OFFICE OF FITTSBURG DISPATCH, MONDAY, June 30, 1890.

The offerings of cattle at Herr's Island varied very little to-day from last Monday in number, but quality was below average, and markets were slow at a shade lower prices than ruled a week ago. Drovers re-port that prices were a shade higher at Chicago, and as they were off here profits must have been very small, if, indeed, there were any profits at all. According to the general view of drovers, this has been a week of loss to shippers of live stock. A Dismond market butcher who buys at Herr's Island said to-day: "I bought my beeves this week fully 10c per 100 lower than last week, and the grade I bought was loc better this week than last."

The range of prices was as follows: Best heavy Chicago beeves, \$5 05 to \$5 25; medium heavy Chicago beeves, \$5 05 to \$5 22; medium do, \$4 50 to \$4 85; prime lightweights, \$4 20 to \$4 40; fair to good da, \$4 00 to \$4 10; common to fair thin and rough steers, \$2 75 to \$3 75. Fresh cows were dull and unchanged at \$25 00 to \$40 00 a head; calves were good stock at 5½ to \$6 per pound, and grass-fed bulls, drv cows and stars were fair stock at 2½ to 33 c per mound.

## At East Liberty.

There were 122 loads of cattle on the market this morning against 118 loads last week. As our local trade does not call for more than 75 loads, it is clear that the situation was alto-gether in favor of the buyer. In the receipts were 32 car loads from Chicago, 10 from St. were szcar loads from Chicago, 10 from St. Louis, and the balance were principally grassers from Obio, Indiana, Kentucky and West Vir-ginia. The Chicago and St. Louis cattle were fairly good as to quality, but the balance were below par.

fairly good as to quality, but the balance were below par. Markets opened up very slow at a decline of 15925c from prices of last week. Heavy weights were not wanted. Fully 20 loads of heavy cattle were sent on East in first hands, and it is probable that more will necessarily be forwarded in order to find a market. Good, smooth butcher cattle weighing from 1,100 to 1,200 lbs were sold at a range of 54 to 4 25 per cert. There is no longer any call in this mar-ter for heavy prime beeves, and there were no "high in this line this week. Butchers who cal in this grade order direct from Chicago. 4 load of choice Chicago beeves averaging 1,155 lbs in weight was sold at 54 35. The same quality would have brought 54 50 last. Monday and 54 75 within a few weeks. There were from 12 to 15 loads of sheep and lambs on the market this morning. De-mand was slow at a general decline from last week's prices. There was little life to trade, and up to 9 o'clock very little stock had changed hands. The outside price for sheep was 5c, and hambs ranged from 35 to 6c per 5. Year-lines range little in price from old sheep. At these prices there were few takers at the open-ing of markets, There was dul at a sharp decline from last week's prices. A few selected hoors sold as high as 'e, out the general range decline from last week's prices. A few selected hogs sold as high as 4c, but the general range of prices was \$3 50 to \$3 90 per 100,

a dige sold as dight as 4, out the general range of prices was 85 00 to 53 00 per 100.
 At Chicago the situation shows the same features. One of our leading butchers was advised this morning by his Chicago agent that top prices there were \$2 65 to \$3 70 and that receipts were 30,000 head to-day.

## DISSATISFIED HEIRS.

# Bouring in the Hays Estate Exceptions Be-

A hearing was commenced yesterday before Judge Hawkins, in the Orphans' Court, in the case of the exceptions of the heirs of the James H. Hays estate to the yearly account of H. C. Bingham, trustee. The exceptants are Prof. Davis and wife and the children of McClurg Hays. Major A. M. Brown and Attorney McCook represented the ex-ceptants, and T. C. Lazear, Esq., the

It was claimed that Mr. Bingham's man agement of the estate was not such as would produce the best revenues for the heirs. The day was occupied by Mr. Bingham in explaining the operation of the coal mines, and as to the apportionment of expenses be-tween the operation of the mines and the im-provements made, etc., for the preservation of other property. real estate, etc. The hearing was continued until to-day.

nent made about 30 days ago by the Presidents, to maintain strictly all tariffs, is not being observed between Chicago and the Missouri river, and one of these officials, in an nterview, threatens to meet secret cuts openly. This looks like another rate war.

