Totals...... 2,520 Totals...... 2,768 Over 2,000 spectators watched the Pittsburg Players' League team win a lively game at Exposition Park yesterday. Base hits and errors were alike numerous, but the home club had considerably more of the former and less of the latter than their opponents. In fact the visitors played in great luck to get as many runs as they did. Secretary-Pitcher Tener was in the box for Pittsburg, and, if not a phenomenon, was a decided success. In the first part of the contest he held the visitors way down, and was only hit to amount to anything two innings. Raibourne was dead-easy, and every one of Hanlon's hustlers, except Hanlon himself, took a piece of him, Visner, Beckley, Kuchne and Corcoran having three hits each.

SCORED IN THE FIRST. After Hanlon had given Brouthers an unassisted putout, Visner swiped the sphere for two bags, and side third. Carroll singled to center, Visner scoring. Carroll was out on Beckley's life, and Fields flew out. Tener gave Brown and another Bostonian a base on balls, but none of them ever got very far. Nobody but none of them ever got very far. Nobody scored in the second, but in the third the visitors tied the game on Richardson's three-base hit and a ball which Carroll could not get.

In the fourth inning Pittsburg once more took the lead, scoring two runs on a combination of errors, hit and sacrifices. In the fifth Jocko bunted and beat the ball to first. Kuehne followed with a safe hit. Corcorn ditto, Fields scoring. Robinson sacrificed and another run was tallied, making the score 5 to 1 in favor of Pittsburg.

BOSTON DOES BUSINESS. In the last half, however, Boston made a desperate effort to get in the game, and on four hits and errors of Kuehne and Carroll scored five runs and took the lead. In the sixth Visner tied the score on a single, followed by Car-roll's hit and Beckley's sacrifice. In the seventh inning nobody scored, but in the eighth Pittsburg's players took their bats along and pounded out four runs, aided by some generous errors. The game was over, although Boston scored in the last half and Pittsburg twice in the ninth. The details of the piculc are as follows:

TO-DAY'S RACING. The Realization Stakes of the Coney Island

Jockey Club. SPECIAL TELEGRAM TO THE DISPATCH. NEW YORK, July 1.-The Coney Island Jockey Club will conclude one of its most suc-cessful meetings to-morrow at its pretty course when the Realization stakes for 3-year-olds at one mile and five furiongs, the double event for 2-year-olds over the Futurity course, and the stirrup cup for 3-year-olds and upward at a mile and a half will be decided. The Realization bids fair to be a great race, although there are really no first-class coits or filies engaged for the event. The Western coit, Palisade, is an unknown quantity, but of the Eastern division, Lismony, on public form, has a great chance for winning. Her Highness will give him an argument, though, even at her disadvantage in weight, and Mr. Belmont's filly should certainly be no worse than third. The Hearst pair, Tournament and King Thomas, have hosts of admirers, as have the Scott pair, Banquet and Torso. It would be well to bear in mind, though, that Palisade did not come from Chicago for nothing. when the Realization stakes for 3-year-olds

THE DECISION RESERVED.

John Fisher May Have to Answer for Point ing Firearms.

The hearing in the case of A. W. Bender and John Fisher, arrested for disorderly conduct Saturday evening, was beld before Magistrate Succep last night. The trouble which caused the arrest of the men was over a quarrel they had Saturday afternoon, when Bender, who is employed by Booth & Flinn on the Southside employed by Boota & Finn to the Stones on the pavement in front of Fisher's store, on Car-son street. Fisher objected, and a wordy war ensued between both men, when Fisher pulled out a nickel-plated bootjack in the Shape of a revolver, and pointed it at Bender who closed in the him and assanked him. n upon him and assaulted him. Both men were taken to the station house and Fisher preferred a charge of assault and bat-tery against Bender, who in turn made a coun-

er charge against Fisher for pointing firearms. They were both fined \$5 and costs. Magistrate Succep reserved his decision in the case Fisher, charged with pulling the "gun." Its Excellent Qualities

Pittsburg.......16. New York Cincinnati ..... 3.. Brooklyn .. Philadelphia ..... 7..Chicago ...... "All things come to him who waits." This saying was never more aptly illustrated than yesterday at Recreation Park. For many moons Mr. O'Neill has been waiting for a victory and it has come. And Russie was in the box! That is, for a part of the game, but when ten hits had been made off kim he retired to a secluded nook in right field and wept bitter tears at the unkind treatment he received at the hands of the local batsmen. Then when Burkett took his place in the ninth three more hits were made,

and the goose hung high.

The pitching of young Bowman was the fea ture. Only four singles were made off him. He pitched a steady game throughout, and won his victory easily.

THE RUN MAKING.

