STILL DULL

No Improvement in Home Securities, But

They Have Good Backing.

It is an old saying that a short horse is soon curried. On the same principle the news of yes-terday's stock calls can be given in few words.

There were two sales in the forenoon and none in the afternoon. Sixty shares of Allegheny

Heating Company brought 107% and ten Elec-tric 38%—the first a slight concession from the last previous sale and the latter an advance, but it dropped back at the close.

As compared with the previous close, Phila-

delphia Gas and Central Traction were up 1/2

Railroad, and work will likely begin next week. Mr. Whitney has been offered more bonus on the property than he would have been willing to take for the fee simple two years ago. Many operators regard developments there as almost certain to be profitable.

Important Oli Suit Decided.

The case of Jennings and others vs. Hukill and others at Morgantown, W. Va., has just been given in favor of the former. The land

in controversy is probably one of the most val-uable tracts in the State, and the case was fought hard on both sides with the points strongly in favor of the plaintiffs. This de-cision gives Jennings & Co. 450 acres of the most valuable land in West Virginia.

Rig Well at Belment.

SEPECIAL TELEGRAM TO THE DISPATCE.

PARKERSBURG, June 26.-The largest off

fullness of the market to-day was again ex-

the street, immensely improved.

The market, when let alone now, always be

ited extent at the opening, which may account for the declines at that time. Later the effect of the preparation for the July disbursements was shown in the selling of do-

mestic operators, and while there was no pressure in any one spot, the feeling that there will

be an unfavorable bank statement on Saturday aided in the selling movement. The heavi-

day aided in the selling movement. The heaviness lasted throughout the day, and the close was dull but heavy at about the lowest prices of the day. The final changes show a uniform line of declines, and while most are for small fractions, St. Paul lost 1½, Chicago Gas 1½, Louisville and Nashville 1½, Lake Shore 1½. Reading 1½ and Atchison 1½.

The railroad bond market was a little more active and without special feature, other than the special activity and strength in the Louisville, New Albany and Chicago consols, which, on a business of \$125,000, sold up to 103%, a gain of 2½ per cent. The sales of all issues were \$1,015,000. Louisiana and Missouri River firsts rose 3, to 1213%.

warrant for the presumption that the net earnings of the next six months will be 62½ per cent greater, and so amount to \$6,500,000. The annual interest and rentals of the Reading Railroad, exclusive of any interest on the incomes, is \$6,927,458, and the annual interest of the Reading Coal and Iron Company is \$820,523, a total of \$7,753,981, of which the half is \$3,876,-990, and one-half of the annual payments required on Car trusts is \$211,000 more, making \$4,087,990, so that even if the net earnings of both companies had been \$4,000,000, there would be a deficit of \$57,996 on the half yearly interest and rentals,

be a dencit of 30,300 on the nair yearly interest and rentals.

The following table shows the prices of active stocks on the New York Stock Exchange yesterday. Corrected daily for THE Disparch by WHITNEY & STEPHENSON, oldest Pittsburg members of New York Stock Exchange, 57 Fourth avenue:

ACTIVITY IN DRYGOODS.

June of Last Year.

Trade at Present Much Better Than in

Aiready orders are coming in freely for fall trade. The situation and outlook of the job-bing drygoods trade were never in a healthier condition than they are at this time. bing drygoods trade were nover in a healthier condition than they are at this time.

Said one of our leading wholesale dealers yesterday: "Our business for the first half of the year has been entirely satisfactory, and will show up fully as well as last year, when we had an extra good trade."

Said a member of another firm, whose trade runs into the millions: "Our summer trade so far is fully up to expectations, and better than it was a year ago. There are a few lines of goods which are a shade higher than last summer, but in general prices are essentially the same as a year ago. Our trade shares in the general prosperity of the city, and from the present outlook I feel sure that the volume of goods handled by Pittsburg houses this year exceeds anything in the past."

