NO CARS GO WEST VIA PORT PERRY

And the Railroad Officials Fear the Strike May Spread.

HOMESTEAD STEEL WORKS CRIPPLED

There are 600 cars blocked at Port Perry as a result of the strike of through freight brakemen on the Monongahela division of the Pennsylvania Railroad, assisted by the freight handlers at Port Perry. The through freight brakemen struck on Tnesday morning and the freight handlers quit work yes-

As a result of the strike there has not only not been any freight shipped on the Pittsburg, Virginia and Charleston Railroad, but all Western freight from the Penusylvania Bailroad which is usually shipped over the Panhandle via Port Perry is stopped. The regular crews on the Pennsylvania Railroad refuse to take the freight over the Monongahela division, as they are in sympathy with the strikers. Yesterday afternoon the Pennsylvania Railroad began to send westbound freight through the city to reach the Panhandle, but this is slow work and freight trains are accumulating at a remark-

able rate.
D. M. Watte, Superintendent of the Monongabela division of the Pennsylvania Railroad has spent two days out on the line attempting to adjust the differences, but so far his endeavors have proven unavailing.

THE MEN'S DEMANDS. The men insist that they should be paid the same wages conceded to the yard brake-men or \$2 16 for day work and \$2 28 for

They claim they were promised this advance and they will listen to no plans for a settlement, which do not include the increase. While there are but 45 men engaged in the strike, yet they alone can handle the cars as no yardisen or railroaders from other lines can be induced to take their places. The strikers have simply quit work and refuse to go near the line nor to send committees to confer with the company. Meanwhile, the railroad officials are becoming alarmed, as they do not know but that under the excitement of the Cleveland strike the men on all the lines leading into Pittsburg may strike if they feel that it is incumbent upon them to do so.

them to do so.

Pittsburg is the great distributing center for
Eastern and Western freight, and most of the
freight consigned to Cleveland comes through
Pittsburg. The men evidence a decided
unwillingness to handle this freight for fear unwillingness to handle this freight for fear that they would endanger the Cleveland yardmen in gaining their point. Another serious phase to the strike which has presented litely to the fear by the railroad officials that if the Cleveland strike is settled by a concession of the demands of the yardmen for the Chicago scale, the local yardmen will insist that they also receive the scale.

They were making \$1.50 a day, and demanded from \$2.30 to \$2.50 or the Chicago scale. Their demands were finally compromised by the payment of from \$2.16 to \$2.28 per day. If the Chicago scale be granted the Cleveland yardmen it is probable that the local yardmen will insist that they also be placed on the same level. This complication is puzzling the rail-

evel. This complication is puzzling the rat road officials who do not know how to act unde

CRIPPLING CARNEGIE.

If the strike is not settled within a day or two Carnegie's Homestead mill will in all probability have to shut down. The mill is entirely at the mercy of the Pittsburg, Virginia and Charleston road, and if the latter cannot move cars into the mill yard the plant will have to stop. It was caught with only a limited supply of stock on hand, and there is very little coke on the sidings. The company owns a num-ber of shifting engines by which it can move its own cars after the latter have been run into the mill yard, but it is a question whether the fters could go out on the road after the cars not. At the time of the last Lake Erie strike the shifters at Oliver's mills were ordered out on the road to get cars, but the men re-fused to go.

The firm has a number of Government con-

The mill is turning out about 1,000 tons of cruiser steel each month for Cramp's shipyard.
The company will also likely get the contract for about 500 tons of around plate for the new

world.

There are also a number of other mills along the south shore of the Monongaliela river that depend on the railroad for an outlet for their stuff. If the mills cannot get their cars in and out, they will have to close down until the strike is settled. One department of Carnegie's was closed down Tuesday on account of not being able to get a car of machinery into the yard. The railroad comyany could not deliver it and the department had to close.

LOSS ON PERISHABLE FREIGHT. Should the railway tie-up continue and extend to other cities there is a prospect not only that many thousands of people will be put on short rations of green stuff, but that the rail-way companies will suffer enormous loss on perishable stuff. Colonel Kilgore yesterday inspected and confiscated 90 bushels of pota-toes that had been shipped from Newbern, N.C.

Southern shippers of garden stuff and berries are suffering greatly from irregular shipments and extortionate prices charged on some short lines. Where it is shown that delay is caused lines. Where it is shown that delay is caused by negligence the railway companies are sometimes held responsible, but in the matter of freights some of the connecting lines charge pretty much what they please. A West Tennessee shipper named Barnes cells shipping a carload of berries to Chicaco and being charged as much on a 12-roile railroad as the freight amounted to on all the rest of the read. Colonel Kilgore tells of a shipment of strawberries from Colombia, Tenn., that consumed it days in reaching this city. They were worthless when delivered to the consignee.

