The Senate Will Probably Pass the Bill This Week Admitting Idaho Into the Sisterhood.

THE DEBATE ON THE TARIFF BILL

Will be Resumed at the Earliest Opportunity-Commemorative Service in Honor of S. S. Cox Adjourned.

CRUISER PHILADELPHIA ACCEPTED.

New Bills Introduced and Miscellaneous News From the Nation's Capital.

WASHINGTON, June 30 .- In the Senate to-day Mr. Evarts gave notice that, on account of the absence (from illness) of Mr. Voorhees, who desired to take part in the orative services in respect to the late Mr. S. S. Cox, of New York, those services, which had been fixed for to-morrow, would be still further postponed until Tuesday of next week.

The House bill in relation to oaths in pension and other cases was taken from the calendar and passed.

The House bill for the admission of Idaho as a State was then taken up for consideration. The bill having been read, Mr. Morrill gave notice that he would at the earliest practicable moment move to take up the

Mr. Platt said that he could not consent to any suggestion that interfered with the Idaho bill. Much as he believed in the tariff bill, and anxious as he was to see it passed, he would not consent to its being taken up until the Idaho bill was dis-

THE TARIFF BILL NEXT.

Mr. Gorman said that there had been no understanding arrived at, as was usual, as to the order or business, and that he thought business would be very much facilitated if the Scuator from Vermont would fix a time when the tariff bill could be considered—the latter part of this week or the beginning of

next week.

Mr. Morrill said that it was not his purpose to interfere with appropriation bills or with conference reports, but he repeated that at as early a moment as possible the tariff

bill would be called up.

Mr. Teller remarked that the tariff bill could not possibly be taken up this week. The Senate would probably adjourn from Thursday till Monday, and probably the Idaho bill would not be concluded this

Mr. Pistt said the Senate ought to get through with the Idaho bill to-morrow. \$25,000 TO INVESTIGATE INSECTS.

The agricultural appropriation bill was taken up. Mr. Coke moved to amend the paragraph appropriating \$25,000 for investigating the history and habits of insects by increasing the appropriation \$2,500 and directing that amount to be expended in investigations into the natural history of and remedies for the cotton ball worm. Agreed

to. The bill was then passed.

The consideration of the Idaho bill was resumed and Mr. Cullom addressed the Senate in favor of its passage. He said the Idaho and Wyoming bilis had been reported from the Committees on Territories out of a sense of duty to the people of those Terri-tories and of the United States. The committee had been charged with seeking political advantage because it had not also reported bills for the admission of Arizona and New He assured the Senate that committee was entirely innocent in the matter. If New Mexico were to show a reasonably united disposition to become a State, he would perhaps favor its admission. He had not believed a couple of years ago that the time had come for the admission of New Mexico, but the people of that Territory had made rapid progress of late, and it might be that in a short time, perhaps at the next session, he would feel it his duty to vote for the admission of New Mexico

An Informal Acceptance of the Philadelphia

Made Yesterday. WASHINGTON, June 30 .- Captain Erben, President of the board appointed to try the erniser Philadelphia, had an interview with the Secretary of the Navy to-day. He reported that the vessel had made an average speed of 1934 knots per hour over a 40-mile course, and consequently had more than met her contract requirements He said he would submit a written report on the sub-

ADDITIONAL APPROPRIATIONS

Begired to Carry Out the Provisions of the

Disability Pension Bill. WASHINGTON, June 30 .- The Secretary of the Interior to-day transmitted to the House an estimate of an additional appropriation of \$931,000 to carry out the provisions of the disability pension bill, signed by the President last Friday.
Of this amount \$800,000 is for surgeons' fees, \$100,000 for clerk hire and the rest for incidental expenses.

A Large Falling Off.

WASHINGTON, June 30 .- It is estimated at the Treasury Department that there has been a decease of about \$20,000 in the publie debt since June 1. This will make the total decrease for the fiscal year ended to-day \$87,800,000, as against \$114,000,000 for

CURED OF CATARRH

And a Lung Trouble by the Caterrh Specialists at 323 Penn Avenue After All Other Doctors Had Failed.

