Green and Mack Gamble, were at the wheel. THE shaft of the old towboat John Hanna, which

has been lying in the river opposite Pomeroy for the past four years, was raised last Saturday and

taken to Gailipolis, where it will be put in good shape for the new boat being built at Murrayville for the Bay Brothers, of Ironton. WHEN the man asked for a free pass to Cincinwhen the man asked for a ree pass to Chein-nati yesterday on the mail boat, Fuller fell off his high stool, Carter fainted, the fellow tumbled down stairs and old Pete shouled: "O, the gall av'him, whin he could go in the cabin loike a gintieman for \$i."—Courier Journat. LETTES for the following are at the Consolidated Boatstore, Cincinnati: W. Rents, John Henry Gilliam, Charile McFarlan, E. S. McClain,

George Trunnell, Eugene Mays, Charles-Davis, Amos S. Day, Mr. Lois, Robert Lee, H. B. Mc-Mahan, Miss Mollie Hughes, Sam Bryant (telegram).

The Germania, of the P. & B. line, got in up to time last evening. By the way, business on the Brownsville line is booming under the new management. There is nearly twice as much to do, gram). say the skippers and clerks, as there was this time last year. The newly-opened reaches of the river between Brownsville and Morgantown are especially hustling.

especially hustling.

The reduced rate was inaugurated between the rival boats in the Louisville and Cincinnati trade yesterday. The heavy storm during the afternoon put a "damper" upon the prospects of either boat getting a cabin full of passengers, though many took advantage of the remarkably low rate of \$1 for passengers, rooms and means and for feet for the remarkably low rate of \$1 for passengers. took advantage of the remarkably low rate of \$1 for passage, rooms and meals, and left for Cinciunati. The New South claims that she is running a regular passenger business, and expects to get a certain portion of business which the other boats are not getting. The Old Reliable Mail Lines steamers claim that the rival boat is infringing upon their rights and trade, and propose to "dight it out on that line if it takes all summer." The fare on both, including passage, berth and meals, is only \$1, and the "engagement" promises to be lively as long as it lasts.—Courier Journal.

GOV. CAMPBELL INTERFERED.

And the Trio of Murderers Will Not Hang Next Friday at Columbus. ISPECIAL TELEGRAM TO THE DISPATCH.

COLUMBUS, June 17 .- Governor Campbell has disarranged the triple exe-cution which was to-have taken place nt the Ohio penitentiary next Friday. The sentence of Charles Blythe, colored. was commuted to imprisonment for life. The prisoner was first sentenced to be hanged April 19, but was subsequently reprieved until June 20. His crime was the killing at Cincinnati of Dr. Jones, Surgeon General of the Ohio National Guard, robbing the body and placing the remains in the manhole of a sewer, where it was alterward found by the police. Isaac Smith, the Pike county murderer, gets a reprieve until August 21. He was convicted of murder in the first degree and sentenced to hang March 7, but secured a reprieve until June 20. Otto Leuth is the only one of the trio left, and it is not certain that he will hang.

DOMESTIC MARKETS.

Creamery Butter Firmer, but Country Rolls Still Drag.

NEW POTATOES MOVING FREELY. Cereal Markets Very Singgish and Wheat and Corn Lower.

GENERAL GROCERIES UNCHANGED

OFFICE OF PITTSBURG DISPATCH. TUESDAY, June 17, 1890.

Country Produce-Jobbing Prices. Advices from Elgin indicate a very active creamery butter market at prices ic per pound above those of last week. The advance will be due here on Friday. Cold storage men have due here on Friday. Cold storage men have been buying up and putting away creamery butter for the past few weeks in the faith that bottom had been reached. They are likely to have their reward, from present outlook. Country butter continues to drag and prices are only nominal. Demand for choice nearfly eggs is fully up to supply. Supply of strawberries was large to-day, the largest of the season, but demand was excellent for choice stock. Raspherries were plenty and dull. The stock. Raspberries were plenty and dull. The first red raspberries of the season were offered in limited quantity. New potatoes are moving freely and prices are firm at quotations. Man kets are well supplied with tomatoes, and prices are dritting lower. Produce men report this as one of the most active days of the

Grain, Flour and Feed. There were no sales on call at the Grain Exchange. Receipts as bulletined, 55 cars. By Pittsburg, Ft. Wayne and Chicago Railway, 5 cars of hay, 1 of corn, 1 of rye, 2 of oats, 1 of wheat, 2 of flour, 1 of straw. By Pittsburg, Cincinnati and St. Louis, 1 car of middlings, 1 of bran, 3 of cats, 7 of corn. By Baltimore and Ohio, 4 cars of hay, 1 of corn. By Pittsburg and Lake Erie, 1 car of oats, 1 of flour, 2 of rye, 1 of malt. Wheat, ear corn and the lower grades of hay are weak and lower. The highest grades of hay are weak and lower. The highest bid for No. 2 y. e. corn at the Exchange was 30c, and for No. 2 y. s. corn 373/c. For No. 2 red wheat there was no bid above 90c, and 92c was asked. Cereal markets are very sluggish, and the situation favors buyers all along the line. Said a leading operator this morning: "There are not saids enough to make a market. It is easy to buy but hard to sell anything in the grain and hay line." Prices are for carload lots on track:

WHEAT—New No. 2 red, 90@91c; No. 3, 87@ 88c.

