OLYMPIAN SPORTS

To be a Prominent Feature of the Fourth of July Celebration.

MAYOR GOURLEY STILL AT WORK.

The Contributions Passed the \$1,000 Mark and Still Coming.

BALLOONS AND GROTESQUE FIGURES

In addition to the many other attractions secured by Mayor Gourley for the Fourth of July celebration, at Schenley Park, there will be a long list of sports for the edification of those who do not care to be enthused by patriotic and soul-stirring speeches. The Mayor is of the opinion that with nothing but red lemonade and Patrick Henry addresses, sprinkled with the report of fire crackers, the celebration would be rather tame and has arranged to provide other amusements. Yesterday he held a conference with Kathel Kerr, of this city, the champion hammer thrower of the world, and the latter will arrange the programme. The latter will consist of racing, jumping, wrestling, tug-of-war, etc. There will be over 30 events, and they will be open to all

Mr. Kerr is a Scotch Canadian and has lately made Pittsburg his home, In Chicago last year, he best the world's record for throwing the 12-pound hammer. The distance was 129 icet, and the throw was made with one hand. He also threw the 56-pound stone 26 feet, and has a first-class record. He competed with Duncan C. Ross and Donald Dinny, winning the world's championship from the latter. First, second and third prizes will be given the winners in the ditferent contests. It is expected the citizens will donate the prizes.

WRESTLED WITH A CYCLONE.

Mr. Kerr, while traveling in the Caledonia games, had a wrestle with a cyclone in Boone, Iowa. While giving a performance a storm struck the grounds and cleaned almost everything from them. The people were left standing in six inches of water on

turned in until the end of the week. Yesterday's subscribers were:

TO PLEASE THE CHILDREN. It has been practically decided that there

rill be no fireworks display at night at the the park. Instead it is intended to have daylight fireworks to please the children. Fifty large hot-air balloons and a number of Japanese paper figures of grotesque design will be set off during the afternoon and

early evening.

Mayor Gourley will have a conference today with General Superintendent Patton of the Baltimore and Ohio road in regard to running trains from the foot of Smithfield street to the park via the Junction Railway. It is probable that people from this city will take this route, as the railroad runs past the place where the festivities will be held.

It is hoped enough more can be raised to give a number of popular open air concerts. This can almost surely be counted upon as several merchants and residents of the town ave expressed themselves as being in favor The only business for the committees to do

last night was to arrange the bands of music for the several schools. There have been four bands of 24 pieces each engaged and one more will be engaged to-day. They are the Cathedral, Select Knights, Post 162 and the Superior. The ave bands will be diwided, and, as there are but ten schools to take part in the jubilee, each school will be excerted to the park from their school building, after which the bands will again join and take up their allotted stations. In the evening it is probable they will all be massed and give a grand concert with 120

MUSIC AND FLOWERS.

Chief Bigelow Constantly Adding Attractions to the Highland Park.

It is expected that 5,000 persons will go to Highland Park this evening to listen to the free concert to be given by the Elliott McCall Band. The park has been greatly beautified by the addition of the flower gift of Mr. E. M. Ferguson, and now compares with parks of older growth in other cities. Mr. Joseph Loughrey, of Boquet street, Oakland, yesterday offered Chiei Bigelow the contents of his fine greenhouses for the beautification of the parks. Mr. Bigelow promptly accepted the offer and will transplant the flowers to Highland Park before

next Sunday. Highland Park will be plen-tifully supplied with flowers now. Chief Bigelow said last night that the park concert will take place to-night, rain or shine, so there will be no disappointment.

Another concert will be given at High-land Park next Monday night, subject to the same conditions of weather.

GILMORE WILL NOT PLAY HERE.

He Sends a Telegram Cancelling His Engagement in Pittsburg.

Why the Gilmore Band will not play at Old City Hall this afternoon and evening is explained by the following telegram received yesterday afternoon: NEW YORK, June 25. To Geo. C. Jenks:

Please announce that, from continual over-work and prostration from heat of the band and myself, we were compelled to pass your city and get home, which we did not do too soon.

P. S. GILMORE.

PITTSBURG ENTERPRISE

Does Away With Outside Competition and

Establishes Home Industry. Pittsburg has made gigantic strides in all branches of trade within the past few years, and nowhere is this more noticeable than in job printing. Only a few brief years ago thousands of dollars' worth of work of this kind went to New York and Buffalo. Every year have the printing houses in those cities looked upon Pittsburg as one of their most

lucrative sources of revenue.

But times have changed. Instead of sending work out, Pittsburg is now prepared to take it in and do it in a manner that even Buffalo, with all her splendid printing

with a DISPATCH reporter published in this paper a couple of days ago, he says: "I dropped around to Mr. Smith's office this afternoon to see his plant, and, although I expected to see a model, well-equipped office, I must say I was astonished. He has an outfit that for modern completeness is the equal of any in the country. His press room is the best arranged of any in the city, and among his machines are three two-revolution Cottrell perfecting jobbers that are the finest in the market. His smaller presses, paper-cutting apparatus, etc., are up to the same high standard, while in his composing room are thousands of fonts of type, among which can be found the choice new designs of all the type foundries in the country. His facilities for quick work are something marvelous, and I dare say be could turn out a for ty-eight page pamphlet, ready for the bind-er, within forty-eight hours after having been handed the copy. His wood type de-partment, designed especially for poster and show printing, cannot be excelled in Buffa-The Sign Keep Off the Grass Will be Looked Upon With Scorn.
