Pittsburg's Players' League men braced up yesterday and almost eraced their records of the day before. They played ball to win from start to finish and they succeed in doing so, thanks to Pitcher Staley. They took advantage of every opportunity offered and no chance to improve matters went by unnoticed. Only one place did the boys really fall over themselves, and that was in their half of the third inning. There was a good chance to score, but they failed to take advantage of it. Visner and Carroll got hits, and Beckley advanced them a base on a and Beckley advanced them a base on a sacrifice. Fields hit to Pickett, who threw Visner out at home. Fields tried to go to second on the play while Carroll attempted to score. Fields was thrown out by a yard and a good chance to add to the score was gone. However, the runs were not needed and it only gave Cross and Pickett a chance to disply their ability in throwing across the diamond. They gave Cross and Pickett a chance to disply their ability in throwing across the diamond. They did their work prettily and it was worth the loss of the runs to see the quick return from the catcher to second. The Phillies played a pretty game all through and it is a hard team to beat. Fogarty, in right field, more than does his duty, and with Griffin and Wood an outfield is complete that rivals the best.

THE ONLY ERROR.

The local men also put up a good game the only error being that of Carroll, which let in one run. Fred only makes a good throw to and once in awhile and yesterday wasn't his day. However, on account of his hitting he is valuable man to have on the team. Manager Hanlon played his usual good game, and the other men were away up in G, especially Corcoran and Robinson. But it was the inability of the visitors to solve Staley's delivery that cost them the game. It is true they had as many hits as Hanlon's men, but they were in-

ppportune.
Pittsburg started the music immediately a Pittsburg started the music immediately at opening of the game by Manager Hanlon cracking out a nice single. Visner followed and made a vain attempt to sacrifie, but it resulted in a hit along the first base line, which he succeeded in beating out. Hanlon went to third and Visner took second on Buffinton's wild throw to catch the manager napping. Hanlon scored on Carroll's sacrifice hit to Griffin, and Beckley followed with a three-bagger, which drove Visner home. The big first baseman crossed the plate on Field's sacrifice to Griffin, Keulme sent a high fly to Griffin giving that gentleman the honor of all the putouts in the inning. The local men secured no more runs, though they had humerous men on bases. The second inning was opened up with a base hit, but no others were found to back it up. Again in the fourth Corcoran got a double and went to third on Griffin's error, but died there. After the sixth inning the side was retired in one, two, three order.

THEIR ONLY RUNS.

The Phillies began operations in the first. After Griffin hit to Corcoran and was thrown out at first, Shindle got a single, stole second and scored on Carroll's wild throw. Pickett then struck out, Mulvey got a two-bagger and Wood went out, Corcoran to Beckley. It was in the ninth where the fun was had, however. Pickett and Mulvey went out at first, and Wood followed with a two-base hit. Fogarty's single sent him over the plate, and the people refused to breathe. It looked bad for a noment, but Staley remained master of the ituation, and Farrar struck out. Attendance about 1,760. The score follows: PITTSBURG, R B P A E PHILA. R B P A E

CASE OF HARD LUCK.

The Pittsburg Men Fall to Counect With the Ball at Opportune Times and Thus Lose the Game at Philadelphia.

INPECIAL TELEGRAM TO THE DISPATCH. PHILADELPHIA, June 24.—The game to-day between the Phillies and Gas City lads was a very pretty one. Vickery was a trifle wild and hit hard all through the game, but the fact that ten Pittsburgers were left on bases goes to show that when a hit would have meant sure show that when a bit would have meant sure victory for the Pittsburgs it was not forthcoming. Baker was hit hard in the second inning, but in all other innings his delivery was practically unfathomable. When Mr. B. F. Clements left the game he was well supported. Roat again made some great plays at third, and there was little the matter with Allen's work at short. The Pittsburgs played a great uphill game, but luck was their Jonah. At the end of their hall of the seventh inning they had changed the score against them from 6—0 to 6—5. A feelish piece of base running by Captain La Roque in the seventh and another by Baker in the eighth made two double plays possible, and seriously burt the visitors' chance of at least tieing the score. In the last two games the visitors have played more ively than at any time before in this this town this season. The score:

Manager Harry Wright was at the Philadelphia park to-day for the first time in two months. President Reach and Colonel Rogers stood by his carriage, way out on the left field terrace, and described the game to him. After the game his carriage was driven in front of the pavillon, and he was given an ovation by his players, the reporters and a number of ladies and gentlemen who were invited to remain. He had a kind word for each of his players, and was much pleased when they called him a mascot. When some one asked him jocularly: "How many men will you take West with you, Mr. Wright?" The veteran manager replied with animation: "Why, enough to come back in first place." Mr. Wright is now in excellent bodily health, but his eyes are still sightless, and he wears colored. his eyes are still sightless, and he wears colored glasses to shield them from the sun's rays. INPECIAL TELEGRAM TO THE DISPATCE.] ROCHESTER. June 24.—It is reported on the authority of a prominent ball man that the erican Association franchise and players are to be sold to Detroit, provided that players are to be sold to Detroit, provided that city will pay \$25,000 for them. It is believed that Detroit has offered \$20,000. General Brinker, President of the Association, and Treasurer McKay have gone out of town, and tis believed they are in Detroit. Secretary Bohabeck will neither confirm nor deny the rumor. If the franchise is sold it will be because of the legal action taken to stop Sunday ball playing. On the other hand the association's counsel says he is confident the right to play Sundays can be established and that he will make the present a test case.

McKeesport Signing Men.

The McKeesport Ball Company has been thinking very seriously of selling out, but the citizens have come forward and purchased a number of season tickets, so another try will be made. The team is now very weak on ac count of a number of the players being injured. The management is strengthening, and has signed the following players: Purvis, an outfielder formerly with Grand Rapids; Ed Cull, second base, of Manistee, Mich., and Bob Smith, of the West End. Culi will probably captain the team.

THE SULLIVAN-JACKSON FIGHT. The Illinois Republican's Nominate a It Will Probably Come Off in Virginia-Full State Ticket. Proposed Bull Fight.

WASHINGTON, June 24.—The Sullivan-Jack son fight, when it comes off, it is said, will take place very near the National Capital. The fight will probably take place under the auspices of the Virginia Athletic Association on the Virginia shore of the Potomac, near Washington. Some months ago a good deal of com-ment was caused by the enactment of a law by the Virginia Legislature which incorporated an athletic club and gave the officers of the club athletic club and gave the officers of the club omnipotent powers as to its grounds and property lying between this city and Alexandria, Pnown as "Gentleman's Driving Park." They propose to erect thereupon a clubhouse and such other buildings as may be necessary. The work of the construction is to sommence at once, and the management has announced its intention to have the Sullivan and Jackson fight take place there.

intention to have the Sullivan and Jackson fight take place there.

They say they can do this without interference, for the law plannly states that no Sheriff or police officer has any jurisdiction over the property of the club. The only remedy is the repeal of the law, and for this purpose a special session of the Legislature would have to be called. The management has intimated that the opening performance at their new grounds will be a buil fight. THE Fitzsimmons-McCarthy affair was a surprise. The former, with his long, lanky legs, showed up with a powerful bust and lengthy strong arms. He is not only clever, but a hard-hitter with both hands. McCarthy, who stood Dempsey off so well, was never in the battle with Fitzsimmons, who can safely be ranked to-day as the champion middle-weight of the world. La Bianche, Dempsey, or young Mitchell have no business fooling with Fitzsimmons-San Francisco Newe-Letter.

MANAGEM MCHUNNIGLE has invented a new telegraph system which he introduced for the first time at Washington Park Thursday. It consisted of a bat lying lengthwise in front of himself on the player's bench and a bat in hand. He kept his eyes intently fixed on Twirier Smith, and as the latter would change his position in reference to the batter and pitcher, a gentle series of taps would issue from the two bats in operation by the manager. One tap meant an inshoot, tap-tap an outcurve, and a fusilade of tap-tap-itap-ity-tap signified "line her out." Whether the signals were really right or not may be questioned.

BUTTERWORTH AGAIN A CANDIDATE

Convention.