Fortune Seeking Emigrants.

Many a poor family that seeks the Western Many a poor family that seeks the Western wilds in the hope of winning a fortune, is preserved from that insidious foe of the emigrant and frontiersman—chills and fever—by Hostetter's Stomach Bitters. So effectually does that incomparable medicinal defense fortify the system against the combined influence of a malarious atmosphere and miasma-tainted water, that protected by it the pioneer, the miner or the tourist provided with it, may safely encounter the danger.

Leechburg will in a short time be the dis-Leechburg will in a short time be the distributing center for a vast amount of boose. Judge Fotterman states that Charles Silverman, the man who made the issue and was tried on the charge of selling liquor contrary to law and acquitted on the main charge in Kittanning last week, has arranged for the reception of two carloads a week—150 barrels.

It is said there will be no trouble whatever in dispensing this amount, and if Silverman gets the trade into his own hands he will be a, comparatively rich man before the repressive temperance brakes can be applied, especially if such repression must come through an amendment of the national Constitution.

WILL CONFER IN PITTSBURG. rranging for the Twenty-Fourth Congre sional District Nominating Convention.

Secretary Murray, of the Allegheny county conferrees of the Twenty-fourth Congressiona district, yesterday wrote to the Washington, Fayette and Greene county delegations to a range for the holding of the conference to non inste a Congressman.

As early as July 1 is desired for the meeting it will probably be held in Pittsburg, as that i desired by the candidates—Speer and Acheson

TRIED TO KILL HERSELF. fra Thomas Stokes Makes a Desperate Attempt to Commit Suicide.

Mrs. Thomas Stokes, of Craton, attempted suicide yesterday morning by cutting her throat and also mutilating her body in a horrible manner. Dr. Foster, who dressed her injuries, hopes for her recovery.

The woman's husband works on a pipe line, but his address is not known and he cannot be reached. No cause is assigned for the deed.

A meeting of the committee having Major Montooth's candidacy in charge was held yesterday. Arrangements have been completed for the transportation of citizens to Harris-burg. Notices were sent out last night to all parties who have but down their names to go with the delegation, that the money for their tickets, \$7.50, must be at headquarters on or before Friday afternoon, June 20, or run the chance of paying regular fare.

Brothers Go to the Penitentiary. Joseph and Henry Porterfield, brothers, of Fayette county, were brought to the Riverside Penitentiary yesterday by Sheriff McCormack, to serve one year and three months each. Joseph is charged with larceny, and Henry with receiving stolen goods.

A Good Thing to Keep at Hand.

From the Troy, Kan., Chlef. ] We have occasion to use but little of the numerous medicines advertised in our pa-per; but we have found one to fill the bill of what is claimed for it, and take pleasure in saying so. That is Chamberlain's Colic, Cholera and Diarringa Remedy. Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually pre-cede that ailment, such as sickness at the stomach, diarrhos, etc., we become scary. We have found Chamberlain's Remedy the very thing to straighten one out in such cases, and always keep it about. It is somewhat similar to the usual cholera cures, but seems to contain ingredients that render it more pleasant to take, and that do their work more quickly. Sheriff Devereux tells us that he is subject to cholera morbus, and recently felt a spell coming on, when he obtained a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy, and two

ing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house.

DEPARTMENT OF PUBLIC SAFETY, PITTSBURG, June 17, 1890. (TOTICE TO PLUMBERS, ARCHITECTS) OTICE TO PLUMBERS, ARCHITECTS, owners and contractors—
The following additional rule relating to plumbing and house drainage in the city of Pittsburg is hereby established, viz.:
"Rule 5—Every sink, hasin, bathtub, water closet, slop-hopper, and every fixture having a waste pipe, shall be furnished with a transmitted shall be placed as near as practicable to the fixture that it serves. Traps shall be protected from symbonage or applicable to the fixture that it serves. tleable to the fixture that it serves. Traps shall be protected from syphonage or air pressure by special air pipes of a size not less than the waste pipe or trap, but air pipes for water closet traps shall not be less than two (2) inches in diameter for thirty (30) feet or less, and of not less than three (3) inches in diameter for more than thirty (30) feet. Air pipes shall be run as direct as practicable, and shall be of not less than four (4) inches in diameter where they pass through the roof. Two or more air pipes may be connected together, or with a soil pipe, or carried independently above the roof, but in every case of connection with a soil pipe such connections shall be above the upper fixtures in the building."

J. O. BROWN,

Chief of Department of Public Safety.
