State Grangers Object to Their Dispu High Rate of Taxation.

INPECIAL TELEGRAM TO THE DISPATCH.1 NORRISTOWN, July 7 .- Frederick and Joseph Eberles and Charles Fleger, residing on Rock Hill, West Manayunk, were picking cherries yesterday afternoon, on the hill back of Rock Hill mines, just as a heavy thunder storm swept down. The two Eberles had descended from the trees, and Fleger was getting down when he was struck by lightning. He was supposed to have been killed as he lay unconscious for some time, and only came to himself after being rubbed and chafed for a half hour. The left leg of his trousers was torn from the hip down, his stock-ings were in shreds, and his shoes nearly burned off. He also injured his shoulder when he fell

To-day he was able to walk a little, but his leg seemed to be paralyzed. Joseph Eberle's left leg was slightly scorched, and his trousers were torn. Their escape from in was little short of a miracle.

FARMERS MAKE A VIGOROUS KICK. Opposed to the Railroad Pass, High Tax

and the Appropriations. PRPECIAL TELEGRAM TO THE DISPATOR. GREENSBURG, July 7.- The farmers of the county are making arrangements to institute a vigorous kick against certain things which they think are hurtful to their interests. The Derry Grange, one of the largest in the county, at a meeting yesterday discussed fully the laws

at a meeting yesterday discussed fully the laws of the State regulating taxation, and they agreed that the owners of real estate were compelled to pay about six times as much tax as the owners of corporate property of the same value. In view of these facts the following see-dution was adopted:

"Resolved, That it is the sense of the members of this Grange that they shall in the future support only those candidates for the Legislature who will pledge themselves in the public press to support all measures that will reduce the rate of taxation; that they will vote and use all their influence to bring about a decrease of the enormous salaries of all public officials; that they will vote against the robberies and stoolings commonly called "appropriations;" that we view with disfavor any man of either political party while entering upon his duties as a representative to accept a free railroad pass, and thereby becoming the political property of a great and powerful corporation."

Other granges throughout the county will pass upon these subjects.

A Number of Young Bloods Lose Their Pil by Backing a Short Horse.

PECIAL TELEGRAM TO THE DISPATCH.) FRANKLIN, July 7 .- The young sports of city, not having yet recovered sufficient nerve to take the railroad track home, are a very dis-gusted lot of men. They brought W. D. Banker the Pittsburg bloycle rider, to this city July 4 for the purpose of winning a road race from Oil City to Franklin. So confident were they that the man from the Gas City could fulfill his contract, that they placed some \$2,000 on him. Banker falled to get the place, coming in seventh. The Emienton sports claim their menty finally found its way into the pockets of Pittsburg sports, and that Banker got his share. The latter cortainly did not take his defeat much to heart.

There is talk and talk, but the excuse seems thus, the losers say as combactors. There is talk and talk, but the excuse seems flinsy, the losers say, as coming from such a record-breaker as Banker. Those engaged in the plan, however, if there were one, so carefully covered their tracks that the committee having the races in charge were ignorant of any fraud. It will take several days for the sports of Emienton, Parker. Butler and Oil City to regain their result composition.

When Contracted With July Warrants. PERSONAL TELEGRAM TO THE DISPATCE ! NORRISTOWN, July 7 .- Several arrests have been made of a number of Hungarians alon the line of the cut-off branch of the Pennsy vania road for their absolute refusal to answ the questions of the census enumerator. Th hearings took place this morning at 10 o'clock and eight arrests were ordered at once. The Iungarians seem to imagine the census is obeme to get them out of the country, and use absolutely to answer any and all of t

questions.

Trouble has been experienced in East White marsh. Upper Dublin, Statington and Sout Bethlehem. At the latter place four arrest were made, bearding house mistresses an bosses were arrested, and only consented to answer the questions when confronted with warrant for jail.

Another feature of the affair is, that the firm can go to the Burgess and demand protection from the rough crowd that the business attracts. After a long discussion the board refused to

tended the opening of the Murrinsville on Hold is abating. The recent strikes are of little importance, and unless something better is brought in the field will soon pass into obscurity. Snee's new well, on the Morrison farm, started off at ten barrels, but before it had produced 100 barrels, it ceased to flow altogether. Several other wells have been completed there within the past few days, but they are small and within defined limits.

The Hundred Foot field still holds first place in the affections of the operators. The supply of oil there seems to be practically inexhaustible, notwithstanding its wonderful production, and 500-barrel gushers are not infrequent. Patterson 8, on the Charles Young farm, started off at 20 barrels per bour. The Patterson wells, on the Borland and Brandon farms, are doing 300 to 200 barrels respectively. The Christies have completed their fifteenth well on the Ifft farm. It is a moderate producer. Their thirteenth is still doing 200 barrels. The Deva Oil Company's well, on the Henry Wahl farm on the big creek, is pumping 160 barrels per day. It is in the midst of producing wells.

Among the contributions is noted that of \$100 from B. Childs & Co., of Pittsburg. The sum of \$2.321 72 has been distributed among the families. Contributions are still coming in, and they are urged by the Relief Committee, as the afflicted families are sorely in need. The Latrobe miners, per D. W. Jones, have sent \$51 40 to the fund.