Of the hundreds of patients who have testi-fied in this paper to cures made by the Catarrh Specialists, perhaps none have been more re-markable than that of Mrs. Josephine Myers, of Glenfield, Allegheny county. She had an al most endless number of conditions, among which were a dropping of catarrhal mucus into her throat, where it became very tenacious and hard to raise, and in the night on awaking it would so suffocate her that she could scarcely get her breath. She had much soreness in the side of her neck and throat. She had pain

over her eyes, and her eyes became very weak. She often felt diray and had noises in her ears that sounded to her as if she had a steamboat in her head. As the disease finally extended to her lungs, she coughed, her breath became short and she felt a tightness in her chest and aching pain between her shoulders. Her appetite falled, and her stomach became so weak that food or even water would cause a heaviness and burning in her stomach followed by nausea. She had pains across the small of her back and kidneys. She became bloated and took on a dropsical appearance. Nightsweats weakened her very fast. She could not sleep and would arise in the morning more tired than on going to bed. THE FOLLOWING ARE HER OWN THE FOLLOWING ARE HER OWN

"Although I had doctored a good deal I got no better. Some doctors said they could do nothing for me. I became discouraged and thought I never could be cured and that I would not live over a year. One day I happened to see in the paper an account of the suffering of Mrs. Bratt, of Verner station, which seemed something similar to my suffering, and how she became cured by the physicians of the Catarrh and Dyspepsia Institute. This gave me some hope, and I therefore took a course of treatment from these doctors and have been entirely cured of all my allments, "Signed with my own hand. WORDS:

100 TAPE WORMS TAKEN IN LAST 18 MONTHS. The hundredth one was taken on Sunday, June 29, from J. T. Siagle, of Callery Junction. Butler county, Pa. During my professional career I have taken successfully over 500 tapeworms, and this is undoubtedly the broadest and one of the longest on record. It measured when stretched 163 feet 5 inches, and to anyone doubting same, if they will call at my office the fact will be demonstrated, and Mr. Slagle was only two hours under treatment. Thousands are suffering who do not know it. Send stamp for circulars describing symptoms. Remember that I also cure Cancer without knife or plaster. Catarrh and Parasites positively cured. I desire to inform my patients and public that owing to my large increasing office practice, it has necessitated the employment of an assistant, a physician of years of practice and a graduate of one of the largest and best medical colleges in this country. Hitherto it has been an impossibility for me to visit patients at their homes but on and after July I, I shall try and visit, either day or night, all those afflicted who cannot call at my office.

lives on Long Run, about three miles above McKeesport, in Versailles township, the following statement was elicited in regard to her son, Cecil R. Bayne:

"I would have you write it just as I tell it to you, if you please, sir. My boy, Cecil, is 11 years old and has been troubled with Men's, Boys' and Children's Clothiers, is 11 years old and has been troubled with catarrh more or less, since a baby. His head and nose was always stopped up on one side or the other. There was a dull, heavy pain over his eyes and through the temples, and if he would stoop over and rise up suddenly he would be so dizzy he could hardly stand.

"There were roaring and buzzing noises in his ears. He had a very disagreeable cough which it seemed impossible to get entirely rid of. Cor. Diamond and Smithfied Sts.

Cecil R. Bayne, Long Run, Allegheny County, Pa.

County, Pa.

"There was a continual dropping of matter back into his throat. He was constantly hawking and raising large quantities of phlegm. There was a sense of oppression and a dull soreness through his chest.

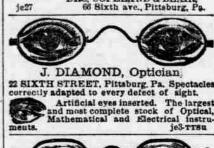

"Night sweats came on and weakened him terribly. If he was exposed to the heat of the sun it would make him sick, Palpitation of the heart set in. His appetite became affected. What little he ate would usually be followed by a sensation of distress and nausea. His sleep became restless, and he would rise in the morning more tired and worn out than when he went to bed the night before.

"Of course I had done what I could. In fact, I tried everything I could hear of to find relief for him, but all to no avail. He seemed growing worse all the time. Finally, after reading in the daily papers of the wonderful success of Dra Copeland and Blair in the treatment of cases smilar to my son's, I decided to call on them. I did so, and, finding their charges even lower than patent medicines, placed him under their care. The cough stopped. Palpitation of the leart ceased. Pains in the head and chest passed away. In short, he retains no symptoms of his former trouble. His recovery is due to the successful treatment of Drs. Copeland and Blair, and I am very grateful to them."

This statement can be easily verified at the address given.