SPRINGFIELD, ILL., June 24 .- The Republican State Convention met in this city at noon to-day. Horace S. Clark was made Temporary Chairman. At the close of his address the temporary organization was completed. A dispatch was received and read from Senator Cullom, congratulating the convention and the party on its prospects, State and National. The districts were called and the mem-

bers of the various committees announced.

sembled and General John H. McNulta, of

After a short recess the convention reas-

Bloomington, was made Permanent Chairman, and he spoke at some length. AN OMISSION CORRECTED. In making up the State Central Committee at the first session, the Hon. A. M. Jones, of Daviess county, who was for some years Chairman of the committee, and a notable figure in Illinois politics, was left out. After the permanent organization had been completed his friends went to work to remedy this and succeeded in securing the selection of two members from the State at

large. These were Mr. Jones and E. H.
Morris, a colored man from Chicago.

Candidates were then presented for nomination for the office of State Treasurer, and Franz Amberg, of Chicago, was selected on the second ballot. Dr. Richard A. Edwards, the present incumbent, was re-nominated for Superintendent of Public Instruction without opposition, General Smith D. Atkins, of Freeport, Chairman of the Committee on Resolutions, presented the platform, which was adopted. Among other things it says:

A FEDERAL ELECTION LAW. The Republican party of Illinois, in Delegate Convention assembled, declare that we hereby renew our off repeated declaration in favor of renew our oft repeated declaration in favor of a free and honest ballot and a fair and honest count of such ballot. We believe that a radical remedy is demanded for all fraudalent practices at elections, and we recommend our representatives in the next General Assembly to enact the Australian ballot system with such improvements and safeguards as the experience of other States where it has been adopted and tested may suggest. We further recommend the adoption of the bill now before Congress for the protection of all the electors of the United States in the exercise of their blood-bought political rights at the polls. The Republican party has ever been the champion of the American workingman against the oppressions or exactions of corporate monopoly.

We approve the record of the present Republican Congress in its efforts to legislate in the interest of the American people, and we approve of the rule enforced by speaker Reed, by which the rule of the majority in Congress is made effective, nowithstanding the fillibustering tactics of a Democratic minority, whose

The Montgomery Delegates Will Go Scranton Uninstructed.

SPECIAL TELEGRAM TO THE DISPATCH. NORRISTOWN, June 24 .- In to-day's Democratic County Convention it took six hours and six ballots to select 10 State delegates from 26 candidates. It was a long and tedious fight, not so much between Wallace and Pattison as it was on the personal popularity of the candidates. It was a Pattison convention and Pattison delegates could have been elected, but the great desire was to prevent a fight and preserve party unity in this close county a large quantity of landanum nearly two weeks ago, died yesterday at his home at First avenue gates for Pattison was promptly tabled by a vote of 137 to 23, some of Pattison's warmest friends voting ave. I am in position to know that the published statement that Ben Butterworth will not be a candidate for Congress is erroneous. I know that the friends of Mr. Butterworth have not had any candidate in mind. Mr. Butterworth is just as much entitled to renomination as Mr. Foraker is to the Chairmanship of the convention at Cleveland, Mr. Butterworth's record is clean and brilliant, and be is regarded as one of the great Republican leaders by the press of the country. The passengers of the up-river packets savo been greatly annoyed of late by the behavior of overgrown boys and young men who bathe in the Monongahela in daylight, in defiance of the city ordinance and Chief John Lucas and a Pole named Joseph Nar-Yesterday afternoon Captain Boyd tele-

phoned to Inspector McAleese that 40 or 50 young men were bathing near the old Pittsburg gas house, above the Tenth street bridge. The Inspector detailed Detectives Shore, Bendle, Kennedy and Sterck to go after the men. When the bathers saw the officers they left their clothes on the bank, and pushing a long spar into the water, floated down stream with

spar into the water, floated down stream with it. Friends of the bathers saw the plight they were in, and put off in skiffs from the Southside to rescue them.