SIFTING THEM OUT.

The Criminal Court Separating the Sheep From the Gonts-One Man in for Three Indictments-The Other News From the

In the Criminal Court yesterday Bridget McCoy was found guilty of assault and battery on Mollie Barry. In the suits of assault and battery against Gus Sauermilk and Robort George, preferred by Celia Mur-ray and Bertha Sauermilk, a nolle pros was entered. George F. Day was convicted of aggravated assault and battery on Edward Tucker and was sent to the workhouse for one year. Humphrey Campbell, a Pittsburg and Birmingham street car conductor, was ac-quitted of a charge of assault and battery on H. W. McLain. Jereminh McDonough, who was charged with assault on Willie Harris, was found guilty as indicted.

The case of W. B. Rodgers, charged with aggravated assault and battery on Samuel O. Rhodes, is on trial before Judge Collier.

YESTERDAY'S GRAND JURY WORK. Number of Indictments, Three of Them

Against One Man. The grand jury yesterday returned the fol-lowing true bills: Hiram Browarsky, Oscar Soffel, J. Lemmon, Abe Cohen, assault and battery; John Adley, Hiram Browarsky, aggravated assault and battery; Pat Curley, felonious assault and battery; Jerry Parker, Gilbert Weise, felonious assault; George Travis, a reine against nature; George L Shaner, of-fense against morality; Virgis Coates, a similar charge; John E. Connelly, misdemeanor; Hiram Browarsky, Charles Parker, William Reed, larceny; Catharine Burns, Louis Mad-dorn, selling liquor without license and on Sunday.

Sunday.

The Ignored bills were Jeseph Bude, Charles Eagleman, selling liquor on Sunday; Fannie Smith, keeping a disorderly house; Joseph McGruder, perjury; Joseph Krummel, aggravated assault and pattery; Thomas Johnston, assault and battery; Kremens Doman, larceny.

ANOTHER OF THE SHEEHANS. Missouri Doctor Thinks He Has Found a Missing Heirous.

Judge Hawkins, of the Orphans' Court, yesterday received a letter from Dr. Bush, of Han-nibal, Mo. The writer stated that he had read numerous accounts within the last year about the lost daughter of Thomas Sheehan. A girl was raised by some people who worked his father's farm years ago, and he believes she is the missing girl. Her name was Sheehan or Sneehee, and her father's name was Thomas. But little was known of her early life, and if she is the daughter of Thomas Sheehan she should receive her rights.

The letter was referred to Mr. Gray, Clerk of the letter was referred to Mr. Brash of the

The letter was referred to Mr. Gray, Clerk of the Orphans' Court, who inclosed Dr. Bush a copy of Judge Hawkins' opinion in the matter of the claim of Julia Mary Mitchell. He in-formed him that if, after reading the case, he believed the girl was the one wanted, he could employ counsel and file her claim. To-Day's Audit List. Estate of Accountant,

Leonard Florig.......H. Haeber. John Schwinstetter....A. M. Schwinstetter.

H. W. Gerwig. B. F. Gerwig et al,
G. Ludwig. Julia T. Ludwig. To-Day's Trial List. Criminal Court - Commonwealth vs Hadeald et al., Frank Rodgers (3), William Jackson, Louis Suppes, Thomas Walters, James Walters, Mathew Martz, Paul Palki, Robert Richardson, Henry Rice (2), Thersea Swartz, Alex, Steple, John Rogers, R. C. Walker, Henry Parker, Henry Gantz, Charles Parker.

Notes From the Courts. On Monday next Ulysses Weems, the colored man charged with the murder of Johnny O'Hara, on Fifth avenue some two months ago, will be placed on trial in Criminal Court. In the list of true bills returned by the Grand Jury on Monday, was contained the name of ex-Alderman Heinrich, who was charged with larceny by ballee. The bill, however, had been ignored, and the mistake was a clerical error in the Court House.

Owens Will be Renominated. INPECTAL TELEGRAM TO THE DISPATCH IS COLUMBUS, June 17 .- Isaac R. Hill, of Washington, is here and states there is no doubt about the nomination of Congressman Owens, at Zanesville, to-morrow, to suc-ceed himself.

Pimples Blotches

ARE EVIDENCE That the blood is wrong, and that nature is endeavwrong, and that nature is endeau-oring to throw off the impurities. Nothing is so beneficial in assisting nature as Swift's Specific (S. S. S.) It is a simple vegetable compound. Is harmless to the most delicate child, yet it forces the poison to the surface and eliminates it from the blood.

S.S.S. Min. I contracted a severe case of blood poison that unfitted me for business for four years. A few bottles of Swift's Specific (S. S. S.) cured me.