GENERAL GROCERIES ARE UNCHANGED MARKETS BY WIRE. peculation Shows Signs of a Revival-

OFFICE OF PITTSBURG DISPATCH, THURSDAY, June 26, 1890. flowing 200 barrels per day. The well was drilled deeper in the sand this evening, and is now gushing 800 barrels per day, 300 barrels better than the best well in the State. Trains have been filled all day with spectators going to the scane. Country Produce-Jobbing Prices. The feature of markets is the sharp advance a potatoes. Demand exceeds supply. Chicago jobbing prices of Southern potatoes are \$4 per barrel. Watermelons are coming in freely and prices are lower. Strawberries are on the wane. The home-grown crop has been very light, and quality of the few offered is below standard. A DROOPING TENDENCY. Blackberries and raspberries are in fair supply at old prices. New Ohio cheese is plenty and Action on the Senate Amendments to th Sliver Bill a Bitter Dose for Wall prices are a shade lower, with markets active at the decline. Elgin creamery butter is steady Street-Duliness and Wenkness the Features. at an advance of Ic per pound over last week's prices. Country rolls are dull at inside quotations. Eggs are firm and guaranteed stock is in demand at outside quotations. NEW YORK, June 26.-The expressions opinion on the street after the rejection of the

Senate amendments to the silver bill had be-come known were generally favorable, but as n demand at outside quotations. APPLES—\$4 00@5 00 a barrel. BUTTER—Creamery, Elgin, 17@18c; Ohio do 6c; fresh dairy packed, 10@12c; country rolls indicated by the quotations to-day the feeling did not extend to the buying of stocks. The 769c.
BERRHES—Strawberries, 669c a box; goose-berries, \$1 25@1 75 a bushel box; black raspberries, 12@14c ¥ quart; red raspberries, 15@17c; blackberries, 12@14c a quart.
BEANS—Navy hand picked beans, \$2 00@2 10.
BERSWAX—25@30c ¥ % for choice; low grade, treme, with a general drooping tendency in prices. That the duliness in the street is not

based upon the business of railroads is suffi-clently emphasized by the reports of earnings received of late for the third week in June. St. Paul alone of all the important roads in the country shows a loss, while the percentages of gain in many roads, principally those in the West, are from 17 to 45 per cent. The railroad 00320. CANTALOUFES-53 00@4 00 P crate; water-nelons, \$25 00@30 00 P 100. EGGS—15@15%c % dozen for strictly fresh.

FEATHERS—Extra live geese, 00@60c; No. 1, do. 40@45c; mixed lotx, 30@35c % B.

MAPLE SYRUP—75@65c a cau; maple sugar, 10@11c % B. ituation is, in the opinion of most habitues of comes dull and firm, and the activity and weakness is only caused by the hammering opera-tions of the professionals. To-day there was

loss of the professionals. To-day there was some pressure in the Trusts and St. Paul, the latter on the poor showing for the third week in June, but the fluctuations were on a strict parity with the amount of business done, and in many of the leading shares did not extend to % per cent for the entire session. Chicago Gas was sold for no apparent reason, and forced off from 56% to 53%, but recovered most of the loss late in the day. Sugar, on the other hand, was advanced sharply in the early trading to 72, but fell away again to 70, with many and sharp fluctuations in the meantime. The advance in the minimum rate of discount of the Bank of England this morning reflects the indisposition of the governors to allow any further decline of gold from London, and the scarcity of money in London made that center a seller to a very limited extent at the opening, which may account

Cereals Weakening and Prices of Hay Are

Values Assume a Higher Level. GHICAGO-Wheat-There was a good spect lative demand to-day and a stronger feeling with prices ruling somewhat higher all round. The market opened 1/8% lower than closing figures of yesterday, and then started up, advancing sharply and with scarcely any fluctuavancing sharply and with scarcely any fluctua-tions 1½01½c, eased off somewhat with the de-ferred futures declining more than July under heavier offerings, and closed 1½c higher for July, ½c for August and September and only ½0½c higher for December. The firmness was attributed to the large export clearances and the unfavorable crop reports coming from the Northwest. The decline later was owing to free selling orders from outside points. Corn was fairly active most of the session though there were times when there was little though there were times when there was little

More Doing in the Windy City and

was due almost exclusively to the heavy purchases of a prominent local trader who bought July and September estimated as much as 2,000,000 bushels. The market opened a shade under the closing prices of yesterday, was easy for a time, then ruled stronger and closed higher than yesterday.

Oats were stronger. Prices advanced 148% from inside figures and closed with a net gain

licher than yesterday.

Oats were stronger. Prices advanced 168% from inside figures and closed with a net gain of 1481/4c over yesterday's close for August and September, but steady for other months.

Pork—Only a moderate trade was reported. Prices declined 5810c on the near and 10820c on the more deferred deliveries.

Lard—Trading was moderately active. At the opening sales were made at a slight reduction in prices. At outside figures sales were more liberal at an advance of 5871/4c, and the market closed comparatively steady.