Pittsburg began the run making in the second inning, and continued throughout the game. The first two were made on hits by Hecker and Roat, a sacrifice, an error of Burkett and Bowman's two-bagger. In the third La Roque was hit by a pitched ball, was forced to second by a base on balls, took third on a sacrifice, and scored on Clark's error. Four were made in the fourth. Sunday got first on a missed third strike, and stole second and third. Miller got a base on balls, and went to third on a wild throw by Murphy, which allowed Sunday to score. Miller scored on La Roque's sacrifice. Roat got a base on balls, and Hecker was hit by the pitcher. Both scored on Howe's muff of Kelty's fly. In the fifth Sunday singled, stole second, went to third on Murphy's wild throw, and scored on Miller's sacrifice.

AS IT CONTINUED. In the sixth Roat got a base on balls and went to second on Hecker's base hit. Roat scored and Hecker stopped at third on Henry's wild throw. Kelty's single scored Hecker. Sunday got a run in the seventh on a base on balls, a steal, Murphy's wild throwand Miller' balls, a steal, Murphy's what throw and shiller's single. Two runs were added in the eighth, Berger got first on an error and stole second. Bowman got a life on Kelty's out. Both scored on Sunday's triple. In the ninth Decker got a base on balls and stole second. He went to third on Hecker's single. The latter stole second. Both scored on Kelty's two-baser. Berger sacrificed Kelty to third and he scored on Bowman's single. Berger sacrinced Kelty to third and he scored on Bowman's single.

New York's runs were made in the third. Rusie got a life on Murphy's out at second. He went to third on Tiernan's single. The latter stole second and both scored on Hornung's hit. Attendance 109. The score:

Ewing Says the Old Organization is Anxiou to Consolidate. PEPECIAL TELEGRAM TO THE-DISPATCH.

DISPATCH correspondent,

"Have any steps been taken toward consolidating?"

"I believe there will be a conference in the near future, possibly when our team gets back to New York, and perhaps in Chicago this week. Committees will be appointed and such business as may be necessary brought before them. You see its just like this with us. We have the upper hand and we can make these people come to our terms. I think the League men are getting disgusted at putting up their money. It is costing the backers of that organization a big pile. Now, the New York, Boston, Philadelphia, Brooklyn and Chicago League clubs are all pooled, and it is mainly through them that the other clubs are kept in the fight. I don't believe that the League club in this city intends to play another year, and Pittsburg is not in it with us any more. It's dead to the League and never will ansount to anything, for that organization and the required money is not all behind the League either. They talked about our backers giving out, but they are still there, and just as long as the Brotherhood lasts the Brotherhood League will last."

"Is it not true now that you are making these statements to keep up the spirits of some of your own weak-kneed men, All our clubs are well fixed and keeping up finely." there has been talk of a consolidation. In

The fact is no such interview as published took place. President Day and Ewing did have a talk in the Cincinnati club's grand stand, but President Day says it was but a casual meeting and not a word was attered by either one regarding Ewing's return to the National League or the awaigamation of the National and Players' Leagues.

President Day was asked whether it is possible for the Cleveland and. Pittsburg clubs of the National League to stem the tide. "I have heard nothing to the courrary," said he, "I told THE DISPATCH some time ago that the League would remain as it is throughout the season. LIVELY CAMPAIGNING.

Two South Carolina Factions Have a Small Sized Riot. SPECIAL TELEGRAM TO THE DISPATCH.

COLUMBIA, S. C., July 1 .- The cam aign meeting at Winnsboro, Fairfield county, to-day nearly resulted in a serious riot between the Tillman and anti-Tillman factions. There were about 1,500 persons at the meeting, many of whom were ladies. Two-thirds were opposed to Till-man. General Earle, one of the candidates for Governor on the "straight out" ticket. was frequently interrupted by Tillman men, and one of these proposing to pull Earle off the stand was attacked, and this nearly led to bloodshed. Upon Tillman's getting up to speak, the opposition, outnumbering his supporters, hissed and jeered him until he tinally de clined to speak and took a seat. Thirty of his friends, however, mounted the stand, and, taking him up bodily, brought him to the front and begged him to resume his

At this the State Senator came to the front and called the attention of the audience to the fact that 20 of Mr. Tillman's supporters on the stand had their hands on their pistols. At this announcement there was the greatest conjusion. The ladies fled from the meeting. A terrible riot was momentarily expected, and a single shot or sion was very great until the ending of the most heated meeting of the campaign.

