The large number here can be partly attributed to the presence of the ladies of the White House, who are thor oughly enjoying their visit. They generally pass the morning in occasional excursions along the strand or in shopping. In the afternoon, until about 4, they take refreshing name, after which they enjoy time driving about the place. which they enjoy time driving about the place. They have few callers, because of the scarcity of prominent Cabinet indies here. The only visitors now at the Harrison cottage are Mrs. Dimmick, niece of Mrs. Harrison, who came with the party when it arrived, and Mrs. General Williams, of Washington, who arrived last Satorday evening. They will remain some time. The cottage of Postmaster General Wanamaker is being put in order as fast as the work can be done for the early occupancy of the family. The family of ex-Senator Sewell, of New Jersey, are now at their cottage for the summer.

The most distinguished ecclesiastical personage who has been visiting the Cape this week is Cardinal Gibbons, head of the Catholic Hierarchy in the United States, who came on Tuesday evening and remained until to-day, He was accompanied by the Rt. Rev. Bishop Ryan, of Boffalo, and his private secretary, Rev. Father Noian, of Bultimore. The Cardinal is an annual visitor, and finds time to spend two or three weeks here every season.

The cottagers are about all here, of which a few are from Pittsburg. Among the most noted is Mrs. Kearney, widow of the brave General Phil Kearney, who did so much valuable service for the United States in the Mexican and Civil wars. Mrs. Kearney owns her cottage, and is found here every season. In winter she makes her home in Alexandria, Va. The Pittsburgers who come to Cape May are mostly transient guests, excepting a few who

The other night the Falls were illuminated for the first time by electricity. The view from Prospect Point is one of dazzing brilliancy. Society this week has devoted most of its attention to Niagara-on-the-Lake, where were between 3,000 and 4,000 of Canada's militia men, under command of Colonel W. D. Otter, of the Royal School of Infantry. The Queen's Royal Hotel is filled with the elite of the Dominion and the States, who daily witness the parades, drills and gun practices. There are two battalions of artillery and six battalions of infantry. Company C, of the Regular Army, is also there. Each battalion has a band, and martial music is constantly wafted from the old ramparts of Fort George. The grand military hop was given at the Queen's Royal Thursday evening. The ball room was crowded. Officers from Fort Niagara, on the American side, were in attendance and gave an additional brilliancy to the scene. The belle of the ball was Miss Gussie Glenny, daughter of Mr. and Mrs. I. E. Gienny, of New Orleans. Miss Glenny was one of the beauties of the Mardi Gras festival last winter, and whose name is well known throughout the United States. The rich Southern beauty completely captivated the officers of the American post as well as the Canadians, and they were all dancing attendance upon her.

and scandal are the inevitable entcome of close confinement in a seaside hotel. Fortunately, bad days are, as a rule, few and far between on this part of the Atlantic seaboard during the summer; and nowhere else, probably, are the people so much out-of-doors as here.

Bathing began yesterday afternoon when the clouds rolled away and a warm southern breeze displaced the northeast wind which here is ever forboding and ominous. Hundreds were battling with the surf all along the Ocean Grove and Asbury Park beaches. Some hardy people here bathe in the ocean regularly from the first of May or middle of April until very late in autumn. They seem none the worse for it; but bathing for the masses was begun yesterday at the regular hours, from 1 to 5 in the afternoon. Prospects for bright summery weather are now most excellent, and in consequence bathing is more general than ever before so early in the season.

At no place on the coast is there as much bathing as here. One reason of this is that the accommodations for bathers are better and safer here than can be secured anywhere else in the world. For 25 cents a suit, towels and a good room are given. Checks are given for valuables without extra obarge, and on the bathing grounds both in Asbury Park and Ocean Grove are stationed from two to five bathing is good.