Ribs—blore was doing. Prices were advanced 5871/4c and the market closed comparatively strady at medium figures.

The leading futures ranged as follows:

WHEAT—No. 2. A Noticeable Weakness Developing in the Pig Iron Market.

Coke Active at Former Prices-Orders

Production Slightly. STEEL RAILS QUIET BUT STEADY.

Question. THE SITUATION ACROSS THE WATER

A Little Investigation of the Belgian Beam

REPECTAL TELEGRAM TO THE DISPATUR. NEW YORK, June 26 .- The Iron Age in its issue to-day gives the following: American pig-While the volume of business continues moderate, there are indications of weakness both at this point and at

others. Thus we hear of offers to sell forge iron on the part of Southern producers on the basis of \$10 50 at Birmingham, where \$11 is the usual quotation. Northern fur-naces, too, are making concessions, notably on No. 2, which has sold at \$16 and has been offered for less, delivering it to this port. We quote No. 1 Northern iron, \$17 50@18 50; No. 2, \$16@17, and Southern iron No. 1, \$17@17 50; No. 1 soft, 316 50g116 75, and No. 2, \$16g16 25.

Spicyclisen and ferro-manganese — There have been no transactions. It is urged by importers that the English production is light,

only I works on the east coast, 2 on the wes coast and I in Wales being producers for the open market. It is claimed that they are holding firm at 95@100s; still other importers quote the market \$80 50@31 for 20 per cent spiegel; ferro is \$72 50@75, the former for extended de-

Billets—The market is dull, the leading buy-ers holding off. We quote \$31 50@32 at seller's Reds-Outside of a lot of 500 tons of soft

which the mills show no disposition to quote. The market is steady at \$31 00531 50 for moderate sized lots, summer delivery, and lower prices could only be obtained from Eastern mills under specialty advantageous circumstances. It is reported that the Sparks order of upward of 200 tons, long pending, has been closed, the Eastern mill referred to in connection with it taking the business.

Structural material—Referring again to the question of foreign beams, we find in the last price list of E. Van Hoegaerden & Co., of Antwerp, stone of the content of the

Has Had an Effect Upon the Iron Market in Great Britain. ISPECIAL TELEGRAM TO THE DISPATCH.

ing accounts in a great measure. O siners hold aloof, although the s tistical position steadily improves. Sh ments are good and stocks stead decreasing. This together with the fact th should lavorably affect prices. Prices for n ker's fron have undergone little change, feeling of uncertainty as to the passage of t American silver bill has tended to depress t block tin market. Purchases for America, also with heavier shipments and reduction in sp supplies, gave a measure of support, however, and led to a partial recovery. Business w should favorably affect prices. Prices for a

prices of the week.

Business in copper has continued large about £58 lbs for merchant bars, and the period of the about £58 los for merchant bars, and the posi-tion is steadily growing stronger. Stocks con-tinue to be rapidly reduced, and if the present rate of decrease continues the supply will be down to a dangerous level by December. When recent sales of American were completed the visible supply in England and France was only 60,000 tons, and the total now is but about 50,-000 tons. This market for the plates has re-

TRADE CONTINUES GOOD.

Large and Shipments Fair-Few Idle Ovens-Leading Operators Restricting [SPECIAL TELEGRAM TO THE DISPATOR.] SCOTTDALE, June 26.-Everybody is seem

ingly convinced of the improvements in the coke trade. The Cleveland strike is mentioned in connection with the reduction of shipments last week, and its settlement will materially as sist the coke trade. The restriction policy is

sist the coke trade. The restriction policy is being used to the extent of one day per week by the leading coke operators, the Wednesday shut-down being observed. Such company, Cambria Iron Company, and several others are not interrupting operations, and are making the six-day run right along.

This, in itself, is substantial evidence of the admirable condition of trade. No boom is looked for or wanted, and efforts will be made to have the coke trade move along steadily. Ovens, which have been out of blast for three and five months, are being fired now, and labor is in demand. The ovens alluded to are the Trotter plant of 500, and 170 ovens of which were blown out at Standard several months ago, because of the burning of the slope. The increase in Western shipments is noticeable since the Cleveland strike has been settled. Almost every coke consumer in the Western districts is taking coke now, and con-equently there is a decided increase in shipments last week over the week before. There is no disturbing element to trade.

There are about 2800 ovens idle in the coke

a decided increase in snipments last week before. There is no disturbing element to trade.

There are about 2,800 overs idle in the coke region. Last week the list numbered 3,300 overs. W. J. Rainey will build some new ovens in the region during the summer.