The officers ran along the bank until they reached the railroad bridge, and, obtaining a boat, rowed out to capture the swimmers. Several parties of the rescuers tried to sink the officers' boat by running into it, but the latter exercised their knowledge of navigation, and warded them off. After quite a lively time, the officers succeeded in capturing John Savage and John Coleman, each 17 years old, who were among the swimmers, and John Conners, 21 years old, who was one of the rescuers. The men were taken to the Central station with their attire in an incomplete condition.

All the other men escaped, their friends securing their garments, with one exception. One of the swimmers stuck to the spar, and the last seen of him he was floating past the Point.

half an hour later.

Lucas leaves a wife and two children in
Allegheny. He had been employed at the mill
for a long time. Narrowitzky had worked at
the mill only two days.

Edward Garrison, employed in the Pennsylvania Raliroad roundhouse, at Twenty-eighth
street, met with a horrible death last uight.
The young man was leaving the roundhouse
and an engine was backing out at the same
time. A hook attached to a rope on the engine caught on Garrison's clothing, pulling
him against a wall where there was a space of
not six inches between the wall and the engine. Garrison was crushed, aimost every
bone in his body being broken. The deceased
lived on Stanton arenue.

Fred Hamerly, 16-years old, was killed last
evening in the McKinney Manufacturing Company's building, in Woods' Run. The boy was
employed about the works, and while fixing a
belt on one of the wheels his clothing got
caught. He was drawn up into the machinery
and crushed so badly that he expired half an
hour after the accident. The boy's parents reside on Shady avenue.

A German woman named Mrs. Kunnie, living at No. 3i Center street, Allegheny, was horribly burned by an explosion of oil at her home
last night. She was in a hurry to light a fire
for supper and poured kerosene on the coals,
when the flames burst out and scattered the oil
all over her. Dr. Shinkle, who attended her,
did not think she would live throughout the
night.

PAT GILMORE'S BAND SICK. All the Engagements Canceled and the Mem-

bers Going Home. Pat Gilmore and his famous band of tooters passed through the city last night in a special train of two Pullman cars, on their way home to New York. The band has canceled all its engagements in this city, Columbus, Zanesville and all the Eastern towns. About one-half of the members are broken down with overwork, and it was thought best to wind up the tour and go home.

The celebrated director of the band was so ill

The celebrated director of the band was so ill that it was almost necessary to carry him at the Union station. His physician said Mr. Gilmore was prostrated with overwork, and the best thing he could do was to go to the seashore. The band comprised 45 people and came in over the Panhandle from Cincinnati. Many Pittsburgers will be disappointed on account of the cancellation of the two concerts in this city.

The Peansylvania Company Resume Work on Their Coal Docks at Erie. SPECIAL TELEGRAM TO THE DISPATCH.] ERIE. June 24 .- When the Pennsylvania Railroad Company suspended its operations at the Pittsburg docks, where they had set out to expend nearly \$250,000, much speculation was indulged in. This morning the contractors at this place had orders to proceed with the work, and while additional docks are ordered, extra yard room is to be made at once, and trestles and storage room hastened to a speedy completion. The work ordered will double the capacity of handling ore at Erie, and will call for the expendi-ture of fully \$200,000. The work will be completed in time for next season's traffic.

J. Lewis Linn, of Philadelphia, has the contract. There are strong indications that the Pennsylvania Railroad Company is working with Chauncey Andrews and the Huidekopers to get control of the Conneaut harbor, thereby securing the only unoccupied port on the south shore of Lake Erie. The balance of the scheme, as outlined by a stockholder in the Pittsburg, Shenang and Lake Erie Railroad, is for the Pennsy vania Railroad Company to oust the afore

and thereby monopolize the Western Penn-sylvania coal and oil field completely, as well as Conneaut harbor. JOSHUA'S LONG DAY.

Mr. Totten states that his calculations

point with absolute certainty to the fact that, then and there, at the time of this remarkable conjunction, those charged with the keeping of the Hebrew calendar must have intercalated a single weekday, which he identifies as Wednesday, the 933,286th day of the world. Mr. Totten also states that 802 lunar years and three lunations ago a similar conjunction occurred on the zenith of the same place, Beth-horon; that is, at the September lunation of 1112 A. D.