## ... Movements in Real Estate.

The principal event in local real estate mat-ters yesterday was the sale by Hamnett & Meredith, through Baxter, Thompson & Co., of the property on the southeast corner of Third avenue and Market street, lot 32 on Market and 62 on Third, with two three-story brick houses, for John McKelvy and others to a wellknown business man, for \$32,000 cmb. The buildings will probably be removed to make room for a fine business structure.

James W. Drape & Co. placed a mortgage of \$4,500, at 6 per cent, on property on Washing-ton street, city, and in Stowe township. Brown & Saint sold lot No. 496 in Valla Park plan, Brushton station, having a frontage of 40 eet on the west line of Blackadore avenue and

feet on the west line of Blackadore avenue and extending back 150 feet to a 20-foot alley, for \$500. John A. Brush was the purchaser. Charles Somers & Co. sold to H. Patterson lot No. 71 in Benton place plan, fronting 24 feet on a 40-foot street, and in depth 110 feet to an

alley, for \$200. Samuel W. Black & Co. sold for the Yode Land Company a lot 50x170 feet, on Roup street, for a price approximating \$35 per foot front. Baxter, Thompson & Co. sold lots 35 and 38 Belmont Place, Ingram station, fronting 100 feet on Linden avenue, by 181 to a 20-foot alley, for \$1,100. This property is sewered and sold subject to restriction.

Black & Baird sold for E. F. Daume a twostory frame house of seven rooms, with lot 49x 116 feet, situate on lvy street, East End, for \$7,000 cash. The purchaser was George El-Reed B. Coyle & Co. sold to G. V. Watt lot

constitute the Marion Improvement Company of West Virginia. They have \$,000 acres of land atleast, and should they tire of oil develop-ment, they have a five-foot vein of iron ore to work on. They began sinking a well last No-vember, but it seemed to be hoodooed and never reached pay dirt until within the past few days, the greater part of the winter and spring being spent in fishing. The company does not know just what it has gotten, and the members are modest in their claims, but they have been informed that it is a good thing. At Chartlers a new well has been brought in on the May farm above the O'Brien No. 1. It is not very large, but is a payer. The Kanawha Company's well on the Brown place, the farth-est north and east in the Chartlers field, is still maintained as a mystery. There was a rope around the derrick yesterday. Many people are anxious to know the outcome, as much de-pends in a bonus way on the result in fixing the direction. At Forest Grove yesterday the Mellon well No. 71 in Marion place plan, being 25x100 feet on Monongahela street, for \$500. Hamnett & Meredith sold through Baxter, Thompson & Co., the property of John Horner, heirs, situated southeast corner of Market At Forest Grove yesterday the Mellon well on the Richburg farm had reached sand, but its caliber had not been ascertained. L. M. Hale is pushing the drill deeper in the school house lot. He will go to the next sand, where there may be gas. The Ewing No. 2 will make agood pumper. Graham & Galley's church lot well is pumping eigiteen barrels a day. The Maguus and Mellherron wells are each good for fifty barrels.

bringing any of it out. Bank shares were firm throughout. Luster improved a fraction. The rest of the list presented a steady front, show-ing a good undercurrent, and convincing the bears that a raid under existing conditions would be futile.

there is a general feeling that there will be a material improvement in both prices and husi-ness after the holidays, there is no disposition as yet to buy on the favorable prospects, and the tightness with which stocks are held offers no inducement to the bears to make any special attempt to break prices in the meantime. To-day's market, therefore, presented the usual firm front where left to itself, and shows very few features worthy of note. Improved outlook for the Coal stocks infused a little life into the Coal stocks, and the aspect of affairs in the Southwestern made Atchison a leader in point of activity, though its more-FIRST SECOND CALL.
