GENERAL POLITICAL NEWS OF THE DAY

Developments at Harrisburg are not of startling nature, and honors are apparently even. Delamater and Hastings both claim they have nearly enough votes to elect them on the first ballot, while show up a stronger delegation than expecteu. Quay has not put in appearance, but is expected to-day. The Permanent Chairmanship will probably go to United States District Attorney Lyon, of this city. Colonel James M. Schoonmaker's name is mentioned as candidate for second place in case Major Montooth cannot be prevailed upon to accept it. The real fight for delegates will occur to-day.

HARRISBURG, June 23 .- All day the trains have been bringing in delegates and clubs for the State Republican Convention, the Lochiel Hotel, where all the candidates are quartered, there was considerable confusion. But it was after all the excitement had died out and most people had retired that a significant incident occurred upon 1:30 A. M. Major Montooth sat in General Hastings' room, and had first a running conversation, in which several gentlemen folged, and then the two candidates themselves entered into earnest confab apart. Of course, the incident may have no import whatever, only it has been so often repeated

Trouble Over the Platform

The platform that will be presented to the convention will be of unusual scope. There is much curiosity to know how it will treat the tax question, which the party leaders confess cannot be overlooked this year on account of the agitation on economic questions among farmers. Some careful work was done to-day in State Chairman Andrews' which assembles on Wednesday. Around room at the Lochiel in preparing the platform. Only a part of it was completed. Carlous Complications Arising Twenty-Fifth Congressional. INFECIAL TELEGRAM TO THE DISPATOR.

NEW CASTLE, PA., June 23 .- Curious complications are showing themselves in the election of a candidate for Congress for the Republican party in the Twenty-fifth Congressional district. In these dispatches it was stated that the delegates' convention, which assembled here Wednesday at 1 o'clock, had adjourned Friday night, after taking 100 ballots, without making a nomination. It is now stated by parties from all of the counties in the district, Butler, Lawrence, Beaver and Mercer, that the adjournrence, Beaver and Mercer, that the adjourn-ment was made in the interest of Townsend until July, so that Quay could be at liberty after the State Convention to assist Town-send in making the nomination, it being well known that Mr. Quay would be de-lighted to hear of the nomination of the former. It is stated also by prominent poli-ticing in all of the counties that the his ticians in all of the counties that the big politicians of Mercer do not want to see Mr. McDowell nominated, as one or two of these politicians desire to capture this district two years from now. Early this evening indications were that there would be a sharp contest for Temporary Chairman of the convention, in which Delamater would be compelled to show his strength. The friends of the Crawford county man had talked of nominating Lyman D. Gilbert. They threw out the feeler that he was an unprejudiced person for the temporary office and would be acceptable alike to the other Gubernational candidates. The field against Delamater, however, were of the opinion that there were no good reasons why Delamater should thus be allowed to conceal his real fighting strength they felt that the fight should begin in the very outset. To this end the Stone and Hastings people agreed to support George S. Graham, of Philadelphia, for Temporary Chairman against Gilbert or any candidate whom Delamater would put up. The agreement simply waited the co-operation of the Montooth people at midnight, when the Delamater leaders said that Graham was perfeetly satisfactory to them for Temporary Chairman and they would take him under their wing, too. So that ended the matter and Graham has bright prospects of being

the Temporary Chairman. Delamater Claims It on First Ballot.

The slate first talked of was Collector David Martin, of Philadelphia, for Temporary Chairman, and Walter Lyon, of Pittsburg, for Permanent Chairman This, however, is not so popular a ticket tonight as previously. Delamater is claiming to-night almost enough votes to elect him Governor on first ballot Wednesday, His opponents, however, only concede him from 65 to 75. Hastings never seemed brighter or more jovial than to-night. He is very confident. His headquarters are located directly opposite Quay's old room, on the shird floor. Delamater's are downstairs, and Stone's are just across the corridor. Major Harry Byram occupies Chris Magee's old room at the head of the stairway. Beeides all these, the various candidates for Lientenant Governor have each their gailyad rooms open at all hours for visitors. The Lochiel is a brilliant sight to-night.

(FROM A STAFF CORRESPONDENT.] HARRISBURG, June 23 .- There has undoubtedly been a determined effort to draw off Major Montooth from the front rank by offering him the tail end of the Delamater ticket. The Major's prompt refusal of such a compromise, as printed in all the papers vesterday, somewhat dampened the ardor of those who originated the proposition. They are reluctant, however, to abandon the scheme. As late as 10 o'clock to-night Senator L. A. Mr. Gorman said that if the bill became a law there would be a deficit of \$100,000,000 in 1892, and that even if it didn't become a law there would be a deficit of \$40 000 000 He said that the remarks which he had made were for the purpose of calling atten-tion to what the Republican leader (Mr. Blaine)—"the greatest leader that the party had had in his day and generation"—had

said as to the extravagance of appropriaions and to unthoughtful and unwise legislation in the matter of revenue. He com-plimented Mr. Davis for the courage with which he had stemmed the tide of demagogues and of claim agents, and prevented the reporting of a bill that would have cost \$150,000,000 a year. THE BILL AN OBLIGATION.

Mr. Ingalls advocated the conference report. This was an obligation just as sacred as that under which the soldier was paid And yet the Senate was asked to postpone it; to higgle and haggle about it: to take out slate and pencil and compute how much could be pared and scraped and saved from the other expenses of the Government in order to meet that sacred obliga-

tion. He was sure that the Senator from Maryland did not want to occupy that attitude. For himself he was in favor of the removal of the limitation in the act granting arrears of pensions.