Shipments last week averaged 1,674 cars per day, as against 1,091 cars of the previous week. There was a decrease in Eastern and Pittsburg shipments, with an increase in Western shipments, not enough to overcome the decrease to the other two points. The shipments were consigned to the various points of consumption as follows: To points west of Pittsburg, 3,600 cars; to Pittsburg and river points, 1,640 cars. For the previous week the record is as follows: To points west of Pittsburg, 3,550 cars; to points east of Pittsburg, 1,200 cars; to points east of Pittsburg, 1,255 cars; total, 6,550 cars.

Prices remain the same. There is no shading. They are as follows: Furnace coke; \$2 15; foundry, \$2 45; crushed, \$2 65. Freight rates

They are as follows: Furnace coke; \$2 lo foundry, \$2 45; crushed, \$2 65. Freight rates

This will make prices at these points d. and S. Valleys ...

A CUT IN FLOUR.

A Leading Dealer Reduces the Price 25 Cents Per Barrel. The flour situation for a week or two past has

been very difficult to define. Markets have been weak, and holders have shown a disposition to concede. There is little doubt that our quotations have been shaded to the cash buyer. One of our leading jobbers announces to-day a drop of 25c per barrel all along the line. Others drop of 25c per parter an abuse. Said a leading jobber of flour yesterday: "I cannot lay down fancy patent flour here and sell at a profit

fancy patent flour here and sell at a profit below THE DISPATCH quotations. The holder who makes concessions on these figures is playing a losing game."

By reference to the domestic market column it will be seen that bottom is out of hay market. The season so far has been abundantly favorable to a good crop of grass. The effect is seen in heavy supplies and drooping prices of hay. Prospects have not been as good these many years for a bountiful crop of hay, and a has been a long time since prices were as low at this season of the year as they are right now. Clover hay and low grades of timothy are more depressed than they have been for many years.

Favorable Outlook for Homestead Railroad and River Bridge.

THE ROUTE AND PROBABLE COST.

A Famine in Building Lots in Two of the Central Wards of the City.

LUCKY OWNERS OF MANY FINE ACRES

Mr. Ira M. Burchfield made some statements yasterday which are of genuine interest from their bearing upon the development of an extensive district in the eastern part of the city, and especially the Twentysecond and Twenty-third wards. He said: "The proposed thort line electric route to Homestead will undoubtedly be built. Its promotors are confident that it will be a good investment. Besides, it is needed to open up a territory that has remained in comparative obscurity for years for want of transportation

delphia Gas and Central Traction were up ½ each, with no material change in the rest of the list. There were bids for several hundred shares of the first named stock at 30, and 200 shares, it was reported, sold on the street at 303½. Manufacturers' Gas was bid down to 14, and offered at 16.

There is no danger of a break in any of the specialties. They are in strong hands and will not be sacrificed. Support is always at hand whonever any of them show symptoms of special weakness. This can be seen any day on 'Change, and it is no doubt discouraging to those who are hanging around for cheap stuff. The route of the road, as at present mapped out, begins at Boquet street, where connection will be made with the Pittsburg Traction, thence through the property of W. H. Brown & Sons to the Monongabela river, where a bridge will be built at a cost of \$15.000, and so on to Homestead, shortening the distance nearly four miles as compared with any other route. The right of way is now assured, and there will be no lack of money to carry the

project to completion."

Some of the Notable Wards. The supply of small lots in the Seventh and Eighth wards is practically exhausted. The demand for them during the past two or three years has been such that about all the acreage has been subdivided and disposed of. This was mainly owing to the excellent location and proximity to the business portion of the city. Buyers in nearly every case have been people of moderate means, and most of them have built on their purchases. There has been less speculation in these wards than in any others.

They are full of homes, with business enough to supply nearly every want. The Eleventh ward promises to be equally destitute of marketable vacant property within two or three years. It is filling up very fast, and there is only a limited amount of acreage to keep up the supply. The character of the improvements compares favorably with that of any other part of the city, many of the houses high class. Charles Lockhart, the East millionaire, owns 50 dwellings in this

proved land are the Twenty-second and the wenty-third. The largest tracts are those of Mrs, Schenley, the Blair and the Brown heirs and the William Thaw estate. Mrs. Schenley also owns 40 or 50 acres in the Fourteenth ward. Trading in all the last mentioned wards has been lively for some time—partly for specu-lation but largely for settlement, and a great deal has been done in the way of improvement, The introduction of rapid transit into this dis-trict will not only prevent a halt in development

Business News and Gossip.