Sir John Thompson Favors Arbitration Settle the Behring Sen Dispute. PRPECIAL TELEGRAM TO THE DISPATCE. OTTAWA, July 1 .- The real object of the hurried mission of Sir John Thompson, Minister of Justice, to England, was in response to a cable from the British Government, and is the result of the recent inabil-Pauncefote to arrive at an understanding with regard to the Behring sea question Sir John Thompson is, without doubt, the ablest diplomat in Sir John Macdonald's cabinet, not excepting the premier himself, be having made international questions be-tween Canada and the United States a study long before he entered the Government and while yet judge of the Supreme Court of Nova Scotia. He now goes to London to confer with Sir Charles Tupper, and with him jointly will lay the Canadian case be-fore the British Government. Sir John holds strongly to the opinion that arbitration is the only feasible mode of

settlement, and has been most pronounced, with other members of the Cabinet, in protesting against Great Britain agreeing any compromise. Incidental to his trip, Sir John will enlighten the British Cabinet on the fisheries question as regards certain important points which have presented themselves recently.

Constitutional Convention Demanded to Provide for Ballet Reform-Local Tax Reform Indorsed-Quaylam to be One of FROM A STAFF CORRESPONDENT. SCRANTON, July 1 .- B. F. Meyers, of

Harrisburg, has been the principal literary carpenter who put together the platform that will be presented to to-morrow's con-vention. Eight resolutions form this docuvention. Eight resolutions form this document. They are as follows:

The Democracy of Pennsylvania, by their representatives in State Convention assembled, renewing their former pledges of fidelity and devotion to the reserved rights of the people and the States, do declare: First—That ballot reform is necessary, and to this end the necessity for the assembling of a constitutional convention for the burpose of removing the marked ballot clause of the constitution so that laws may be constitutionally enacted for the assurance of the secrecy of the ballot and the freedem of the voter is recognized as imperative and unavoidable.

dom of the voter is recognized as imperative and unavoidable.

Second—That tariff reform is necessary in order that manufacturers may be freed from the burden of unnecessary taxes on raw materials, the laborer relieved from taxation of the necessaries of life, and the consuming millions disburdened of the incubus of excessive revenues laid only for the production of a surplus, which becomes the spoil of party parasites and public plunderers. Local Tax Reform Necessary. Third—That local tax reform is necessary in order that the taxation for county, municipal

and township purposes may be equalized, the unjust discrimination against land values and in favor of certain kinds of personal property under existing laws may be corrected, and that the farmer may be relieved of the double tax on the value of his farm and the principal of the mortgage which may stand against it. Fourth—That the law requiring that the sur-plus in the State Treasury shall be invested in State or United States bonds must be observed

plus in the State Treasury shall be invested in State or United States bonds must be observed and executed.

Fifth—That we recur with pride to the administration of ex-President Grover Cleveland and challenge comparison of the courage, fidelity and integrity of that administration with the duplicity, vaciliation and corrupt surroundings of that now in power.

Bixth—That we favor such a policy with regard to the coinage of silver as will keep both gold and silver coins in circulation or Treasury notes redeemable in the same.

Seventh—That the right to be apprenticed to a trade should not be subject to restriction of race or naturity, but should be enjoyed equally by the youth of the State without distinction except as to merit.

Eighth—That we deprecate and denounce unequal apportinements of districts for the election of Representatives in Congress and believe that the voters of the State should be allowed to make their own apportinements, which they could do if no apportinements were made by law and each voter were permitted to cast one vote for one candidate for Congress and no more. We

Accept the Isane of Quaylam

Accept the Issue of Onnylam

Accept the Isane of Quayism tendered by the late Republican State Convention, and we arraign the Republican party for its usurpation of powers in the administration of the Federal Government, which the people and the States have not granted; for placing in the hands of a dictator in the chair of the speaker of the Federal House of Representatives the power to legislate for the representatives. of the speaker of the Federal House of Representatives the power to legislate for the representatives of the whole people; for its open disregard for the provisions of the civil service law which the President of its choice was solemnly pledged to support; for its failure to fulfill its promises to the honorably discharged soldiers of the Union; for its ceaseless efforts to promote sectional strife and disturb the tranquility of the country; for its lavish and reckless expenditure of the public moneys; its passage through the House of Representatives of a tariff bill which increases the taxes on necessaries, reduces only those laid upon luxuries, and is calculated to promote and foster trusts; for its failure to enforce the laws against the importation of contract and pauper laborers; for its attempt to pass a Federal election law designed to rectice a race way and finally and for its attempt to pass a Federal election law designed to xcite a race war, and finally and especially for its indifference to the rights of labor, its defeat of the labor bills in the last Legislature, its failure to enforce articles 16 and 17 of the Constitution by proper legislation, its corrupt methods in popular elections and its cringing subserviency to a party boss who stands mute before the most terrible inculpation ever charged against a public official.

Recalling with pride the glories of our party's past, rejoicing in the majesty of its present

Recalling with pride the glories of our party's past, rejoicing in the majesty of its present strength and looking forward to its speedy triumph throughout the country, we confidently appeal to the intelligence and integrity of the people of Pennsylvania for their active and enthusastic support of the political reforms this day inscribed upon the standard of a united, progressive and aggressive Democracy.

This was not known at the time the work of res
