idents of Oakland Square Arrange a Fine Ever ing Programme.

Two of the busiest men in the city at present are Mayor Gourley and Chief Bigelow, of the Department of Public Works. They put in most of their time out at Schenley Park, overseeing the work of getting the place in shape for the "greatest show on earth." The Fourth of July celebration will be, without doubt, the biggest thing of its kind ever seen in this city. The two executives are so busy making arrangements that they can be found out in the park long before the workmen get there in the mornings. Nearly every detail has been attended to, and nothing remains but to pray for a nice day.

Superintendent Morris Mead went to the Park yesterday, and put in a police telephone to be used in case extra officers are needed at any time during the day. The telephone will be connected with the Fourteenth ward station house which is about a mile and a half away. In addition to this 25 police officers, some of them mounted, will keep an eye out for crooks and any suspicious persons seen on the grounds will be run in without ceremony.

NO ORIGINAL PACKAGES.

Chief Brown yesterday received word that two wagon loads of beer were seen going to-ward the park and Inspector Whitehead was ordered to investigate and see that no "original package" houses or pocket speak-easies were opened up, in or near the park. Chief Brown said yesterday: "If I find any persons ped-dring bottles of whisky on the grounds they will go to the workhouse so quick that they won't know it until they get there. The celebration willbe a family gathering and there will be no necessity of 'original pack-ages' being in the park."

Mayor Gourley is auxious that the people will go out to the park as early in the day as possible. The street cars and the rail-road trains will be crowded at the hour when the celebration begins and for several hours afterward.

The Baltimore and Ohio Railroad will run its first special to the park at 8:30 in the morning, and each hour afterward. About noon the trains will run a little closer tosoon the trains will run a little closer to-gether if it is found necessary. The trains will land passengers within 100 yards of the speakers' stand, and the rate will be 15 cents for the round trip. The Second Ave-nue Electric Railway will land passengers within easy walking distance, and will be nearer than the Fifth avenue line. Sign-boards will direct the people how to go to the park, Forward avenue is not be to the park. Forward avenue is only a short distance from the Second avenue line, and Chief Bigelow will go out to-day to see about the road up from Laughlin station.

ELOQUENT ORATORS

The list of speakers has been revised, and vesterday the Mayor sent out invitations to following gentlemen who are expected to deliver five-minute speeches: Major E. Al Montooth, T. M. Marshall, Esq., C. S. Fetterman, Esq., John S. Lambie, Esq., W. D. Porter, Major A. M. Brown, S. U. Trent, W. D. Moore, George Elphinstone, Dr. W. D. Kearns, Colonel Echois, George Mooro, Clarence Burleigh, J. J. Miller, Miles Humphries, Assistant Postmaster Al Edwards, W. R. Ford and Broadax Smith, The celebration tund was increased by \$25 yesterday, Magistrate Succop turning in \$15 collected by him. It has been decided now to have the Great Western Band in addition to the select Knights and Cathedral Bands, which have already been en-

gaged.
Professor Fisher, who has in charge the juvenile contests, yesterday secured a lot of prizes to be awarded to the winners in his department, including pocket knives, guns, and toys of various kinds. Carl Retter, the eminent musical director, is arranging a programme that will be a surprise to the

A MIGHTY CHORUS. Sheriff McCandless had heard from such a number of persons and organizations yes-terday that he felt justified in announcing that his chorus would contain 2,000 trained voices, when the patriotic songs are sung to-morrow morning. Mayor Gourley's headquarters will be established at one of the houses in the park, convenient of access from all points of in-terest. The press headquarters will be in the same building, and will be provided with all the accommodations required.

While the borough authorities have not taken any action looking toward a formal celebration, the citizens are all getting ready for an independent display of their own. NOISE FOR THE FOURTH.

The Small Boy and the Firecracker Will be Out in Force-Musical Pyrotechnics Introduced This Year-A 50 Per Cent

Advance in Prices. "Hello, my boy, what's that you've got?" was the question a poor, tired night worker propounded yesterday to the young American next door, who makes the mornings resound with anything and everything calculated to drive away the sweet slumber so necessary for mental recuperation.

"Firecrackers for Fourth of July," was the reply made by the youthful patriot, who held up several bunches with a beaming

countenance. The latter is right at Four-mile run, where people traveling by way of Second avenue should disembark.

"Well, you just dare shoot any of them off before 10 o'clock on that eventful day and your life won't be worth much. Remember I sleep in the morning," continued the brain worker, with a me "When you let me."
"I just bet I will shoot 'em off as soon as

I get up, and so will Dick and Joe and Frank and all the boys round here." And so they will, judging from the sales reported by those dealing in the goods, which have been unprecedented. Fully double the amount ever sold before in one season have passed already into the hands of the small boy or his aunt or his uncle or his cousin, to be brought forth on the glorious Fourth. Mayor Gourley's proclamation for an oldfashioned celebration has been the basis of a good many sales. The custom of rejoicing in liberty by sending up the fizzing rocket, throwing the villainous little torpedo or shooting the frolicsome fire cracker had fallen into "innocuous desuctude," but revived with a great boom in the face of the

Among the new introductions are rockets great and rockets small, the meteor, phantom, prismatic dragon, cascade and calliope, and some musical productions, such as the musical candles, whistling jacks, calliope mine, besides the dragon nest, Mount Vesuvious candles and surprise box, all of which are marvels in their way. The small fireare marvers in their way. The small fire-crackers, though not intended to go skyward with their more brilliant relatives, took quite a step that way this year in the matter of price. They increased from \$1 to \$1 50 a package owing to the going bottomward of the vessel in April that was so heavily leaded with them and loaded with them, and a second vessel that was expected to lower the price with its cargo did not arrive in New York until Monday evening, and is entirely too late to affect the stiff price for this year as the erackers could not be obtained by dealers outside of New York in time for sale.