Mr. M. Hemmings, owing to ill health, has

eported in sufficient supply for the demand. Railroad earnings: Pennsylvania Railroad, May, decrease, \$12,711. Norfolk and Western, increase third week of June \$18.916: from Jan-

nary 1 mcrease, \$520,700. Reading, net earnings for six months, ended May 31, were \$3,641,966 an increase of \$404,380 over 1889. Milwaukee and Northern, third week in June, increase \$9,615, Iowa Central, third week in June, increase \$8,015. On Tuesday. July 1, directors of the Iron and

Glass Dollar Savings Bank will be chosen, and on the 7th the annual meeting of stockholders of the Birmingham and Pittsburg Bridge Com-pany will occur. Movements in Real Estate. Edward F. Hays and Thomas A. Noble have purchased from William C. Noble 55 acres of land one mile from the city limits, adjoining the tract recently purchased by the Birming. ham Land Improvement Company, along the line of the rapid transit suburban electric street railway. It is understood that the price is

about the same as that paid by the Birmingham Land Improvement Company. The laud will be laid out in a plan of building lots.

Charles Somers & Co. sold three lots in Benton :place. Eleventh ward, Allegheny, each fronting 24 feet on Benton avenue and in depth 110 feet to an alley, being Nos. 5, 6 and 7, for

HALF A YEAR'S FAILURES An Encouraging Exhibit, Considering the Unfavorable Winter and Backward Spring. Mr. A. B. Wigley, manager of the Pittsburg branch of R. G. Dun & Co.'s Mercantile Agency, furnishes THE DISPATCH the following statistics of failures during the past six months in the district of which he has supervision, with comparisons with 1889. In a note accompanying the report, Mr. Wigley says:
"Considering the very unfavorable winter, the
exhibit seems to me to be very encouraging,"

| People's Insurance | February | The total sales of stocks at New York yester The total sales of stocks at New York yester-day were 172,488 shares, including: Atchison, 16,550; Delaware, Lackawanna and Western, 4,100; Hocking Valley, 5,050; Louisville and Nashville, 4,070; Oregon Transcontinental, 3,050; Reading, 31,500; Richmond and West Point, 4,070; St. Paul, 5,900. ON THE RIGHT SIDE Exchanges Show Large Gains in Favor of the Present Senson. Business men continue to find use for m

and had considerable paper discounted at the banks yesterday. The ruling rate was 6 per cent. The few loans switched recently were merely to ease up the July settlements, and merely to ease up the July settlements, and not indicative of scarcity. Checking was off a little, as compared with that of the previous day, but it was large enough to show a brisk summer business. Depositing was almost up to the best pitch of the scason. Exchanges were \$2,469,389 90, and halances \$489,968 4t; same time 1888, exchanges, \$1,709,348 83; balances, \$390,475 02; 1889, exchanges, \$1,802,251 14—showing large gains in favor of the present year.

Money on call at New York yearcruay was easy at 44,628 per cent, last loan 5,closed offered at 5. Prime mercantile paper, 5627. Sterling exchange quiet and barely steady at \$4 84½ for 60-day hills and \$4 87½ for demand.

\$349,707.

LONDON—The amount of bullion withdrawn from the Bank of England on balance to-day is £88,000. The bullion in the Bank of England increased £113,000 during the past week. The proportion of the Bank of England's reserve to liability is now 36.83 per cent.

PARIS—Three per cent rentes, 91f 82% for the account. The weekly statement of the Bank of France shows an increase of 1,975,000 francs gold and a decrease of 1,625,000 francs silver. francs gold and a decrease of 1,22,000 francs silver.

BERLIN—The statement of the Imperial Bank of Germany shows a decrease in specie of 1,220,900 marks.

CHICAGO—Clearings, \$12,884.000. New York exchange was 50c premium. The demand for money was excellent, and few call loans were made at less than 6 per cent.

A LITTLE BETTER.

More Doing in Oil, but Trading Far Below the Market. Although there was more going in oil yesterday than on any previous day of the week, which is not saying very much for it, business was far from what it ought to have been to encourage brokers and enthuse the lambs. Considerable oil was wanted, but the longs were

not ready to realize. The opening was tame, but the market soon moved up 1/2c on light local buying, sagged off ic and held there until just before the close, when it railied 1/2c. The finish was 3/2c below the highest point reached, and 1/2c lower than the opening. the opening.

The course of fluctuations were as follows:
Opening, 88%c; highest, 89c; lowest, 88c; closing, 88%c bid. Wednesday's clearances were
40,000 barrels; yesterday's were about 50,000.

NEW YORK, June 26.—Petroleum opened steady at 88% for spot and 89c for July. There was an advance of 1/c in July and then both contracts fell off on forced sales, and the market closed weak at 57% for spot and 57% for July. Stock Exchange—Opening, 88%c; highest, 88%c; lowest, 87%c; closing, 87%c. Consolidated Exchange—Opening, 89c; highest, 88%c; lowest, 87%c; closing, 87%c. Total sales, 314,000 barrels.

OIL CITY, June 26.—Petroleum opened at 87%c; highest, 89%c; lowest, 87%c; closed, 87%c. Sales, 46,000 barrels; clearances, not reported; charters, 10,647 barrels; shipments, 87,076 barrels; runs, 83,811 barrels. BRADFORD, June 26.—Petroleum opened at 8836c; closed, 8756c; highest, 89c; lowest, 8756c. Clearances, 150,000 barrels.

uniformity, but few dusters having yet been struck. The McElberon No. 1 is making 75 barrels. The Childs & Knap, on the west end of the Schuler farm, which was reported dry, was doing fairly good work yesterday. The D. K. Ewing No. 2 is dry. The Magnus is in the sand and the boiler was moved yesterday.

At Chartiers things are quiet, but some new wells are coming in. The horing of the sixth nole on the Arbuckle farm was commenced yesterday. This well will be bored on the extreme castern limit of the farm. Heretofore the western part is between the original gusher and those on Chartlers creek, a big well is thought to be the very probable outcome.

George I. Whitney has let the contract for drilling a well on his farm on the West Penn iformity, but few dusters having yet been

Wood's Phosphodina. THE GREAT ENGLISH REMEDY.

Used for 35 years by thousands successfully. Guaranteed to cure all forms of Nervous Weakness, Emissions, Spermator-nea, Impotency, Propos from Miss.

Suffering from the effects of youthful errors, early decay, wasting weakness, lost manhood, etc., I will send a valuable treatise (scaled) containing full particulars for home cure, FRFE of charge. A spiendid medical work: should be read by every

FREE to every man, young, middle-aged Dr. H. Du Mont, 381 Columbus Ave., Boston, Mass

Rods—Outside of a lot of 500 tons of soft rods no business is reported. We quote, nominally, \$429&3 at seller's mill
Steel Rails—The market has been very quiet, the only sales of any consequence reported being 3,000 tons to a Southern road by an Eastern mill, for Alexandria delivery, at private terms, and a lot of 3,000 tons by a Western mill, Louisville delivery. Inquiries are moderate in amount. They have included only a few for all delivery and in one case, at least, called for delivery into next year, on which the mills show no disposition to quote. The market is steady at \$31 00031 50 for moderate sized jots, summer delivery, and lower

THE SILVER UNCERTAINTY

NEW YORK, June 26 .- The Iron Age in its tasue to-day prints the following from London : Operations in pig iron warrants have been rather freer, and ocices have averaged rather higher, although a rag to-day to 44s 9d for Scotch, 41s 7%d for Circle and 51s 9d for Hematite. Speculation appears to be reglated at present by the exigencies of outstar

and led to a partial recovery. Business of the to-day at £1 lod advance over the low

000 tons. The market for tin plates has re-mained quite firm and fairly active. Orders have been placed with greater freedom, and a large business done during the fortnight. Scotch Pigs-Warrant speculation has been slow, but prices have averaged rather higher, deriving support from the fact of increased shipment and reductions in stocks. For makers' iron the demand has been fair and

Bessemer Pig-Warrants are rather firmer at 51s, 6d.@52s; but the demand for makers' from does not improve and West Coast brands Nos. 1, 2, 3, are still quoted at 54s. f. o. b. shipping

Steel Rails-Makers are getting moderate mark orders only, and make no further change in 3 75: prices. Heavy sections quoted at £4 10s. f. o. b. shipping point.
Steel Blooms—The market continues slow and prices are wholly nominal. Bessemer 7x7 quoted at £4 15s. f. o. b. shipping point.

Steel Billets—The market very quiet and makers prices without change. Bessemer (size \$\frac{1}{2}\f

Manufactured Iron—There is quiet a fair business but prices are still rather in buyers'
